Hustle Harder, Hustle Smarter -  
Curtis "50 Cent" Jackson 2020-04-28

NEW YORK TIMES BESTSELLER For the  
first time, Curtis "50 Cent" Jackson

opens up about his amazing comeback—from tragic personal loss to thriving businessman and cable’s highest-paid executive—in this unique self-help guide, his first since his blockbuster New York Times bestseller *The 50th Law*. In his early twenties Curtis Jackson, known as 50 Cent rose to the heights of fame and power in the cutthroat music business. A decade ago the multi-platinum selling rap artist decided to pivot. His ability to adapt to change was demonstrated when he became the executive producer and star of *Power*, a high-octane, gripping crime drama centered around a drug kingpin’s family. The series quickly became “appointment” television, leading to Jackson inking a four-year, \$150 million contract with the Starz network—the most lucrative deal in

premium cable history. Now, in his most personal book, Jackson shakes up the self-help category with his unique, cutting-edge lessons and hard-earned advice on embracing change. Where *The 50th Law* tells readers “fear nothing and you shall succeed,” *Hustle Harder, Hustle Smarter* builds on this message, combining it with Jackson’s street smarts and hard-learned corporate savvy to help readers successfully achieve their own comeback—and to learn to flow with the changes that disrupt their own lives.

Talking to Strangers - Malcolm Gladwell 2019-09-10

THE INTERNATIONAL BESTSELLER

'Compelling, haunting, tragic stories . . . resonate long after you put the book down' James McConnachie, Sunday Times Book of the Year The routine

traffic stop that ends in tragedy. The spy who spends years undetected at the highest levels of the Pentagon. The false conviction of Amanda Knox. Why do we so often get other people wrong? Why is it so hard to detect a lie, read a face or judge a stranger's motives? Using stories of deceit and fatal errors to cast doubt on our strategies for dealing with the unknown, Malcolm Gladwell takes us on an intellectual adventure into the darker side of human nature, where strangers are never simple and misreading them can have disastrous consequences.

**Total Recall** - Arnold Schwarzenegger 2012-10-01

This enhanced edition of Total Recall holds 16 videos clips, including behind the scenes footage from Terminator 3, political speeches from

the Governor years and clips from Pumping Iron. In this fully illustrated ebook, Arnold Schwarzenegger takes us through each of the 170+ photographs and narrates each image. In his signature larger-than-life style, Arnold Schwarzenegger's Total Recall is a revealing self-portrait of his illustrious, controversial and truly unique life. Born in a small Austrian town in 1947, a year of famine, he was the son of an austere police chief. He dreamed of moving to America to become a bodybuilding champion and a movie star. By the age of 21, he was living in Los Angeles and had been crowned Mr Universe. Within five years, he had learned English and become the greatest bodybuilder in the world. Within ten years, he had earned his college

degree and was a millionaire from his business enterprises in real estate, landscaping and bodybuilding. He was also the winner of a Golden Globe Award for his debut as a dramatic actor in Stay Hungry. But that was only the beginning. The Terminator spawned numerous sequels and made him one of Hollywood's biggest stars, as he had a series of hit films including Predator, Total Recall, True Lies and Twins. He married Maria Shriver, becoming part of the Kennedy clan, while going on to become the Republican governor of California, where he led the state through a budget crisis, natural disasters and political turmoil. It is the greatest immigrant success story of our time. His story is unique, and uniquely entertaining, and he tells it brilliantly in these pages. Until

now, he has never told the full story of his life, in his own voice. Here is Arnold, with total recall.

