World Civilizations - Peter N. Stearns 2007
With 83 additional outline and four-color maps, World Civilizations: The Global Experience, Fifth Edition, Atlas Edition, helps students with geography, one of the most difficult aspects of World history courses for many. The maps are accompanied by review questions that call on students to identify important geographical areas

and think critically about the connection between geography and historical events. The maps are on perforated pages and are organized by chapter so that they can be assigned easily and collected. The primary goal of World Civilizations is to present a truly global history-since the development of agriculture and herding to the present. Using a unique periodization, this book

divides the main periods of human history according to changes in the nature and extent of global contacts. This global world history text emphasizes the major stages in the interactions among different peoples and societies, while also assessing the development of major societies. Presenting social and cultural as well as political and economic aspects, the book examines key civilizations in world history. World Civilizations balances this discussion of independent developments in the world's major civilizations with comparative analysis of the results of global contact.

Gran Fury - 2015

Gran Fury: Read My Lips is the first comprehensive catalogue on the AIDS activist art collective's work from 1987-95. Naming itself after the Plymouth automobile model used by the New York City Police Department, Gran Fury made public projects that were simultaneously scathing, provocative, stylish and often funny. Gran Fury's billboards, postcards, videos, posters and paintings raised public awareness of AIDS and put pressure on politicians, while sparking debate in sites ranging from the Illinois Senate to Italy's tabloid press. Bridging the gap between Situationist site-specific art strategies, postmodern appropriation and Queer activism, the influential work of Gran Fury elucidates the political and collectivist art practices that flourished in 80s/90s downtown New York. This catalogue, designed by Gran Fury, is the first

major publication solely devoted to their output. It reprints historical interviews between Gran Fury and Robert Gober, David Deitcher and Douglas Crimp, plus three never-before-published conversations by Gran Fury from late 2010. Read My Lips was created in conjunction with the retrospective curated by Michael Cohen and Gran Fury at NYU.

FM - Richard Neer 2001-12-18

"It was all so honest, before the end of our collective innocence. Top Forty jocks screamed and yelled and sounded mightier than God on millions of transistor radios. But on FM radio it was all spun out for only you. On a golden web by a master weaver driven by fifty thousand magical watts of crystal clear power . . . before the days of trashy, hedonistic dumbspeak and disposable three-minute ditties . . . in the days where rock lived at many addresses in many cities." -from FM As a young man, Richard Neer dreamed of landing a job at WNEW in New York—one of the

revolutionary FM stations across the country that were changing the face of radio by rejecting strict formatting and letting disc jockeys play whatever they wanted. He felt that when he got there, he'd have made the big time. Little did he know he'd have shaped rock history as well. FM: The Rise and Fall of Rock Radio chronicles the birth, growth, and death of free-form rock-and-roll radio through the stories of the movement's flagship stations. In the late sixties and early seventies—at stations like KSAN in San Francisco, WBCN in Boston, WMMR in Philadelphia, KMET in Los Angeles, WNEW, and others—disc jockeys became the gatekeepers, critics, and gurus of new music. Jocks like Scott Muni, Vin Scelsa, Jonathan Schwartz, and Neer developed loyal followings and had incredible influence on their listeners and on the early careers of artists such as Bruce Springsteen, Genesis, the Cars, and many others. Full of fascinating firsthand stories, FM documents the commodification of an iconoclastic phenomenon, revealing how

counterculture was coopted and consumed by the mainstream. Richard Neer was an eyewitness to, and participant in, this history. FM is the tale of his exhilarating ride.

Le Songe Du Vieil Pelerin - Philippe de Mezieres
2009-06-18

This French medieval text is now published in its entirety, accompanied by an introduction and

extensive synopses in English. Philippe de Mezieres (1327-1405) was a French soldier, publicist and statesman who travelled widely through much of the Christian world and served a number of rulers, particularly the King of Cyprus and Charles V and VI of France. Throughout his life Philippe de Mezieres was obsessed by the ideal that the West must reform itself in the light of the Christian view of the good life and he urged all Christian rulers to join together in a final crusade to liberate the Holy Land and the eastern Christian empires. This is the underlying theme of *Le Songe du Vieil Pelerin*, Philippe de Mezieres' major work. It is divided into three parts: the first is a wide-ranging survey of the Christian world, the second an examination of the state of France and the third a study of the duties and requirements of authority. The style is highly allegorical but contains much personal observation and historical fact.
