**Ukraine Over the Edge** - Gordon M. Hahn 2018-01-25

The Ukrainian crisis that dominated headlines in fall 2013 was decades in the making. Two great schisms shaped events: one within Ukraine, its western and southeastern parts divided along cultural and political lines; the other was driven by geopolitical factors. Competition between Russia and the West exacerbated Ukraine's

divisions. This study focuses on the historical background and complex causality of the crisis, from the rise of mass demonstrations on Kiev's Maidan Nezalezhnosti (Independence Square) to the making of the post-revolt regime. In the context of a "new cold war," the author sheds light on the role of radical Ukrainian nationalists and neofascists in the February 2014 snipers' massacre, the ouster of President Viktor Yanukovich, and Russia's seizure of Crimea and involvement in the civil war in the eastern region of Donbass.

The BRICS and the Future of Global Order - Oliver Stuenkel 2020-02-03

The transformation of the BRIC acronym from an investment term into a household name of international politics and into a semi-institutionalized political outfit (called BRICS, with a capital 'S'), is one of the defining developments in international politics in the past decades. While the concept is now commonly used in the general public debate and international media, there has not yet been a comprehensive and scholarly analysis of the history of the BRICS term. The BRICS and the Future of Global Order, Second Edition offers a definitive reference history of the BRICS as a term and as an institution—a chronological narrative and analytical account of the BRICS concept from its

inception in 2001 to the political grouping it is today. In addition, it analyzes what the rise of powers like Brazil, Russia, India, China, and South Africa means for the future of global order. Will the BRICS countries seek to establish a parallel system with its own distinctive set of rules, institutions, and currencies of power, rejecting key tenets of liberal internationalism, or will they seek to embrace the rules and norms that define today's Western-led order?

CTET Success Master Paper 1 for Class 1 to 5 for 2021 Exams - Arihant Experts 2021-05-26

1. Success Master Study Guides focus in the preparation of CTET teaching Exam 2. This book deals with CTET Mathematics and Science Paper - I (Classes 1-5) 3. The Changing Role of the Interpreter - Marta Biagini 2017-05-25

This volume provides a critical examination of quality in the interpreting profession by deconstructing the complex relationship between professional norms and ethical considerations in a variety of sociocultural contexts. Over the past two decades the profession has compelled scholars and practitioners to take into account numerous factors concerning the provision and fulfilment of interpreting. Building on ideas that began to take shape during an international conference on interpreter-mediated interactions, commemorating Miriam Shlesinger, held in Rome in 2013, the book explores some of these issues by looking at the notion of quality through interpreters' self-awareness of norms at work across a variety of professional settings, contextualising norms and quality in relation to ethical behaviour in everyday practice. Contributions from top researchers in the field create a comprehensive picture of the dynamic role of the interpreter as it has evolved, with key topics revisited by the addition of new contributions from established scholars in the field, fostering discussion and further reflection on important issues in the field of interpreting. This volume will be key reading for scholars, researchers, and graduate students in interpreting and translation studies, pragmatics, discourse analysis, and multilingualism.

*China's Energy Security* - Giulia C Romano 2016-06-10  
A secure supply of energy is essential for all nations, to sustain their economy, and indeed their very survival. This subject is especially important in the case of China, as China's booming economy and consequent demand for energy is affecting the whole world, and in turn potentially driving realignments in international relations. Moreover, as this book argues, energy security should be considered more broadly, to include issues of sustainability, environmental protection and the domestic organisation of energy policy and energy supply. This book presents a comprehensive picture of

China's energy security. It covers all energy sectors - coal, oil, gas, renewables; international relations with all major sources of energy supply - the Middle East, Central Asia, Africa; and key areas of domestic policy making and supply.

**10 YEAR-WISE CTET Paper 1 Solved Papers (2011 - 2018) - English Edition** - Disha Experts

The languages covered in the tests are English (1st language) and Hindi (2nd language).