**The Big Five for Life** - John P. Strelecky 2010

**The Child In You** - Stefanie Stahl  
2021-03-04

"Fantastic... Stefanie's practical, informative, inspiring and highly-

accessible approach to addressing psychological phenomena makes this book a hit" -- Vex King, bestselling author of Good Vibes, Good Life "I adored this book! Both mind-expanding and easy to digest, it is extremely helpful to me as a person, partner, mother and writer and my life is definitely better -- brighter, more enjoyable, less dominated by fear -- for having read it" -- Cathy Rentzenbrink, author of The Last Act of Love The breakthrough million-copy international bestseller about how to find happiness by befriending your inner child Everyone longs to be accepted and loved. Ideally, during childhood, we develop the self-confidence and sense of trust that will help us through life as adults. But the traumas that we experience in childhood also unconsciously shape

and determine our entire approach to life as adults. In *The Child In You*, bestselling author and psychologist Stefanie Stahl shares her proven approach for working with - and befriending - our inner child. Powerful, imaginative and practical - with clever exercises, from the three positions of perception to overwriting old memories - she shows how by renouncing our 'shadow child' and embracing our 'sun child,' we can learn to resolve conflicts, form better relationships, and find the answer to (almost) any problem. "I thoroughly recommend *The Child In You*, which will help anyone who wants to improve their mental wellbeing. We should all know our inner child, and Stefanie Stahl shows how we can get to do so, exploring this concept with warmth and accessibility" -- Julia

Samuel, author of *Grief Works* and *This Too Shall Pass*

**The Infinite Game** - Simon Sinek  
2019-10-15

The New York Times-bestselling author of *Start With Why*, *Leaders Eat Last*, and *Together Is Better* offers a bold new approach to business strategy by asking one question: are you playing the finite game or the infinite game? In *The Infinite Game*, Sinek applies game theory to explore how great businesses achieve long-lasting success. He finds that building long-term value and healthy, enduring growth - that playing the infinite game - is the only thing that matters to your business.

**So Good They Can't Ignore You** - Cal Newport 2016-12-01

Cal Newport's clearly-written manifesto flies in the face of conventional wisdom by suggesting that it should be a person's talent and skill - and not necessarily their passion - that determines their career path. Newport, who graduated from Dartmouth College (Phi Beta Kappa) and earned a PhD. from MIT, contends that trying to find what drives us, instead of focusing on areas in which we naturally excel, is ultimately harmful and frustrating to job seekers. The title is a direct quote from comedian Steve Martin who, when once asked why he was successful in his career, immediately replied: "Be so good they can't ignore you"

and that's the main basis for Newport's book. Skill and ability trump passion. Inspired by former Apple CEO Steve Jobs' famous Stanford University commencement speech in which Jobs urges idealistic grads to chase their dreams, Newport takes issue with that advice, claiming that not only is this advice Pollyannish, but that Jobs himself never followed his own advice. From there, Newport presents compelling scientific and contemporary case study evidence that the key to one's career success is to find out what you do well, where you have built up your 'career capital,' and then to put all of your efforts into that direction.

**Mastery** - Robert Greene 2012-11-19  
'Machiavelli has a new rival, and Sun-tzu had better watch his back' - New York Times Around the globe,

people are facing the same problem - that we are born as individuals but are forced to conform to the rules of society if we want to succeed. To see our uniqueness expressed in our achievements, we must first learn the rules - and then how to change them completely. Charles Darwin began as an underachieving schoolboy, Leonardo da Vinci as an illegitimate outcast. The secret of their eventual greatness lies in a 'rigorous apprenticeship': by paying close and careful attention, they learnt to master the 'hidden codes' which determine ultimate success or failure. Then, they rewrote the rules as a reflection of their own individuality, blasting previous patterns of achievement open from within. Told through Robert Greene's signature blend of historical

anecdote and psychological insight and drawing on interviews with world leaders, Mastery builds on the strategies outlined in The 48 Laws of Power to provide a practical guide to greatness - and how to start living by your own rules. From the internationally bestselling author of The 48 Laws of Power, The Art Of Seduction, and The 33 Strategies Of War.

