Asia-Pacific Rebalance 2025 - Michael Green 2016-02-04

In 2015, Congress tasked the Department of Defense to commission an independent assessment of U.S. military strategy and force posture in the Asia-Pacific, as well as that of U.S. allies and partners, over the next decade. This CSIS study fulfills that congressional requirement.

Forthcoming Books - Rose Arny 2001-08

Investing in Cultural Diversity and Intercultural Dialogue - Unesco 2009-01-01

This report analyses all aspects of cultural diversity, which has emerged as a key concern of the international community in recent decades, and maps out new approaches to monitoring and shaping the changes that are taking place. It highlights, in particular, the interrelated challenges of cultural diversity and intercultural dialogue and the way in which strong homogenizing forces are matched by persistent diversifying trends. The report proposes a series of ten policy-oriented recommendations, to the attention of States, intergovernmental and non-governmental organizations, international and regional bodies, national institutions and the private sector on how to invest in cultural diversity. Emphasizing the importance of cultural diversity in different areas (languages, education, communication and new media development, and creativity and the marketplace) based on data and examples collected from around the world, the report is also intended for the general public. It proposes a coherent vision of cultural diversity and clarifies how, far from being a threat, it can become beneficial to the action of the international community.

Teaching Social Studies to English Language Learners - Bárbara Cruz 2013

Teaching Social Studies to English Language Learners provides readers with a comprehensive understanding of both the challenges that face English language learners (ELLs) and ways in which educators might address them in the social studies classroom. The authors offer context-specific strategies for the full range of the social studies curriculum, including geography, U.S. history, world history, economics, and government. These practical instructional strategies will effectively engage learners and can be incorporated as a regular part of instruction in any classroom. An annotated list of web and print resources completes the volume, making this a valuable reference to help social studies teachers meet the challenges of including all learners in effective instruction. Features and updates to this new edition include: • An updated and streamlined Part 1 provides an essential overview of ELL theory in a social studies specific-context. • "Teaching Tips" offer helpful suggestions and ideas for creating and modifying lesson plans to be inclusive of ELLs. • Additional practical examples and new pedagogical elements in Part 3 include more visuals, suggestions for harnessing new technologies, discussion questions, and reflection points. • New material that takes into account the demands of the Common Core State Standards, as well as updates to the web and print resources in Part 4.

McGraw-Hill's Dictionary of American Slang and Colloquial Expressions - Richard A. Spears 2005-10-14

More bling for the buck! The #1 guide to American slang is now bigger, more up-to-date, and easier to use This new edition of McGraw-Hill's Dictionary of American Slang and Colloquial Expressions offers complete definitions of more than 12,000 slang and informal expressions from various sources, ranging from golden oldies such as . . . golden oldie, to recent coinages like shizzle (gangsta), jonx (Wall Street), and ping (the

Internet). Each entry is followed by examples illustrating how an expression is used in everyday conversation and, where necessary, International Phonetic Alphabet pronunciations are given, as well as cautionary notes for crude, inflammatory, or taboo expressions. This edition also features a fascinating introduction on "What is Slang?," a Thematic Index that cross-references expressions by standard terms--such as Angry, Drunk, Food, Good-bye, Mess-up, Money, and Stupidity--and a Hidden Word Index that lets you identify and locate even partially remembered expressions and phrases.

Walford's Guide to Reference Material: Generalia, language and literature, the arts - Albert John Walford 1996

Vietnamese - Binh Ngo 2020-07-27

Vietnamese: An Essential Grammar is a concise and user-friendly reference guide to modern Vietnamese. It presents a fresh and accessible description of the language in short, readable sections. Features include: Clear and up-to-date examples of modern usage. Special attention to those points which often cause problems to English-speaking learners. Vietnamese / English comparisons and contrasts highlighted throughout. The final section covers pronunciation, providing an introduction to the syllable structure of Vietnamese, and highlighting common errors made by English-speaking learners. Accompanying audio tracks for this chapter are available at www.routledge.com/9781138210707.

Vietnamese: An Essential Grammar is ideal for learners involved in independent study and for students in schools, colleges, universities and adult classes of all types.

Whitaker's Books in Print - 1998

From the City Inside the Red River - Đình Hoà Nguyễn 1999

Born on January 17, 1924, Nguyen-Dinh-Hoa grew up in Hanoi never imagining the war that would ultimately divide his country and throw the region into chaos. As he grew into manhood, he witnessed Vietnam gain its independence in 1945, and like many men of his age he was swept up with the revolutionary mood that engulfed the entire country. Eager to do his part for the newly emerging Vietnam, he applied for and received a scholarship to Union College in Schenectady, New York. This resulted in an English degree and a teaching position at the University of Saigon. Since childhood, the author has been keenly observant of everyday life, particularly the interactions between himself, his family and their community. His precise account of midcentury Vietnam provides a detailed picture of a beautiful country with a rich cultural heritage, and serves as a poignant reminder of the devastating effects of the war in Vietnam on its people.

