The Complete Works of Geoffrey Chaucer: Romaunt of the rose. Minor poems - Geoffrey Chaucer 1894

The Language of Contemporary Poetry - Lesley Jeffries 2022-09-30
This book introduces a new way of looking at how poems mean, drawing on the framework first developed in the author's book *Critical Stylistics*, but applied here to aesthetic more than ideological meaning. The aim is to empower readers of poetry to articulate the features of poetic language that they come across and explain to themselves and others why these features convey the meanings that they do. While this volume focuses on contemporary poets writing in English and mostly based in the UK and Ireland, the framework will work just as well for other eras' poetry, as well as for other cultures and languages.

Dante's Style in His Lyric Poetry - Patrick Boyde 1971

A very close and clear description of Dante's style in those lyric poems, which can be dated with reasonable confidence. Dr Boyde explains the nature and objective of his analyses in the substantial introduction which does not assume any previous knowledge of the poems or of modern stylistic theory. He has three principal aims: first, to relate the style of the poems to medieval rhetorical teaching; secondly, to assess the degree of Dante's stylistic originality by comparison with the style of earlier medieval authors; and thirdly, to provide an accurate detailed description of the many developments in Dante's style over a period of twenty years. Close attention is paid throughout to the frequency and distribution of the features described, and there is abundant quotation of examples. The book will have a considerable theoretical interest to all those concerned with the analysis of the style of literature from the past.

Russian, Book 3: Russian Through Poems and Paintings - Mark Pettus 2018-10-24

This is Book 3 in a series of Russian language textbooks that began with *Russian Through Propaganda* (Books 1 and 2). This volume shifts its attention from the Soviet era to the Imperial era, illustrating its

discussions of intermediate grammar with paintings depicting Russian history and culture. Classical poems by the likes of Pushkin and Lermontov provide examples of the grammar, which includes such topics as advanced aspect, prefixed verbs of motion, and deverbal forms - all of which are essential for reading real Russian literature. The book culminates with a reading selection that includes Pushkin's "The Bronze Horseman," two short stories by Chekhov ("Death of a Clerk" and "A Little Joke"), and one by Tolstoy ("Alyosha the Pot") - all of them extensively glossed. This series, which is geared toward ambitious students who wish to learn Russian culture along with the language, will continue with Book 4.

Reading Sumerian Poetry - Jeremy Black 2000-12-01

An analysis of the oldest form of poetry. Sumer, in the southern part of Iraq, created the first literary culture in history, as early as 2500BC. The account is structured around a complete English translation of the fragmentary Lugalbanda poems, narrating the adventures of the eponymous hero. The study reveals a work of a rich and sophisticated poetic imagination and technique, which, far from being in any sense 'primitive', are so complex as to resist much modern literary analysis.

A Grammar of Metaphor - Christine Brooke-Rose 1965

Poet and Orator - Andreas Markantonatos 2019-04-01

This multiauthored volume, as well as bringing into clearer focus the notion of drama and oratory as important media of public inquiry and critique, aims to generate significant attention to the unified intentions of the dramatist and the orator to establish favourable conditions of internal stability in democratic Athens. We hope that readers both enjoy and find valuable their engagement with these ideas and beliefs regarding the indissoluble bond between oratorical expertise and dramatic artistry. This exciting collection of studies by worldwide acclaimed classicists and acute younger Hellenists is envisaged as part of the general effort, almost unanimously acknowledged as valid and productive, to explore the impact of formalized speech in particular and craftsmanship rhetoric in general upon Attic drama as a moral and educational force in the Athenian city-state. Both poet and orator seek to deepen the central tensions of their work and to enlarge the main themes of their texts to even broader terms by investing in the art of rhetoric, whilst at the same time, through a skillful handling of events, evaluating the past and establishing standards or ideology.

The third part of the book offers an index of teaching points and a glossary of grammar terms.

Beyond Early Writing - David Waugh 2015-06-15

This essential text for primary trainees and teachers examines the key skill of writing beyond the earliest school years. Teaching writing involves much more than simply teaching the mechanics of spelling, grammar and punctuation, important though these are. There are particular issues around writing in school, including the fact that children's writing consistently lags behind their reading in external tests such as SATs, boys' relative lack of success and teachers' lack of confidence in modelling writing. This book addresses these topics as well as focusing on other pertinent practice issues such as working with proficient writers, engaging disengaged writers and working with children who have EAL and SEN.