**The Four** - Scott Galloway 2017-10-05  
'A fantastic, provocative book about where we are now and where we are going' Phil Simon Huffington Post  
Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that's been written about the Four over the last two

decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions: - How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? - Why does the stock market forgive them for sins that would destroy other firms? - And as they race to become the world's first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our

ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

**Never Eat Alone** - Keith Ferrazzi  
2014-06-05

An updated and expanded edition of the runaway bestseller Never Eat Alone by Keith Ferrazzi Proven advice on networking for success: over 400,000 copies sold. As Keith Ferrazzi discovered early in life, what distinguishes highly successful people from everyone else is the way they use the power of relationships - so that everyone wins. His form of connecting to the world around him is based on generosity and he distinguishes genuine relationship-

building from the crude, desperate glad-handling usually associated with 'networking'. In Never Eat Alone, Ferrazzi lays out the specific steps - and inner mindset - he uses to reach out to connect with the thousands of colleagues, friends, and associates on his Rolodex, people he has helped and who have helped him. He then distills his system of reaching out to people into practical, proven principles. Keith Ferrazzi is founder and CEO of Ferrazzi Greenlight, a marketing and sales consulting company. He is the author of the #1 New York Times bestseller Who's Got Your Back and has been a contributor to Inc., the Wall Street Journal, and Harvard Business Review. Previously, he was CMO of Deloitte Consulting and at Starwood Hotels & Resorts, and CEO of

YaYa media. He lives in Los Angeles and New York.

**Cryptocurrencies Simply Explained - By Tenx Co-Founder Dr. Julian Hosp** - Julian Hosp 2017-12-21

The easiest way into the world of blockchain, cryptocurrency, decentralization, bitcoin, icos, and co: Have you ever asked yourself what a cryptocurrency, a blockchain, or Bitcoin is? How about the word "decentralization?" You might have heard that "these things are coming" and "will take over the world." No matter if you have or haven't, "they" are right-these things are coming. And "these things" will play just as important a role as the internet has for the past 20 years. You know who "won" with the internet? The people who started preparing for it at the beginning, using it personally or for

their business before others did. With this new technology called blockchain, a similar window of opportunity has started to open. If you have no clue what a blockchain, a cryptocurrency, or Bitcoin is, don't worry-most of the population doesn't. One of the main challenges for anyone trying to get familiar with these topics is the question of "Where should I start?" This is exactly what prompted me to write this book. In the simplest way possible, I will explain all the aforementioned points so even a 10-year-old could understand them. At the same time, I will reference the details on a technical level to give you both the large scale and the detailed picture. Explaining something to a 10-year-old is in no way a commentary on anyone's intelligence. I'm just following

Albert Einstein's advice: "If you can't explain it simply, you don't understand it well enough." My ultimate goal is to make people all around the world #CRYPTOFIT. I.E fit for this new wave of decentralization and blockchain. 10 things you will learn in this book that will blow your mind: What does "backed by gold" actually mean? Will cryptocurrencies replace fiat currencies? Can an internet outage destroy cryptocurrencies? Does mining really create cryptocurrencies? (Hint: It doesn't) Is a maximum amount of Bitcoin really good for a currency? How do I get a cryptocurrency account if no one is in charge? Are cryptocurrencies better than fiat currencies? Is blockchain the only solution for decentralization? Which technology will win? (Hint: Not the

best one!) Can you lose a coin?  
(Hint: You can NOT) Enjoy the read -

**The Road to Financial Freedom** - Bodo Schaefer  
Number-one worldwide best seller Bodo Schafer suggests tips to help make you as successful as he and many others have been by showing you the road to financial freedom. For many people, the concept of actually owning a million dollars at one time is completely unfathomable. So what if you could do it in seven years? Bodo Schafer, renowned financier and personal management aficionado, is back again to help people discover the tips and tricks that successful individuals employ to make it to the top. The Road to Financial Freedom is

just that - a journey, and one Schafer has elected to help you undertake. Being rich and successful isn't merely luck; it takes discipline, tools, and an understanding of finances that most people simply don't have. This book is here to help unravel the shroud that keeps success out of the grasp of ordinary individuals. In this book you will learn: - How to manage and eliminate debt - Asset control and growth - Ways to not depend on others for financial solvency - And so much more! While becoming a millionaire in just seven years seems like a dream to some, those who practice the habits in this book could very well see it become a reality. Individuals are fraught with financial prejudices they don't know they have, which keep them from attaining success they

don't know they are capable of. You can earn money, manage that money, and watch that money grow exponentially in a way that allows you every want without becoming destitute, because at the end of the day it's all about making your money work for you instead of spending your whole life working for your money.

