The MG Midget & Austin-Healey Sprite High Performance Manual - Daniel Stapleton 2017-03-17

This totally revised, updated and enlarged book is THE complete guide to building a fast MG Midget or Austin-Healey Sprite for road or track. Daniel has been continuously developing his own 'Spridget' for years, and really does know what works and what doesn't when it comes to building a fast Midget or Sprite. Best of all, this book covers every aspect of the car, from the tyre contact patch to the rollover bar, and from radiator back to exhaust tailpipe. This new edition contains updated information for parts and suppliers, many new photos, and features new material covering aerodynamics, including results from testing the effect of modifications at the MIRA wind tunnel. With over 400 mainly colour photos and exclusive tuning advice, this is a MUST for any Sprite or Midget owner.

**MGB & MGB GT** - Roger Williams 2006-08-10

Buying a car is an expensive business and mistakes can prove costly financially and in time, effort and stress. Wouldn't it be great if you could take an expert with you? With the aid of this book's step-by-step guidance from a marque specialist, you can! You'll discover all you need to know about the car you want to buy. The unique points system will help you to place the car's value in

relation to condition while extensive photographs illustrate the problems to look out for. This is an important investment - don't buy an MGB without this book's help. The Ford SOHC Pinto and Sierra Cosworth DOHC Engines High-performance Manual - Des Hammill 2011-10-24

Expert practical advice from an experienced race engine builder on how to build a high-performance version of Ford's naturally aspirated 4-cylinder 1600, 1800 & 2000cc Pinto engine which has been used in Ford's most popular cars (Escort, Capri, Cortina & Sierra - Ford/Mercury Capri, Pinto, Bobcat in USA) over many years. Whether the reader wants a fast road car or to go racing, Des explains, without using technical jargon, just how to build a reliable high-power engine using as many stock parts as possible and without wasting money on parts and modifications that don't work. Also covers Cosworth versions of Pinto engines and fitting Cosworth heads to Pinto blocks. Does not cover 1300, E-Max 1600 or American-built 2300.

**Porsche 911** - Brian Long 2011-10-14

The first in a series of five books which chronicle in definitive depth the history of the evergreen 911, from the earliest design studies to the water-cooled cars of today. This volume covers original design, the 901 prototype, the early 911s (including 912s) and the 2.2 litre cars.

**How to Restore Triumph TR2, 3, 3A, 4**

A step-by-step guide to building a Buggy, containing details of equipment and techniques, as well as guidance on the choice of donor car and new components. Build any VW-based Dune Buggy avoiding common pitfalls and expensive mistakes, ending up with a superb, roadworthy multi-purpose vehicle.

**The Bahamas Speed Weeks** - Terry O'Neil 2006

The vision of one man, Captain Sherman "Red" Crise formed the basis for what was to become the Bahamas Speed Weeks, a series of motor races held on the island of New Providence in the Bahamas. They started in the mid 1950s and continued for 13 years, before ending due to a mix of political decisions, ill fortune and a shift in the direction motor racing had taken over that period of time. These years were described by many commentators as the golden age of motor racing, where internationally acclaimed drivers attended the Speed Weeks to mix with the many amateur racers from America who came to enjoy the scenario of sun, parties and racing. For many drivers the social scene was as important as the racing, and in latter years prize money was an extra incentive to turn up. This well researched account tracks the history of the Speed Weeks with its roller-coaster ride throughout its 13 years existence, and includes stunning photos, complete statistics, and more. With a foreword by Denise McCluggage.

**Alfa Romeo DOHC Engine High-Performance Manual** - Jim Kartalamakis 2006-05-15

Ten years have passed since the original edition of this book was published, but Alfa Romeo enthusiasts everywhere are more active today than ever in preserving, modifying and racing these excellent cars. Throughout this time, the author in true Alfista fashion, never stopped looking for and trying new techniques to increase the power, overall performance and reliability of Alfas and their engines. This book is the result of much research, and also first-hand experience gained through many Alfa rear wheel drive model projects, from the 105 series to the last of the 75 models. There is a lot of completely new information regarding TwinSpark Cylinder head mods, big-brake mods, LSD adjustment procedure, electrical system improvements, plus many flow-bench diagrams, dyno plots, and much more.

Triumph TR7 & TR8 - Roger Williams  
2010-10-15

Don't buy a car without this unique illustrated guide! Expert advice will help you to find the best car for your money.

A practical guide on how to blueprint any 4-cylinder, four-stroke engine's short block to obtain maximum performance and reliability without wasting money on over-specced parts. It includes choosing components, crankshaft & conrod bearings, cylinder block, connecting rods, pistons, piston to valve clearances, camshaft, and engine balancing.

How to Restore Triumph TR7 and 8 - Roger Williams 2004-10

Aided by various TR Specialists, ample photographic support, his own experiences & those of other amateur restorers, the author explains in some detail the characteristics of the various Triumph TR Sports cars, what to look out for when purchasing one & how to restore it cost effectively.

