*Harry Potter and the Sorcerer's Stone* - J.K. Rowling 2015-12-08

Turning the envelope over, his hand trembling, Harry saw a purple wax seal bearing a coat of arms; a lion, an eagle, a badger and a snake surrounding a large letter 'H'. Harry Potter has never even heard of Hogwarts when the letters start dropping on the doormat at number four, Privet Drive. Addressed in green ink on yellowish parchment with a purple seal, they are swiftly confiscated by his grisly aunt and uncle. Then, on Harry's eleventh birthday, a great beetle-eyed giant of a man called Rubeus Hagrid bursts in with some astonishing news: Harry Potter is a wizard, and he has a place at Hogwarts School of Witchcraft and Wizardry. An incredible adventure is about to begin! Having become classics of our time, the Harry Potter eBooks never fail to bring comfort and escapism. With their message of hope, belonging and the enduring power of truth and love, the story of the Boy Who Lived continues to delight generations of new readers.

*Sacred Spaces* - James Pallister 2015-04-20  
A ground-breaking and enlightening exploration of the structures which elevate architecture to spirituality. Sacred Spaces showcases 30 of the most breath-taking, innovative, iconic and undiscovered examples of contemporary religious architecture, including work by well-known architects alongside emerging designers. Spanning all major religions and places of worship from intimate, reflective chapels and cemeteries to dramatic cathedrals and memorials, Sacred Spaces documents each project with lavish-in-depth photography and drawings and texts by James Pallister that

provide a modern historical context. An inspiring collection and thorough survey, the buildings in Sacred Spaces will appeal to architects and designers as well as the general public intrigued by creative culture, religion and spirituality.

**Wild Flowers of the Mediterranean** - Marjorie Blamey 2004

This book is the standard field guide to the flowers, fruit trees, grasses and ferns found in the countries bordering the Mediterranean. It covers Portugal, Spain, France, Corsica, Italy, Sardinia, Sicily, the Balkans, Greece, Crete, Cyprus, Turkey, Syria, Lebanon, Israel, Egypt, Libya, Tunisia, Algeria and Morocco - in all over 2500 plant species are described. Introductory chapters cover the general ecology and climate of the region, and describe the structure of the book and how to use it. *My Brother Is a Superhero* - David Solomons 2015-07-21

Behind every great superhero is a very angry younger brother. Luke Parker was just your average comic book fan until his boring, teacher's pet, helps-old-ladies-across-the-street brother Zack got turned into a superhero. Luke can't believe the unfairness of it all—he's the one with the encyclopedic knowledge of everything from Ant-Man to Wolverine! At least he can help Zack—aka Star Guy—with all the important parts of becoming a superhero, like using his newfound powers and deciding whether or not to wear a cape. But when Star

Guy gets into super-size trouble, it's up to Luke—and his intrepid neighbor, Lara—to rescue his big brother and, with a little luck, help him save the world.

**The Game of Lives (The Mortality Doctrine, Book Three)** - James Dashner 2015-11-17

From James Dashner, author of the #1 New York Times bestselling Maze Runner series, comes the final book in the Mortality Doctrine series, an edge-of-your-seat cyber-adventure trilogy that includes The Eye of Minds and The Rule of Thoughts. Includes a sneak peek of The Fever Code, the highly-anticipated conclusion to the Maze Runner series—the novel that finally

reveals how the maze was built! Michael used to live to game, but the games he was playing have become all too real. Only weeks ago, sinking into the Sleep was fun. The VirtNet combined the most cutting-edge technology and the most sophisticated gaming for a full mind-body experience. And it was Michael's passion. But now every time Michael sinks, he risks his life. The games are over. The VirtNet has become a world of deadly consequences, and Kaine grows stronger by the day. The Mortality Doctrine—Kaine's master plan—has nearly been realized, and little by little the line separating the virtual from the real is blurring. If Kaine succeeds, it will mean worldwide cyber domination. And it looks like Michael and his friends are the only ones who can put the monster back in the box—if Michael can figure out who his friends really are. The author who brought you the #1 New York Times bestselling MAZE RUNNER series and two #1 movies—The Maze Runner and The Scorch Trials—now brings you an electrifying cyber-adventure trilogy that takes you into a world of hyperadvanced technology, cyber terrorists, and gaming beyond your wildest dreams . . . and your worst nightmares. Praise for the MORTALITY DOCTRINE series: "Dashner takes full advantage of the Matrix-esque potential for asking 'what is real.'" —io9.com "Set in a world taken over by virtual reality gaming, the series perfectly capture[s] Dashner's hallmarks for inventiveness, teen dialogue and an ability to add twists and turns like no other author." —MTV.com "A brilliant, visceral, gamified mash-up of The Matrix and Inception, guaranteed to thrill even the non-gaming crowd." —Christian Science Monitor

**Crafting Rails 4 Applications** - Jose Valim

2013-11-14

Get ready to see Rails as you've never seen it before. Learn how to extend the framework, change its behavior, and replace whole components to bend it to your will. Eight different test-driven tutorials will help you understand Rails' inner workings and prepare you to tackle complicated projects with solutions that are well-tested, modular, and easy to maintain. This second edition of the bestselling *Crafting Rails Applications* has been updated to Rails 4 and discusses new topics such as streaming, mountable engines, and thread safety. Rails is one of the most extensible frameworks out there. This pioneering book deep-dives into the Rails plugin APIs and shows you, the intermediate Rails developer, how to use them to write better web applications and make your day-to-day work with Rails more productive. Rails Core developer Jose Valim guides you through eight different tutorials, each using test-driven development to build a new Rails plugin or application that solves common problems with these APIs. You'll learn how the Rails rendering stack works and customize it to read templates from the database while you discover how to mimic Active Record behavior, such as validations, in any other object. You'll find out how Rails integrates with Rack, the different ways to stream data from your web application, and how to mix Rails engines and Sinatra applications into your Rails apps, so you can choose the most appropriate tool for the job. In addition, you'll improve your productivity by customizing generators and responders. This book will help you understand Rails' inner workings, including generators, template handlers, internationalization, routing, and responders. With the knowledge you'll gain, you'll create well-tested, modular, and robust solutions for your next project.

