7 upwards with a focus on scientific vocabulary, drawing and analysing graphs, and GCSE 9-1 command words. Cheaper than photocopying, the lab book can be used flexibly with any scheme of learning. Each practical activity:* Explains the purpose of the practical and relates it to the science* Develops core skills including maths skills* States common mistakes and how to avoid them* Supports pupils to record and evaluate results* Checks understanding with key questions* Develops scientific reasoning with spot the mistake questions* Encourages pupils to apply their skills to unfamiliar scientific contexts* Helps pupils to evaluate their learning with self-reflection sections

Mr Bruff's Guide to GCSE English Language - Andrew Bruff 2017-03-03

In 2011, I began creating online tutorial videos on Youtube, with a vision to share my GCSE expertise in English language and literature. As I write, these videos have been viewed over 10 million times across 214 different nations. My GCSE English Youtube channel has over 60,000 subscribers. To accompany these videos, I have published over 20 revision guide eBooks-one of which you are currently looking at! My guide to the previous GCSEs in English language and literature sat at the top of the Amazon bestseller's list for over 45 weeks and achieved huge acclaim; this book aims to build on those strengths.In this ebook, you'll receive detailed guidance on every question in the AQA GCSE English Language exams. Please note that this ebook is not endorsed by or affiliated to any exam boards; I am simply an experienced teacher using my expertise to help students. However, if you read some of the 100+ reviews for this guide, you will see that it has already helped students, teachers and parents across the UK.As an extra bonus, this ebook contains links to five special video tutorials which are only available to those who purchase this guide. These links appear later in the text. I hope you enjoy the ebook. You should also purchase the accompanying eBook which covers the English Literature exams.

The Bribery Syndrome: How Multinational Corporations Collude with Dictators to Raid Africa's Natural Resources - Joe Khamisi 2019-12-12

A shocking narration of how global multinationals make billions of dollars in profits by bribing corrupt African dictators and public officials to secure lucrative contracts in some of the most critical economic sectors in Africa. Dozens of foreign company executives have been jailed and/or fined heavily for violating the US Foreign Corrupt Practices Act and the UK Bribery Act. The book focuses on 28 corrupt leaders in sub-Saharan Africa who cozy up with company executives of some of the largest corporations in the world. Both the officials and the global conglomerates make huge amounts of money using kickbacks, bribery, and corruption while millions of Africans languish in poverty. The Bribery Syndrome is a compelling read.

AQA GCSE 9-1 Foundation: Combined Science Trilogy and Entry Level Certificate Workbook - 2019-03

Help students prepare for Entry Level Certificate Science with our supportive and affordable write-in workbook. All six components are covered in specification order with clearly written questions to test students' knowledge and understanding. Should I? - Florence Bett 2021-12-09

This is you: you are young and hungry. You are in your 20s or 30s. You are working hard, growing a decent career in your job or business. Making your own money. It's all good. Thing is, you are expected to already know what to do with this money. Granted you know how to spend it buying things - hell, everybody does - but you don't know how to budget, save or invest it. Should I? responds to these lingering questions about your personal finances. Questions such as, 'What should I know before joining a Sacco?' 'Should a rookie like me put money in shares?' 'Why am I so insecure when I don't have enough money?' 'How am I always broke before my next payday?' 'Should I borrow money from my woman?' Bett is a certified accountant, a small business owner and a former financial auditor. She is also a personal finance columnist with Daily Nation newspaper. Bett has drawn

from her personal experiences and from engagements with her readers, to respond to your questions about how to make money and manage it smarter.

Summer Start for A-Level Chemistry - Primrose Kitten 2017-06-11

There is a BIG jump between GCSE and A-Level. Lots of students find this a massive shock and sometimes find themselves sitting in class lost, not following what the teacher is saying or wishing they had chosen a different subject. This book is designed to help you get started on some of the new content and take your GCSE knowledge to a higher level. Because if you managed to get through GCSE not understanding a topic or skipping over some bits you may find you need the extra help. I'm constantly telling you the best way to learn is by practicing questions, so I've made you a book full of practice questions. 135 multiple choice questions to reflect the style of exam questions, 60 equations for you to balance (in 3 different formats), 65 compounds for you to work out the formula for and a lots of things that you need to recall for A-Level. This book is not designed as a text book or revision guide, but as a workbook. There are lots of good (and bad) expensive and free revision guides out there, on my YouTube channel and other great websites. So there is no point in me adding to the masses. Taking some GCSE topics, a bit further and introducing some new topics for A-Level. This is not a complete list of all the GCSE topics that also come up at A-Level; just enough to keep you (Very) busy over the summer and give you an advantage when you start year 12. All the teaching, all the new content, is available for free on my YouTube channel, this book is for you to practice and learn. The best way to approach this is to watch the teaching video, or after class try a section and check the answers. Topics covered are... (you may feel confident in some of these topics, but are you A-Level confident?!?!?) Atomic Structure Properties of ionic compounds Covalent bonding Reference table of common ions formulae Formula of Ionic Compounds Oxidation Numbers Balancing Equations 1 Balancing Equations 2 Turning experiments in to balanced symbol equations Organic Chemistry Keywords Naming alkanes Naming Alkenes Skeletal formula Answers

AQA GCSE 9-1 Biology for Combined Science - Collins Gcse 2018-03-28
