World Report 2011 - Human Rights
Watch 2011-01-04
Human Rights Watch is increasingly

recognized as the world's leader in
building a stronger awareness for
human rights. Their annual World

Report is the most probing review of human rights developments available anywhere. Written in straightforward, non-technical language, Human Rights Watch World Report prioritizes events in the most affected countries during the previous year. The backbone of the report consists of a series of concise overviews of the most pressing human rights issues in countries from Afghanistan to Zimbabwe, with particular focus on the role—positive or negative—played in each country by key domestic and international figures. Highly anticipated and widely publicized by the U.S. and international press every year, the World Report is an invaluable resource for journalists, diplomats, and all citizens of the world.

William Blake in Context - Sarah

Haggarty 2019-04-30

William Blake, poet and artist, is a figure often understood to have 'created his own system'. Combining close readings and detailed analysis of a range of Blake's work, from lyrical songs to later myth, from writing to visual art, this collection of thirty-eight lively and authoritative essays examines what Blake had in common with his contemporaries, the writers who influenced him, and those he influenced in turn. Chapters from an international team of leading scholars also attend to his wider contexts: material, formal, cultural, and historical, to enrich our understanding of, and engagement with, Blake's work. Accessibly written, incisive, and informed by original research, William Blake in

Context enables readers to appreciate Blake anew, from both within and outside of his own idiom.

Trapped in a Religious Marriage -
Benedicta Deogratias 2020

This book offers a human rights perspective of the phenomenon of marital captivity within Christian, Jewish, Hindu and Muslim communities in both secular and non-secular States. Marital captivity is a complex social phenomenon that, predominantly, affects women. It

involves a situation wherein the dissolution of a religious and/or legal marriage is obscured for religious reasons, consequently forcing the spouse(s) to remain in the marriage against their will. It involves multiple stakeholders (i.e. the trapped spouse, the opposing or recalcitrant spouse, the religious communities and one or more States). Within situations of marital captivity, all involved stakeholders have rights and interests which are often in conflict with one another. Unfortunately, holistic and effective solutions to end existing situations of marital captivity and prevent new situations from arising have yet to be developed. The human rights discourse advanced in this book shows that a human rights centred approach is imperative for the process of

finding effective solutions to end marital captivity. Applying the human rights legal framework enables to objectively consider, balance and resolve the conflicting rights and interests inherent within situations of marital captivity. It also reveals how a select number of human rights and principles are affected within situations of marital captivity and offers an overview of States' positive obligations to protect and ensure these rights. The implied human rights obligations are discussed within the context of marital captivity so as to identify and formulate specific States' obligations to address marital captivity. This enables the author to produce guidelines for legal and non-legal measures that States should consider adopting in their efforts to

combat marital captivity and to comply with their human rights obligations.

The Discipline of Religion - Russell T. McCutcheon 2003-12-08

The Discipline of Religion is a lively critical journey through religious studies today, looking at its recent growth as an academic discipline, and its contemporary political and social meanings. Focusing on the differences between religious belief and academic religious discourse, Russell T. McCutcheon argues that the invention of religion as a discipline blurs the distinction between criticism and doctrine in its assertion of the relevance of faith as a credible object of study. In the leap from disciplinary criticism to avowal of actual cosmic and moral meaning,

schools of religious studies extend their powers far beyond universities and into the everyday lives of those outside, managing and curtailing specific types of speech and dissent. Freedom in the World 2009 - Arch Puddington 2009-10

Freedom in the World, the Freedom House flagship survey whose findings have been published annually since 1972, is the standard-setting comparative assessment of global political rights and civil liberties. The survey ratings and narrative reports on 193 countries and a group of select territories are used by policy makers, the media, international corporations, and civic activists and human rights defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. Press accounts of

the survey findings appear in hundreds of influential newspapers in the United States and abroad and form the basis of numerous radio and television reports. The Freedom in the World political rights and civil liberties ratings are determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research. The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all

countries and territories, irrespective of geographical location, ethnic or religious composition, or level of economic development.

