French Lessons - Alice Kaplan
2018-04-19
"[A] cultural odyssey, a brave attempt to articulate the compulsions

that drove [Kaplan] to embrace foreignness in order to become truly herself." -The Washington Post Book World Brilliantly uniting the

personal and the critical, French Lessons is a powerful autobiographical experiment. It tells the story of an American woman escaping into the French language and of a scholar and teacher coming to grips with her history of learning. In spare, midwestern prose, by turns intimate and wry, Kaplan describes how, as a student in a Swiss boarding school and later in a junior year abroad in Bordeaux, she passionately sought the French "r," attentively honed her accent, and learned the idioms of her French lover. When, as a graduate student, her passion for French culture turned to the elegance and sophistication of its intellectual life, she found herself drawn to the language and style of the novelist Louis-Ferdinand Celine. At the same time, she was repulsed by his anti-Semitism. At Yale in the late 70s, during the heyday of deconstruction she chose to transgress its apolitical purity and

work on a subject "that made history impossible to ignore": French fascist intellectuals. Kaplan's discussion of the "de Man affair" —the discovery that her brilliant and charismatic Yale professor had written compromising articles for the pro-Nazi Belgian press—and her personal account of the paradoxes of deconstruction are among the most compelling available on this subject. French Lessons belongs in the company of Sartre's Words and the memoirs of Nathalie Sarraute, Annie Ernaux, and Eva Hoffman. No book so engrossingly conveys both the excitement of learning and the moral dilemmas of the intellectual life.

Modern Painting and the Northern Romantic Tradition - Robert Rosenblum 1978

called major. Other work by the author includes *The Romantic Child*, and *The Jeff Koons Handbook*.

By Roger Shattuck.

The Silence and the Roar - Nihad Sirees 2013-01-10

With *The Silence and the Roar*, Nihad Sirees writes a powerful, life-affirming and Kafkaesque novel about a censored writer trying to live a normal life under a Middle Eastern dictatorship, Syria. Fathi, a writer no longer permitted to write, makes his way through a city churned by parades for an unnamed dictator. It is a day stifled by heat and the noise of the chants, a day of people trampled, and of the brutality and bullying of the party faithful. But Fathi presses treacherously against the crowd, attempting just to visit his mother and his girlfriend. *The Silence and the Roar* (Al Samt wa Al Sakhab) is a personal, urgent, funny

and aggrieved novel. It asks what it means to have a conscience, or to laugh, or to endure in a time of the violence, strangeness and roar of tyranny. It is both a true literary achievement and an act of real courage by a brilliant Syrian writer. Nihad Sirees' *The Silence and the Roar* (Al Samt wa Al Sakhab) is translated from the Arabic by Max Weiss and published by Pushkin Press *City of Panic* - Paul Virilio 2005-08
Written in the shadow of war, *City of Panic* argues that cities everywhere have been the dedicated target of political and technological terror throughout the 20th century. The wanton erasure of the past, the construction of identikit places, the proliferation of gated-communities, the ever-widening net of surveillance, the privatization of what was public. In this globalized and militarized "everywhere," all citizens are becoming one citizen-- saturated, standardized and

synchronized--ever more reliant on a media fabricating a world of fear. For the panic of the 21st century is simply the final phase of the pincer movement. Place-less, media-fed, panic-struck - welcome to the desert of the real. --- Product Description
Stalemate - Icchokas Meras 2020-11-24
A classic of Holocaust literature from "one of the great masters of the short novel." -The New Yorker In the Vilna Ghetto during World War II, Nazi Commandant Schoger demands that all children be sent to the death camp. When Abraham Lipman pleads with him to spare their lives, Schoger reconsiders, and tells Lipman there will be a chess match between himself and Lipman's only surviving son, Isaac, a chess prodigy. If Isaac wins, the children will live, but Isaac will die. If Isaac loses, the children will die, but Isaac will live. Only a draw will save the ghetto from this terrible predicament. The chess game begins: a

nightmarish contest played over the course of several evenings, witnessed by an audience impotent to act, staking the lives of their children on a stalemate. This is a moving story of a father and a son who shame their cruel perpetrator with their dignity, spirit, and extraordinary courage. Stalemate speaks to the power of humor even under the direst circumstances. As a parable that gives voice to the unspeakable, Stalemate is an antidote to despair. "Gripping . . . a truly memorable work." -Booklist

