**The Photoshop Layers and Selections Workshop -**

Glyn Dewis 2021-05-28

**Learn to harness the full power of layers and selections in Photoshop—and let your creativity soar!**

Learning the basics of Photoshop is an admirable feat. Unfortunately, that's exactly where most people end their Photoshop journey: with a fundamental appreciation of the program and the ability to execute a few helpful techniques. But

without a full understanding of and capability with layers and selections—arguably Photoshop's most powerful tools—you're leaving the vast majority of Photoshop's power and potential untapped.

*The Photoshop Layers and Selections Workshop* is here to change all that. In this book, photographer and bestselling author Glyn Dewis focuses on these two key features of Photoshop, knowing that if you can learn and master them, you'll have everything you need to maximize Photoshop's potential, bring out the best in your work, and harness your full creativity.

In this book, you will:

- Start off with a detailed breakdown of the Photoshop Home screen and Workspace, including how to best set it up for your way of working.
- Grow your understanding of layers and learn how to maximize their potential in your selections workflow.
- Conquer selections and cutouts by mastering the use of tools including Select and Mask, the Pen Tool, Channel Pulls, Vector Masks, Color Range, and more.

- Learn how to make and fake the best possible hair and fur selections.
- Work your way through three selections workflows, combining tools and techniques to get the very best possible results.
- Learn some of Glyn's favorite Photoshop techniques in a bonus chapter.

**Adobe Photoshop Elements 14 2019: Learning the Basics** - J. Davidson 2019-02-24

Adobe has been one of the leaders in the industry when it comes to assisting photographers with editing their photos. While many people are under the impression that Adobe photo editing software is aimed at professional photographers only, that is not very true. Sure, Adobe Photoshop may seem to be a bit overwhelming for the photographer who is just starting out. However, there is another software that was created by Adobe that is geared toward photographers who are just starting out. This newbie-friendly software is called Adobe Elements. There is, however, a specific edition of the Adobe Photoshop Elements

that we will be looking at. Today, we will be looking into the features of Adobe Photoshop Elements 14. The Adobe Photoshop Elements 14 was released in September of 2015. Since then, there have been various updates that were made in order to make the software much easier to use. Even though this software is geared towards beginners, it is still adequately equipped with all the favorite and most useful functions of Photoshop.
