American Politics in the Media Age - Thomas R. Dye 1989

The Politics of Equality - Thomas R. Dye 1971

Texas Politics - Cal Jillson 2015-07-30

The fifth edition of this popular text is now expanded and updated to better fit the needs of a stand-alone Texas Politics course. Jillson continues to approach the politics of the Lone Star State from historical, developmental, and analytical perspectives, while giving students the most even-handed, readable, and engaging description of Texas politics available today. Throughout the book students are encouraged to connect the origins and development of government and politics in Texas--from the Texas Constitution, to party competition, to the role and powers of the Governor--to its current day practice and the alternatives possible through change and reform. This text helps instructors prepare their students to master the origin and development of the Texas Constitution, the structure and powers of state and local government in Texas, how Texas fits into the U.S. federal system, as well as political participation, the electoral process, and public policy in Texas. Texas Politics offers instructors and students an unmatched range of pedagogical aids and tools. Each chapter opens with an engaging vignette and a series of focus questions to orient readers to the learning objectives at hand and concludes with a chapter summary, a list of key terms, review questions, suggested readings, and web resources. Key terms are bolded in the text, listed at the end of the chapter, and included in a glossary at the end of the book. Each chapter includes "Let's Compare" boxes to help students see how Texas sits alongside other states, and "Pro & Con" boxes to bring conflicting political views into sharper focus. Tables, figures, and photos throughout highlight the major ideas, issues, individuals, and institutions discussed.

Defending Same-sex Marriage: The freedom-to-marry movement : education, advocacy, culture, and the media - Mark Philip Strasser 2007

Places the struggle for marriage rights in the context of other American civil rights movements, advocating legal and religious recognition of same-sex marriage while educating the public about what "gay marriage" does and does not mean for the future of the institution of marriage.

Politics in America Texas Version - Thomas R. Dye 2004-12

Politics in America, Brief Edition Practice Tests - Thomas R. Dye 2005-01-01

Parties, Politics, and Public Policy In America, 10th Edition - Marc Hetherington 2007

Even in the face of competition from individual candidates, interest groups, and the mass media, American political parties have undergone a resurgence in recent years, surprising both scholars and pundits alike. It is this revitalization of the parties that authors Hetherington and Keefe explore and analyze, grappling with the question of why so many Americans today profess anti-party attitudes yet behave in party-centered ways. Firm landmarks on the political scene, parties continue to form the principal institution for popular control of government.

Politics in America - Thomas R. Dye 2001

Politics in America uses Harold Laswell's classic definition of politics: who gets what, when, and how as a framework for presenting a clear, concise, and stimulation introduction to the American political system. Designed to prepare students for the Millennial election year. Dyes lively and absorbing narrative examines the struggle for power the participants the stakes, the processes, and the institutional arena and an abundance of feature boxes explore timely issues and opinions, draw cross-cultural comparisons, and introduce important people. One of the most well-known political scientists, Tom Dye has weitten a balanced, and exeedingly readable.

The Irony of Democracy - Thomas R. Dye 2001-11

After 30 years in print, The Irony of Democracy still offers the most fresh, clear-sighted approach to American government of any text. In this millennial edition, the authors again present an unrepentant elitist approach to American democracy, contending that it is the elites, not the masses, that govern our country. This text is appropriate for the introductory American government course taught in the political science department.

Kansas Politics and Government - H. Edward Flentje 2010-03-01

The rich history of Kansas politics continues to generate an abundant literature. The state's beginning as "Bleeding Kansas" followed by Prohibition, populism, the Progressive Era, and the Dust Bowl, through to the present day, have given local and national writers and scholars an intriguing topic for exploration. While historians and biographers shed light on pieces of this history, journalists focus on current political affairs in the state. Rarely, however, are past and present connected to fully illuminate an understanding of Kansas politics and government. This volume uses the prism of political cultures to interpret Kansas politics and disclose the intimate connections between the state's past and its current politics. The framework of political cultures evolves from underlying political preferences for liberty, order, and equality, and these preferences form the basis for the active political cultures of individualism, hierarchy, and egalitarianism. This comprehensive examination of Kansas political institutions argues that Kansas politics, historically and presently, may best be understood as a clash of political cultures.