Selected Writings - Marguerite de Navarre 2008-11-15

Marguerite de Navarre (1492-1549) was the sister and wife to kings and a

pivotal influence in sixteenth-century France. An astute politician and diligent humanist, she was a champion of gender equality and the evangelical reform movement, which recognized that the clergy was more concerned with maintaining the church's power than ministering to the faithful. As the years passed and the glitter of life at court waned, however, Marguerite came to realize her true vocation: writing. *Selected Writings* brings together a representative sampling of Marguerite's varied writings, most of it never before translated into English, enabling Anglophone readers to enjoy the full breadth of her work for the first time. From verse letters and fables to mythological-pastoral tales, from spiritual songs to a selection of novellas from the *Heptameron*, the wide range of works included here will reveal Marguerite de Navarre to be one of the most important writers—male or female—of

sixteenth-century France.

Modern Hebrew Fiction - Gershon Shaked 2000

Gershon Shaked's history of modern Hebrew fiction traces the emergence and development of a literature "against all odds"--from its European roots in the 1880s, when it had neither a country nor a spoken language, to the flowering of a literary culture on Israeli soil from the founding of the State through the 1990s. The product of more than 20 years of research, it is unique in its scope, profiling four generations of Hebrew writers from Mendele Mokher Seforim, I. L. Peretz, and Haim Nahman Bialik through Shmuel Yosef Agnon, Aharon Appelfeld, Amalia Kahana-Carmon, Amos Oz, and A. B. Yehoshua, to the recent writings of David Grossman, Meir Shalev, and Orly Castel-Bloom. Through detailed discussions of themes and style in specific texts, Shaked conveys the richness of the Hebrew literary

tradition. At the same time, through biographical surveys, historical observations, and socio-cultural and political analyses, he illuminates the relationship of these writings to the context in which they were produced, revealing the complex intertextual play between Hebrew literature and life.

The Omnibus Homo Sacer - Giorgio Agamben 2017-08-15

Giorgio Agamben's Homo Sacer is one of the seminal works of political philosophy in recent decades. A twenty-year undertaking, this project is a series of interconnected investigations of staggering ambition and scope investigating the deepest foundations of every major Western institution and discourse. This single book brings together for the first time all nine volumes that make up this groundbreaking project. Each volume takes a seemingly obscure and outdated issue as its starting point—an enigmatic figure in Roman

law, or medieval debates about God's management of creation, or theories about the origin of the oath—but is always guided by questions with urgent contemporary relevance. The Omnibus Homo Sacer includes: 1.Homo Sacer: Sovereign Power and Bare Life 2.1.State of Exception 2.2.Stasis: Civil War as a Political Paradigm 2.3.The Sacrament of Language: An Archeology of the Oath 2.4.The Kingdom and the Glory: For a Theological Genealogy of Economy and Glory 2.5.Opus Dei: An Archeology of Duty 3.Remnants of Auschwitz: The Witness and the Archive 4.1.The Highest Poverty: Monastic Rules and Form-of-Life 4.2.The Use of Bodies

Historical Perspectives on Erklären and Verstehen – Uljana Feest

2012-03-14
twentieth-century literature about the distinction between explanation and und- standing)? Second, can we do justice to a particular writer's notion of that category by taking at face value what he writes about his own motivation for adopting it? In response to both types of questions, there is by now a consensus amongst many historians of science and of philosophy that (a) intellectual history – like other kinds of history – has to be careful not to uncritically adopt actors' categories, and (b) more generally, even the actors' own thinking about a particular issue has to be contextualized vis-à-vis their other intellectual commitments and interests, as well as the complex conditions that make the totality of their commitments possible. Such conditions include cognitive as well as practical, institutional, and cultural factors. The articles in

this volume respond to these challenges in several ways. For example, one author (Christopher Pincock) seeks to read some of the nineteenth-century philosophical writings about Erklären and Verstehen as standing for a more fundamental problem, which he terms the problem of the “unity of experience”.

