Family Mobility - Catherine Doherty 2014-08-21

Family mobility decisions reveal much about how the public and private realms of social life interact and change. This sociological study explores how contemporary families reconcile individual members' career and education projects within the family unit over time and space, and unpacks the intersubjective constraints on workforce mobility. This Australian mixed methods study sampled Defence Force families and middle class professional families to illustrate how families' educational projects are necessarily and deeply implicated in issues of workforce mobility and immobility, in complex ways. Defence families move frequently, often absorbing the stresses of moving through 'viscous' institutions as private troubles. In contrast, the selective mobility of middle class professional families and their 'no go zones' contribute to the public issue of poorly serviced rural communities. Families with different social, material and vocational resources at their disposal are shown to reflexively weigh the benefits and risks associated with moving differently. The book also explore how priorities shift as children move through educational phases. The families' narratives offer empirical windows on larger social processes, such as the mobility imperative, the gender imbalance in the family's intersubjective bargains, labour market credentialism, the social construction of place, and the family's role in the reproduction of class structure.

Scotland - Chris Townsend 2011-03-30

This comprehensive book is an excellent planning resource for those who wish to venture into the Scottish mountains. Whether you are planning a walk, scramble, climb or ski tour this larger format guide has all the information the independent mountain lover needs. The guide covers all the mountainous areas of Scotland from south to north, divided into seven regions. Each regional chapter covers individual glens important for mountain-goers, groups of hills that form coherent massifs and individual hills of significance. However, this is not a route guide and detailed descriptions are not provided. The aim of the book is to inspire and entertain as well as inform; to show first-time visitors just what the Scottish mountains have to offer and provide a new perspective for those who have been before. In the descriptions author Chris Townsend has given his opinions as to the relative qualities of the walks, glens, lochs, mountains and the landscape in general and highlighted those he thinks are the best the area has to offer. Includes: Descriptions of all the

Scottish mountains, area-by-area from south to north, to help you identify the best locations for hill walking, mountaineering, climbing and ski touring Classic ascents and walks described, from scrambles up Ben Nevis to ski tours in the Cairngorms A planning tool for long-distance treks

Coast to Coast Walk - Martin Wainwright 2012-06

The classic high-level walk from Irish Sea to North Sea Originally devised by the legendary Alfred Wainwright, the Coast-to-Coast Walk has steadily become one of Britain's most popular long-distance walks, and it is not hard to see why. Planned to seek out the most spectacular high ground across the country, it takes you from the sea in the west to the sea in the east via three of England's loveliest National Parks: the Lake District, the Yorkshire Dales and the North York Moors. Its 192 miles, from the quiet Cumbrian village of St Bees to Robin Hood's Bay, are a substantial test of endurance that will take even a fit walker a fortnight to accomplish, but also a wonderfully varying walk, from sea cliffs to craggy mountains and lakes, then across rolling dales and finally heather moorland. For everyone who reaches Wainwright's Bar at journey's end on the North Yorkshire coast it will have been the walk of a lifetime.

Dirt Road - James Kelman 2017-07-11
Booker Prize winner James Kelman's new novel, *Dirt Road*, tells the story of a teenage boy who travels with his father from Scotland to Alabama to visit with relatives after the death of his mother. In the American South, he becomes swept up into the world of zydeco and blues. "A powerful meditation on loss, life, death, and the bond between father and son. . . . Kelman has created a fully-realized, relatable voice that reveals a young man's urgent need for connection in a time of grief." -Publishers Weekly (starred review) After his mother's recent death, sixteen-year-old Murdo and his father travel from their home in rural Scotland to Alabama to be with his émigré uncle and American aunt. Stopping at a small town on their way from the airport, Murdo happens upon a family playing zydeco music and joins them, leaving with a gift of two CDs of Southern American songs. On this first visit to the States, Murdo notices racial tension, religious fundamentalism, the threat of severe weather, guns, and aggressive behavior, all unfamiliar to him. Yet his connection to the place strengthens by way of its musical culture. Murdo may be young but he is already a musician. While at their relatives' home, the grieving father and son experience kindness and kinship but share few words of comfort with each other, Murdo losing himself in music and his reticent and protective dad in books. The aunt, "the very very best," Murdo calls her, provides whatever solace he receives, until his father comes around in a scene of great emotional release. As James Wood has written of this brilliant writer's previous work in *The New Yorker*, "The pleasure, as always in Kelman, is being allowed to inhabit mental meandering and half-finished thoughts, digressions and wayward jokes, so that we are

present" with his characters. *Dirt Road* is a powerful story about the strength of family ties, the consolation of music, and one unforgettable journey from darkness to light.

Walking The Walk - Steve Athawes 2020-10-22
Undaunted by a distinct lack of backpacking experience, an impending 60th birthday, and a recently replaced hip, Steve Athawes decides to quit his job and sets off to fulfil a 30-year ambition to walk the length and breadth of the UK in lone, unsupported single trips. This is an account of his trek across England in 2015 and his 1,200-mile, life-enhancing and unforgettable journey from Land's End to John o'Groats in 2017. In an extraordinary year in which our enjoyment of the great outdoors, and particularly the great British pub, has been seriously curtailed, take comfort and hopefully inspiration from one man's appreciation of our rich and fascinating history, and the awesome scenery and delicious beers of mainland Britain.

