Wooden Eyes - Carlo Ginzburg 2002-01-01

"I am a Jew who was born and who grew up in a Catholic country; I never had a religious education; my Jewish identity is in large measure the result of persecution." This brief autobiographical statement is a key to understanding Carlo Ginzburg's interest in the topic of his latest book: distance. In nine linked essays, he addresses the question "what id the exact distance that permits us to see things as they are?" To understand our world, suggests Ginzburg, it is necessary to find a balance between being so close to the object that our vision is warped by familiarity or so far from it that the distance becomes distorting. Opening with a reflection on the sense of feeling astray, of familiarization and defamiliarization, the author goes on to consider the concepts of perspective, representation, imagery, and myth. Arising from the theme of proximity is the recurring issue of the opposition between Jews and Christians - a topic Ginzburg explores with an array of examples, from Latin translations to Greek and Hebrew scriptures to Pope John Paul II's recent apology to the Jews for anti-Semitism. Moving with equal acuity from Aristotle to Voltaire, touching on philosophy, history, philology and ethics, and including examples from present-day popular culture, *Wooden Eyes* offers a new perspective on the universally relevant theme of distance. Urbanisation and State Formation in the Ancient Sahara and Beyond - Martin Sterry 2020-03-26

This ground-breaking volume pushes back conventional dating of the earliest sedentarisation, urbanisation and state formation in the Sahara.

The Architecture of Modern Italy - Terry Kirk 2005-06-02

"Modern Italy" may sound like an oxymoron. For Western civilization, Italian culture represents the classical past and the continuity of canonical tradition, while modernity is understood in contrary terms of rupture and rapid innovation. Charting the evolution of a culture renowned for its historical past into the 10 modern era challenges our understanding of both the resilience of tradition and the elasticity of modernity. We have a tendency when imagining Italy to look to a rather distant and definitely premodern setting. The ancient forum, medieval cloisters, baroque piazzas, and papal palaces constitute our ideal itinerary of Italian civilization. The Campo of Siena, Saint Peter's, all of Venice and San Gimignano satisfy us with their seemingly unbroken panoramas onto historical moments untouched by time; but elsewhere modern intrusions alter and obstruct the view to the landscapes of our expectations. As seasonal tourist or seasoned historian, we edit the encroachments time and change have wrought on our image of Italy. The learning of history is always a complex task, one that in the Italian environment is complicated by the changes wrought everywhere over the past 250 years. Culture on the peninsula continues to evolve with characteristic vibrancy. Italy is not a museum. To think of it as such—as a disorganized yet phenomenally rich museum unchanging in its exhibits—is to misunderstand the nature of the Italian cultural condition and the writing of history itself.

My Brilliant Friend - Elena Ferrante 2020

The story of Elena and Lila begins in the 1950s in a poor but vibrant neighbourhood on the outskirts of Naples. Growing up on these tough streets the two girls learn to rely on each other ahead of anyone or anything else, as their friendship, beautifully and meticulously rendered, becomes a not-always-perfect shelter from hardship. A memorable portrait of two women, *My Brilliant Friend* is also the story of a nation. Through the lives of Elena and Lila, Ferrante gives her readers the story of a city and a country undergoing momentous change.

Valley of the Queens Assessment Report - Martha Demas 2017-07-15

The Valley of the Queens Project is a collaboration of the Supreme Council of Antiquities and the Getty Conservation Institute from 2006-2011. The project involved comprehensive research, planning and assessment culminating in the development of detailed plans for conservation and management of the site. Volume 2 of the report is the condition summary of the 111 tombs from the 18th, 19th, and 20th Dynasties in the Valley of the Queens. This includes a summary of tomb architectural development, the geological and hydrological context, wall painting technique and condition assessment of the paintings and structural stability of the tombs.

Threads and Traces - Carlo Ginzburg 2012-09-02

"This book is a translation of historian Carlo Ginzburg's latest collection of essays. Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians"--Provided by publisher.

The Renewal of Pagan Antiquity - Aby Warburg 1999

A collection of essays by the art historian Aby Warburg, these essays look beyond iconography to more psychological aspects of artistic creation: the conditions under which art was practised; its social and cultural contexts; and its conceivable historical meaning.

Living under the Evil Pope - Martina Mampieri 2019-11-26

In *Living under the Evil Pope*, Martina Mampieri presents the Hebrew Chronicle of Pope Paul IV, written in the second half of the sixteenth century by the Italian Jewish moneylender Benjamin Nehemiah ben Elnathan (alias Guglielmo di Diodato) from Civitanova Marche.