In Praise of Hatred - Khaled Khalifa
2012-08-30

1980s Syria, our young narrator is living a secluded life behind the veil in the vast and perfumed house of her grandparents in Aleppo. Her three aunts, Maryam the pious one; Safaa, the liberal; and the free-spirited Marwa, bring her up with the aid of their ever-devoted blind servant. Soon the high walls of the family home are unable to protect her from the social and political changes outside. Witnessing the crackdowns of the ruling dictatorship against Muslims, she is filled with hatred for her oppressors, and becomes

increasingly fundamentalist. In the footsteps of her beloved uncle Bakr, she takes on the party, launching herself into a fight for her religion, her country, and ultimately, her own future. On a backdrop of real-life events that occurred during the Syrian regime’s ruthless suppression of the Muslim Brotherhood in the 1980s, IN PRAISE OF HATRED is a stirring, sensual story. Its elegant use of traditional, layered storytelling is a powerful echo of the modern-day tragedy that is now taking place in the Middle East.

A Historian Reads Max Weber - Peter Ghosh 2008

Max Weber's Protestant Ethic is undoubtedly the most widely-read text in Western social theory of the last century. But is it really known? The proposition of this book is that it is not. Innumerable readers will "know" it for their own pedagogic and theoretical purposes, but properly historical grasp of the work's full range of meanings, of its place within the fertile culture of the German states before 1914, and within Max Weber's intellectual biography remains slight. The essays in this volume derive from the author's work in translating and commenting on the Protestant Ethic. They seek (first) to cast light on the range and extent of Weber's intellectual concerns when he was writing in 1904-05: not just English Puritanism, German theology, and capitalism, but also Herrschaft, Judaism, and the shape of Occidental history. This then serves to recapture the continuity and unity of Weber's intellectual development, so

that once more we may see the Protestant Ethic at the centre of his oeuvre, the indispensable prelude to all his later work, rather than setting it apart in splendid but curiously lifeless isolation.

Women's Writing in Italy, 1400-1650 - Virginia Cox 2008-06-16

Winner, 2009 Best Book Award, Society for the Study of Early Modern Women Winner, 2008 PROSE Award for Best Book in Language, Literature, and Linguistics. Professional and Scholarly Publishing Division of the Association of American Publishers This is the first comprehensive study of the remarkably rich tradition of women's writing that flourished in Italy between the fifteenth and early seventeenth centuries. Virginia Cox

documents this tradition and both explains its character and scope and offers a new hypothesis on the reasons for its emergence and decline. Cox combines fresh scholarship with a revisionist argument that overturns existing historical paradigms for the chronology of early modern Italian women's writing and questions the historiographical commonplace that the tradition was brought to an end by the Counter Reformation. Using a comparative analysis of women's activities as artists, musicians, composers, and actresses, Cox locates women's writing in its broader contexts and considers how gender reflects and reinvents conventional narratives of literary change.

'The Eurasian Question' - Liesbeth Rosen Jacobson 2018

'Within the borders of these isles

shall remain a race one calls Indo. Neither white, nor brown.' This 'Indo' was part of the Indo-Europeans, a group of mixed indigenous and European ancestry, from the former Dutch East Indies. In almost all other Asian colonies, including British India and French Indochina, which are also covered in this study, such a group of mixed ancestry came into being. The future of these Eurasians after decolonisation was quite insecure. The European rulers, on which their status was based, were gone. The new indigenous rulers perceived them suspiciously as colonial remnants and often even as traitors. In this chaotic situation, they were forced to make a choice, between staying in the former colony or leaving for the European mother country. Did they belong in the country of their European fathers or the former colony, the country of their Asian mothers?

*Between Imagined Communities and
Communities of Practice* - Nicolas
Adell 2015

Community and participation have become central concepts in the nomination processes surrounding heritage, intersecting time and again with questions of territory. In this volume, anthropologists and legal scholars from France, Germany, Italy and the USA take up questions arising from these intertwined concerns from diverse perspectives: How and by whom were these concepts interpreted and re-interpreted, and what effects did they bring forth in their implementation? What impact was wielded by these terms, and what kinds of discursive formations did they bring forth? How do actors from local to national levels interpret

these new components of the heritage regime, and how do actors within heritage-granting national and international bodies work it into their cultural and political agency? What is the role of experts and expertise, and when is scholarly knowledge expertise and when is it partisan? How do bureaucratic institutions translate the imperative of participation into concrete practices? Case studies from within and without the UNESCO matrix combine with essays probing larger concerns generated by the valuation and valorization of culture.

