Living Currency - Pierre Klossowski 2017-04-06

'I should have written you after my first reading of *The Living Currency*; it was already breath-taking and I should have responded. After reading it a few more times, I know it is the best book of our times.' Letter to Pierre Klossowski from Michel Foucault, winter 1970. *Living Currency* is the first English translation of Klossowski's *La monnaie vivante*. It offers an analysis of economic production as a mechanism of psychic production of desires and is a key work from this often overlooked but wonderfully creative French thinker.

Runs of Life - Ernest Dempsey 2019

Running is natural--an act combining freedom of motion and personal energy to take one's body and spirit out of the "normal" mode of movement. We run early in our lives, starting in childhood. Nobody needs to teach it to us. Even before we are able to muster the strength and attain the balance for running with our bodies, our spirit is long familiar with running. There truly is something special about running. The themed poems in this publication come mainly from personal memories of running--out of simple play and childhood fun time, at times for safety, or even in dreams. I loved running; still love it though now I don't get many "calls" for speeding up my feet and setting my pace to that level of energy. But I do run, body and soul.

"Ernest Dempsey's dear little book on running is full of surprises. His earnestness about running both delights and transforms into potent metaphor.... just not the ones you might expect. This is a sweet and generous heart... one that runs into darkness and manages to bring back joy." -- Elizabeth Knight, Writing and Literature Instructor, Portland Community College "Not everyone remembers the joys of running the way that Ernest Dempsey has done in this little book. My favorite poem is 'Racing Heart.' Kudos to Ernest." -- RD Armstrong, poet, publisher and dog about town Learn more at www.ErnestDempsey.com From Modern History Press www.ModernHistoryPress.com

Living in Berlin - Barbara Sichtermann 2002

Berlin has triumphed over its own history as a divided city to become one of the most vibrant and thrilling capitals in Europe. Entire districts have been rebuilt in only ten years, making the city a showcase of great architectural achievement. "Living in Berlin" seeks out both the new and the old of Berlin's most eye-catching attractions from the fabulous eighteenth-century palace of Sans-Souci to breathtaking new buildings designed by moderns like Foster, Starck, and Gehry. This sumptuously illustrated book offers an insider's tour of the city's unique architectural and cultural heritage--and beyond, to the hidden jewels and neglected treasures of the Berlin that most travelers pass by. Living in Berlin pauses at the river and the lakes that lie at the heart of the city, and visits hidden courtyards and market squares. The classic Berlin of Kurt Weill's songs is still there; the voice of Marlene Dietrich still hangs in the smoke-filled bars--if only you know where to look! Living in Berlin also visits cutting-edge contemporary designs for living in the city; from minimalist modern settings to the organized chaos of young artists' studios. The book is completed by details on the best places for excursions and shopping trips, where to eat and where to stay, all selected by true Berliners.

[Peter Hujar](#) - Paul Kasmin Gallery 2016

It's a vanished world, and Peter Hujar was right there in it. The Lower East Side between 1972 and 1985 - filled with artists, wannabe artists and hangers-on - was a community of the misbegotten gathered from every town in America and relocated in the mean streets between Broadway and the Bowery. Nothing but their talent, their flamboyance, their rank gender-bending mockery and their arch irony supported them. Some made their names. Many came to grief. A few made art. In those days, the gutted streets of the Lower East Side looked like a war zone. Everyone lived and worked on the extreme outer margins of money and art, penniless and unknown. As a community, Downtown was a counterstatement to the rich New York of the banks, museums, media, corporations ... and the art world itself. That Downtown is forever gone. Time, gentrification, disease and death have taken their toll and turned this vibrant epoch into a chapter of art history. But before it vanished, its extravagant cast sat for Peter Hujar's camera - and is now alive again in front of our eyes. Featured among others: Joe Brainard, William Burroughs, Remy Charlip, Edwin Denby, Divine, Ray Johnson, Fran Lebowitz, Charles Ludlum, Susan Sontag, Paul Thek, John Waters, Robert Wilson, David Wojnarowicz.

The Book of Happiness - Nina Berberova 2002-05

An outstanding novel about a young Russian woman's life in exile after the Russian Revolution. *The Book of Happiness* is one of the outstanding novels the great Russian writer Nina Berberova wrote during the years she lived in Paris, and the most autobiographical. All Berberova's characters live raw, unfurnished lives, in poverty, on the edge of cities, with little sense of belonging except in moments of epiphany to their time and in life itself (*The Observer*). Such a character is Vera, the protagonist of *The Book of Happiness*. At the novel's opening, Vera is summoned to the scene of a suicide, that of her childhood companion, Sam Adler, whose family left Russia in the early days of the revolution and whom Vera has not seen in many years. His death reduces Vera to a flood of tears and memories of the times before Sam's departure, and thoughts about how her life has gone since her move to Paris where she lives tied to a brilliant but demanding invalid husband. Berberova spins the story with a wonderful unsentimental poignancy, making it a beautiful testament to the indestructibility of happiness.