Transgender Marxism - Jules Joanne Gleeson 2021-05-20

Transgender Marxism is the first volume of its kind, offering a provocative and groundbreaking synthesis of transgender studies and Marxist theory. Reflecting on the relations between gender and labour, it shows how these linked phenomena structure antagonisms in particular social and historical situations. While no one is spared gendered conditioning, the contributors argue that transgender people nonetheless face particular pressures, oppressions and state persecution. The collection makes a particular

contribution to Marxist feminism and social reproduction theory, through both personal and analytic examinations of the social activity demanded of trans people around the world. Exploring trans lives and movements through a Marxist lens, the book also assesses the particular experience of surviving as trans in light of the totality of gendered experience under capitalism. Twinning Marxism with other schools of thought - including psychoanalysis, phenomenology and Butlerian performativity - Transgender Marxism ultimately offers an insight into transgender experience, and an exciting renewal of Marxist theory itself.

Religion and Family Life - Richard J. Petts 2019-05-03

There has been increased interest

among scholars in recent decades focused on the intersection of family and religion. Yet, there is still much that is not well-understood in this area. This aim of this special issue is to further explore the influence of religion on family life. In particular, this issue includes a collection of studies from leading scholars on religion and family life that focus on ways in which religion and spirituality may influence various aspects of family life including family processes, family structure, family formation, family dissolution, parenting, and family relationships. The studies included incorporate both qualitative and quantitative analyses, incorporate a number of different religious traditions, focus on religiosity among both adults and youth, and

explore a number of important issues such as depression, intimacy, sexual behavior, lying, divorce, and faith transmission.

The European Blood and Marrow Transplantation Textbook for Nurses - Michelle Kenyon 2018-03-14

This book is open access under a CC BY 4.0 license. This textbook, endorsed by the European Society for Blood and Marrow Transplantation (EBMT), provides adult and paediatric nurses with a full and informative guide covering all aspects of transplant nursing, from basic principles to advanced concepts. It takes the reader on a journey through the history of transplant nursing, including essential and progressive elements to help nurses improve their knowledge and benefit the patient experience, as well as a

comprehensive introduction to research and auditing methods. This new volume specifically intended for nurses, complements the ESH-EBMT reference title, a popular educational resource originally developed in 2003 for physicians to accompany an annual training course also serving as an educational tool in its own right. This title is designed to develop the knowledge of nurses in transplantation. It is the first book of its kind specifically targeted at nurses in this specialist field and acknowledges the valuable contribution that nursing makes in this area. This volume presents information that is essential for the education of nurses new to transplantation, while also offering a valuable resource for more experienced nurses who wish to update

their knowledge.

A History of American Literature and Culture of the First World War - Tim Dayton 2021-02-04

In the years of and around the First World War, American poets, fiction writers, and dramatists came to the forefront of the international movement we call Modernism. At the same time a vast amount of non- and anti-Modernist culture was produced, mostly supporting, but also critical of, the US war effort. A History of American Literature and Culture of

the First World War explores this fraught cultural moment, teasing out the multiple and intricate relationships between an insurgent Modernism, a still-powerful traditional culture, and a variety of cultural and social forces that interacted with and influenced them. Including genre studies, focused analyses of important wartime movements and groups, and broad historical assessments of the significance of the war as prosecuted by the United States on the world stage, this book presents original essays defining the state of scholarship on the American culture of the First World War.

Borderland Lives in Northern South

Asia - David N. Gellner 2013-12-02

Borderland Lives in Northern South Asia provides valuable new ethnographic insights into life along some of the most contentious borders

in the world. The collected essays portray existence at different points across India's northern frontiers and, in one instance, along borders within India. Whether discussing Shi'i Muslims striving to be patriotic Indians in the Kashmiri district of Kargil or Bangladeshis living uneasily in an enclave surrounded by Indian territory, the contributors show that state borders in Northern South Asia are complex sites of contestation. India's borders with Bangladesh, Bhutan, Burma/Myanmar, China, and Nepal encompass radically different ways of life, a whole spectrum of relationships to the state, and many struggles with urgent identity issues. Taken together, the essays show how, by looking at state-making in diverse, border-related contexts,

it is possible to comprehend Northern South Asia's various nation-state projects without relapsing into conventional nationalist accounts. Contributors. Jason Cons, Rosalind Evans, Nicholas Farrelly, David N. Gellner, Radhika Gupta, Sondra L. Hausner, Annu Jalais, Vibha Joshi, Nayanika Mathur, Deepak K. Mishra, Anastasia Piliavsky, Jeevan R. Sharma, Willem van Schendel

