State.

Postcards from Vermont - Allen Freeman
Davis 2002

Studies in Vermont Dairy Farming -
Ellsworth W. Bell 1929

A vivid picture of four decades of social and
cultural history in the Green Mountain

Cows - David Lorenz Winston 1993-04-01

The Life of Cheese - Heather Paxson
2012-12-10

Cheese is alive, and alive with meaning. Heather Paxson's beautifully written anthropological study of American artisanal cheesemaking tells the story of how craftwork has become a new source of cultural and economic value for producers as well as consumers. Dairy farmers and artisans inhabit a world in which their colleagues and collaborators are a wild cast of characters, including plants, animals, microorganisms, family members, employees, and customers. As "unfinished" commodities, living products whose qualities are not fully settled, handmade cheeses embody a mix of new and old ideas about taste and value. By exploring the life of cheese, Paxson helps rethink the politics of food, land, and labor today.

Boys' Life - 1992-07

Boys' Life is the official youth magazine for

the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

Vermont Magazine - 1994

Proverbium - 1993

Yearbook of international proverb scholarship.

Quaternary Alluvium - Ken Gilland
2002-05-13

Most folks have one big lie that they let themselves believe. Adam Walker believed that all his problems would be over if he could just become a paleontologist. So when he was accepted into graduate school at Sunshine State University in Senova, Florida, he was ecstatic. People should be careful what they wish for. Adam found himself marooned in a pink-and-green wonderland of strange professors, campus jocks, and five-leaf clovers. Fortunately, his

fellow students: Frank, Tom, Jessica, Cathy, and Susan, were there to help him understand life in a theme park university. Life can be pretty stressful when you're walking in quaternary alluvium.

Breeds of Dairy Cattle - Patrick Beveridge Kennedy 1899

Miscellaneous Publication - 1998

The Vermont-Quebec Border - Matthew Farfan 2009

The Vermont-Quebec Border: Life on the Line is a visual record of life in the villages, towns, and countryside in this unique and special part of the world. In recent years, issues relating to the border have been thrust to the forefront as never before. This is due not only to growing security concerns but also to an increasing scrutiny in the media of border issues and of how heightened security is impacting life in

communities all along the border. The border has played an important role in the history and everyday lives of the people living along its length, both in Vermont and Quebec, and it will undoubtedly continue to shape these communities in the years to come.

Herd Register of the American Jersey Cattle Club - 1875

Post Cards from Montana - Farcountry Press 2007-05

Enjoy these historic scenes of Montana in the early twentieth century, from Glacier National Park to cowboys riding the eastern prairies to historic downtown images. 23 cards, reproduced from vintage postcards from the early 1900s. Enjoy as a book, or remove cards along the perforation and mail!

Obi, Gerbil on the Loose - Michael Delaney 2008-06-12

Obi the Gerbil is home alone! Obi's owner is on vacation, and the neighbor feeding the pets has forgotten all about the gerbil tucked away in her cage. Obi loves her cozy home, but without food and water she must escape to survive. So, taking on the courage of her namesake (Star Wars Jedi knight Obi-Wan), she breaks out and meets her fellow pets?cats up to no good, a maniacal tarantula, an insecure snake, a grumpy mouse, and a crotchety dog. Obi finds danger, but also makes new friends as she embarks on her great adventure. This hilarious novel about perseverance and pluck is enhanced with funny cartoon illustrations.

Raphael Tuck U. S. Postcard List - J. D. Weeks 2009-02-24

This publication contains a numerical listing of Raphael Tuck & Sons postcards for the United States, Canada, Mexico, Caribbean, and the early U.S. territories.

The Story of Rose - Jon Katz 2012-08-06
From the acclaimed author of *A Good Dog*, *Dog Days*, and *Going Home* comes this eBook original—a poignant memoir that celebrates Jon Katz's beloved border collie, Rose, and their transformative years together on Bedlam Farm. "I like to say you get the dog you need," Jon Katz writes, "and I don't think any human ever needed a dog more than I needed Rose in the fall of 2003." That year, Katz embarked on a quixotic quest, moving from the suburbs of New Jersey to a sprawling farm in upstate New York to pursue his dream of becoming a writer. And by his side was Rose, his unswervingly loyal and unflappable new dog. Whether herding sheep on the rolling hillsides, rounding up the neighbors' stray cows, or rescuing lambs on a freezing winter night, Rose had a nimble mind and a great love for work. Never wanting to be coddled, she watched over Bedlam Farm

with singular focus and efficiency, protecting Katz and his menagerie from wild coyotes and menacing storms. Yet Rose saved Katz in more ways than he ever imagined. As he struggled to manage the farm's daily dramas—and continued to seek his true sense of purpose—Rose connected him to his deeper humanity and a more authentic life. With warmth, insight, and emotional honesty, Jon Katz has written a joyful remembrance of a one-of-a-kind dog. The Story of Rose reaffirms the profound bond people share with their pets, and the ways that animals indelibly shape our lives. “Jon Katz understands dogs as few others do, intuitively and unburdened by sentimentality. . . . With wisdom and grace, he unlocks the canine soul and the complicated wonders that lie within and offers powerful insights.”—John Grogan, author of *Marley & Me* Includes moving excerpts from *Going Home*, and from Jon

Katz's upcoming short-story collection, *Dancing Dogs*.

