Making America Volume Two Third Edition and Oates - Berkin 2005-05-25

**The American Spirit - David McCullough 2017-04-18**

"This timely collection of speeches by David McCullough, the most honored historian in the United States--winner of two Pulitzer Prizes, two

National Book Awards, and the Presidential Medal of Freedom, among many other honors--reminds us of fundamental American principles. Over the course of his distinguished career, David McCullough has spoken before Congress, the White House, colleges and universities, historical societies, and other esteemed institutions. Now, as many Americans engage in self-reflection following a bitter election campaign that has left the country divided, McCullough has collected some of his most important speeches in a brief volume that articulates important principles and characteristics that are particularly American..."--Jacket.

Presents the social and political history of the United States through contemporary source materials from the era of Reconstruction to the present day.

Making America, Volume One Third Edition and Oates - Berkin 2002-08-01

Social Studies for Secondary Schools - Alan J. Singer 2014-10-08

Now in its 4th edition, this popular text for secondary social studies

methods courses integrates discussions of educational goals and the nature of history and social studies with ideas for organizing social studies curricula, units, lessons, projects, and activities. A major theme throughout is that what teachers choose to teach and the way they teach reflect their broader understanding of society, history, and the purpose of social studies education. Advocating an inquiry and activity-based view of social studies teaching that respects the points of view of students and teachers, and based in practice and experience, it offers systematic support and open, honest advice for new teachers. Each chapter addresses a broad question about social studies education; sub-chapters begin with narrower questions that direct attention to specific educational issues. Lesson ideas and materials in the book and online are especially designed to help new teachers to address common core learning standards, to work in inclusive settings, and to promote literacy and the use of technology in social studies classrooms. Chapters include highlighted Learning Activities, Teaching Activities, and Classroom Activities designed to provoke discussion and illustrate different approaches to teaching social studies, and conclude with recommendations for further reading and links to on-line essays about related social studies topics. Activities are followed by four categories: "Think it over," "Add your voice to the discussion," "Try it yourself," and "It's your classroom." All of these are supported with online

teaching material. Designed for undergraduate and graduate pre-service social studies methods courses, this text is also useful for in-service training programs, as a reference for new social studies teachers, and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice. New in the Fourth Edition Provides a number of new lesson ideas paired with online lesson plans and activity sheets in every chapter Takes a new focus on data-driven, standards-based instruction, especially in relation to the common core curriculum Addresses the interactive nature of learning in updated technology sections Reflects current trends in history education Includes more of what the author has learned from working teachers Offers a wealth of additional on-line material linked to the text

*The American Spirit 13th Edition Update* - David M. Kennedy 2019-08-12  
Primary source documents, often accessible only in musty archives, are the raw material from which historians craft their stories. The American Spirit is a virtual archive where students can touch the evidence deposited by the living, breathing, often conflicted and frequently contentious men and women who lived and shaped America's past.

### **American Spirit - Dan Kennedy 2013**

A midlife crisis forces forty-something media exec, Matthew Harris on a hectic and hilarious quest to figure out what his life is all about.

### **Bobby Kennedy - Chris Matthews 2017-10-31**

In Chris Matthews's New York Times bestselling portrait of Robert F. Kennedy, "Readers witness the evolution of Kennedy's soul. Through tragedy after tragedy we find the man humanized" (Associated Press). With his bestselling biography Jack Kennedy, Chris Matthews profiled one of America's most beloved Presidents and the patriotic spirit that defined him. Now, with Bobby Kennedy, Matthews provides "insight into [Bobby's] spirit and what drove him to greatness" (New York Journal of Books) in his gripping, in-depth, behind-the-scenes look at one of the great figures of the American twentieth century. Overlooked by his father, and overshadowed by his war-hero brother, Bobby Kennedy was a perpetual underdog. When he had the chance to become a naval officer like his older brother, Bobby turned it down, choosing instead to join the Navy as a common sailor. It was a life-changing experience that led him to connect with voters from all walks of life: young and old, black and white, rich and poor. They were the people who turned out for him in his 1968 campaign. RFK would prove himself to be the rarest of politicians—both a pragmatist who knew how to get the job done and an unwavering idealist who could

inspire millions. Drawing on extensive research and interviews, Matthews pulls back the curtain on the private world of Robert Francis Kennedy. Matthew illuminates the important moments of his life: from his early years and his start in politics, to his crucial role as attorney general in his brother's administration and, finally, his tragic run for president. This definitive book brings Bobby Kennedy to life like never before.

### **John F. Kennedy - Jason K. Duncan 2013-11-12**

Half a century after his assassination, John F. Kennedy continues to evoke widespread fascination, looming large in America's historical memory. Popular portrayals often show Kennedy as a mythic, heroic figure, but these depictions can obscure the details of the president's actual achievements and challenges. Despite the short length of his time in office, during his presidency, Kennedy dealt with many of the issues that would come to define the 1960s, including the burgeoning Cold War and the growing Civil Rights movement. In John F. Kennedy: The Spirit of Cold War Liberalism, Jason K. Duncan explains Kennedy's significance as a political figure of the 20th century in U.S. and world history. Duncan contextualizes Kennedy's political career through his personal life and

addresses the legacy the president left behind. In a concise narrative supplemented by primary documents, including presidential speeches and critical reviews from the left and right, Duncan builds a biography that elucidates the impact of this iconic president and the history of the 1960s.