**Alfa Romeo Tipo33** - Peter Collins 2006-03-18

At the time, little was recorded about the activities of Alfa Romeo's World Championshipwinning Sports Racing car, the Tipo 33. The model had a long career, as a factory car as well as in private hands from 1967 until 1977. Great Italian motorsport engineer Carlo Chiti designed and ran a prolific number of different models of the Tipo. Unfortunately, nothing of the history of these developments was documented at the time, but the author has managed, after intense investigation and numerous personal interviews, to uncover much about this marvelous sports

prototype.

Jaguar E-Type 3.8 & 4.2 litre - Peter Crespin 2005-07-15

Buying a car is an expensive business and mistakes can prove costly financially and in time, effort and stress. Wouldn't it be great if you could take an expert with you? **Honda SOHC Fours** - Peter Henshaw  
2010-06-15

A small investment in this book could save you a fortune. With the aid of this book's step-by-step expert guidance, you will discover all you need to know about the car you want to buy. The unique point system will help you to place the car's value in relation to condition.

**Triumph Thunderbird, Trophy & Tiger** -

Peter Henshaw 2014-03-15

There are many books about Triumph, but most of them concentrate on the glamorous twin-carburettor Bonneville and three-cylinder Trident. Alongside these headline grabbing bikes, Triumph built a whole series of single-carb machines that had all the style of their twin-carb cousins, but were not much slower, delivered better fuel consumption, and were easier to live with. Unlike the many books about Triumph's history, this one is a straightforward, practical guide to buying a Trophy or Tiger secondhand. In the Veloce Essential Buyer's Guide format, it delves into what these bikes are like to live with, and the values, advantages, and disadvantages of different models. Plus, of course, what to look for when buying one - including engine, transmission, frame, brakes, suspension, paint, chrome, and more.

Triumph TR6 - Roger Williams 2020-01-28

A small investment in this book could save you a fortune ... With the aid of Roger Williams' step-by-step expert guidance, you'll discover all you need to know about the TR6 you want to buy. Its unique point system will help you to place the car's value in relation to condition. This is an important investment - don't buy a Triumph TR6 without this book's help.

**The Nitrous Oxide High-Performance Manual** - Trevor Langfield 2006

Nitrous oxide is no longer purely for drag and street racers; this power boosting add-on is now available for many production cars and even mopeds. Covering all aspects of nitrous oxide systems, this book presents all the facts illustrated with 150 colour photographs in a clear and easy-to-understand way.

How to Restore Yamaha FS1-E - John Watts 2006-05

The Yamaha FS1-E is a 1970s icon. Introduced in the early 70s, it became an instant success, giving sixteen year olds their first taste of motorcycle performance and freedom, and totally overshadowing the other mopeds available at that time. Many riders had their FS1-E for only one year before progressing to larger machines.

Today, nostalgia for the youthful exuberance engendered by the 'Fizzie' has resulted in many ex-owners wanting to recreate their pride and joy. Most FS1E's have not endured the test of time well, and very few good original examples exist. There are plenty of restorable machines around and this book guides the do-it-yourself restorer through the minefield of initially finding a machine to restore and the pitfalls of a first restoration.

**Norton Commando** - Peter Henshaw 2010-07

Motorcycles: general interest.

MG TD, TF & TF1500 - Barrie Jones 2011-04-15

Having this book in your pocket is just like having a real marque expert by your side. Benefit from the author's years of MG TD & TF ownership, learn how to spot a bad car quickly and how to assess a promising one like a professional. Get the right car at the right price!

Porsche 911SC - Adrian Streater 2011-06-15

STOP! Don't buy a Porsche 911 SC without buying this book first! Having this book in your pocket is just like having a real marque expert by your side. Benefit from Adrian Streater's years of Porsche ownership. Learn how to spot a bad car quickly and how to assess a promising one like a professional. Get the right car at the right price!

Triumph TR6 - Roger Williams 2006

**How to Improve Triumph TR2-4A** - Roger Williams 2003-10-19

Aided by the top racing & high performance TR specialists, backed by ample photographic support, his own experiences & those of other amateur restorers, the author explains in some detail how to increase the performance and handling of the four-cylinder TR Sports cars for fast road, track-days or more serious motorsport.

How to Give Your MGB V8 Power - Roger Williams 2005-12-01

No one contemplating an MGB V8 engine conversion should start the project without

reading this book, which is based on the real world experience of many owners and specialists who have re-engined MGBs in the past. Avoid expensive mistakes and pitfalls and end up with a car that performs, handle and brakes superbly by following the detailed advice compiled over many years by MGB expert, Roger Williams.  
*Abarth* - Andrea Sparrow 2006-03-18

Ninety colour photographs. Brief background history of the company. Full FIAT/Abarth story. Basic specification and statistics. Quotes, and interesting facts and feats. During the early 1950s, Abarth's business was booming in three main areas - custom-built racing cars, tuning/accessories, and modification of production cars.