Backroads & Byways of Vermont (First Edition) (Backroads & Byways) -

Christina Tree 2018-05-15

An all new guide to the scenic routes of Vermont Vermont is bigger than it looks. This may be one of the country's smallest states but the more you drive here, the more beauty you uncover. While drives do include popular resort towns, the focus is on getting away from tourist hubs. This brand- new first edition suggests drives through covered bridges to high roads with unexpected vistas, to waterfalls and swimming holes, to crafts studios and farms selling their own eggs or cheese or even prize- winning beer. See the Green Mountains with peaks rising more than 4,000 feet in places, or take in the orchard-patched hillsides and riverbanks spread along the floor of the Lake Champlain

Valley. With clear, curated, field- tested navigation, easy- to- read maps, beautiful photography, and recommendations for lodging, dining, and more, this guide will help you make the most of every mile of your journey in Vermont.

A Time to Act - USDA National Commission on Small Farms 1998
Report of the USDA National Commission on Small Farms discussing policy goals for a national strategy for small farms and specific recommendations for USDA action.
Highland Cow Postcard Book - Graeme Wallace 2009-03-01

The Town That Food Saved - Ben Hewitt
2010-03-16

Over the past few years, Hardwick, Vermont, a typical hardscrabble farming community of 3,000 residents, has jump-started its economy and redefined its self-image through a local, self-sustaining food

system unlike anything else in America. Even as the recent financial downturn threatens to cripple small businesses and privately owned farms, a stunning number of food-based businesses have grown in the region. The Town That Food Saved is rich with appealing, colorful characters, from the optimistic upstarts creating a new agricultural model to the long-established farmers wary of the rapid change in the region. Hewitt, a journalist and Vermonter, delves deeply into the repercussions of this groundbreaking approach to growing food, both its astounding successes and potential limitations. The captivating story of an unassuming community and its extraordinary determination to build a vibrant local food system, The Town That Food Saved is grounded in ideas that will revolutionize the way we eat and, quite possibly, the way we live.

Beautiful Cows Postcard Book - Ivy Press

2010-06-15

From the stately Texas Longhorn to the pint-sized Dexter, the world's most striking and unusual cow breeds are featured across this collection of 30 postcards. The models has been styled to perfection to showcase each breed's distinctive features. The postcards are perforated at the spine so that you can detach and send your favourites, or you can keep them and create a miniature art gallery for your desk or mantelpiece.

At Balthazar - Reggie Nadelson 2023-05-30 "Explore the iconic and beloved restaurant Balthazar, celebrating its twentieth anniversary in April 2017, in this lovingly crafted, behind-the-scenes look at the legendary New York institution. MK Fisher Award finalist Reggie Nadelson was granted unrestricted access to owner and brilliant restaurateur Keith McNally, the restaurant, the kitchens, the present and

past staff, the restaurant's archives, and more. She follows the twenty-four-hour cycle of the SoHo hotspot itself and explores the history of both French brasseries and downtown Manhattan, weaving together a savory tale of design, economics, celebrity, and of course delicious food. Featuring stunning color photographs and ten new recipes from Balthazar head chef Shane McBride and chief baker Paula Oland, this beautiful book celebrates the rich history and continued success of this renowned restaurant."-- Publisher's description.

Cattle - 1973

Vermont History - 1997

Barre - Doreen Chambers and Brooke Lorentzen 2014

In 1788, the first settlers were drawn to the region of central Vermont now known as

Barre by the area s 19,900 acres of rolling hills and valleys and its granite, water, forest, and fertile soil. The industrial growth of Barre depended on these resources. The Stevens Branch stream gave life to a number of mills, manufacturing companies, and granite-polishing works. Joshua Thwing built the first grain mill, and William Moorcroft started the first woolen mill to manufacture white flannel. The granite business began developing in 1812 and grew to be the chief industry in town, bringing immigrants from around the world to work in the quarries and sheds. One such settler was William Foster Milne, who arrived in 1907 and went on to organize the first Boy Scout troop in America. Today, visitors come from all over the world to visit the Rock of Ages Visitors Center and quarry tour, Hope Cemetery, the Barre Opera House, Thunder Road SpeedBowl, and the Vermont Granite Museum."

