Humanistic Letters - Eric Adler 2023-09-01

Irving Babbitt (1865–1933) and Paul Elmer More (1864–1937) were the leading lights of the New Humanism, a consequential movement of literary and social criticism in America. Through their writings on literary, educational, cultural, religious, and political topics, they influenced countless important thinkers, such as T.S. Eliot, C.S. Lewis, Russell Kirk, Benedetto Croce, Werner Jaeger, and George Will. Their work became the source of heated public debates in the 1920s and early 1930s. The belligerent criticisms of Babbitt and More—composed by such famous intellectuals as Ernest Hemmingway and H.L. Mencken—have ensured that the New Humanism has seldom been properly appreciated. Humanistic Letters helps remedy this problem, by providing for the first time the extant correspondence of Babbitt and More, which gets to the heart of their intellectual project.

Access to Cash Machines for Basic Bank Account Holders - Great Britain:

Parliament: House of Commons: Treasury Committee 2012-08-31

In response to the Treasury Committee's inquiry, Barclays, HSBC and Santander all made a public commitment to continue to provide basic bank holders with unrestricted access to cash machines. In this report, the Treasury Committee makes clear its intent to write to the other providers of basic bank accounts asking for similar clarification and urges RBS and Lloyds TSB to remove their restrictions. Restricting access to cash machines could compromise the network. In certain areas, more than a third of ATMs could be placed at risk if other providers of basic bank accounts were to take similar action or to remove themselves from the LINK system. The Committee understands the need for banks to control costs and that in this instance the financial benefits to Lloyds and RBS appear relatively small. Those affected, though, would be amongst the most vulnerable people in society. In the longer run, both the way services are offered to customers and the charges they pay need reform to secure greater banking competition

**Launch a Global Business: A Guidebook for SME Internationalization** - Ray Garcia

2015-08-18

This document is to help non-US small to medium enterprises (SME) when considering doing international business in and through the United States of America (US). It is a brief overview of a sample of issues to consider and is not an exhaustive treatment of the subject. It is meant to serve as an introductory guide for discussion between the company and their Buoyant Capital peer advisor. The peer advisors may suggest how to establish a business plan for internationalization via the US market using NYC as the primary international base of operations. For this document an SME is a company that has reached break-even, is a sustainable business, with products that are suitable for the international market, but may currently be selling only to a domestic or near regional market close to its borders. The author assumes the company has an intent to conduct cross-border trade spanning North and South America, Western and Eastern Europe, Russia and Africa. (Commercial activity in Asia also applies but has special considerations that are not fully represented in this document. A peer advisor can address the specifics of each case as needed.) The suggestions offered in this document may be of interest to micro companies at an earlier stage of development, but much depends on the type of business and type of products being sold. While Buoyant Capital peer advisors have extensive experience in new venture formation, this document is not written for pre-revenue startups although they can benefit from an early understanding of the issues.

*How to Write Letters (formerly The Book of Letters)* - Mary Owens Crowther 1941-01-01

Letters of Sylvia Plath Volume I - Sylvia Plath 2017-10-03

Sylvia Plath (1932-1963) was one of the writers that defined the course of twentieth-century poetry. Her vivid, daring and complex poetry continues to captivate new generations of readers and writers. In the Letters, we discover the art of Plath's correspondence, most of which has never before been published and is here presented unabridged, without revision, so that she speaks directly in her

own words. Refreshingly candid and offering intimate details of her personal life, Plath is playful, too, entertaining a wide range of addressees, including family, friends and professional contacts, with inimitable wit and verve. The letters document Plath's extraordinary literary development: the genesis of many poems, short and long fiction, and journalism. Her endeavour to publish in a variety of genres had mixed receptions, but she was never dissuaded. Through acceptance of her work, and rejection, Plath strove to stay true to her creative vision. Well-read and curious, she offers a fascinating commentary on contemporary culture. Leading Plath scholars Peter K. Steinberg and Karen V. Kukil, editor of *The Journals of Sylvia Plath 1950-1962*, provide comprehensive footnotes and an extensive index informed by their meticulous research. Alongside a selection of photographs and Plath's own line-drawings, the editors masterfully contextualise what the pages disclose. This selection of early correspondence marks the key moments of Plath's adolescence, including childhood hobbies and high school boyfriends; her successful but turbulent undergraduate years at Smith College; the move to England and Cambridge University; and her meeting and marrying Ted Hughes, including a trove of unseen letters post-honeymoon, revealing their extraordinary creative partnership.

The Letters of George Santayana: 1941-1947 - George Santayana 2001

The seventh and penultimate book of the letters of American philosopher George Santayana, covering the years 1941 to 1947 and including letters to such correspondents as Daniel Cory, John Hall Wheelock, Robert Lowell, and others. This penultimate volume of Santayana's letters chronicles Santayana's life during a difficult time--the war years and the immediate postwar period. The advent of World War II left Santayana isolated in Rome, and the difficulties of wartime travel across borders forced him to abandon plans to move to more agreeable locations in Switzerland or Spain. During these years, Santayana lived in a single room in a nursing home run by the Blue Sisters of the Little Company of Mary in Rome, where, during the winter months, he did much of his writing in bed (wearing well-mended gloves) in order to stay warm. And yet, despite wartime deprivations, illness, and old age (he was 77 in 1941), Santayana was remarkably productive, completing both his autobiography *Persons and Places* and *The Idea of Christ in the Gospels: or God in Man*, and all but completing *Dominations and Powers*. He confided to one correspondent that he had never been more at peace or more happy. The eight books of *The Letters of George Santayana* bring together over 3,000 letters, many of which have been discovered in the fifty years since Santayana's death. Letters in Book Seven are written to such correspondents as his friend and protégée Daniel Cory, his financial manager and heir George Sturgis, and the American poet Robert Lowell. The correspondence with Lowell--which began when the younger writer sent Santayana a copy of his Pulitzer Prize-winning *Lord Weary's Castle*--signals an important new friendship, which became a source of affection and intellectual engagement in Santayana's final years.