Luigi Dallapiccola and Musical Modernism in Fascist Italy - Ben Earle 2013-08-15

Luigi Dallapiccola is widely considered a defining figure in twentieth-century Italian musical modernism, whose compositions bear passionate witness to the historical period through which

he lived. In this book, Ben Earle focuses on three major works by the composer: the one-act operas *Volo di notte* ('Night Flight') and *Il prigioniero* ('The Prisoner'), and the choral *Canti di prigionia* ('Songs of Imprisonment'), setting them in the context of contemporary politics to trace their complex path from fascism to resistance. Earle also considers the wider relationship between musical modernism and Italian fascism, exploring the origins of musical modernism and investigating its place in the institutional structures created by Mussolini's regime. In doing so, he sheds new light on Dallapiccola's work and on the cultural politics of the early twentieth century to provide a history of musical modernism in Italy from the fin de siècle to the early Cold War.

The Fabrication of Leonardo da Vinci's Trattato della pittura (2 vols.) - Claire Farago 2018-01-29

A Century of Artists Books - Riva Castleman 1997-09

Published to accompany the 1994 exhibition at The Museum of Modern Art, New York, this book constitutes the most extensive survey of modern illustrated books to be offered in many years. Work by artists from Pierre Bonnard to Barbara Kruger and writers from Guillaume Apollinaire to Susan Sontag. An important reference for collectors and connoisseurs. Includes notable works by Marc Chagall, Henri Matisse, and Pablo Picasso.

Those Who Leave and Those Who Stay - Elena Ferrante 2014-09-02

Part of the bestselling saga about childhood friends following different paths by "one of the great novelists of our time" (The New York Times). In the third book in the New York Times–bestselling Neapolitan quartet that inspired the HBO series *My Brilliant Friend*, Elena and Lila have grown into womanhood. Lila married at sixteen and has a young son; she has left her husband and the comforts her marriage brought and now works as a common laborer. Elena has left the neighborhood, earned her college degree, and published a successful novel, all of which has opened the doors to a world of learned interlocutors and richly furnished salons. Both women are pushing against the walls of a prison that would have seen them living a life of misery, ignorance, and submission. They are afloat on the great sea of opportunities that opened up for women during the 1970s. And yet, they are still very much bound to each other in a book that "shows off Ferrante's strong storytelling ability and will leave readers eager for the final volume of the series" (Library Journal). "One of modern fiction's richest portraits of a friendship." —NPR

The Fall of Mussolini - Benito Mussolini 1975

The Cambridge History of Fifteenth-Century Music - Anna Maria Busse Berger 2015-07-16

Through forty-five creative and concise essays by an international team of authors, this Cambridge History brings the fifteenth century to life for both specialists and general readers. Combining the best qualities of survey texts and scholarly literature, the book offers authoritative overviews of central composers, genres, and musical institutions as well as new and provocative reassessments of the work concept, the boundaries between improvisation and composition, the practice of listening, humanism, musical borrowing, and other topics. Multidisciplinary studies of music and architecture, feasting, poetry, politics, liturgy, and religious devotion rub shoulders with studies of compositional techniques, musical notation, music manuscripts, and reception history. Generously illustrated with figures and examples, this volume paints a vibrant picture of musical life in a period characterized by extraordinary innovation and artistic achievement.

Music and Science in the Age of Galileo - V. Coelho 2013-03-09

Music and Science in the Age of Galileo features twelve new essays by leading specialists in the fields of musicology, history of science, astronomy, philosophy, and instrument building that

explore the relations between music and the scientific culture of Galileo's time. The essays take a broad historical approach towards understanding such topics as the role of music in Galileo's experiments and in the scientific revolution, the musical formation of scientists, Galileo's impact on the art and music of his time, the scientific knowledge of instrument builders, and the scientific experiments and cultural context of Galileo's father, Vincenzo Galilei. This volume opens up new areas in both musicology and the history of science, and twists together various strands of parallel work by musicians and scientists on Galileo and his time. This book will be of interest to musicologists, historians of science and those interested in interdisciplinary perspectives of the late Renaissance -- early Baroque. For its variety of approaches, it will be a valuable collection of readings for graduate students, and those seeking a more integrated approach to historical problems. The book will be of interest to historians of science, philosophers, musicologists, astronomers, and mathematicians.

Racial Theories in Fascist Italy - Aaron Gillette 2003-08-29

Racial Theories in Fascist Italy examines the role played by race and racism in the development of Italian identity during the fascist period. The book examines the struggle between Mussolini, the fascist hierarchy, scientists and others in formulating a racial persona that would gain wide acceptance in Italy. This book will be of interest to historians, political scientists concerned with the development of fascism and scholars of race and racism.

