Perspectives on Ethics - Judith A. Boss 2002-07-26

The broadest-based ethical theory reader available, Perspectives

on Ethics anchors moral theory in real life through the use of discussion questions, case studies, and the integration of selections from non-Western traditions and other disciplines. **Ethics for Life** - Judith A. Boss 2001-01-01

Ethical Ambition - Derrick Bell 2002-01-01
Who will YOU have to become to succeed? Most of us believe that we must compromise our integrity to get ahead in life. With material success now our overarching social goal, the pressure to succeed is stronger than it's ever been. But what does this mean for our convictions, our morals, our ideals? In his book, Derrick Bell demonstrates that it is possible to attain success and not compromise our values by practising what he

describes as Ethical Ambition. Setting out seven rules with which to conduct our lives, he places ethics as central to our ambition, so we can simultaneously honour our values and our needs. ETHICAL AMBITION will force you to re-examine your beliefs and motivate you to change your life. It is an important book for our times.

Ethics for Life - Judith Boss 2003-07
This clear, well-organized overview of theoretical ethics employs a contemporary tone and framework. Multicultural coverage and attention to college students' moral development help readers relate the material to their own experience and their own moral growth. documents, from dealing

with sexual harassment to when, and if, you should tell "a little white lie."

The Right Thing - Sally Bibb 2010-10-12

Trust in business is at an all-time low, but more people than ever claim that working for an ethical company matters to them. Something has to change. But in a everyday working environment, ethics often seem abstract and hard to grasp. *The Right Thing* is here to help, as leading business consultant Sally Bibb gives you simple steps to make sure that you're working ethically. The book features: Simple explanations of big ethical ideas Case studies to bring ethics to life, and show how bad it can be when ethics go wrong Tips on everything from ethical leadership to creating an ethical culture

Checklists – so you can make sure you're doing the right thing

Ethical Leadership -

Joan Marques 2017-09-27

This book introduces readers to the moral dilemmas associated with business decisions, helping students to understand the moral and ethical considerations leaders face in the workplace, and providing a framework for balancing business demands with doing the right thing. The author walks readers through the basics of Western moral philosophy before the 20th century and beyond it, covering Utilitarianism, Universalism, the Golden Rule, and Virtue Ethics as well as compelling Eastern moral philosophy to help readers link individual behavior to the larger scheme of corporate social responsibility. The text combines this with a

survey of various leadership theories—such as servant leadership, awakened leadership, authentic leadership, and spiritual leadership—to present a model that combines the strengths of each theory. Students will become familiar with the mindsets behind moral pitfalls along with their potentially disastrous effects and how these can be overcome. Chapter summaries and relevant cases, including studies on Fidel Castro, Wells Fargo, Mylan’s EpiPen Price Gouging, and more will help students to place theories in context, learning how to achieve success in business ventures successfully, compassionately and ethically. With an easy-to-grasp three-part progression and reflective questions for both chapters and cases,

Ethical Leadership will benefit students of leadership and business ethics.

Ethical Intelligence -

Bruce D. Weinstein 2011

Ethical intelligence may not get the attention of other forms of smarts; but as renowned ethics popularizer Bruce Weinstein shows, it is the most practical, valuable, and even courageous form, determining success on the job, fulfillment in relationships, and sense of self-worth.

Honorable in Business -

Annetta Gibson

2019-01-14

How can one be a Christian in the world of business, not just on the weekend? How can one be honorable in business? Through the integration of the Christian worldview and business ethics, this book provides Christians with a mental framework with which to answer

these important questions. Beginning with Genesis as the foundation for the Christian's worldview and the Ten Commandments as the outline for the Christian's ethical obligations, the authors develop principles upon which ethical choices can be made, even when working in a primarily non-Christian-oriented business environment. The book is designed to be helpful both to those beginning their career in business and those already employed in business who struggle with how to engage in today's business environment while maintaining their commitment to God's vision for life to be both meaningful and honorable. Topics of business ethics such as employee rights, discrimination, technology and privacy, insider trading and

accounting fraud, and the special challenges of working internationally are covered. The added value this book brings to these discussions lies in its serious consideration of the Christian worldview as foundational to ethical decision-making in everyday areas of business.

Ethics for Life+ Pweb - Boss 2002-05

Ethics for Life provides a clear, well-organized overview of theoretical ethics that employs a contemporary tone and framework. Both scholarly and practical, this text aims to significantly improve students' ability to make real-life moral decisions.

There's No Such Thing as "Business" Ethics - John C. Maxwell 2007-10-15

There's no such thing as business ethics. How can that be? Because a

single standard applies to both your business and personal life-and it's one we all know and trust: the Golden Rule. Now bestselling author John C. Maxwell shows you how this revered ideal works everywhere, and how, especially in business, it brings amazing dividends. There's No Such Thing As "Business" Ethics offers: * Stories from history, business, government, and sports that illustrate how talented leaders invoked this timeless principle * Examples of difficult business decisions- layoffs, evaluations, billing clients, expansion-and how the Golden Rule applies to each * The five most common reasons people compromise their ethics- and how you can prevail over such moral obstacles * How applying the Golden Rule to business builds morale,

increases productivity, encourages teamwork, lowers employee turnover, and keeps clients coming back. John C. Maxwell not only reveals the many ways the Golden Rule creates the perfect environment for business success, but does it with great wisdom, warmth, and humor. Backed by flawless research and the ideas of history's best thinkers, this engaging book brilliantly demonstrates how doing the right thing fosters a winning situation for all, with positive results for employees, clients, investors, and even your own state of mind. Business runs much more smoothly, profits increase, and you know that you've set the groundwork for years of future prosperity...and it's all thanks to the tried-and-true Golden Rule.

