La célébration du 2ème centenaire du Code civil ne pouvait laisser indifférente la Revue Droit et Cultures. Sont ainsi rassemblées des contributions qui ont pour fil directeur le "langage". Elles nous

amènent à repenser la notion de "norme" et la lecture du "droit", à reconstituer la question politique de l'histoire d'un code, à déchiffrer les arcanes de la morale sexuelle destinées à restructurer les relations familiales, à évaluer l'influence de la démarche codificatrice sur la conception des rapports sociaux en Iran dès la fin du XIXe siècle comme en France de nos jours.

**Forest Rites** - Peter Sahllins 1994

In May 1829, strange reports surfaced from the Ari  
ge department in the French Pyrenees, describing  
male peasants, bizarrely dressed in women's clothes,  
gathering in the forests at night to chase away state

guards and charcoal-makers. This was the raucous War of the Demoiselles, a protest against the national French Forest Code of 1827, which restricted peasants' rights to use state and private forests. Peter Sahlins unravels the fascinating story of this celebrated popular uprising, and in his telling captures the cultural, historical, and political currents that swept the countryside during France's July 1830 Revolution. Sahlins explains how and why the Ari ge peasants drew on the practices and rituals of folk culture, as well as on a revolutionary tradition, to defend their inherited rights to the forest. To explore these rights and their expression, he delves into the history of forest management, of peasant conflicts with the state, and of popular culture--particularly the disputed history of Carnival and of local rituals of justice. Sahlins also sheds new light on the French revolutionary tradition and the "Three Glorious Days" of July

1830. The drama and symbolism of the War of the Demoiselles have inspired nearly a dozen plays, novels, films, and even a comic book. Using the concepts of anthropology and cultural studies as transport, Sahlins moves from this rich event to the wider worlds of peasant society in France. Focusing on the years from 1829 to 1832 but drawing on sources since the sixteenth century, his book should captivate social, cultural, and political historians of both early modern and modern Europe.

Le passé recomposé - Claudie Bernard 2021

The historical novel is a fictional history that uses historiography to represent factual history and past history, in response to its contemporary history.

This work analyzes the links between history and the novel, the representation of history in the historical novel, and the implications of the historical novel within its own history.