Vinegars of the World - Laura Solieri 2009-08-29

Vinegars can be considered as acidic products of special importance for the enrichment of our diet, and resulting from the desired or controlled oxidation of ethanol containing (liquid) substrates. The traditional use and integration of vinegars in numerous cultures can be traced back to ancient times. In fact, the cultural heritage of virtually every civilization includes one or more vinegars made by the souring action (of micro-organisms) following alcoholic fermentation. It has been documented that the Egyptians, Sumerians and Babylonians had experience and technical knowledge in making vinegar from barley and any kind of fruit. Vinegar was very popular both in ancient Greece and Rome, where it was used in food preparations and as remedy against a great number of diseases. In Asia, the first records about vinegar date back to the Zhou Dynasty (1027-221 BC) and probably China's ancient rice wines may have originally been derived from fruit, for which (malted) rice was substituted later. The historical and geographical success of vinegars is mainly due to the low technology required for their production, and to the fact that several kinds of raw materials rich in sugars may easily be processed to give vinegar. In addition, vinegars are well-known and accepted as safe and stable commodities that can be consumed as beverages, health drinks or added to food as preservatives or as flavoring agents.

European Drawings 2 - George R. Goldner 1992-10-08

The Getty Museum's collection of drawings was begun in 1981 with the purchase of a Rembrandt nude and has since become an important repository of European works from the fifteenth through the nineteenth century. As in the first volume devoted to the collection (published in 1988 in English and Italian editions), the text is here organized first by national school, then alphabetically by artist, with individual works arranged chronologically. For each drawing, the authors provide a

discussion of the work's style, dating, iconography, and relationship to other works, as well as provenance and a complete bibliography.

[The Spaghetti Western](#) - Bert Fridlund 2014-12-24

The 1960s and 1970s were the heyday of spaghetti westerns--low-budget films about the early American West mostly filmed in Italy. Though sometimes derided as excessively violent imitations of American-made westerns, they attracted a substantial following that has endured. With its classic elements of gunfights, gambling, heroes, sidekicks, love, and death, the genre is now perceived by critics as an intriguing object of study. This book analyzes the construction of the stories presented in spaghetti westerns. It examines the content of the Italian western using concepts and constructs borrowed from scholars studying "pre-industrial" narratives. Plot, the constellation of characters, their relationship to each other, and their motives are studied. Films examined in detail include the seminal *A Fistful of Dollars* as well as *Django*, *For a Few Dollars More* and *The Good, the Bad and the Ugly*. There is also a discussion of the early spaghetti westerns. The study then probes the elements of bounty hunters, the deprived hero, partnerships, betrayal, and comedy. An appendix details the top grossing Italian westerns between 1964 and 1975, including title, director, lead actor and intake. A second appendix provides a list of films quoted by Italian title and then by English title.

Magic - Ernesto De Martino 2015

Though his work was little known outside Italian intellectual circles for most of the twentieth century, anthropologist and historian of religions Ernesto de Martino is now recognized as one of the most original thinkers in the field. This book is testament to de Martino's innovation and engagement with Hegelian historicism and phenomenology--a work of ethnographic theory way ahead of its time. This new translation of *Sud e Magia*, his 1959 study of ceremonial magic and witchcraft in southern Italy, shows how De Martino is not interested in the question of whether magic is rational or irrational but rather in why it came to be perceived as a problem of knowledge in the first place. Setting his exploration within his wider, pathbreaking theorization of ritual, as well as in the context of his politically sensitive analysis of the global south's historical encounters with Western science, he presents the development of magic and ritual in Enlightenment Naples as a paradigmatic example of the complex dynamics between dominant and subaltern cultures. Far ahead of its time, *Magic* is still relevant as anthropologists continue to wrestle with modernity's relationship with magical thinking.

The Cambridge History of the Gothic - Angela Wright 2020

"The Cambridge History of the Gothic was conceived in 2015, when Linda Bree, then Editorial Director at Cambridge University Press, first suggested the idea to us. After much discussion and writing, what began life as a modest single-volume project became a larger and far more ambitious three-volume work."--

Observations and Predictions of Eclipse Times by Early Astronomers - J.M. Steele 2013-04-17

Eclipses have long been seen as important celestial phenomena, whether as omens affecting the future of kingdoms, or as useful astronomical events to help in deriving essential parameters for theories of the motion of the moon and sun. This is the first book to collect together all presently known records of timed eclipse observations and predictions from antiquity to the time of the invention of the telescope. In addition to cataloguing and assessing the accuracy of the various records, which come from regions as diverse as Ancient Mesopotamia, China, and Europe, the sources in which they are found are described in detail. Related questions such as what type of clocks were used to time the observations, how the eclipse predictions were made, and how these prediction schemes were derived from the available observations are also considered. The results of this investigation have important consequences for how we understand the relationship between observation and theory in early science and the role of astronomy in early cultures, and will be of interest to historians of science, astronomers, and ancient and medieval historians.