The Plays and Poems of William Shakspeare - William Shakespeare 1821

Derivations and Evaluations - Hans Broekhuis 2008

This study shows that Scandinavian object shift and so-called A-scrambling in the continental Germanic languages are the same, and aims at providing an account of the variation that we find with respect to this phenomenon by combining certain aspects of the Minimalist Program and Optimality Theory. More specifically, it is claimed that representations created by a simplified version of the computational system of human language CHL are evaluated in an optimality theoretic fashion by taking recourse to a very small set of output constraints.

The Spider's Thread - Keith J. Holyoak 2019-02-26

An examination of metaphor in poetry as a microcosm of the human imagination—a way to understand the mechanisms of creativity. In *The Spider's Thread*, Keith Holyoak looks at metaphor as a microcosm of the creative imagination. Holyoak, a psychologist and poet, draws on the perspectives of thinkers from the humanities—poets, philosophers, and critics—and from the sciences—psychologists, neuroscientists, linguists, and computer scientists. He begins each chapter with a poem—by poets including Samuel Taylor Coleridge, Sylvia Plath, Walt Whitman, Emily Dickinson, Robert Frost, Theodore Roethke, Du Fu, William Butler Yeats, and Pablo Neruda—and then widens the discussion to broader notions of metaphor and mind. Holyoak uses Whitman's poem "A Noiseless Patient Spider" to illustrate the process of interpreting a poem, and explains the relevance of two psychological mechanisms, analogy and conceptual combination, to metaphor. He outlines ideas first sketched by Coleridge—who called poetry "the best words in their best order"—and links them to modern research on the interplay between cognition and emotion, controlled and associative thinking, memory and creativity. Building on Emily Dickinson's declaration "the brain is wider than the sky," Holyoak suggests that the control and default networks in the brain may combine to support creativity. He also considers, among other things, the interplay of sound and meaning in poetry; symbolism in the work of Yeats, Jung, and others; indirect communication in poems; the mixture of active and passive processes in creativity; and whether artificial intelligence could ever achieve poetic authenticity. Guided by Holyoak, we can begin to trace the outlines of creativity through the mechanisms of metaphor.

Prose Poems of the French Enlightenment - Fabienne Moore
2017-11-30

By examining nearly sixty works, the author traces the prehistory of the French prose poem, demonstrating that the disquiet of some eighteenth-century writers with the Enlightenment gave rise to the genre nearly a century before it is habitually supposed to have existed. In the throes of momentous scientific, philosophical, and socioeconomic changes, Enlightenment authors turned to the past to revive sources such as Homer, the pastoral, Ossian, the Bible, and primitive eloquence, favoring music to construct alternatives to the world of reason. The result, the author argues, were prose poems, including Flon's *Les Aventures de T maque*, Montesquieu's *Le Temple de Gnide*, Rousseau's *Le L te d'Ephraïm*, Chateaubriand's *Atala*, as well as many lesser-known texts,

most of which remain out of print. The author's treatment of Bible criticism and eighteenth-century religious reform movements reveal the often-neglected spiritual side of Enlightenment culture, and tracks its contribution to the period's reflection about language and poetic invention. The author includes in appendices four unusual texts adjudicating the merits of prose poems, making evidence of their controversial nature now accessible to readers.

Reading the World with Picture Books - Nancy J. Polette 2010-07-21

This valuable reference guide provides suggestions of picture books set in more than 70 countries in each continent of the world, along with standards-based activities. *Reading the World with Picture Books* presents an exhaustive collection of booktalk options with picture books that are set in the major countries of each continent. Hundreds of children's books with an international flavor are organized by continent and then by country, and suggested activities accompany the titles, encouraging students to interpret information related to historical or geographic concepts and use problem-solving skills. Activities range from those appropriate for beginners to experienced researchers/writers. All call for high-level thinking and most provide opportunities to respond in creative ways. In addition, all of the activities are keyed to selected national standards in language arts and social studies. The picture books suggested are not only excellent choices to capture a booktalk audience's attention and educate young readers about world culture, but also to demonstrate how human beings have adapted to the various environments of the world.