Interpersonal Communication Book - Joseph A. DeVito 2013-07-27

Updated in its 13th edition, Joseph Devito's The Interpersonal Communication Book provides a highly interactive presentation of the theory, research, and skills of interpersonal communication with integrated discussions of diversity, ethics, workplace issues, face-to-face and computer-mediated

communication and a new focus on the concept of choice in communication. This thirteenth edition presents a comprehensive view of the theory and research in interpersonal communication and, at the same time, guides readers to improve a wide range of interpersonal skills. The text emphasizes how to choose among those skills and make effective communication choices in a variety of personal, social, and workplace relationships

Human rights in culturally diverse societies - Council of Europe 2016-08-16

This updated publication contains the Committee of Ministers' guidelines to member States on the protection and promotion of human rights in culturally diverse societies as well as the Compilation of Council of

Europe standards relating to the principles of freedom of thought, conscience and religion and links to other human rights upon which the Guidelines are inspired. These standards are based mainly on the European Convention on Human Rights and the jurisprudence of the European Court of Human Rights, but also on conclusions and recommendations of other monitoring mechanisms and other Council of Europe bodies. The Guidelines are innovative as they do not consider these standards in isolation, rather they rethink and recast them through their interaction with other human rights: freedom of expression, freedom of association and assembly, the right to private life. They are intended as a realistic and usable tool which reflects the often complex interplay

of different rights within diverse societies.

The Handmaid's Tale (Movie Tie-in) -

Margaret Atwood 2017-04-18

#1 NEW YORK TIMES BESTSELLER • An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. Includes an introduction by Margaret Atwood. In Margaret Atwood’s dystopian future, environmental disasters and declining birthrates have led to a Second American Civil War. The result is the rise of the Republic of Gilead, a totalitarian regime that enforces rigid social roles and enslaves the few remaining fertile women. Offred is one of these, a Handmaid bound to produce children for one of Gilead’s commanders. Deprived of her husband, her child, her freedom, and even her

own name, Offred clings to her memories and her will to survive. At once a scathing satire, an ominous warning, and a tour de force of narrative suspense, *The Handmaid's Tale* is a modern classic. Look for *The Testaments*, the sequel to *The Handmaid's Tale*

"Fascinating... a regular field manual... meticulously researched and very entertaining." --G. Gordon Liddy
A thoroughly revised and updated edition of the essential guide to preserving your personal security
From cyberspace to crawl spaces, new innovations in information gathering have left the private life of the average person open to scrutiny, and worse, exploitation. In this thoroughly updated third edition of

his immensely popular guide *How to Be Invisible*, J.J. Luna shows you how to protect your home address, hide your ownership of vehicles and real estate, use pagers with dumbphones, switch to low-profile banking and invisible money transfers, use alternate signatures, and how to secretly run a home-based business. J.J. Luna is an expert and highly trained security consultant with years of experience protecting himself, his family, and his clients. Using real life stories and his own consulting experience, J.J. Luna divulges legal methods to attain the privacy you crave and deserve, whether you want to shield yourself from casual scrutiny or take your life savings with you and disappear without a trace. Whatever your needs, Luna reveals the shocking secrets

that private detectives and other seekers of personal information use to uncover information and then shows how to make a serious commitment to safeguarding yourself. There is a prevailing sense in our society that true privacy is a thing of the past. In a world where privacy concerns that only continue to grow in magnitude, How to Be Invisible, Third Edition is a critical antidote to the spread of new and more efficient ways of undermining our personal security. Privacy is a commonly-lamented casualty of the Information Age and of the world's changing climate--but that doesn't mean you have to stand for it. This new edition of J. J. Luna's classic manual contains step-by-step advice on building and maintaining your personal security, including brand new chapters on: -

The dangers from Facebook, smartphones, and facial recognition - How to locate a nominee (or proxy) you can trust - The art of pretexting, aka social engineering - Moving to Baja California Sur; San Miguel de Allende, Guanajuato; Cuenca, Ecuador; or Spain's Canary Islands - The secrets of international privacy, and much more!