Public Policymaking - James E. Anderson 2014-01-01

To explain the fundamentals of public policy, this best-selling text focuses on the process behind the crafting of legislation. By examining the individual steps--from identifying a problem, to agenda setting, to evaluation, revision, or termination of a policy--students are able to see how different factors influence the creation of policy. Each chapter features at least one case study that illustrates how general ideas are applied to specific policy issues. This new Eighth Edition provides thoughtful updates based on the 2012 election and completely revised case studies. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Politics in American: Texas Edition with Free Web Access - Thomas R. Dye 2005-05-01

Politics in States and Communities - Thomas R. Dye 1977

Politics in America - Thomas R. Dye 2011

Updated in a new 9th edition, *Politics in America* provides straightforward, descriptive coverage of American politics and government. Using the Harold Lasswell definition of politics Tom Dye employs this classic, and still resonant, interpretation as the lens through which he examines the foundations, institutions, behaviors, and policies of the American political system.

Power and Class in Political Fiction - David Smit 2019-09-13

This book introduces Elite Theory to the literary study of class as a framework for addressing issues of the nature of governance in political fiction. The book describes the historical development and major tenets of Elite Theory, and shows how each of four post-war Washington novels—Gore Vidal’s *Washington, D.C.*; Allen Drury’s *Advise and Consent*; Joan Didion’s *Democracy*; and Ward Just’s *Echo House*—illustrates the way class-based political elites exhibit forms of “ruling-class consciousness” and maintain their legitimacy in an ostensibly democratic form of government by promoting themselves as models of behavior, promulgating an ideology that justifies their rule through their control of the media, and accepting new members from the lower classes. Reading these novels through a socio-political lens, David Smit offers suggestions for ways to work for a more just and equitable society in light of what this analysis reveals about the “culture” that produces our political elites.

Politics in America - Dye, John 2001-02

Reviving Citizen Engagement - Larry N. Gerston 2014-12-11

Whereas our nation was once united in purpose, today it is bitterly divided. Why? Racial discrimination, diminishing educational opportunities, poor economic mobility, greedy corporations, and an unresponsive federal government have combined to create two Americas. Presented in Gerston’s characteristic, no-holds-barred style of wit and candor, Revi

Politics in States and Communities. Dye - Thomas R. Dye 1969

American Government - Christopher J Bosso 2018-03-09

"Woven through this text is the unifying theme that American politics represents “conflict and compromise,” in direct opposition to the increasingly commonly held view that all politics is dirty and all politicians are crooks. By presenting a balance of essential factual content with a broad assessment of system dynamics and their policy effects, the authors provide an accessible yet sophisticated overview of American politics. Features: Coherent theme of “conflict versus compromise” in the American political system Consistent examination of American history for institutional development Emphasis on the positive role of citizenship in shaping good government Each chapter is accompanied by primary source readings Concise 12 chapter format"

Top Down Policymaking - Thomas R. Dye 2001

In his eye-opening work, Dye explodes the myth that public policy represents the “demands of the people” and that the making of public policy flows upward from the masses. In reality, Dye argues, public policy in America, as in all nations, reflects the values, interests, and preferences of a governing elite. *Top Down Policymaking* is a close examination of the process by which the nation’s elite goes about the task of making public policy. Focusing on the behind-the-scenes activities of money foundations, policy planning organizations, think tanks, political campaign contributors, special-interest groups, lobbyists, law firms, influence-peddlers, and the national news media, Dye concludes that public policy is made from the top down.

Understanding Public Policy - Thomas R. Dye 1978

This leading introduction to public policy is designed to provide learners with concrete tools for not only understanding public policy in general, but for analyzing "specific" public policies. It focuses on "what" policies governments pursue, "why" governments pursue the policies they do, and what the "consequences" of these policies are. Very contemporary in perspective, it introduces eight analytical models currently used by political scientists to describe and explain political life and then, using these various analytical models singly and in combination explores specific public policies in a variety of key domestic policy areas. For individuals interested in a summary of current public policy in a variety of areas.