The Reference Librarian's Bible - Steven W. Sowards 2018-07-26

Divided into dedicated categories about the subjects most meaningful to librarians, this valuable resource reviews 500 texts across all major fields. Drawing on their collective experience in reference services and sifting through nearly 30,000 reviews in ARBAonline, editors Steven Sowards, associate director for collection at Michigan State University Libraries, and Juneal Chenoweth, editor of American Reference Books Annual, curated this collection of titles, most of which have been published since 2000, to serve collections and reference librarians in academic and public libraries. From the Encyclopedia of Philosophy and the Social Sciences and Encyclopedia of the Civil War to the Encyclopedia of Physics, Encyclopedia of Insects, and Taylor's Encyclopedia of Garden Plants to the formidable Oxford English Dictionary, The Reference Librarian's Bible encompasses every subject imaginable and will be your first stop for choosing and evaluating your library's collections as well as for answering patrons' questions.

Comparative Linguistics in Southeast Asia - Iliá Peiros 1998

Words of Intelligence - Jan Goldman 2006-05-24

Words of Intelligence: A Dictionary is intended for the intelligence and national security men and women who are fighting the Global War on Terrorism at all levels: local, state, and federal. The intelligence community has undergone massive changes since the Central Intelligence Agency, National Security Agency, and the Department of Defense were created, and recently, with the establishment of Homeland Security and a Director of National Intelligence, it has taken on even more duties and responsibilities. Intelligence now must be transmitted to state and local public administrators, health officials, and transportation planners (to name just a few) in times of a possible domestic attack. Containing over 600 terms related to theoretical aspects of intelligence,

intelligence operations, intelligence strategies, security classification of information, obscure names of intelligence boards and organizations, and homeland security, this dictionary is an invaluable tool for those requiring a working knowledge of intelligence-related issues. A topical index is also included.

The Oxford Handbook of Universal Grammar - Ian G. Roberts 2017

"This handbook provides a critical guide to the most central proposition in modern linguistics: the notion, generally known as universal grammar, that a universal set of structural principles underlies the grammatical diversity of the world's languages. It will be a vital reference for linguists, philosophers, and cognitive scientists."--

Words on Cassette - 2000

Text Analytics with Python - Dipanjan Sarkar 2019-05-21

Leverage Natural Language Processing (NLP) in Python and learn how to set up your own robust environment for performing text analytics. This second edition has gone through a major revamp and introduces several significant changes and new topics based on the recent trends in NLP. You'll see how to use the latest state-of-the-art frameworks in NLP, coupled with machine learning and deep learning models for supervised sentiment analysis powered by Python to solve actual case studies. Start by reviewing Python for NLP fundamentals on strings and text data and move on to engineering representation methods for text data, including both traditional statistical models and newer deep learning-based embedding models. Improved techniques and new methods around parsing and processing text are discussed as well. Text summarization and topic models have been overhauled so the book showcases how to build, tune, and interpret topic models in the context of an interest dataset on NIPS conference papers. Additionally, the book covers text similarity techniques with a real-world example of movie recommenders, along with sentiment analysis using supervised and unsupervised techniques. There is also a chapter dedicated to semantic analysis where you'll see how to build your own named entity recognition (NER) system from scratch. While the overall structure of the book remains the same, the entire code base, modules, and chapters has been updated to the latest Python 3.x release. What You'll Learn • Understand NLP and text syntax, semantics and structure • Discover text cleaning and feature engineering • Review text classification and text clustering • Assess text summarization and topic models • Study deep learning for NLP Who This Book Is For IT professionals, data analysts, developers, linguistic experts, data scientists and engineers and basically anyone with a keen interest in linguistics, analytics and generating insights from textual data.

Covers period up to December 31, 1980.

Vocabulary Development - Timothy Rasinski 2019-04-18

Knowledge of word meanings is critical to success in reading. A reader cannot fully understand a text in which the meaning to a significant number of words is unknown. Vocabulary knowledge has long been correlated with proficiency in reading. Yet, national surveys of student vocabulary knowledge have demonstrated that student growth in vocabulary has been stagnant at best. This volume offers new insights into vocabulary knowledge and vocabulary teaching. Articles range from a presentation of theories of vocabulary that guide instruction to innovative methods and approaches for teaching vocabulary. Special emphasis is placed on teaching academic and disciplinary vocabulary that is critical to success in content area learning. Our hope for this volume is that it may spark a renewed interest in research into vocabulary and vocabulary instruction and move toward making vocabulary instruction an even more integral part of all literacy and disciplinary instruction.

NTC's Dictionary of American Slang and Colloquial Expressions -

Richard Spears 2000-02-01

The revised and updated third edition of this comprehensive slang dictionary has more than 800 new expressions. Realistic example sentences--provided for each sense of every entry--show how expressions are used in current, everyday American English. Pronunciations and cautionary notes are provided as needed, and a Phrase-Finder Index helps users locate entries quickly.

NTC's Vietnamese-English Dictionary - Dinh-hoa Nguyen 1995-02-01