Work Ethics 101 - Eric John Poulson 2015-11-14
A must-read book for employers and employees alike. Should be a required reading for all employees. Teaches strong employee work ethics. Both an employer and employee loses when an employee demonstrates poor work ethics. Employers can now nip it in the bud and teach strong work ethics to employees.

Behaving Badly - Eden Collinworth 2017-04-04
What is the relevance of morality today? Eden Collinworth enlists the famous, the infamous, and the heretofore unheard-of to unravel how we make moral choices in an increasingly complex—and ethically flexible—age. To call these unsettling times is an understatement: our political leaders are less and less respectable; in the

realm of business, cheating, lying, and stealing are hazily defined; and in daily life, rapidly changing technology offers permission to act in ways inconceivable without it. Yet somehow, this hasn't quite led to a complete free-for-all—people still draw lines around what is acceptable and what is not. Collinworth sets out to understand how and why. In her intrepid quest, she squares off with a prime minister, the editor of London's Financial Times, a holocaust survivor, a pop star, and a former commander of the U.S. Air Force to grapple with the impracticality of applying morals to foreign policy; precisely when morality gets lost in the making of money; what happens to morality without free will; whether “immoral” women are just those

having a better time; why celebrities have become the new moral standard-bearers; and if testosterone is morality's enemy or its hero.

Ethics for Life - Judith A. Boss 2018-03

Both scholarly and practical, *Ethics For Life*, 7e provides a clear, well-organized overview of theoretical ethics. With a contemporary tone and framework, it aims to significantly improve students' ability to make real-life moral decisions. Multicultural coverage and attention to college students' moral development help readers relate the material to their own experience and their own moral growth.

Business Ethics - Jennifer Park 2017-02-09

Discourses on Ethics and Business - Jack N. Behrman 1981

The Working Life - Joanne B. Ciulla 2000
"Joanne Ciulla invites us to explore the historical and cultural presuppositions about employment. She says that the greatest challenge today is not work, but how to make our lives work. She traces work from "curse to calling - and beyond" by drawing on history, mythology (ancient and contemporary), pop culture, management theory, and practical experience."--BOOK JACKET.

Read it cover-to-cover, or dip in and out of topics

for quick reference.

Handy tips in a pocket-sized format - take it wherever your work takes you.

Ethics at Work - Barbara Goodwin 2000-10-31

What would tempt you to whistleblow? Do codes of conduct make organizations ethical? How do people react to taking the blame for others? This book explores such questions and finds that although religious belief is declining, moral values still abound.

How to be Profitable and Moral - Jaana Woiceshyn 2011-12-23

A basic dilemma confronting today's manager is how to be both profitable and moral. Making profits through immoral means—such as deceiving investors or customers—is unsustainable. Likewise, remaining moral while losing money will cause

a business to fail. According to conventional morality, either a business manager maximizes profits and necessarily compromises on ethics, or necessarily sacrifices profits in order to be moral. Woiceshyn explains why this is a false dichotomy and offers rational egoism as an alternative moral code to businesspeople who want to maximize profits ethically. Through logical argument and various examples, this book shows how to apply principles such as rationality, productiveness, honesty, justice, and pride for long-term self-interest. Sleeping Dogs - George Mazzeo 2001
Your character is your most valuable

professional asset. Your long-term success depends upon it. If you want to enjoy the respect of your clients and co-workers, you must establish that you can be counted on to treat them fairly and honestly. In this case actions really do speak louder than words. Your conscience serves as a watchdog alerting you when you are in danger of an ethical misstep. The problem is that as you incrementally make small concessions to expediency over principle, your watchdog can be lulled to sleep. It's time to rattle his cage and wake him up! A fast paced mix of theory and case studies, this book will keep you engaged and entertained. You're sure to recognize yourself and your co-workers in the enlightening and often humorous scenarios. *The Conscientious*

The Right Way to Win -
Robert Zafft 2020-08-15

In this pragmatic and accessible business ethics guide, students, entrepreneurs, and professionals learn that business ethics is about so much more than right and wrong. Harvard-educated and McKinsey & Co.-trained business leader Robert Zafft shows that being ethical is not an obstacle to but an essential building block for success. --Steven

Hellman, CEO (former),
Credit Suisse Russia/CIS
Managing Business Ethics
- Linda K. Trevino
2010-08-23

While most business ethics texts focus exclusively on individual decision making--what should an individual do--this resource presents the whole business ethics story. Highly realistic, readable, and down-to-earth, it moves from the

individual to the managerial to the organizational level, focusing on business ethics in an organizational context to promote an understanding of complex influences on behavior. The new Fifth Edition is the perfect text for students entering the workplace, those seeking to become professionals in training, communications, compliance, in addition to chief ethics officers, corporate counsel, heads of human resources, and senior executives.
