Kitty Wellington the narrator of Clare Morrall's absorbing sure-footed first novel has been brought up in a large family by her painter father. Surrounded by older brothers she has no real recollection of either her mother who was killed in a car

crash or her sister who ran away from home. The great strength of the novel is Kitty herself. Morrall has provided her with a compelling narrative voice - wry confiding perceptive. Echoes from JM Barrie's disturbing masterpiece are quietly sounded with particular emphasis on missing mothers and "lost boys".

### **A Person My Colour** - Dahlmanns, Martina 2018-09-20

"If you are tired of hearing about 'whiteness', and if you think racism exists in the hearts of evil others, or you believe that having a black friend unshackles you from racism's hold, I dare you to read this book." - Pumla Gobodo-Madikizela  
Martina Dahlmanns, the daughter of parents who grew up in the shadow of post-war Germany, an adoptive mother of children who are black, and a member of a dialogue

group of black and white women, urgently questions the very depths of what it means to be white in South Africa today. Her deeply personal memoir is unsettling because of what it reveals simultaneously about the enduring impact of inherited privilege and the repercussions of disadvantage Her book is unsettling, precisely because of what it reveals simultaneously about the enduring impact of inherited privilege and the repercussions of disadvantage. But it is Dahlmanns' dialogue with Tumi Jonas—whose own reflections appear in the last section of the book—that reveals so much of what's possible, yet potentially destructive, in relationships between black and white South Africans today.

*Sorrow in the House of Colour* - Julius Ijemhen-Ebetaleye 2003

In *Sorrow in the House of Colour*, Julius I. Ebetaleye challenges orthodox approaches to racial integration with an honest, radical, thought-provoking story of the attempt to achieve racial harmony in an interracial relationship. The perspective from which this book is written is unusual and as such the ideas expressed are particularly important. Even those who lay claim to metaphorical 'colour blindness' will find this original work an eye-opener. This book, *Sorrow in the House of Colour*, is based on a true-life story stemming from the intimate experience of the principal character. The objective again is to, amongst other things,

bring to focus the diversity of humanity, especially in regard to the black and white racial divide with a view to sensitizing both races to identify a common basis for mutual co-existence in order to make the world a better place to live in. This is against the background of an increasing globalisation of the various facets of human endeavours whereby as they say, the world is becoming one big village, thus making sustainable mutually beneficial inter-relationship inevitable. Therefore, the earlier our our respective prejudices and mind sets are de-emphasized for those features typifying the commonality of humans, the better for the entire mankind. In essence the objective is to sensitize rather than criticise. The intent is to foster Harmony rather than brew Acrimony. The goal is to achieve a better World rather than build brick Walls. It is my hope that the reading public find Sorrow in the House of Colour as stimulating as it is

thought-provoking and relevant message, a richly-textured piece of writing that skilfully manages to be at price inclusive, thought-provoking and highly readable. It is a significant, by which I mean that it has relevance to the reader on a number of levels, which is itself sure testimony to the author's creative versatility. It is a book which abounds with a wealth of perceptively observed detail, obviously the product of real experience, which lends to the book a poignant, sometimes quite gritty reality, a dramatic immediacy, which is one of its key strengths. The characters, situations and dialogue are relayed in vivid and lively detail which makes each moment seem entirely authentic. As a result, the reader is effortlessly drawn into the fabric of this sotry, experiencing it as his or her own reality. The structure of the book is an accomplished device in itself, patiently built and sparingly meted out with an eye on the

necessities of tension, pace, climax and anti-climax. May I entreat you to avail yourselves of this publication and recommend same to a friend.

**The Rare, Tiny Flower** - Kitty O'Meara  
2022-03-22

The Rare, Tiny Flower illustrates a deeply touching and thoughtful poem by Kitty O'Meara that, in the form of a parable, celebrates difference, tolerance, and unity. Written by O'Meara in Fall 2020, The Rare, Tiny Flower is in many ways thematically similar to And the People Stayed Home in that it is a commentary on difficult current situations in our world and offers hope for resolution and growth. The poem features a mysterious flower that looks different to each viewer, which leads to strife as everyone insists that their vision is "right." Leaders and even a botanist are unable to agree on the nature of the flower—it takes a young girl to point out that the flower is, in

fact, quite multidimensional. Remarkably, she has the ability to be heard by the squabbling masses, who then see beyond their fighting and commit to connecting with one another. O'Meara's thoughtful poem includes people realizing and voicing this important lesson: One day, a very special flower blooms in a forest. A special and unusual flower! No one can agree on what color it is. That's because it looks different to different people. And that's when the fighting starts... It takes a young girl to point out the truth. But will the people listen?

**Never Too Small** - Joe Beath 2023-04-19  
Joel Beath and Elizabeth Price explore this question drawing inspiration from a diverse collection of apartment designs, all smaller than 50m<sup>2</sup>/540ft<sup>2</sup>. Through the lens of five small-footprint design principles and drawing on architectural images and detailed floor plans, the authors examine

how architects and designers are reimagining small space living. Full of inspiration we can each apply to our own spaces, this is a book that offers hope and inspiration for a future of our cities and their citizens in which sustainability and style, comfort and affordability can co-exist. Never Too Small proves living better doesn't have to mean living larger.

**Colour Me English** - Caryl Phillips  
2011-08-11

What do we mean by 'English'? How does that image square with reality? How does our island look from abroad, and what aspects of our experience do we share with, for example, America - a nation built by outsiders and the huddled masses? Taking as its starting point a moving recollection of growing up in Leeds during the 1970s, Colour Me English broadens into a reflective, entertaining and challenging

collection of essays and other non-fiction writing which ranges from the literary to the cultural and autobiographical. Elsewhere, Caryl Phillips goes on to describe the experience of living and working in America, and travels in Sierra Leone, Ghana, Belgium and France and beyond. He considers the lives and works of many figures including Chinua Achebe, James Baldwin, Billie Holiday and Luther Vandross, and how their experiences are refracted through the prisms of writing, music and cinema. But Colour Me English always circles back to questions of identity and belonging, to the nature of tribal belonging and of its reverse, exclusion. *Little Birds Europe, Adult Coloring Book* - Michele Pietrangelo 2020-05-24

find them online, You will find where the subjects live and the colors they have, Color the subjects and pass over the outlines later, Insert a card under the table before you start coloring, Cut out the colored drawing boards and hang them in a beautiful frame, Finally you can show me your masterpieces on Instagram by tagging me with @michele.pietrangelo.ph I will like it.