**Translating Evidence and Interpreting Testimony at a War Crimes Tribunal** - Ellen Elias-Bursac 2015-02-17

How can defendants be tried if they cannot understand the charges being raised against them? Can a witness testify if the judges and attorneys cannot understand what the witness is saying? Can a judge decide whether to convict or acquit if she or he cannot read the documentary evidence? The very viability of international criminal prosecution and adjudication hinges on the massive amounts of translation and interpreting that are required in order to run these lengthy, complex trials, and the procedures for handling the demands facing language services. This book explores the dynamic courtroom interactions in the International Criminal Tribunal for the Former Yugoslavia in which witnesses testify through an interpreter about translations, attorneys argue through an interpreter about translations and the interpreting, and judges adjudicate on the interpreted testimony and translated evidence.

*Finnish Yearbook of International Law* - Jarna Petman 2016-01-28

The Finnish Yearbook of International Law aspires to honour and strengthen the Finnish tradition in international legal scholarship. Open to contributions from all over the world and from all persuasions, the

Finnish Yearbook stands out as a forum for theoretically informed, high-quality publications on all aspects of public international law, including the international relations law of the European Union. The Finnish Yearbook publishes in-depth articles and shorter notes, commentaries on current developments, book reviews and relevant overviews of Finland's state practice. While firmly grounded in traditional legal scholarship, it is open for new approaches to international law and for work of an interdisciplinary nature. The Finnish Yearbook is published for the Finnish Society of International Law by Hart Publishing. Volumes prior to volume 19 may be obtained from Martinus Nijhoff, an imprint of Brill Publishers.

**Routledge Handbook of Chinese Media** - Gary D. Rawnsley 2015-04-24

The study of Chinese media is a field that is growing and evolving at an exponential rate. Not only are the Chinese media a fascinating subject for analysis in their own right, but they also offer scholars and students a window to observe multi-directional flows of information, culture and communications within the contexts of globalization and regionalization. Moreover, the study of Chinese media provides an invaluable opportunity to test and refine the variety of communications theories that researchers have used to describe, analyse, compare and contrast systems of communications. The Routledge Handbook of Chinese Media is a prestigious reference work providing an overview of the study of Chinese media. Gary and Ming-Yeh Rawnsley bring together an interdisciplinary perspective with contributions by an international team of renowned scholars on subjects such as television, journalism and the internet and social media. Locating Chinese media within a regional setting by focusing on 'Greater China', the People's Republic of China, Taiwan, Hong Kong, Macau and overseas Chinese communities; the chapters highlight the convergence of media and platforms in the region; and emphasise the multi-directional and trans-national character of

media/information flows in East Asia. Contributing to the growing de-westernization of media and communications studies; this handbook is an essential and comprehensive reference work for students of all levels and scholars in the fields of Chinese Studies and Media Studies.

*Confronting Cyberespionage Under International Law* - Oğuz Kaan Pehlivan 2018-09-03

We have witnessed a digital revolution that affects the dynamics of existing traditional social, economic, political and legal systems. This revolution has transformed espionage and its features, such as its purpose and targets, methods and means, and actors and incidents, which paves the way for the emergence of the term cyberespionage. This book seeks to address domestic and international legal tools appropriate to adopt in cases of cyberespionage incidents. Cyberespionage operations of state or non-state actors are a kind of cyber attack, which violates certain principles of international law but also constitute wrongful acquisition and misappropriation of the data. Therefore, from the use of force to state responsibility, international law offers a wide array of solutions; likewise, domestic regulations through either specialized laws or general principles stipulate civil and criminal remedies against cyberespionage.

*Confronting Cyberespionage Under International Law* examines how espionage and its applications have transformed since World War II and how domestic and international legal mechanisms can provide effective legal solutions to this change, hindering the economic development and well-being of individuals, companies and states to the detriment of others. It shows the latest state of knowledge on the topic and will be of interest to researchers, academics, legal practitioners, legal advisors and students in the fields of international law, information technology law and intellectual property law.