*Shanghai Redemption* - Qiu Xiaolong 2015-09-10  
Now a BBC Radio 4 Drama Series. 'The system has no place for a cop who puts justice above the interests of the Party. It's a miracle that I survived as long as I did.' For years, Chen Cao managed to balance the interests of the Communist Party and the demands made by his job. He was considered a rising star until, after one too many controversial cases that embarrassed powerful men, he found himself neutralised. Under the guise of a promotion, he's been stripped of his title and his influence, discredited and isolated. Soon it becomes clear that his enemies still aren't satisfied, and that someone is attempting to have him killed - quietly. Chen has been charged with the investigation into a 'Red Prince' - a high Party figure who embodies the ruthless ambition, greed and corruption that is on the rise in China. But with no power, few allies, and his own reputation and life on the line, he knows he is facing the most dangerous case of his career.

But although she desperately wants to be a Keeper, she will not leave her sick parents to do so. But when Toadspit's sister Bonnie is stolen, he and Goldie are forced to

follow the child-stealers to the neighboring city of Spoke. Along the way, Toadspit too is captured, and Goldie is caught up in the Festival of Lies, where every word she says means something else and no one can be trusted. There, Goldie discovers some dangerous secrets—secrets that the child-stealers will kill to protect. She will need all her skills as a thief and a liar if she is to survive and save her friends.

#### **Rails 4 Test Prescriptions** - Noel Rappin 2014-12-13

Does your Rails code suffer from bloat, brittleness, or inaccuracy? Cure these problems with a regular dose of test-driven development. Rails 4 Test Prescriptions is a comprehensive guide to how tests can help you design and write better Rails applications. In this completely revised edition, you'll learn why testing works and how to test effectively using Rails 4, Minitest 5, and RSpec 3, as well as popular testing libraries such as `factory_girl` and `Cucumber`. Do what the doctor ordered to make your applications feel all better. Side effects may include better code, fewer bugs, and happier developers. Your Ruby on Rails application is sick. Deadlines are looming, but every time you make the slightest change to the code, something else breaks. Nobody remembers what that tricky piece of code was supposed to do, and nobody can tell what it actually does. Plus, it has bugs. You need test-driven development, a process for improving the design, maintainability, and long-term viability of software. Containing both practical code examples and discussion of why testing works, this book starts with the most basic features delivered as part of core Ruby on Rails. Once you've integrated those features into your coding practice, you'll learn how to use popular third-party testing tools such as RSpec, Mocha, `Cucumber`, and `factory_girl`. You'll test the component parts of a Rails application, including the back-end model logic and the front-end display logic. Using Rails examples, you'll learn how to use testing to enable your code to respond better to future change. Plus, you'll see how to handle real-world testing situations. This completely revised edition contains a new tutorial, as well as new examples throughout the book. Many chapters, including the JavaScript

chapter, have undergone major changes to reflect new tools and new practices. And there are brand new chapters on testing for security, and testing external services. What You Need: Ruby 2.1, Rails 4

#### Letters From Father Christmas - J.R.R. Tolkien 2012-02-15

Every December an envelope bearing a stamp from the North Pole would arrive for J.R.R. Tolkien's children. Inside would be a letter in a strange, spidery handwriting and a beautiful colored drawing or painting. The letters were from Father Christmas. They told wonderful tales of life at the North Pole: how the reindeer got loose and scattered presents all over the place; how the accident-prone North Polar Bear climbed the North Pole and fell through the roof of Father Christmas's house into the dining room; how he broke the Moon into four pieces and made the Man in it fall into the back garden; how there were wars with the troublesome horde of goblins who lived in the caves beneath the house, and many more. No reader, young or old, can fail to be charmed by Tolkien's inventiveness in this classic holiday treat.

*The Rule of Thoughts (The Mortality Doctrine, Book Two)* - James Dashner 2014-08-26

Reality just became a virtual nightmare in book two of the bestselling Mortality Doctrine series, the next phenomenon from the author of the Maze Runner series, James Dashner. Includes a sneak peek of The Fever Code, the highly-anticipated conclusion to the Maze Runner series—the novel that finally reveals how the maze was built! Michael thought he understood the VirtNet, but the truth he discovered is more

terrifying than anyone at VirtNet Security could have anticipated. The cyber terrorist Kaine isn't human. It's a Tangent, a computer program that has become sentient. And Michael just completed the first step in turning Kaine's master plan, the Mortality Doctrine, into a reality. The Mortality Doctrine will populate Earth entirely with human bodies harboring Tangent minds. The VNS would like to pretend the world is perfectly safe, but Michael and his friends know that the takeover has already begun. And if they don't stop Kaine soon, it will be game over for humanity. The author who brought you the #1 New York Times bestselling MAZE RUNNER series and two #1 movies—The Maze Runner and The Scorch Trials—now brings you an electrifying cyber-adventure trilogy that takes you into a world of hyperadvanced technology, cyber terrorists, and gaming beyond your wildest dreams . . . and your worst nightmares.
