The Dispossessed - Peter I. Rose 2005

Edward Said once noted that exile is compelling to think about, but terrible to experience. *The Dispossessed*, a collection of thoughtful essays and critical commentaries on the meaning of exile, reverberates with the significance of Said's terse comment. After a foreword by actor and activist Liv Ullmann and an introduction by Peter I. Rose, the reader is offered a series of essays examining the experiences of refugees in various parts of the world, with particular attention to the disruptions caused by World War II. *dispossessed*, the role of key players and concerned citizens willing to extend themselves to provide safe havens and new opportunities for those forced to flee their homelands, and examples of the contributions of refugees, particularly refugee intellectuals, to their host societies. Throughout the volume there are two unifying motifs: the plight of displaced people, be they escapees, expellees, or hapless victims caught in the crossfire of other people's conflicts, and the role of others in attempting to mitigate the predicaments of the displaced. The book is divided into four sections. The first explores the meaning of home for those forced to leave it. who lived in western Massachusetts in the 1930s and 1940s or had connections to Smith College and other institution in the area. The third section details the problems of adjustment and the cultural impact of scientists, artists, filmmakers, and writers on their host societies in the years before, during, and immediately after World War II. A brief fourth section consists of the reflections of two more recent refugees, a Cuban father and son, the elder a psychiatrist and poet, the younger a sociologist who specializes in immigration and the plight of the dispossessed. colloquium, *The Anatomy of Exile*, at Smith College or participants in one of two conferences held in conjunction with the colloquium. They include Dierdre Bonifaz, Lale Aka Burk, Polina Dimova, Donna Robinson Divine, Saverio Giovacchini, Ruth Gruber, Gertraud E. G. Gutzmann, Charles Killinger, Karen Koehler, Orm Overland, Thalia Pandiri, Ruben D. Rumbaut and Ruben G. Rumbaut, Richard Unsworth, and Krishna Winston.

Natural Language Generation Systems - David D. McDonald 2012-12-06
Natural language generation is a field within artificial intelligence which looks ahead to the future when machines will communicate complex thoughts to their human users in a natural way. Generation systems supply the sophisticated knowledge about natural languages that must come into play when one needs to use wordings that will overpower techniques based only on symbolic string manipulation techniques. Topics covered in this volume include discourse theory, mechanical translation, deliberate writing, and revision. Natural Language Generation Systems contains contributions by leading researchers in the field. Chapters contain details of grammatical treatments and processing seldom reported on outside of full length monographs.

Letters From The Earth - Mark Twain 2017-04-04

The Creator sat upon the throne, thinking. Behind him stretched the illimitable continent of heaven, steeped in a glory of light and color; before him rose the black night of Space, like a wall. His mighty bulk towered rugged and mountain-like into the zenith, and His divine head blazed there like a distant sun. At His feet stood three colossal figures, diminished to

extinction, almost, by contrast -- archangels -- their heads level with His ankle-bone. When the Creator had finished thinking, He said, "I have thought. Behold!" He lifted His hand, and from it burst a fountain-spray of fire, a million stupendous suns, which clove the blackness and soared, away and away and away, diminishing in magnitude and intensity as they pierced the far frontiers of Space, until at last they were but as diamond nailheads sparkling under the domed vast roof of the universe. At the end of an hour the Grand Council was dismissed. They left the Presence impressed and thoughtful, and retired to a private place, where they might talk with freedom. None of the three seemed to want to begin, though all wanted somebody to do it.

QuickBooks for Churches and Other Religious Organizations - Deep River Press, Inc. 2013-11

Bookkeeping for churches can be quite different than for-profit businesses, and the other guides available cover either QuickBooks or church accounting, not both. Lisa London, The Accountant Beside You, walks you through QuickBooks for your church from start to finish, always with examples, terminology, and understanding of what a busy church administrator needs to

know in a clear, concise style. With her friendly easy-to-understand style and illustrative screenshots, Lisa guides new QuickBooks users every step of the way, while her tips for how to make QuickBooks work better for churches provides new insight and procedures for even the experienced bookkeeper. Not only does she step you through how to set up QuickBooks and utilize it more efficiently for your house of worship, but she also discusses everything you need to know to implement controls and procedures to ensure that your church's money is always protected. QuickBooks for Churches covers PC versions of QuickBooks from 2012 forward and even includes what's new in the 2014 version. Lisa offers sound accounting procedures for both large and small houses of worship, for bookkeepers with years of experience as well as those just starting out. Let The Accountant Beside You take one more worry off your crowded to-do list.

The Intimate Adventures Of A London Call Girl - Belle de Jour 2010-03-25

The bestselling and infamous diary of a high-class call girl, as seen on the show starring Billie Piper. Belle de Jour is the nom de plume of a high-class call girl working in London. This is her story. From the summer of 2003 to the autumn of 2004 Belle charted her day-to-day adventures on and off the field in a frank, funny and award-winning web diary. Now, in her Intimate Adventures, Belle elaborates on those diary entries, revealing (among other things) how she became a working girl, what it feels like to do it for money, and where to buy the best knickers for the job. From debating the literary merits of Martin Amis with naked clients to smuggling whips into luxury

hotels, this is a no-holds barred account of the high-class sex-trade, and an insight into the secret life of an extraordinary woman.

A Cure Too Far - Mugenyi, Peter 2013-12-07

A Cure Too Far takes the reader back to the bleak time in Africa when doctors stood by helplessly and watched in horror as their distraught patients were hijacked by a ragtag army of cocky healers. It describes an obstacle-strewn struggle to stop peddlers of fake AIDS drugs and other detractors while trying to find a scientifically proven solution to alleviate the carnage. This story is informed by incredible personal accounts of individuals who played different roles in the war for survival, and of those who found the agony too much to bear, as the relentless scourge ripped apart thousands of years of cultural practices. Even when hope appeared in January 2003, through the President's Emergency Programme for AIDS Relief (PEPFAR), a devastating financial crunch hit, threatening to undo all that had been achieved!

The Shi'i Islamic Martyrdom Narratives of Imam al-Ḥusayn - Muhammad-Reza Fakhr-Rohani 2023-06-14

Martyrdom narratives (maqtals) represent a prominent genre of Islamic, particularly Shi'i, literature. In this genre, the heart-rending aspects of the martyrdom scenes of religiously prominent people are depicted graphically. Although not exclusively limited to the martyrdom accounts of Imam al-

Ḥusayn and his companions, who were martyred on the plain of Karbala, Iraq, a great majority of Islamic martyrdom narratives deal with the Ashura episodes. As the first book-length treatment of this genre in English, this text takes the reader from the dawn of Islam in ancient Arabia, exploring the background of the Battle of Karbala and giving a view of the various maqtals and several related studies. Although examining Arabic and Persian sources, this book presupposes little background knowledge on the part of the reader.