**Non-Western Social Movements and Participatory Democracy** - Ekim Arbatli 2017-03-02

This book analyzes social movements across a range of countries in the non-Western world: Bosnia, Brazil, Egypt, India, Iran, Palestine, Russia, Syria, Turkey and Ukraine in the period 2008 to 2016. The individual case studies investigate how political and social goals are framed nationally and globally, and the types of mobilization strategies used to pursue them. The studies also assess how, in the age of transnationalism, the idea of participatory democracy produces new collective-action frames and mass-mobilization strategies. The book challenges the view that most social movements unequivocally seek to achieve higher levels of democratization. Instead, the authors argue that protesters across different movements advocate more involved forms of citizen participation, since passive representation through liberal democratic institutions fails to address mass grievances and demands for accountability in many countries.

**12 YEAR-WISE CTET Paper 1 Solved Papers (2011 - 2019) - 2nd English Edition** - Disha Experts 2019-09-06

**The Shale Dilemma** - Shanti Gamper-Rabindran 2017-11-30  
The US shale boom and efforts by other countries to exploit their shale resources could reshape energy and environmental landscapes across the world. But how might those landscapes change? Will countries with significant physical reserves try to exploit them? Will they protect or harm local communities and the global climate? Will the benefits be shared or retained by powerful interests? And how will these decisions be made? The Shale Dilemma brings together experts working at the forefront of shale gas issues on four continents to explain how countries reach their decisions on shale development. Using a common analytical framework, the authors identify both local factors and transnational patterns in the decision-making process. Eight case studies reveal the trade-offs each country makes as it decides whether to pursue, delay, or block development. Those outcomes in turn reflect the nature of a country's political process and the power of interest groups on

both sides of the issue. The contributors also ask whether the economic arguments made by the shale industry and its government supporters have overshadowed the concerns of local communities for information on the effects of shale operations, and for tax policies and regulations to ensure broad-based economic development and environmental protection. As an informative and even-handed account, *The Shale Dilemma* recommends practical steps to help countries reach better, more transparent, and more far-sighted decisions.

**Swedish Marxist Noir** - Per Hellgren 2018-12-14  
Marxist theories have had a profound influence on crime fiction, beginning with the works of the American writers of the 1930s. This study explores the development of a Swedish Marxist noir subgenre after the 1990s through a Marxist reading of central works, from the Marlowe novels of Raymond Chandler to the 1960s social crime fiction of Sjowall-Wahlöö to modern bestselling authors such as Henning Mankell, Stieg Larsson, Roslund & Hellström, Jens Lapidus, Arne Dahl and others. The works of these writers show a common thread of Marxist worldview in their portrayal of a modern world gone wrong.

**Language Development and Social Integration of Students with English as an Additional Language** - Michael Evans 2020-07-16

Using empirical data, this volume explores the link between second language development and social integration of migrant school students.

**Transforming Learning** - Stacey Blackman 2016-08-17  
*Transforming Learning: International Perspectives* is a must-read for all educators who want to impact the lives of the students who attend their classrooms. It presents indigenous frameworks applied to subjects in education, the humanities and sciences that transcend the boundaries of culture and inform critical praxis in teacher education.

This ISC reference book for the class 11 English Paper-1, English Paper-2, Accountancy, Economics

& Business Studies exam provides a holistic approach toward learning, and therefore, enhances the preparation level of students making it the best ISC Class 11 sample Paper for English Paper-1, English Paper-2, Accountancy, Economics & Business Studies 2022-2023

**Language Policy and Language Acquisition Planning** - Maarja Siiner 2018-05-22

In the sociopolitics of language, sometimes yesterday's solution is tomorrow's problem. This volume examines the evolving nature of language acquisition planning through a collection of papers that consider how decisions about language learning and teaching are mediated by a confluence of psychological, ideological, and historical forces. The first two parts of the volume feature empirical studies of formal and informal education across the lifespan and around the globe. Case studies map the agents, resources, and attitudes needed for creating moments and spaces for language learning that may, at times, collide with wider beliefs and policies that privilege some languages over others. The third part of the volume is devoted to conceptual contributions that take up theoretical issues related to epistemological and conceptual challenges for language acquisition planning. These contributions reflect on the full spectrum of social and cognitive factors that intersect with the planning of language teaching and learning including ethnic and racial power relations, historically situated political systems, language ideologies, community language socialization, relationships among stakeholders in communities and schools, interpersonal interaction, and intrapersonal development. In all, the volume demonstrates the multifaceted and socially situated nature of language acquisition planning.