Ted Hughes - Joanny Moulin 2015-03-18
English version of a biography of Ted Hughes first published in French in 2007. Ted Hughes's destiny had this rare peculiarity that it was inextricably wedded to that of a woman poet of a comparable strength. But neither he nor Sylvia Plath would have achieved the fame that is theirs the one without the other. Sylvia passionately wanted to give herself the life and the death that it took to metamorphose herself into lasting poetry. She immortalised herself so violently that Ted found it hard to survive as someone else than the character in the poem of her life. He

managed to, however, for Ted Hughes was a secret man as well as a profound poet. Hughes's life is as dark as his writings, for he saw his poems as the erratic chance manifestations of the subterranean life of the spirit. He believed that our conscious life was only the poor surface of a rich invisible epic. Poems were for him like partly destroyed letters received from another world. No doubt that was only an illusion, but which was grounded in his England. For he came from the rural North, still haunted by ancestral superstitions. He preferred this animal life of the spirits to the sad, machine-like existence of modern man. The life of a great poet is allegorical: his poetry is the only written trace of it that counts. Postgraduate Orthopaedics - Paul A.

Banaszkiewicz 2012-08-16

This book has been written specifically for candidates sitting the oral part of the FRCS (Tr & Orth) examination. It presents a selection of questions arising from common clinical scenarios along with detailed model answers. The emphasis is on current concepts, evidence-based medicine and major exam topics. Edited by the team behind the successful Candidate's Guide to the FRCS (Tr & Orth) Examination, the book is structured according to the four major sections of the examination; adult elective orthopaedics, trauma, children's/hands and upper limb and applied basic science. An introductory section gives general exam guidance and end section covers common diagrams that you may be asked

to draw out. Each chapter is written by a recent (successful) examination candidate and the style of each reflects the author's experience and their opinions on the best tactics for first-time success. If you are facing the FRCS (Tr & Orth) you need this book.

Down in the Chapel - Joshua Dubler

2014-08-12

A BOLD AND PROVOCATIVE EXPLORATION OF ONE OF THE MOST RELIGIOUSLY VIBRANT PLACES IN AMERICA—A STATE

PENITENTIARY Baraka, Al, Teddy, and Sayyid: Four black men from South Philly, two Christian and two Muslim, are serving life at Pennsylvania's maximum-security Graterford Prison. All of them work in the prison chapel, where they have regular opportunities to dispute the workings of God, faith, and self-transformation. And then Sayyid disappears. Down in the Chapel tells the story of one week in Graterford's chapel. We learn how the men at Graterford pass their time, care for themselves, foster relationships, and commune with their makers. We observe Evangelicals, Catholics, Jews, and black Muslims at prayer and study and

song. And we watch what happens when an interloping scholar of religion is thrown into the mix with hopes of making sense of it all. When prisoners turn to God, they are often scorned as "bad men" who fake their piety or as "poor men" who have no better option than to adopt simplistic and rigid creeds. Joshua Dubler goes beyond these stereotypes to show the religious life of a prison in all its vital complexity. An essential interpretation of faith in an age of mass incarceration, Down in the Chapel reveals what prisoners do with religion, and what religion does with them.

The Ritual Process - Victor Turner
2017-07-05

In *The Ritual Process: Structure and Anti-Structure*, Victor Turner examines rituals of the Ndembu in Zambia and develops his now-famous concept of "Communitas." He characterizes it as an absolute inter-human relation beyond any form

of structure. The *Ritual Process* has acquired the status of a small classic since these lectures were first published in 1969. Turner demonstrates how the analysis of ritual behavior and symbolism may be used as a key to understanding social structure and processes. He extends Van Gennep's notion of the "liminal phase" of rites of passage to a more general level, and applies it to gain understanding of a wide range of social phenomena. Once thought to be the "vestigial" organs of social conservatism, rituals are now seen as arenas in which social change may emerge and be absorbed into social practice. As Roger Abrahams writes in his foreword to the revised edition: "Turner argued from specific field data. His special eloquence resided in his ability to lay open a sub-

Saharan African system of belief and practice in terms that took the reader beyond the exotic features of the group among whom he carried out his fieldwork, translating his experience into the terms of contemporary Western perceptions. Reflecting Turner's range of intellectual interests, the book emerged as exceptional and eccentric in many ways: yet it achieved its place within the intellectual world because it so successfully synthesized continental theory with the practices of ethnographic reports."
