This is a transformational training course designed to give church leaders of all educational levels the basic biblical interpretation, homiletical, public speaking, and leadership skills necessary to fulfill their role as lay leaders. It provides all of the resources necessary to facilitate class discussions in each of the four learning modules, including recommendations for suggested textbooks, power point presentations, and other class room materials to be distributed to the

students as study guides. A church can only go as far as its leaders. When the leadership as a whole grows spiritually, the church also grows spiritually. We grow in the Lord as we learn how to accurately handle the word of truth (2 Timothy 2:15; NASB). Focused bible study, enhanced with the proper biblical interpretation skills, provides a much deeper and more thorough understanding of Gods word and thus strengthens our relationship with Him. It also provides the foundation for our theological development and biblical worldview. [The Elder Training Handbook](#) - Carey Green  
2012-04-03  
Identifying and equipping men for the role of church Elder is not an easy task...The role of Elder is perhaps one of the most

important roles in the world, since the church is both the body and bride of Jesus. That means church leaders need more than surface opinions about the men who might possibly fit the role of Elder. They need a way to evaluate and train those candidates. This workbook-style handbook is designed to help church leaders do just that, in a wise, careful, and thoroughly Biblical way. Some contexts where this handbook may be helpful:

- When an existing Elder team needs to bring others onto their team
- When a Pastor needs to establish an Elder team from scratch
- When an Elder team needs a “refresher” about their role, or would like additional training regarding the Biblical mandate for Elders
- As a discipleship curriculum

for men, where the role of Elder is held up as a “model” for how they can lead their families with the heart of a shepherd. This handbook is not offered as a magic formula or fool-proof method for finding or equipping men for the role of Elder. No such thing exists. Scripture clearly teaches that men are only appointed to the role of Elder by the determination of the Holy Spirit (Acts 20:28). Instead, this handbook is designed to serve as a tool in that Spirit-led process. It is an aid in discerning the will of the Spirit, first through assessment of the man being considered, and secondly through training for those who appear to be called to serve as Elders. With over 260 study questions, a variety of self-assessment tools, scripture memorization,

and “quizzes” to test the candidate's understanding and application of the concepts included, The Elder Training Handbook is a serious-minded tool for discovering, encouraging, and equipping men to shepherd, protect, and lead the New Testament church.

One of the important contributions of the second Vatican council is the re-discovery of the understanding of the church as the people of God. The incarnate effect of such an understanding is reflected in the emergence of basic ecclesial communities (BECs). The present study brings out the spirituality of BECs in the socio-religious context of Trivandrum/Kerala, India.

## **Mighty Like a River -**

Andrew Billingsley

1999-06-24

Throughout the history of the African American people there has been no stronger resource for overcoming adversity than the black church. From its role in leading a group of free Blacks to form a colony in Sierra Leone in the 1790s to helping ex-slaves after the Civil War, and from playing major roles in the Civil Rights Movement to offering community outreach programs in American cities today, black churches have been the focal point of social change in their communities. Based on extensive research over several years, *Mighty Like a River* is the first comprehensive account of how black churches have helped shape American society. An expert in African American culture, Andrew

Billingsley surveys nearly a thousand black churches across the country, including its oldest, the First African Baptist Church in Savannah, Georgia. These black churches, whose roots extend back to antebellum times, have periodically confronted social, economic, and political problems facing the African American community. *Mighty Like a River* addresses such questions as: How widespread and effective is the community activity of black churches? What are the patterns of activities being undertaken today? How do activist churches confront such problems as family instability, youth development, AIDS and other health issues, and care for the elderly? With profiles of the remarkable black heroes and heroines who helped create the

activist church, and a compelling agenda for expanding the black church's role in society at large, *Mighty Like a River* is an inspirational, visionary, and definitive account of the subject.

**Around the Sacred Fire** - J. Treat 2016-04-30

Around the Sacred Fire is a compelling cultural history of intertribal activism centered on the Indian Ecumenical Conference, an influential movement among native people in Canada and the U.S. during the Red Power era. Founded in 1969, the Conference began as an attempt at organizing grassroots spiritual leaders who were concerned about the conflict between tribal and Christian traditions throughout Indian country. By the mid-seventies thousands of people were gathering each summer in the foothills of the Rockies, where they participated in weeklong encampments promoting spiritual revitalization

and religious self-determination. Most historical overviews of native affairs in the sixties and seventies emphasize the prominence of the American Indian Movement and the impact of highly publicized confrontations such as the Northwest Coast fish-ins, the Alcatraz occupation, and events at Wounded Knee. The Indian Ecumenical Conference played a central role in stimulating cultural revival among native people, partly because Conference leaders strategized for social change in ways that differed from the militant groups. Drawing on archival records, published accounts, oral histories, and field research, James Treat has written the first comprehensive study of this important but overlooked effort at postcolonial

interreligious dialogue.

Abortion after Roe -  
Johanna Schoen  
2015-09-28

Abortion is--and always has been--an arena for contesting power relations between women and men. When in 1973 the Supreme Court made the procedure legal throughout the United States, it seemed that women were at last able to make decisions about their own bodies. In the four decades that followed, however, abortion became ever more politicized and stigmatized. Abortion after Roe chronicles and analyzes what the new legal status and changing political environment have meant for abortion providers and their patients. Johanna Schoen sheds

light on the little-studied experience of performing and receiving abortion care from the 1970s--a period of optimism--to the rise of the antiabortion movement and the escalation of antiabortion tactics in the 1980s to the 1990s and beyond, when violent attacks on clinics and abortion providers led to a new articulation of abortion care as moral work. As Schoen demonstrates, more than four decades after the legalization of abortion, the abortion provider community has powerfully asserted that abortion care is a moral good.

To the Particular Baptists, Independency was the divinely ordained form of church government used by God as the vehicle to carry out the Great Commission. The Great Commission was carried out with the view of establishing biblically ordered churches, which upheld the 1689 Confession of Faith. These three components of church life - mission-mindedness, biblical church order, and the 1689 Confession of Faith - arose from the thorough biblicism of the Particular Baptists. The orderliness of the church does not exist for its own sake but for service to God. The well-ordered church is not static but dynamic, it is not merely beautiful but also full of vitality. was commonly expressed as "a garden enclosed, and a fountain sealed" in the 17th and 18th centuries. Baptist Independency is different from modern Congregationalism.