The European Union's Broader Neighbourhood - Sieglinde Gstöhl 2015-07-16

Over the past decade the European Union (EU) has gradually developed the European Neighbourhood Policy (ENP) with its neighbours. At the same time, the 'neighbours of the EU's neighbours' have presented new

challenges. This book addresses the EU's broader neighbourhood, comprising of the ENP countries and the neighbours of its neighbours. With specific focus on Saharan Africa, the Middle East and Central Asia, it discusses trans-regional policy issues that arise from the EU's relations with regions beyond the ENP. Based on an interdisciplinary, policy-oriented approach, this volume explores major political, legal, security and socio-economic challenges and identifies opportunities for cooperation across the EU's broader neighbourhood. This book will be of interest to students, experts and scholars interested in EU affairs and politics, international relations, EU and international law, diplomacy and area studies.

Knowledge and Acknowledgement in the Politics of Memory of the Armenian Genocide - Vahagn Avedian 2018-10-08

Is the Armenian Genocide a strictly historical matter? If that is the case, why is it still a topical issue, capable of causing diplomatic rows and heated debates? The short answer would be that the century old Armenian Genocide is much more than a historical question. It emerged as a political dilemma on the international arena at the San Stefano peace conference in 1878 and has remained as such into our days. The disparity between knowledge and acknowledgement, mainly ascribable to Turkey's official denial of the genocide, has only heightened the politicization of the Armenian question. Thus, the memories of the WWI era refuse to be relegated to the pages of history but are rather perceived as a vivid presence. This is the result of the perpetual process of politics of memory. The politics of memory is an intricate and interdisciplinary negotiation, engaging many different actors in the society who have access to a wide range of resources and measures in order to achieve their goals. By following the Armenian question during the past century up to its Centennial Commemoration in 2015, this study aims to explain why and how the politics of memory of the Armenian Genocide has kept it as a topical issue in our days.

*CTET and TET English Language and Pedagogy Paper 1 and 2*

for 2021 Exams - Arihant Experts 2021-07-28

*Global Change and Human Mobility* - Josefina Domínguez-Mujica 2016-03-16

This book demonstrates the benefits of applying a new interdisciplinary approach that combines global change and human mobility. The term "gloability" was coined in the year 2000 when the commission with the same name was created by the International Geographical Union with the purpose of theorizing about and asserting the concept of human mobility. First the book offers theoretical reviews of human mobility. Then it proceeds to study patterns of mobility in today's world as it faces new challenges in migration policies (including border controls, management of refugee movements, social initiatives to empower unauthorized immigrants), the integration issue, environmental hazards, and so on. The response to these diverse challenges reveals an increasing fluidity of human mobility and new forms of engagement of people on the move. Readers will obtain a better understanding of current human mobility from a large number of regions and from different thematic perspectives.

*Divided Cities* - Annika Björkdahl 2015-02-08

Combining peace and conflict studies with public administration research, *Divided Cities* critically investigates the roles of public administration and civil servants in resolving issues that are potentially conflictual in divided societies. Zooming in on nine cities with very different legacies and democratic development - Copenhagen, Malmö, Toronto, Belfast, Mostar, Cape Town, Mitrovica, Nicosia, and Jerusalem - the contributors analyze the tools, strategies, and

understandings of conflict resolution that are available in different stages between conflict and stability. Exploring how contested issues have been addressed, by whom, and to what effect, this collection of essays examines how public institutions and citizens have interacted to agree on the best course of action for progress in their respective cities.

