Ebook: Fundamentals of Corporate Finance, Middle East Edition  
*Financial & Managerial Accounting* - Carl S. Warren 2016-09-14  
Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters

Small Business Accounting - Andy Lymer 2015-08-27

Is this the right book for me? A jargon-free guide for the small business owner or manager Small Business Accounting is a jargon-free joy for the small business owner or manager, providing practical examples of real businesses to show the reader, step by step, how to record each transaction. This book does not assume that you know anything at all about business records and accounts and gives a system for real businesses to be operated by real business people who want a simple, easy and, above all, quick system of book keeping. Forget about debits and credits, journal entries, ledgers and day books. If you can read a bank statement this book will teach you how to prepare accounts, make cashflow forecasts and prepare a budget. And when you do need to use an accountant, it tells you how best to find a reliable one. Small Business Accounting includes: Chapter 1: Introduction Chapter 2: Your bank account Chapter 3: A simple cashbook Chapter 4: Analysis columns Chapter 5: Payments - filing Chapter 6: Payments - cheque-book Chapter 7: Payments - cashbook

Chapter 8: Non-allowable expenses Chapter 9: Purchase of equipment Chapter 10: Credit cards Chapter 11: Petty cash Chapter 12: Receipts - filing Chapter 13: Receipts - paying-in book Chapter 14: Receipts - cashbook Chapter 15: Capital introduced Chapter 16: End of month procedures Chapter 17: VAT Chapter 18: Wages Chapter 19: End of year totals Chapter 20: Adjustments for payments Chapter 21: Adjustments to receipts Chapter 22: Transfer to tax return Chapter 23: Trial balance Chapter 24: Final accounts Chapter 25: Budgeting and cash-flow forecasting Chapter 26: Costing and pricing Chapter 27: Computerization

**EBOOK: Understanding Business, Global Edition** - William Nickels 2012-05-16

Understanding Business Global Edition by Nickels, McHugh, and McHugh has been the number one textbook in the introduction to business market for several editions for three reasons: (1) The commitment and dedication of an author team that teaches this course and believes in the importance and power of this learning experience, (2) we listen to our customers, and (3) the quality of our supplements package. We consistently look to the experts - full-time faculty members, adjunct instructors, and of course students - to drive the decisions we make about the text itself and the ancillary package. Through focus groups, symposia, as well as extensive reviewing of both text and key ancillaries, we have heard the stories of more than 600 professors and their insights and experiences are evident on every page of the revision and in every supplement. As teachers of the course and users of their own materials, the author team is dedicated to the principles of excellence in business education. From providing the richest most current topical coverage to using dynamic pedagogy that puts students in touch with today's real business issues, to creating groundbreaking and market-defining ancillary items for professors and students alike, Understanding Business leads the way.

**EBOOK: Basic Marketing** - William Perreault 2013-04-16

Built on a strong foundation, Basic Marketing 18e with ConnectPlus and LearnSmart provides an integrated teaching and learning solution for presenting the four Ps framework and managerial orientation with a strategy planning focus. The Perreault franchise was the pioneer of the "four Ps" in the introductory marketing course. The unifying focus of Basic Marketing has always been on how to make marketing decisions in deciding what customers to focus on and how best to meet their needs. Consistent with our belief in continuous quality improvement, this edition has been critically revised, updated, and rewritten to reflect new concepts, new examples, recent

“best practices,” and to tightly integrate the best digital tools in the industry for ensuring that students are prepared to engage in classroom lectures and pursue future business and marketing careers.

**An Introduction to Business Accounting for Managers** - W. C. F. Hartley 2014-05-19

An Introduction to Business Accounting for Managers, Third Edition reviews developments in the business accounting arena, including the crystallization of accounting thought on how to deal with escalating rates of inflation, culminating in the proposals for Current Cost Accounting; the acute cash crisis, itself an offshoot of inflation, faced by many companies in the mid-1970s leading to a greater need for awareness and control of cash flow; the specter of several major company collapses and scandals leading to a growing demand for accounting standards; and the growing use of value added within accounting and reporting systems. This book is comprised of 17 chapters and begins with a discussion on the use and abuse of accounting, with emphasis on financial accounting and cost accounting, management's use of accounting, and the reliability of accounting service. The reader is then introduced to the principles of bookkeeping, marginal costing, and corporate taxation; accounting concepts and accounting standards; preparation of balance sheet and ascertainment of a company's profit or loss and financial position; and annual accounts of a limited company. A comparison of profit and cash flow is also presented, and the use of accounting as an aid to management planning and control is explained. This monograph will be a valuable resource for accountants and business and financial managers.

