**The Illustrated Virago Book of Women Travellers** - Mary Morris 2006-12-14

Women move through the world differently from men. The constraints and perils, the perceptions and complex emotions women journey with are

different. For many women, the inner landscape is as important as the outer. This does not mean that the woman traveller is not politically aware, historically astute or in touch with the customs and language of the place, but it does mean that a woman cannot travel and not be aware of her body and the limitations her sex presents. This illustrated edition of *The Virago Book of Women Travellers* captures 300 years of wanderlust. Some of the women are observers of the world in which they wander and others are more active. Often they are storytellers, weaving tales about the people they encounter. Whether it is curiosity about the world or escape from personal tragedy, these women approached their journeys with wit, intelligence, compassion and empathy for the lives of others.

**The Omega Factor** - Steve Berry 2022-06-07

stolen. Why? What secrets does it hold? Enter UNESCO investigator, Nicholas Lee, who works for the United Nations' Cultural Liaison and Investigative Office (CLIO). Nick's job is to protect the world's cultural artifacts—anything and everything from countless lesser-known objects to national treasures. When Nick travels to Belgium for a visit with a woman from his past, he unwittingly stumbles on the trail of a legendary panel from the Ghent Altarpiece, stolen in 1934 under cover of night and never seen since. Soon Nick is plunged into a bitter conflict, one that has been simmering for nearly two thousand years. On one side is the Maidens of Saint-Michael, les Vautours—the Vultures—a secret order of nuns and the guardians of a great truth. Pitted against them is the Vatican, which has wanted for centuries to both find and possess what the nuns guard. Because of Nick the maidens have finally been exposed, their secret placed in dire jeopardy—a vulnerability that the Vatican swiftly moves to exploit utilizing an

ambitious cardinal and a corrupt archbishop, both with agendas of their own. From the tranquil canals of Ghent, to the towering bastions of Carcassonne, and finally into an ancient abbey high in the French Pyrenees, Nick Lee must confront a modern-day religious crusade intent on eliminating a shocking truth from humanity's past. Success or failure—life and death—all turn on the Omega Factor.

*Refugee Tales* - Ali Smith 2016-05-31

Two unaccompanied children travel across the Mediterranean in an overcrowded boat that has been designed to only make it halfway across... A 63-year-old man is woken one morning by border officers 'acting on a tip-off' and, despite having paid taxes for 28 years, is suddenly cast into the detention system with no obvious means of escape... An orphan whose entire life has been spent in slavery - first on a Ghanaian farm, then as a victim of trafficking - writes to the Home Office for help, only to be rewarded with a jail sentence and indefinite detention... These are not fictions. Nor are they testimonies from some distant, brutal past, but the frighteningly

common experiences of Europe's new underclass - its refugees. While those with 'citizenship' enjoy basic human rights (like the right not to be detained without charge for more than 14 days), people seeking asylum can be suspended for years in Kafka-esque uncertainty. Here, poets and novelists retell the stories of individuals who have direct experience of Britain's policy of indefinite immigration detention. Presenting their accounts anonymously, as modern day counterparts to the pilgrims' stories in Chaucer's Canterbury Tales, this book offers rare, intimate glimpses into otherwise untold suffering.

In the latest thrilling Cotton Malone adventure from international bestseller Steve Berry, one by one the seven precious relics of the Arma Christi, the weapons of Christ, are disappearing from sanctuaries across the world. After former Justice Department agent Cotton Malone witnesses the theft of one of them, he learns from his old boss, Stephanie Nelle, that a private auction is about to be held where incriminating information on the president of Poland will be offered to the highest bidder - blackmail that both the United States and Russia want, but for vastly different reasons. The price of admission to that auction is one of the relics, so Malone is first sent to a castle in Poland to steal the Holy Lance, a thousand-year-old spear sacred not only to Christians but to the Polish people, and then on to the auction itself. But nothing goes as planned and Malone is thrust into a bloody battle between three nations over information that, if exposed, could change the

balance of power in Europe. From the tranquil canals of Bruges, to the elegant rooms of Wawel Castle, to deep beneath the earth in an ancient Polish salt mine, Malone is caught in the middle of a deadly war - the outcome of which turns on a secret known as the Warsaw Protocol.

**That's Me** - Joan Quinn 2021-04

I'm Jack Lewis, a successful businessman. What makes me different is that I don't have any worries, anxieties, or skeletons in my closet. But I do have a regret: I don't have a woman by my side with whom I could share my success, my money and my life. I once thought I had found her, the right woman, but then, on a rainy day, all my certainties collapsed. Since then I have no longer thought about love, because I'm pretty sure it doesn't exist. This morning I've been hit by a little tornado: a woman fell into my arms, our eyes met, my heart stopped beating for an instant, and my certainties crumbled again. I don't know if I'm willing to give love another chance, but I'm sure I won't let this little tornado

slip away. Jack's advice: I swear a lot, plus, I like sweaty and dirty sex, and if this bothers you, this story is not for you.

*The Truth of Masks* - Oscar Wilde 2022-05-25

The Truth of Masks is an essay written by Oscar Wilde, first published in 1886. This work speaks about the power and necessity of illusion in Shakespeare's plays and the importance of the costumes. He goes on and on about it, and then ends the essay with the following statement: "Not that I agree with everything that I have said in this essay. There is much with which I entirely disagree. The essay simply represents an artistic standpoint, and in aesthetic criticism attitude is everything. For in art there is no such thing as a universal truth. A Truth in art is that whose contradictory is also true. And just as it is only in art- criticism, and through it, that we can apprehend the Platonic theory of ideas, so it is only in art-criticism, and through it, that we can realise Hegel's system of contraries. The truths of metaphysics are the truths of masks." Oscar

Wilde (1854-1900) was an Irish poet and dramatist, famous for The Importance of Being Earnest and The Picture of Dorian Gray. His controversial, open lifestyle was the reason he was charged and eventually convicted for the crime of sodomy.

*The Italian Renaissance State* - Andrea Gamberini

2012-03-29

This magisterial study proposes a revised and innovative view of the political history of Renaissance Italy. Drawing on comparative examples from across the peninsula and the kingdoms of Sicily, Sardinia and Corsica, an international team of leading scholars highlights

the complexity and variety of the Italian world from the fourteenth to early sixteenth centuries, surveying the mosaic of kingdoms, principalities, signorie and republics against a backdrop of wider political themes common to all types of state in the period. The authors address the contentious problem of the apparent weakness of the Italian Renaissance political system. By repositioning the Renaissance as a political, rather than simply an artistic and cultural phenomenon, they identify the period as a pivotal moment in the history of the state, in which political languages, practices and tools, together with political and governmental institutions, became vital to the evolution of a modern European political identity.

The time has come for Cassiopeia Vitt to sell her ancestral home. It sits on a Spanish bluff by the Mediterranean Sea, and bears the name Casa de

Hace Mucho Tiempo, House of Long Ago. Trapped inside its walls are memories from a time when Cassiopeia was growing from a rebellious adolescent into a thoughtful young woman—regretful times when she often found herself estranged from her parents. Also inside are fifteen paintings, each one a masterpiece, together representing an investment in the tens of millions of euros—her father's private art collection—which she intends to donate to museums. But when an art expert declares all fifteen paintings fake, and suggests that her father may have been involved with something illegal, she embarks on a quest to find answers. From a secret repository in Andorra, to a mysterious yacht in the Mediterranean, then finally onto the streets of Paris and a horrific reminder from World War II, Cassiopeia must battle every step of the way to stay alive—a fight that will finally bring her face to face with the truth about the House of Long Ago.