**IBDP English A: Literature: IB Diploma Programme: Language A: Literature: IBDP English A: Literature** - Anna Androulakis 2020-01-23

Encouraging reflection, inquiry and critical thinking through integrated support for Theory of Knowledge and Approaches to Learning, this book provides expert guidance on developing the new learner portfolio. Errorless UPPSC General Studies Prelim Paper 1 - 10 Year-wise Solved Papers (2010 - 19) - Disha Experts 2020-07-21

**English Solved Papers** - YCT Expert Team  
2023-24 Assistant Professor/GDC English Solved Papers  
**A Practical Guide to Teaching English in the Secondary School** - ANNABEL WATSON 2021-11-29

A Practical Guide to Teaching English in the Secondary School offers straightforward advice, inspiration and a wide range of tried and tested approaches to help you

find success in the secondary English classroom. Covering all aspects of English teaching, it is designed for you to dip in and out of, and enable you to focus on specific areas of teaching, your programme or pupils' learning. Fully updated to reflect what student and early career teachers see and experience when they enter the classroom, the second edition supports trainee and practicing teachers to teach in imaginative and creative ways to promote learning in English. Packed with ideas, resources, practical teaching activities and underpinned by the latest research into how children learn, the book examines the core areas of reading, writing and spoken English including: • Plays, poetry, non-fiction, myths and legends, drama and Shakespeare • Developing writing • Creative grammar • Talk and classroom dialogue • Media and digital writing • English across the curriculum • Well-being through writing • Literature and language post-16. Including tools to support critical reflection, *A Practical Guide to Teaching English in the Secondary School* is an essential companion for all training and newly qualified English teachers.

*The Oxford Handbook of Contemporary Buddhism* - Michael K. Jerryson 2017

As an incredibly diverse religious system, Buddhism is constantly changing. The Oxford Handbook of Contemporary Buddhism offers a comprehensive collection of work by leading scholars in the field that tracks these changes up to the present day. Taken together, the book provides a blueprint to understanding Buddhism's past and uses it to explore the ways in which Buddhism has transformed in the twentieth and twenty-first centuries. The volume contains 41 essays, divided into two sections. The essays in the first section examine the historical development of Buddhist traditions throughout the world. These chapters cover familiar settings like India, Japan, and Tibet as well as the less well-known countries of Vietnam, Bhutan, and the regions of Latin America, Africa, and Oceania. Focusing on changes within countries and transnationally, this section also contains chapters that focus explicitly on

globalization, such as Buddhist international organizations and diasporic communities. The second section tracks the relationship between Buddhist traditions and particular themes. These chapters review Buddhist interactions with contemporary topics such as violence and peacebuilding, and ecology, as well as Buddhist influences in areas such as medicine and science. Offering coverage that is both expansive and detailed, *The Oxford Handbook of Contemporary Buddhism* delves into some of the most debated and contested areas within Buddhist Studies today.

*International Farm Animal, Wildlife and Food Safety Law*  
- Gabriela Steier 2017-01-09

This volume is an inspiring and breakthrough piece of academic scholarship and the first of its kind featuring a comprehensive reader-friendly approach to teach the intricacies of the various aspects of international farm animal, wildlife conservation, food safety and environmental protection law. The selected focus areas are grouped in sections, such as agrobiodiversity, fishing and aquaculture, pollinators and pesticides, soil management, industrial animal production and transportation, and international food trade. Farm animal welfare, environmental protection, biodiversity conservation, and food safety are the core of the selected chapters. Every chapter provides real-world examples to make the complex field easy to understand. With its systematic approach, this book is devoted to anyone interested in the subject, becomes a valuable resource for professionals working in food regulation, and provides a solid foundation for courses and master's programs in animal law, environmental policy, food and agriculture law, and regulation of these subjects around the world. Through its emphasis on sustainable food production, this work offers a cutting-edge selection of evolving topics at the heart of the pertinent discourse. As one of its highlights, this book also provides "Tools for Change," a unique compilation and analysis of laws from the major farm animal product trading nations. With these tools, practitioners, advocates, policy

makers and other state-holders are equipped with information to start work toward improving farm animal welfare, wildlife conservation, and food safety through the use of law and policy.

