Spisateljska saradnja Fransisa Bomonta i Dzona

Flecera podarila je istoriji engleske i svetske knjizevnosti preko pedeset dramskih dela s kojima se njihova imena dovode u vezu na ovaj ili onaj nacin, u manje ili vise razlucenoj meri. Najnoviji stavovi proucavalaca govore,

medjutim, da su njih dvojica zajedno u potpunosti stvorili ne vise od deset komada, a da je Francis Beaumont samostalno napisao samo jedan ili dva, pri cemu se danas sa dosta sigurnosti moze uzeti da je on jedini autor cuvenog Viteza Plamenog Tucka. Ako po pitanju autorstva, medjutim, jos mozda preostaju neke neizvesnosti i nedoumice, teoreticari se savrseno slazu da prava elasticna prilagodljivost i odredjeni modernizam dramskog stvaralastva u Engleskoj u drugoj polovini sesnaestog i pocetkom sedamnaestog veka ne mogu da se shvate i sagledaju bez dobrog poznavanja upravo ove komedije. Delom to jeste burleska, delom parodija, ali je sveukupno rec o proizvodu koji je tesko strogo definisati, cemu su doprineli mnogi

raznovrsni elementi. Uzeti zajedno, oni sluze da prikazu stvaralacko umece i ishoduju jednom veoma neobicnom i veoma razigranom komedijom, zivom i zivotu vernom iako joj nedostaje dubine, ali koja je svakako, po mnogo cemu, tvorevina kakva je lako mogla da nastane juce, ovih dana. A napisana je pre cetiri stotine godina. Prevod je uradjen prema tekstu na engleskom jeziku pod originalnim naslovom THE KNIGHT OF THE BURNING PESTLE koji je izlozen u knjizi Beaumont and Fletcher - Select Plays izdavaca J. M. Dent & Sons Ltd., s naznakama First included in Everyman's Library 1911; Last reprinted 1970. Napomene i objasnjenja koja prate prevod namenjeni su laksem i potpunijem shvatanju sadrzine i poruka ovog dramskog dela, pre svega u smislu docaravanja

istorijskih i društveno-ekonomskih okolnosti u kojima se radnja odvija, ali koje imaju traga i u svemu što izgovaraju likovi komedije - eksplicitno ili, vrlo često, u vidu najrazlicitijih aluzija. Od narocitog su znacaja napomene koje se odnose na glumce i publiku toga vremena, na pozoriste, obicaje u vezi s tumacenjem, pripremanjem i izvodjenjem tekstova odnosno pozorisnih predstava, na London i svakodnevni zivot njegovog gradjanstva. Koliko god da je znacenje pojedinih komentara ocigledno vec iz samog teksta prevoda, napomene su na velikom broju mesta, tamo gde se to cinilo svrsishodnim i korisnim, dopunjene prevodiocevim opaskama i prosirenim objasnjenjima. Prevodilacka resenja i prevodne varijante koje se ponegde nude i kroz

nizanje veceg broja mogucnosti u najvecoj meri su plod konsultovanja i koriscenja Enciklopediskog englesko-srpskohrvatskog recnika (Ristic, Simic, Popovic; Beograd: Prosveta, 1973). Cetiri stotine godina posle svoga nastanka Vitez Plamenog Tucka danas je spreman da zakoraci u srpsku kulturnu javnost. Divno bi bilo da u njoj postane poznat, da se zadrzi, da pruzi podlogu za dalje primene i razrade, pre svega na pozornici - samim tim sto nije poznat i iskoriscen ni u mnogo sirem okruzenju. Dale is proud of how his acting career is progressing. Tonight, for instance, is the last night (at the beautiful Sam Wanamaker

Playhouse) of a well-received run of Beaumont's *The Knight of the Burning Pestle*, in which he plays Rafe. But his colleague Topher, who plays Jasper, seems to think something is missing in Dale's life. They're not really friends, and Dale sees little point in reprising the one night on which they were not-really-friends with benefits. However! Despite the distractions of performing this chaotic two-plays-within-a-play, Dale is plagued by the niggling doubts prompted by Topher. Dale might be better off paying attention, though – because maybe Francis Beaumont, writing over 400 years ago, already provided the answers to Dale's dilemma.

When I come upon a

apt to think it  
Fletcher's: so too Where  
there is a certain  
exhilaration and  
largeness of manner, and  
an ardor that charges  
its words with

The Knight of the Burning Pestle., [engl. U. Franz.] - Francis Beaumont 1958

**The Knight of the Burning Pestle** - Francis Beaumont 2014-06-18

'Let him kill a lion with a pestle, husband; let him kill a lion with a pestle.' So exclaims the Grocer's wife who, with her husband and servants, is attending one of the London's elite playhouses where a theatre company has just begun to perform. Peeved at the fact that all the plays they see are satires on the lives and values of London's citizenry, the Grocer

and his wife interrupt and demand a play that instead contains chivalric quests and courtly love. What's more, they nominate their apprentice Rafe to take on the hero's role of the knight in this entirely new play. The author, Francis Beaumont, ends up not just satirising the grocers' naive taste for romance but parodying his own example of citizen comedy. This play-within-a-play becomes a pastiche of contemporary plays that scorned those who were not courtiers or at least gentlemen or ladies. Like Cervantes in Don Quixote, Beaumont exposes the folly of those that take representations for realities, but also celebrates their idealism and love of adventure. The editor, Michael Hattaway, is editor of plays by

Shakespeare and Jonson as well as of several volumes of critical essays, and author of Elizabethan Popular Theatre, Hamlet: The Critics Debate, and Renaissance and Reformations: An Introduction to Early Modern English Literature. He is Professor Emeritus of English Literature in the University of Sheffield.

Francis Beaumont - The Knight of the Burning Pestle - Francis Beaumont 2018-04-19

Francis Beaumont was born in 1584 near the small Leicestershire village of Thringstone. Unfortunately precise records of much of his short life do not exist. The first date we can give for his education is at age 13 when he begins at Broadgates Hall (now Pembroke College, Oxford). Sadly, his father died the following year, 1598. Beaumont left university without a degree and entered the Inner Temple in London in 1600. A career choice of Law taken previously by his father. The information to hand is confident that Beaumont's career

in law was short-lived. He was quickly attracted to the theatre and soon became first an admirer and then a student of poet and playwright Ben Jonson. Jonson at this time was a cultural behemoth; very talented and a life full of volatility that included frequent brushes with the authorities. Beaumont's first work was Salmacis and Hermaphroditus, it debuted in 1602. By 1605, Beaumont had written commendatory verses to Volpone one of Ben Jonson's masterpieces. His solo playwriting career was limited. Apart from his poetry there were only two; The Knight of the Burning Pestle was first performed by the Children of the Blackfriars company in 1607. The audience however was distinctly unimpressed. The Masque of the Gentlemen of

Grays-Inne and the Inner-Temple was written for part of the wedding festivities for the Princess Elizabeth, daughter of King James I and Frederick V, Elector Palatine. It was performed on 20 February 1613 in the Banqueting House at Whitehall Palace. By that point his collaboration with John Fletcher, which was to cover approximately 15 plays together with further works later revised by Philip

Massinger, was about to end after his stroke and death later that year. That collaboration is seen as one of the most significant and fruitful of the English theatre.