Early Cut Artificially Dried Hays For Diary Cows - Vermont Agricultural Experiment Station 1939

The Field Guide to Cattle - Valerie Porter 2008

"Features over 60 detailed breed profiles; covers physical characteristics, behavior & breeding; contains a handy glossary and resource section."-- Cover, p.1.

The Food and Drink Police - James T. Bennett

The Food and Drink Police is a thoroughgoing examination and critique of the efforts of government agencies and private organizations to regulate the dietary habits and choices of private citizens. General readers, nutritionists and scientists in general, doctors, and government policymakers will find this indispensable reading

A Year's Record of the Three Vermont Cow

Testing Associations - Joseph L. Hills 1910

The Secret Life of Cows - Rosamund Young
2018-06-12

"Within a day of receiving this book, I had consumed it... Absorbing, moving, and compulsively readable."—Lydia Davis In this affectionate, heart-warming chronicle, Rosamund Young distills a lifetime of organic farming wisdom, describing the surprising personalities of her cows and other animals At her famous Kite's Nest Farm in Worcestershire, England, the cows (as well as sheep, hens, and pigs) all roam free. They make their own choices about rearing, grazing, and housing. Left to be themselves, the cows exhibit temperaments and interests as diverse as our own. "Fat Hat" prefers men to women; "Chippy Minton" refuses to sleep with muddy legs and always reports to the barn for grooming before bed; "Jake" has a thing for

sniffing the carbon monoxide fumes of the Land Rover exhaust pipe; and "Gemima" greets all humans with an angry shake of the head and is fiercely independent. An organic farmer for decades, Young has an unaffected and homely voice. Her prose brims with genuine devotion to the wellbeing of animals. Most of us never apprehend the various inner lives animals possess, least of all those that we might eat. But Young has spent countless hours observing how these creatures love, play games, and form life-long friendships. She imparts hard-won wisdom about the both moral and real-world benefits of organic farming. (If preserving the dignity of animals isn't a good enough reason for you, consider how badly factory farming stunts the growth of animals, producing unhealthy and tasteless food.) This gorgeously-illustrated book, which includes an original introduction by the legendary British

playwright Alan Bennett, is the summation of a life's work, and a delightful and moving tribute to the deep richness of animal sentience.

Vermont Farm Business - University of Vermont. Extension Service 1935

Nature Next Door - Ellen Stroud
2012-12-15

The once denuded northeastern United States is now a region of trees. Nature Next Door argues that the growth of cities, the construction of parks, the transformation of farming, the boom in tourism, and changes in the timber industry have together brought about a return of northeastern forests. Although historians and historical actors alike have seen urban and rural areas as distinct, they are in fact intertwined, and the dichotomies of farm and forest, agriculture and industry, and nature and culture break down when the

focus is on the history of Northeastern woods. Cities, trees, mills, rivers, houses, and farms are all part of a single transformed regional landscape. In an examination of the cities and forests of the northeastern United States-with particular attention to the woods of Maine, New Hampshire, Pennsylvania, and Vermont- Ellen Stroud shows how urbanization processes there fostered a period of recovery for forests, with cities not merely consumers of nature but creators as well. Interactions between city and hinterland in the twentieth century Northeast created a new wildness of metropolitan nature: a reforested landscape intricately entangled with the region's cities and towns. *What Was Mine* - Ann Beattie 2011-03-23 A collection of short fiction, twelve works in all, including two never-before-published novellas. Here are disconnected marriages and uneasy reunions, nostalgic

reminiscences and sudden epiphanies--a remarkable and moving collage of contemporary lives.

Imagined Places - Michael Pearson
2000-10-01

Michael Pearson writes about his travels to places of literary import: Frost's Vermont, Faulkner's Mississippi, Flannery O'Connor's Georgia, Hemingway's Key West, Steinbeck's California, and Twain's Missouri.

Postcards - Annie Proulx 1996-10

The story of a well-meaning fugitive-at-large provides a glimpse of America's past as it follows Loyal Blood from his home in Vermont, where he mistakenly commits a heinous crime, to the coast of California

New England State Politics - Duane Lockard 2015-12-08

A down-to-earth and fact-filled discussion of New England state politics based on seven years of research and over 1,000

interviews. Originally published in 1959. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Cows of Vermont - Lynn Stone 2004-10
A merry look at the cows and dairy farms of Vermont.

Milk-- Beyond the Dairy - Harlan Walker 2000

The subject this year revolves around milk and milk products, their uses in food and cookery through the ages and, as

important, their substitutes. This broad definition gives rise to a very wide range of essays and studies. including: The hierarchy of milk in the Renaissance and

Marsilio Ficino on the rewards of old age.