The Colonies of Genoa in the Black Sea Region - Evgeny Khvalkov 2017-07-28

This book focuses on the network of the Genoese colonies in the Black Sea area and their diverse multi-ethnic societies. It raises the problems of continuity of the colonial patterns, reveals the importance of the formation of the late medieval / early modern colonialism, the urban demography, and the functioning of the polyethnic entangled society of Caffa in its interaction with the outer world. It offers a novel interpretation of the functioning of this late medieval colonial polyethnic society and rejects the widely accepted narrative portraying the whole history of Caffa of the fifteenth century as a period of constant decline and depopulation.

On Heroes - Philostratus (the Athenian) 2003

This English translation, with introduction and notes, an extensive glossary, maps, and topical bibliographies, explores religious authority and revealed knowledge and is indispensable for the study of Homer, heroes, literature, religion, and culture in the Roman Empire and Late Antiquity. Paperback edition is available from the Society of Biblical Literature (www.sbl-site.org).

[The Cambridge History of War: Volume 2, War and the Medieval World](#) - David A. Graff 2020-09-30
Volume II of *The Cambridge History of War* covers what in Europe is commonly called 'the Middle Ages'. It includes all of the well-known themes of European warfare, from the migrations of the Germanic peoples and the Vikings through the Reconquista, the Crusades and the age of chivalry, to the development of state-controlled gunpowder-wielding armies and the urban militias of the later middle ages; yet its scope is world-wide, ranging across Eurasia and the Americas to trace the interregional connections formed by the great Arab conquests and the expansion of Islam, the migrations of horse nomads such as the Avars and the Turks, the formation of the vast Mongol Empire, and the spread of new technologies - including gunpowder and the earliest firearms - by land and sea.

Singing to the Lyre in Renaissance Italy - Blake Wilson 2019-11-21

The first comprehensive study of the dominant form of solo singing in Renaissance Italy prior to the mid-sixteenth century.

Drunk Stoned Brilliant Dead - Rick Meyerowitz 2019-03-15

Reprints and reminiscences from the magazine's first decade: "Fun to flip through . . . Where would American humor be without the National Lampoon?"—*The New Yorker* From its first issue in April 1970, the *National Lampoon* blazed like a comet, defining comedy as we know it today. To create *Drunk Stoned Brilliant Dead*, former *Lampoon* illustrator Rick Meyerowitz selected the funniest material from the magazine and sought out the survivors of its first electrifying decade to gather their most revealing and outrageous stories. The result is a mind-boggling tour through the early days of an institution whose alumni left their fingerprints all over popular culture: *Animal House*, *Caddyshack*, *Saturday Night Live*, *Ghostbusters*, *SCTV*, *Spinal Tap*, *In Living Color*, *Ren & Stimpy*, *The Simpsons*—even *Sesame Street* counts a few *Lampooners* among its ranks. This is the story of a band of young talents who "irrevocably rewrote the landscape of American humor" (*Publishers Weekly*). "A vivid picture of a tight-knit family of twentysomething humorists at the dawn of their careers." —*Newsweek* "The other night I started laughing so hard I had to leave the room . . . And then I realized that I hadn't laughed so hard in 35 years, since I was a teenager, reading *National Lampoon*." —*The Wall Street Journal* "If you grew up with the *Lampoon*, this book is a trip down memory lane like no other; if not, it will demonstrate that the much maligned 70s could produce humor that has never been surpassed." —*Vanity Fair*

Dosso's Fate - Dosso Dossi 1998

Dosso Dossi has long been considered one of Renaissance Italy's most intriguing artists. Although a wealth of documents chronicles his life, he remains, in many ways, an enigma, and his art continues to be as elusive as it is compelling. In *Dosso's Fate*, leading scholars from a wide range of disciplines examine the social, intellectual, and historical contexts of his art, focusing on the development of new genres of painting, questions of style and chronology, the influence of courtly culture, and the work of his collaborators, as well as his visual and literary sources and his painting technique. The result is an important and original contribution not only to literature on Dosso Dossi but also to the study of cultural history in early modern Italy.