The Short Chronicle - Jeanne de
Jussie 2007-11-01

Jeanne de Jussie (1503-61) experienced the Protestant Reformation from within the walls of the Convent of Saint Clare in Geneva. In her impassioned and engaging *Short Chronicle*, she offers a singular account of the Reformation, reporting not only on the larger clashes

between Protestants and Catholics but also on events in her convent—devious city councilmen who lied to trusting nuns, lecherous soldiers who tried to kiss them, and iconoclastic intruders who smashed statues and burned paintings. Throughout her tale, Jussie highlights women's roles on both sides of the conflict, from the Reformed women who came to her convent in an attempt to convert the nuns to the Catholic women who ransacked the shop of a Reformed apothecary. Above all, she stresses the Poor Clares' faithfulness and the good men and women who came to them in their time of need, ending her story with the nuns' arduous journey by foot from Reformed Geneva to Catholic Annecy. First published in French in 1611, Jussie's Short Chronicle is translated here for an English-speaking audience for the first time, providing a fresh perspective on struggles for religious and political power in

sixteenth-century Geneva and a rare glimpse at early modern monastic life.

The Impossible - Georges Bataille 1991-12

In a philosophical erotic narrative, an essay on poetry, and in poems Georges Bataille pursues his guiding concept, the impossible. The narrator engages in a journey, one reminiscent of the Grail quest; failing, he experiences truth. He describes a movement toward a disappearing object, the same elusive object that moved Theresa of Avila and Catherine of Siena to ecstasy.

Sunshine Muse; Contemporary Art on the West Coast - Peter Plagens 1974

The Case for Women in Medieval Culture - Alcuin Blamires 1998-08-27
Misogyny is of course not the whole story of medieval discourse on women: medieval culture also envisaged a case for women. But hitherto studies of profeminine attitudes in that

periods culture have tended to concentrate on courtly literature or on female visionary writings or on attempts to transcend misogyny by major authors such as Christine de Pizan and Chaucer. This book sets out to demonstrate something different: that there existed from early in the Middle Ages a corpus of substantial traditions in defence of women, on which the more familiar authors drew, and that this corpus itself consolidated strands of profeminine thought that had been present as far back as the patristic literature of the fourth century. The Case for Women surveys extant writings formally defending women in the Middle Ages; breaks new ground by identifying a source for profeminine argument in biblical apocrypha; offers a series of explorations of the background and circulation of central arguments on behalf of women; and seeks to situate relevant texts by Christine de Pizan, Chaucer,

Abelard, and Hrotsvitha in relation to these arguments. Topics covered range from the privileges of women, and pro-Eve polemic, to the social and moral strengths attributed to women, and to the powerful models frequently disruptive of patriarchal complacency presented by Old and New Testament women. The contribution made by these emphases (which are not to be confused with feminism in a modern sense) to medieval constructions of gender is throughout critically assessed, and the book concludes by asking how far defenders were controlled by, or able to query, assumptions about what was natural (and therefore imagined inflexible) in gender theory.

Heresy and Obedience in Tridentine Italy - Dermot Fenlon 1972

Reginald Pole was one of the most complex figures in sixteenth-century history. The only Englishman to follow a career at the Roman Curia in the crucial decades of the Reformation, the victim successively of the Tudor Reformation and the Roman Inquisition, his life was marked by misunderstanding, failure and tragedy. This book is a study of his career in Italy, his involvement in the Council of Trent and his share in the vain attempt to obtain reunification with the Protestants. Dr Fenlon discusses in great detail

Pole's attitudes towards the doctrine of the Protestant reformers, its influence within Italy and the development of his group of 'spirituals' at Viterbo. But this is not simply a biography of Pole nor an analysis of his influence. Rather it is an examination of the crisis the Catholic Church and its adherents faced in the Reformation, the conflict exemplified in Pole's personal experience and that of the groups among which he moved, between obedience to the established ecclesiastical order and sympathy with Luther's tenets. The crisis and its resolution reflect the genesis of the Reformation and the Catholic Counter Reformation which resulted in the final confessional divisions of Christian Europe.

Twelve Years A Slave, Illustrated Edition - Solomon Northup 2014-04-08
Kidnapped and sold into slavery in

the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in

the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.