**Driving Culture in Iran** - Reza Banakar 2015-12-18  
Iran has one of the highest rates of road traffic accidents worldwide and according to a recent UNICEF report, the current rate of road accidents in Iran is 20 times more than the world average. Using extensive interviews with a variety of Iranians from a range of backgrounds, this book explores their dangerous driving habits and the explanations for their disregard for traffic laws. It argues that Iranians' driving behaviour is an indicator of how they have historically related to each other and to their society at large, and how they have maintained a form of social order through law, culture and religion. By considering how ordinary Iranians experience the traffic problem in their cities and how they describe traffic rules, laws, authorities and the rights of other citizens, *Driving Culture in Iran* provides an original and valuable insight into Iranian legal, social and political culture.

*The Harper Factor* - Jennifer Ditchburn 2016-10-19  
Political legacy is a concept that is often tossed around casually, hastily defined by commentators long before a prime minister leaves office. In the case of the polarizing Stephen Harper, clear-eyed analysis of his tenure is hard to come by. *The Harper Factor* offers a refreshingly balanced look at the Conservative decade under his leadership. What impact did Harper have on the nation's finances, on law and order, and on immigration? Did he accomplish what he promised to do in areas such as energy and intergovernmental affairs? How did he change the conduct of politics, the workings of the media, and Parliament? A diverse group of contributors, including veteran economists David Dodge and Richard Dion, immigration advocate Senator Ratna Omidvar, Stephen Harper's former policy director Paul Wilson, award-winning journalists such as Susan Delacourt, and vice-provost of Aboriginal Initiatives at Lakehead

University Cynthia Wesley-Esquimaux, make reasoned cases for how Harper succeeded and how he fell short in different policy domains between 2006 and 2015. Stephen Harper's record is decidedly more nuanced than both his admirers and detractors will concede. The Harper Factor provides an authoritative reference for Canadians on the twenty-second prime minister's imprint on public policy while in office, and his political legacy for generations to come.

**NTA UGC NET Paper 1 Topic-wise 50 Solved Papers (2019 to 2004) - Disha Experts 2020-07-04**

**Does Happiness Write Blank Pages? On Stoicism and Artistic Creativity - Piotr Stankiewicz 2019-07-18**

Stoicism is coming back in a big way. Seen as a remedy for the craziness of the times we live in, it is experiencing a great surge in academic and cultural interest. Yet, can one live stoically and be a creative artist at the same time? Delving into its underlying tenets, obscure restrictions and limits of applicability, Stankiewicz critically explores Stoicism and its complex association with artistic creativity. Stoicism and artistic creativity are two great displays of the human spirit. Yet, there are multiple reasons to suspect that they are at odds with each other. Popular culture encapsulates this problem in the figure of the rational, yet emotionally remote Stoic, who achieves serenity through withdrawal, and the contrasting figure of the "cursed poet," "tormented artist," or simply a rock star, who lives in a whirl of creative energy, yet

falls short of quietude. Is this contrast valid? Other disciplines, including psychology, have explored this problem. But it has never been done philosophically. Pioneering in its philosophical approach, this book discusses how artistic creativity and its problems of identity, expression and self-creation serve as a great testing ground for Stoicism, as well as its theoretical challenges and practical limits. Stankiewicz presents a detailed investigation into the stereotypes of Stoic life that seeks to explain the cause of Stoicism's modern revival. This book is an essential read for anyone captivated by Stoicism's complex allure.

**So, You Want to Work with the Ancient and Recent Dead? - J. M. Bedell 2015-10-06**

Have you ever been excited by forensic science or psyched to dig up fossils? This comprehensive guide reveals a whole host of careers in the underrated world of the no-longer-living. Covering everything from well known jobs like archaeologists, morticians, coroners, and forensic scientists to the not-so-well-known professions like studying dead stars and planets to playing a zombie on TV, So, You Want to Work With the Ancient and Recent Dead? uncovers a treasure trove of occupational opportunities.