Death in Jewish Life - Stefan C. Reif 2014-08-27

Jewish customs and traditions about death, burial and mourning are numerous, diverse and intriguing. They are considered by many to have a respectable pedigree that goes back to the earliest rabbinic period. In order to examine the accurate historical origins of many of them, an international conference was held at Tel Aviv University in 2010 and experts dealt with many aspects of the topic. This volume includes most of the papers given then, as well as a few added later. What emerges are a wealth of fresh material and perspectives, as well as the realization that the high Middle Ages saw a set of exceptional innovations, some of which later became central to traditional Judaism while others were gradually abandoned. Were these innovations influenced by Christian practice? Which prayers and poems reflect these innovations? What do the sources tell us about changing attitudes to death and life-after death? Are tombstones an important guide to historical developments? Answers to these questions are to be found in this unusual, illuminating and readable collection of essays that have been well documented, carefully edited and well indexed.

The Story of a New Name - Elena Ferrante 2020-03-03

A novel in the bestselling quartet about two very different women and their complex friendship: "Everyone should read anything with Ferrante's name on it" (The Boston Globe). The follow-up to My Brilliant Friend, The Story of a New Name continues the epic New York Times–bestselling literary quartet that has inspired an HBO series, and returns us to the world of Lila and Elena, who grew up together in post-WWII Naples, Italy. In The Story of a New Name, Lila has recently married and made her entrée into the family business; Elena, meanwhile, continues her studies and her exploration of the world beyond the neighborhood that she so often finds stifling. Marriage appears to have imprisoned Lila, and the pressure to excel is at times too much for Elena. Yet the two young women share a complex and evolving bond that is central to their emotional lives and a source of strength in the face of life's challenges. In these Neapolitan Novels, Elena Ferrante, "one of the great novelists of our time" (The New York Times), gives us a poignant and universal story about friendship and belonging, a meditation on love and jealousy, freedom and commitment—at once a masterfully plotted page-turner and an intense, generous-hearted family saga. "Imagine if Jane Austen got angry and you'll have some idea of how explosive these works are." —The Australian "Brilliant . . . captivating and insightful . . . the richness of her storytelling is likely to please fans of Sara Gruen and Silvia Avallone." —Booklist (starred review)

The Corruption of Angels - Mark Gregory Pegg 2009-01-10

On two hundred and one days between May 1, 1245, and August 1, 1246, more than five thousand people from the Lauragais were questioned in Toulouse about the heresy of the good men and the good women (more commonly known as Catharism). Nobles and diviners, butchers and monks, concubines and physicians, blacksmiths and pregnant girls—in short, all men over fourteen and women over twelve—were summoned by Dominican inquisitors Bernart de Caux and Jean de Saint-Pierre. In the cloister of the Saint-Sernin abbey, before scribes and witnesses, they confessed whether they, or anyone else, had ever seen, heard, helped, or sought salvation through the heretics. This inquisition into heretical depravity was the single largest investigation, in the shortest time, in the entire European Middle Ages. Mark Gregory Pegg examines the sole surviving manuscript of this great inquisition with unprecedented care—often in unexpected ways—to build a richly textured understanding of social life in southern France in the early thirteenth century. He explores what the interrogations reveal about the individual and communal lives of those interrogated and how the interrogations themselves shaped villagers' perceptions of those lives. The Corruption of Angels, similar in breadth and scope to Emmanuel Le Roy Ladurie's Montaillou, is a major contribution to the field. It shows how heretical and orthodox beliefs flourished side by side and, more broadly, what life was like in one particular time and place. Pegg's passionate and beautifully written evocation of a medieval world will fascinate a diverse readership within and beyond the academy.

Selections from the Prison Notebooks of Antonio Gramsci - Antonio Gramsci 1971

"...[I]n the autumn of 1926, on the pretext of an alleged attempt on his life, Mussolini decided to make an end of even the semblance of bourgeois democracy that still survived. All remaining opposition organisations and their publications were banned, and a new, massive series of arrests was launched throughout the country. Among those arrested was Antonio Gramsci. Gramsci was a member of parliament -- but the régime was no longer interested in niceties about parliamentary immunity. He had also, since August 1924, been the general secretary of the Communist Party -- though of course under such political conditions the identity of party officials was kept secret. He was 35 years old. At his trial in 1928, the official prosecutor ended his peroration with the famous demand to the judge: "We must stop this brain working for twenty years!" But, although Gramsci was to be dead long before those twenty years were up, released, his health broken, only in time to die under guard in a clinic rather than in prison, yet for as long as his physique held out his jailers did not succeed in stopping his brain from working. The product of those years of slow death in prison were the 2,848 pages of handwritten notes which he left to be smuggled out of the clinic and out of Italy after his death, and of which this volume is a selection." -- Pages xvii-xviii of Introduction.
