Twenty-five years on from when it first aired, Still Friends is an entertaining, fascinating and deeply researched behind-the-scenes look at the success of the hit show, Friends, featuring exclusive interviews with the show's creators, cast members and industry insiders. In September 1994, six friends sat down in their favourite coffee shop and began bantering. A quarter of a century later, new fans are still finding their way into the lives of Rachel, Ross, Joey, Chandler, Monica and Phoebe, and thanks to a combination of talented creators, its intimate understanding of its youthful audience, and its reign during network television's last moment of dominance, Friends has become the most influential and beloved show of its era. Noted pop culture historian Saul Austerlitz is here to tell us how it happened. Utilizing exclusive interviews with creators David Crane and Marta Kauffman, executive producer Kevin Bright, director James Burrows, and many other producers, writers, and cast members, Still Friends tells the story of Friends' creation, its remarkable decade-long run, and its astonishing Netflix-fuelled afterlife. Readers will learn how the show was developed and cast, written and filmed. They'll be reminded of episodes like the one about the trivia contest, the prom video, and the London trip. And, of course, the saga of Ross and Rachel. They'll also discover surprising details: that Monica and Joey were the show's

original romantic couple, how Danielle Steel probably saved Jennifer Aniston's career, and why Friends is still so popular today. On the 25th anniversary of this truly groundbreaking show, it's clear that Friends has a legacy that has endured beyond wildest expectations. And in this hilarious, informative, and entertaining book, readers will now understand why. As published in the US as Generation Friends.

**Friends Forever [25th Anniversary Ed]** - Gary Susman 2019-11-26

A fully illustrated and authorized episode guide celebrating the twenty-fifth anniversary of the hit-television show Friends, including a look behind-the-scenes of cult-favorite episodes, exclusive photos from Warner Bros., brand new interviews with show creators Marta Kauffman, David Crane, and set designer John Shaffner, and more. The beloved show Friends introduced the world to six young New Yorkers living together, falling in love, breaking up (cue Ross's "We were on a break!"), and getting into hilarious shenanigans, which became an instant classic formula that inspired dozens of "hangout sitcoms" long after the show's reign. But no sitcom has ever come close to the series that started it all, spawning iconic looks like "the Rachel" and timeless catchphrases like "How you doin'?" while creating a cultural sensation that catapulted the cast members to instant

mega-stardom. Throughout the show's ten-season run, viewers watched Monica, Rachel, Phoebe, Ross, Chandler, and Joey navigate their twenties and thirties with unwavering friendship, determination, and, of course, plenty of sarcasm. Friends Forever takes fans back to the set where it all began with exclusive photos of the sitcom that won four Primetime Emmy Awards, including Outstanding Comedy Series, eleven People's Choice Awards, and a Golden Globe for Jennifer Aniston for Best Lead Actress in a Television Series. This fully illustrated episode guide will treat readers to nostalgic flashbacks of the top one hundred episodes and sneak peeks of how popularly referenced lines from the show came to be. Friends Forever also boasts new interviews with show creators David Crane and Marta Kauffman on how the show got its start and set designer John Shaffner who reveals his inspirations behind the iconic looks behind Monica's and Rachel's apartment and Central Perk. It's no wonder why the Friends cast was chosen by TV Guide readers as the Best Comedy cast of all time, while countless other publications such as Vanity Fair named the show one of the best sitcoms of all time. Fun, hilarious interactives include: Joey's fake resume vs real one Countdown to the funniest Thanksgiving foods Trivia game Q&A from "The One with the Embryos" (Seriously, what is Chandler Bing's job?) Follow Ross's infidelity trail from "The One with the Morning After" Who's that celebrity? TV Sets - Mark Bennett 1996

