**Seve** - Alistair Tait 2012-05-31

Seve is the most extrovert player Europe has ever produced. Playboy good looks along with a magnetism that attracted non-golfers to the game made him the biggest drawing card Europe has ever had. He emerged on the world scene with typical élan, hitting one of the most outrageous shots ever seen at the 1976 Open Championship. Three years later he became the youngest Open Champion of the modern era when he won the first of his five major championships. Ballesteros started Europe's domination of the Majors throughout the 80s and 90s, paving the way for Nick Faldo, Bernhard Langer, Ian Woosnam, Sandy Lyle and Jose Maria Olazabal. His play in the Ryder Cup, fuelled by an intense dislike for Americans, helped restore Europe's pride in the event. Driven by Basque pride and with a fiery Latin temperament, Seve has often let his heart rule his head. Seve is the remarkable story of one of the game's most fascinating characters.

Robert Trent Jones Golf Trail - Mark Fagan 2016-03-01

The Robert Trent Jones Golf Trail tells how a bold, imaginative investment by a public employee pension fund turned into a world-class tourist attraction that helped change the image and boost the economy of an entire state. The pension fund was the Retirement Systems of Alabama, and its alternative investment was in a string of golf courses and affiliated high-end hotels and spas. In business-speak, this was an "economically targeted investment" designed to diversify returns, create jobs, and increase tax revenue. Twenty-five years later, the Robert Trent Jones Golf Trail is known worldwide for the quality and beauty of its courses and the hospitality and elegance of its resorts. It has significantly increased Alabama's infrastructure for tourism and conventions, provided millions upon millions in new tax revenues, spurred construction of thousands of units of adjacent housing, and helped persuade other businesses to locate in the state. Making the Golf Trail a reality involved not only the initial vision of CEO David G. Bronner and his associates at RSA, but also the design genius and reputation of Robert Trent Jones Sr. and the hard work of many dedicated engineers and builders. It also required the cooperation of scores of local and state elected officials and economic developers. This book is the illustrated historical account of the financial, legal, political, and economic impact details of RSA's investment in the RTJ Golf Trail. Such a detailed history could not have been written without the years of economic analysis conducted by author Mark Fagan dating back to the

earliest stages of the concept. Fagan's ongoing involvement with Dr. Bronner and those working to develop the Trail made possible the mammoth one-of-a-kind history that is presented in this book.

**Great Again** - Donald J. Trump 2015-11-03

In this book (previously published as Crippled America), we're going to look at the state of the world right now. It's a terrible mess, and that's putting it mildly. There has never been a more dangerous time. The politicians and special interests in Washington, DC are directly responsible for the mess we are in. So why should we continue listening to them? It's time to bring America back to its rightful owners—the American people. I'm not going to play the same game politicians have been playing for decades—all talk, no action, while special interests and lobbyists dictate our laws. I am shaking up the establishment on both sides of the political aisle because I can't be bought. I want to bring America back, to make it great and prosperous again, and to be sure we are respected by our allies and feared by our adversaries. It's time for action. Americans are fed up with politics as usual. And they should be! In this book, I outline my vision to make America great again, including: how to fix our failing economy; how to reform health care so it is more efficient, cost-effective, and doesn't alienate both doctors and patients; how to rebuild our military and start winning wars—instead of watching our enemies take over—while keeping our promises to our great veterans; how to ensure that our education system offers the resources that allow our students to compete internationally, so tomorrow's jobseekers have the tools they need to succeed; and how to immediately bring jobs back to America by closing our doors to illegal immigrants, and pressuring businesses to produce their goods at home. This book is my blueprint for how to Make America Great Again. It's not hard. We just need someone with the courage to say what needs to be said.

**Possibly the Best Golf Vacation Ever** - James C. Coomer 2006-03

Traveling with one's wife can be enjoyable. Traveling with one's wife who is a non-golfer on a golfing vacation can be an adventure. Traveling with a non-golfing wife on a golf vacation to Scotland in an experiment. For the golfer, the needs are simple: golf clubs, golf balls, and a change of clothes. For a non-golfing spouse, every potentiality must be anticipated so that appearance and attire is always appropriate. For the golfer, food and accommodations are utilitarian. For the non-golfing wife, where one eats and where one stays determines what one wears. For the golfer, the elements are to be endured. For the non-golfer, they are to be avoided. For the golfer, travel between golf courses should be the shortest possible route. To the non-golfing wife, the route should be the most scenic with serendipitous stops along the way for sightseeing.

*A History of Golf in Georgia* - John Companiotte 2016

Golf first came to Georgia in the late eighteenth century when a group of avid golfers banded together to form a club in Savannah. By the end of the nineteenth century, when the game had become popular, the state developed courses from border to border. More than four hundred courses now dot the landscape of the Peach State. Georgia native and golfing icon Bobby Jones won four of golf's most coveted titles in 1930: the British Amateur, British Open, U.S. Open and U.S. Amateur. For one hundred years, the state has produced champion golfers at every level, hosted amateur and professional championships and provided support for the global sport. Author John Companiotte offers the compelling story of golf's rise and prosperity in Georgia.

International Sport - Richard William Cox 2004

There has been an explosion in the quantity of sports history literature published in recent years, making it increasingly difficult to keep abreast of developments. The annual number of publications has increased from around 250 to 1,000 a year over the last decade. This is due in part to the fact that during the late 1980s and 90s, many clubs, leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements. It is also the result of the growing popularity and realisation of the importance of sport history research within academe. This international bibliography of books, articles, conference proceedings and essays in the English language is a one-stop for the sports historian to know what is new.

**RUDYARD KIPLING PREMIUM COLLECTION: His Greatest Works in One Volume (Illustrated): The Jungle Book, The Man Who Would Be King, Just So Stories, Kim, The Light That Failed, Captain Courageous, Plain Tales from the Hills** - Rudyard Kipling 2015-08-27

This carefully crafted ebook: "RUDYARD KIPLING PREMIUM COLLECTION: His Greatest Works in One Volume (Illustrated)" is formatted for your eReader with a functional and detailed table of contents. "The Jungle Book" is a collection of stories and fables, using animals in an anthropomorphic manner to give moral lessons. The verses of The Law of the Jungle, for example, lay down rules for the safety of individuals, families and communities. The best-known of them are the three stories revolving around the adventures of an abandoned "man cub" Mowgli who is raised by wolves in the Indian jungle. The most famous of the other four stories are probably Rikki-Tikki-Tavi and Toomai of the Elephants. "The Second Jungle Book" is a sequel which features five stories about Mowgli and three unrelated stories, all but one set in India, most of which Kipling wrote while living in Vermont. "The Man Who Would Be King" is a novella about two British adventurers in British India who become kings of Kafiristan, a remote part of Afghanistan. The story was inspired by the exploits of James Brooke, an Englishman who became the first White Rajah of Sarawak in Borneo. "Kim" is an adventure novel about the orphaned son of an Irish soldier and a poor Irish mother who have both died in poverty. Living a vagabond existence in India under British rule in the late 19th century, Kim earns his living by begging and running small errands on the streets of Lahore. "The Just So Stories" are a highly fantasized origin stories, especially for differences among animals, they are among Kipling's best known works. "The Light That Failed" "Captain Courageous" "Plain Tales from the Hills" Rudyard Kipling (1865-1936) was an English short-story writer, poet, and novelist. He wrote tales and poems of British soldiers in India and stories for children. He is regarded as a major innovator in the art of the short story; his children's books are classics of children's literature.
