Interview - Ron Fry 2018-07-31

To ace a job interview, you need to give the right answers—and ask the right questions. 101 Smart Questions to Ask on Your Interview is for every job candidate who thinks “Do you have any questions for me?” marks the end of an interview. In Ron Fry’s view, it marks the beginning of the last, and perhaps most important, interview phase, one that’s so important that failing to properly prepare for it can undo all your hard work, including providing great answers to tough questions. It’s your moment to shine—to show off the depth and breadth of your research, to remind the interviewer of how perfectly your credentials fit the job description, and to actually ask for the job! Fry shows you how to take charge of the interview process, presenting yourself as the self-managing, versatile, and confident candidate most employers are seeking. He demonstrates how to use the interview process to sell the company on you while obtaining the information necessary to make sure you are sold on them. From what to ask, when to ask it, and the kinds of answers to expect, 101 Smart Questions to Ask on Your Interview gives all candidates, from first-timers to seasoned pros, the practical information and advice they need to ace entire interviews . . . and get their dream jobs.

Interview Intervention - Andrew LaCivita 2012-03-15

If you are interviewing with a company, you are likely qualified for the job. Through the mere action of conducting the interview, the employer essentially implies this. So why is it difficult to secure the job you love? Because there are three reasons you

actually get the job—none of which are your qualifications— and, unfortunately, you can only control one of them. iNTERVIEW INTERVENTION creates awareness of these undetected reasons that pose difficulty for the job-seeker and permeate to the interviewer, handicapping the employer’s ability to secure the best talent. It teaches interview participants to use effective interpersonal communication techniques aimed at overcoming these obstacles. It guides job-seekers through the entire interview process to ensure they get hired. It teaches interviewers to extract the most relevant information to make sound hiring decisions. iNTERVIEW INTERVENTION will become your indispensable guide to: ? Create self-awareness to ensure you understand the job you want before—not after—the fact. ? Conduct research to surface critical employer information. ? Share compelling stories that include the six key qualities that make them believable and

memorable. ? Respond successfully to the fourteen most effective interview questions. ? Sell yourself and gather intelligence through effective question asking. ? Close the interview to ensure the interviewer wants to hire you.