**Ebook: Fundamentals of Corporate Finance** - Brealey; Myers; 2016-04-16

Ebook: Fundamentals of Corporate Finance

**From Innovation to Cash Flows** - Constance Lütolf-Carroll 2009-07-01

Praise for From Innovation to Cash Flows "Critically important topics for all entrepreneurs, new and experienced. Collaboration, intellectual property, and funding are described with depth and thoughtfulness. From Innovation to Cash Flows provides both the theoretical structure and the rich examples to serve as a great reference. Not to be missed!" —Cheryl A. Fragiadakis, Head of Technology Transfer and Intellectual Property Management, Lawrence Berkeley National Laboratory "From Innovation to Cash Flows is a unique book that covers many of the essentials to be successful as a biotechnology or high-tech entrepreneur. The combination of theory and practical examples adds direct business value. This comprehensive work will prevent any starting venture from making costly mistakes." —Jeroen Nieuwenhuis, PhD, MBA, Corporate Entrepreneur, Magnotech Venture, Philips Healthcare Incubator "Truly exhaustive in its coverage of all the different aspects of managing high-technology innovations, this book constitutes an invaluable resource for technology entrepreneurs." —Juhana Rauramo, Partner, Bio Fund Management Ltd. "From Innovation to Cash Flows is a wellspring of insights and inspiration for anyone with a desire to start up a

high-tech venture. The reader is guided step by step through the twists and turns of strategy, contract law, intellectual property rights management, and strategic partnering. A global team of experts from law, science, and business collaborated to write this book; their pooled know-how and collective experiences shine through. The result is highly recommended. Every aspiring entrepreneur with a scientific bent will want to own this book for his or her own library." —Laura Cha, Deputy Chairman, The Hongkong and Shanghai Banking Corporation Ltd. "Alliances often are a vital component of successful high-tech ventures. Through its unique blend of sound management theory and wise business and legal advice, this book shows high-tech entrepreneurs how to build innovative business models based on strategic collaboration with other firms." —Xavier Mendoza, Deputy Director General, ESADE, Ramon Llull University, and former Dean, ESADE Business School, Spain "This book is distinctive because it tells you how to turn your idea into a profitable business—a combination of savvy business advice and extensive legal documents that is original. This is a book to be read, and then revisited. You will want to come back to it time and again for references, for sample documents, and for sage advice on how to take the next step." —From the Foreword by Henry Chesbrough, Adjunct Professor and Executive Director, Center for Open Innovation, Haas School of Business, UC Berkeley, and Karl S. Pister, Dean and Roy W. Carlson Professor of Engineering Emeritus, UC Berkeley

**Ebook: Advanced Accounting** - Joe Ben Hoyle 2014-10-16

The approach used by Hoyle, Schaefer, and Douppnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.

Intermediate Accounting: Reporting and Analysis - James M.  
Wahlen 2015-02-04

Wahlen/Jones/Pagach's INTERMEDIATE ACCOUNTING, 2E  
addresses student confidence in the Intermediate Accounting  
course like no other product on the market. The second edition  
includes resources that help students understand the rigor and  
time requirements of the Intermediate course before that first  
exam, while additional resources such as in-text Got it? quick  
checks keep students on track, building confidence with detailed

remediation and thorough explanations that build a pathway to  
success. All of this is accomplished without sacrificing the book's  
approachable writing style that uses recognizable, familiar  
companies such as an ongoing Starbucks case, and examples  
from familiar companies, such as Coca Cola, Louis Vuitton, and  
Nestle. This edition presents the latest information on the new  
Revenue Recognition Standards. After carefully considering the  
most effective methods for covering this topic, the authors have  
incorporated updates throughout the book with special spotlight  
coverage in Chapter 17. Important Notice: Media content  
referenced within the product description or the product text may  
not be available in the ebook version.