TV Sets: Fantasy Blueprints of Classic TV Homes is a collection of original blueprints of fictional homes from our favorite programs of the '50s, '60s and '70s. These dwellings have been meticulously created from the imagination of a bona fide television addict, artist Mark Bennett. As a child growing up in Tennessee, 40-year-old Mark Bennett was less concerned about the "real world" than with the lives of our beloved television families who brightened his world every day: the Bradys, the Cunninghams, the Cleavers - even those creepy Munsters. Herein are fascinating and obscure details which are the result of 25 years - and thousands of hours - of television viewing. How many rooms were there in the Clampett mansion in "The Beverly Hillbillies", and where was Granny's moonshine still, in relation to the cement pond? Even if you've never asked yourself these questions, after one glance at TV Sets, you will. This book is a fun romp through the icons of American pop culture: from Darrin and Samantha Stephen's Dutch Colonial to Victoria Barkley's ranch, from Felix and Oscar's pre-war apartment to the Jetsons' space unit.

Dumbing Down as Content Portfolio Strategy - Resulhan Öztimur 2009-09-04

Inhaltsangabe:Introduction: I listened to the entire festivity and I was appalled. There were small television excerpts being offered with some clowns, some nonsense, idiocy, filth, complete filth. This is what is being broadcasted in Germany each day. The directors say that the audience wishes so, as if the audience was a crowd of idiots. On October 11th, 2008, German literature critic Marcel Reich Ranicki rejected the German Television Prize honouring him for his lifetime achievement. In front of rolling cameras, Ranicki made his standpoint very clear that he finds the current television landscape rubbish and dull. His words are the result of 25

years of private televisual content development in Germany. Today's media environment has changed drastically. Each day we find more and more TV programmes which are designed for an audience that demands no intellectual work and wants to be entertained. This matter of entertainment has exclusively formed the television networks programming strategies concerning their content. Consequently, the offer of daily soaps ( GZSZ ), reality TV ( Big Brother , Dschungelcamp ) and game/casting shows ( Deutschland sucht den Superstar ) has risen, while the offer of classical formats such as fiction film, documentaries and sophisticated programmes ( Das literarische Quartett ) has decreased. Problem Formulation: Since the establishment of private broadcasting in 1984, the television offering in Germany has not only changed quantitatively but also qualitatively. Today, we have a range of more than 50 German private TV broadcasters with an enormous variety of programmes. In recent years, we have been experiencing a downward trend of content quality, which is defined as dumbing down . The problem arises that in the battle for ratings, intellectual demand fades into the background of sole entertainment. This approach has evolved into the main content portfolio strategy of private television. But is it only the private broadcasters blame or are ARD and ZDF also striving for audience ratings in their programming methods? Is television in fact dumbing the culture down or is it making it smarter? Which side triggered the effect of dumbing down the media or the audience? These questions still remain unanswered. Therefore, this paper intends to analyse the matter of dumbing down as well as the interrelated content portfolio strategy.

A quarter of a century later, new fans are still finding their way into the lives of Rachel, Ross, Joey, Chandler, Monica, and Phoebe, and thanks to the show's immensely talented creators, its intimate understanding of its youthful audience, and its reign during network television's last moment of dominance, Friends has become the most influential and beloved show of its era. *Combining Aesthetic and Psychological Approaches to TV Series Addiction* - Sébastien Lefait  
2018-07-26

This book establishes, and then analyses, the interrelation between series and dependence by focusing on two aspects of their connection: the overconsumption of TV series, and the production devices that lead to it. Due to its two-sided nature, the volume brings together specialists from different backgrounds. On the one hand, it involves people working with addiction, such as psychiatrists, psychologists, and social workers, whose analytical tools and statistics are extremely useful in assessing the prevalence of TV series addiction, as well as its

consequences, in order to make sense of its mechanics. For similar reasons, the authors also include professionals working with children and teenagers, since youths under 18 are largely affected by addictive tendencies. On the other hand, other contributions here are authored by TV series specialists, producers and scriptwriters, as well as academics in the fields of film and TV series studies, cultural studies, and narratology. Their specific perspectives on the topic help better understand what it is about the construction or reception of TV series that aims to create, maintain, amplify, or, on the contrary, curb their ingrained addictive effects. *The Complete America's Test Kitchen TV Show Cookbook 2001-2021* - America's Test Kitchen