A Walk To The Sea - Ray Moody 2020-02-19
This is the book that anyone thinking of doing the Coast-to-Coast walk should read before attempting it if they wish to get the most out of the walk. It's the tale of the misadventures of two would-be long-distance walkers who would go on to complete the Coast-to-Coast walk 13 times and tackle every other major trek in Northern Britain. The book contains a humorous narrative of their invaluable backpacking experiences while out on the Coast to Coast trail. Whether reliving your own Coast-to-Coast walk or planning to do it yourself, this book takes you through their adventures on each section

of the walk. Enjoy learning from their pitfalls as you roam with them step by step from one coast of England to the other. The book is an entertaining biography of what first led the author into long-distance walking. Beginning with, as a student, completing the infamous Lyke Wake Walk, a horrendous 40 mile, 17 hour trek across the North York Moors, it should have put him off walking for life but somehow he ended up sampling it again later by undertaking a section of the Pennine Way which turned out to be as equally disastrous. On almost reaching the age of 40 the author got a taste for revisiting the North York Moors again, but this time as part of the Coast-to-Coast Walk. From then on the author and his wife, Pauline, went on to walk every major long-distance walk in Britain including the Coast-to-Coast 13 times, the Cleveland Way at least 8 times, the Cumbrian Way 5 times as well as walking most of the other great walks in the North of England and Scotland. The author and his wife are already responsible for writing the invaluable and funny guide to backpacking the C2C in the form of the book, 'Camping it Up! On the Coast-to-Coast Walk', a slim volume that over the years many walkers have taken with them across England. Make no mistake, this book isn't just another person telling the tale of their Coast-to-Coast walk, it's a book born of the experience of walking 13 of them, adventure filled days all of the way.

Ancient Feet - Alan Nolan 2008

Meet the Old Spice Boys - Dosh, Whinger, Shorty, Scaredy and Windy - five men who are, perhaps, approaching their 'sell-by' date, determined to prove that age is all in the mind. Together, they set off to walk from one coast of England to the other. Will their Ancient Feet carry them there? Will a diet of pies and pasties prove to be the right preparation for the physical challenge of walking over 190 miles? Will their friendship survive twelve days in each other's company? Why is one of them carrying three enormous onions? Following Alfred Wainwright's route across the north of England, their hilarious adventures unfold and one of them begins to believe he has much in common with his hero, particularly when he 'discovers' that Mr Wainwright had an unusual, and unpublicised, encounter with a buzzard.

I'll Take Everything You Have - James Klise 2023-02-28

From an Edgar Award-winning author, this historical noir novel follows the life-changing summer of sixteen-year-old Joe Garbe as he discovers queer community in 1930s Chicago and gets caught up in the city's crooked underbelly. In the summer of 1934, Joe Garbe arrives in Chicago with one goal: Earn enough money to get out of debt and save the family farm. Joe's cousin sets him up with a hotel job, then proposes a sketchy scheme to make a lot more money fast. While running his con, Joe finds himself splitting time between Eddie, a handsome flirt on a delivery truck, and Raymond, a carefree rich kid who shows Joe the eye-opening queer life around every corner of the big city. Joe's exposure to the surface of criminal Chicago pulls him into something darker than he could have imagined. The Coast to Coast Caper - Mike McKeever 2008-10-02

"...all the makings of a comedy classic..." Ian Timms - Presenter, BBC Radio Cumbria. Read this hilarious account of one couple's adventures walking Wainwright's famous Coast to Coast Walk across northern England. It is nominally a diary of their progress through the magnificent landscapes of Lakeland, Swaledale, and the North York Moors, that have made this one of the most popular long-distance walks in the world, but the story is also laced with numerous comic asides, witty reflections, and humorous portraits of their fellow 'Coasters' and the people who offer accommodation along the route. An ideal travelling companion for first-time Coasters or a delightful memory-jogger for experienced old hands with a sense of humor. "...a highly entertaining and humorous book." John Burland - The Wainwright Society

Alba White returns. Holidaying at her favourite Cornish hotel – perched as it is on the cliffs above a remote beautiful, quiet cove – Alba is surprised and embarrassed to bump into an old school friend. Surprised because they have not spoken for years and embarrassed because Alba herself was the cause of their estrangement. Yet, when the husband of Alba's former friend fails to return to the hotel one evening, Alba senses there might be an opportunity to help and, in so doing, redeem herself. For whilst a missing husband does not generate much interest from the other hotel residents or even the small tight-knit members of staff who work at 'The Jupiter Hotel', Alba, by contrast, believes something is not right. A trail of mystery and danger lie ahead but what happens next catches even Alba out. The trail encompasses a deserted country house, a gifted artist, the hotel's chef who perhaps is wasted at such a small establishment, two young brothers whom Alba takes under her wing and an old map. All of which, somehow, lead Alba to the truth. However, she has to put herself in harm's way to get there. Or does everything, in the end, come down to the turn of a card?

In the Valleys of the Noble Beyond - John Zada 2019-08-15

This evocative work of nature writing traverses the world's largest temperate rainforest to uncover the legend of the Sasquatch. Canada's Great Bear Rainforest is home to trees as tall as skyscrapers and moss as

thick as carpet. According to the people who live there, another giant may dwell in these woods. For centuries, locals have reported encounters with the Sasquatch—a species of hairy man-ape that could inhabit this pristine wilderness. Driven by his childhood obsession with the Sasquatch, yet trying to remain objective, journalist John Zada seeks out the people and stories surrounding this enigmatic creature. He speaks with

local Indigenous peoples and a Sasquatch-studying scientist. He hikes with a former bear hunter. Soon, he finds himself on quest for something infinitely more complex, cutting across questions of human perception, scientific inquiry, Indigenous traditions, the environment, and the power of the human imagination to believe in—or to outright dismiss—one of nature's last great mysteries.