Defending Same-Sex Marriage [3 volumes] - Martin Dupuis 2006-12-30

Today we find ourselves at a crossroads of two powerful, unrelenting currents that are completely at odds with one another. The movement for legal recognition of same-sex unions has gone beyond the separate but equal status of civil unions to demand equality in marriage for all couples. Progress is being made on many fronts: mayoral action, clergy officiating at same-sex marriage and union ceremonies, state legislative responses, and street protests, to name a few. Meanwhile, opposition to same-sex marriage has also been gathering strength. The struggle is sure to continue unabated for some time to come, pitting those who believe in the traditional definition of marriage as a union between a man and a woman—and who seek to codify this belief in the U.S. Constitution—against those who find the basis for marriage between two loving, committed individuals not only in the history of our civil rights legislation and court decisions, but also in scripture and sacred religious traditions. Those who believe in extending to same-sex couples the 1,049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by passing laws and broadening doctrines to uphold marriage rights for all couples. This three-volume set clarifies the legal, political, religious, cultural, and social ramifications of same-sex marriage for gay and lesbian couples and their families and friends, and for the general public interested in the future of civil rights in the United States.

Politics in America, Texas Edition - Thomas R. Dye 2010-12-24

This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books à la Carte also offer a great value for your students--this format costs significantly less than a new textbook. Updated in a new 9th edition, *Politics in America* provides straightforward, descriptive coverage of American politics and government. Using the Harold Lasswell definition of politics Tom Dye employs this classic, and still resonant, interpretation as the lens through which he examines the foundations, institutions, behaviors, and policies of the American political system.

Politics in America 2014 - Thomas R. Dye 2014-12-27

"Politics in America" introduces students to the political struggles that drive democracy, examining the participants, the stakes, the processes, and the institutional arenas that comprise the power game of American politics. Using Harold Lasswell's classic definition of politics - "who gets what, when, and how" - as their unifying framework, authors Thomas Dye and Ronald Keith Gaddie present balanced arguments on highly sensitive issues including abortion, gun control, same-sex marriage, marijuana decriminalization, and immigration reform. In order to boost student engagement, the 2014 Elections and Updates Edition incorporates coverage of contemporary issues that dominate today's headlines, as well as the most up-to-date data.

Politics and Public Policy in Arizona - Zachary A. Smith 2002-10-30

This completely revised third edition of Smith's classic text on Arizona politics and public policy brings its examination up to date through the most recent election cycle. Intended for courses on state and local politics and policy, the text provides an introduction to and analysis of the political process in the State of Arizona and the policies that process has produced. The new edition includes contributions from experts on Arizona law, politics, criminal justice, and sociology, and retains the first edition's two-pronged analysis of Arizona's political institutions (the courts, legislature, governor's office, etc.) and the current policy issues facing the state (the environment, water, health care, immigration, and land use, among others). The complete text for courses in public policy and politics.

Politics in America - Thomas R. Dye 2003

American Politics and the African American Quest for Universal Freedom - Hanes Walton, Jr 2017-03-30

This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had -- and continue to have -- on American politics. Through the use of two interrelated themes -- the idea of universal freedom and the concept of minority-majority coalitions -- the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes. The authors show that through the quest for their own freedom in the United States, African Americans have universalized and expanded the freedoms of all Americans. New to the Eighth Edition A new co-author, Sherri L. Wallace, is renowned for her teaching, scholarship, and participation in APSA's American government textbook assessment for coverage of race, ethnicity, and gender. She is the perfect addition following an election year that included female presidential candidates as well as candidates of color and issues focusing on racial tension and inequality. Offers a new Media Integration Guide for the first time. Provides the first overall assessment of the Obama administration in relation to domestic and foreign policy and racial politics in particular. Updated through the 2016 elections, connecting the Obama years with the new administration. Looks at candidates Hillary Clinton and Ben Carson in particular in relation to the themes of the book. Adds a new section on State Politics and Elections. Includes new sections on intersectionality dealing with issues of race, gender and sexuality; LGBT issues as another manifestation of the struggle for universal freedom; a discussion of the "Black Lives Matter" movement; and a new section focusing on the changing character of black ethnicity as result of increased immigration from Africa and the Caribbean. Discusses the way in which race contributed to the polarization of American politics; the connections to the Tea Party; and the Obama Presidency and the 2016 presidential campaign as the most polarized since the advent of polling. Previews the impact of the Trump Administration on matters of race and ethnicity.

The Women's Movement in Community Politics in the US - D.W. Stewart 2013-10-22

There are more than 80 Commissions on the Status of Women operating at the local community level in the United States. These advisory citizen's groups work under the premise that women must represent themselves in the politics and policy-making of the community. This book examines the performance of the commissions, focusing

primarily on the perspectives of women activists and high-level public officials. An in-depth study of five commissions deemed 'successful' is presented, and the author concludes by analyzing the strategies for change available to the women's movement at the community level