Find Your Why - Simon Sinek

2017-09-05

Simon Sinek's recent video on 'The Millennial Question' went viral with over 180 million views. Find Your Why is the follow up to Start with Why, the global bestseller and the subject of the third most watched TED Talk of all time. With Start With Why, Simon Sinek inspired a movement to build a

world in which the vast majority of us can feel safe while we are at work and fulfilled when we go home at night. Now, along with two of his colleagues, Peter Docker and David Mead, Sinek has created a guide to the most important step any business can take: finding your why. This easy-to-follow guide starts with the search for your personal why, and then expands to helping your colleagues find your organization's why. With detailed instructions on every stage in the process, the book also answer common concerns, such as: What if my why sounds like my competitor's? Can you have more than one why? And, if my work doesn't match my why, what do I do? Whether you're entry level or a CEO, whether your team is run by the founder or a recent hire, these simple steps will

lead you on a path to a more fulfilling life and long-term success for you and your colleagues.

**Grinding It Out** - Ray Kroc 2016-08-02

"He either enchants or antagonizes everyone he meets. But even his enemies agree there are three things Ray Kroc does damned well: sell hamburgers, make money, and tell stories." --from Grinding It Out Few entrepreneurs can claim to have radically changed the way we live, and Ray Kroc is one of them. His revolutions in food-service automation, franchising, shared national training, and advertising have earned him a place beside the men and women who have founded not only businesses, but entire empires. But even more interesting than Ray Kroc the business man is Ray Kroc the man. Not your typical self-made

tycoon, Kroc was fifty-two years old when he opened his first franchise. In *Grinding It Out*, you'll meet the man behind McDonald's, one of the largest fast-food corporations in the world with over 32,000 stores around the globe. Irrepressible enthusiast, intuitive people person, and born storyteller, Kroc will fascinate and inspire you on every page.

*Antifragile* - Nassim Nicholas Taleb  
2012-11-27

*Antifragile* is a standalone book in Nassim Nicholas Taleb's landmark *Incerto* series, an investigation of opacity, luck, uncertainty, probability, human error, risk, and decision-making in a world we don't understand. The other books in the series are *Foiled by Randomness*, *The Black Swan*, *Skin in the Game*, and *The Bed of Procrustes*. Nassim Nicholas

Taleb, the bestselling author of *The Black Swan* and one of the foremost thinkers of our time, reveals how to thrive in an uncertain world. Just as human bones get stronger when subjected to stress and tension, and rumors or riots intensify when someone tries to repress them, many things in life benefit from stress, disorder, volatility, and turmoil. What Taleb has identified and calls "antifragile" is that category of things that not only gain from chaos but need it in order to survive and flourish. In *The Black Swan*, Taleb showed us that highly improbable and unpredictable events underlie almost everything about our world. In *Antifragile*, Taleb stands uncertainty on its head, making it desirable, even necessary, and proposes that things be built in an antifragile

manner. The antifragile is beyond the resilient or robust. The resilient resists shocks and stays the same; the antifragile gets better and better. Furthermore, the antifragile is immune to prediction errors and protected from adverse events. Why is the city-state better than the nation-state, why is debt bad for you, and why is what we call "efficient" not efficient at all? Why do government responses and social policies protect the strong and hurt the weak? Why should you write your resignation letter before even starting on the job? How did the sinking of the Titanic save lives? The book spans innovation by trial and error, life decisions, politics, urban planning, war, personal finance, economic systems, and medicine. And throughout, in addition

to the street wisdom of Fat Tony of Brooklyn, the voices and recipes of ancient wisdom, from Roman, Greek, Semitic, and medieval sources, are loud and clear. Antifragile is a blueprint for living in a Black Swan world. Erudite, witty, and iconoclastic, Taleb's message is revolutionary: The antifragile, and only the antifragile, will make it. Praise for Antifragile "Ambitious and thought-provoking . . . highly entertaining."—The Economist "A bold book explaining how and why we should embrace uncertainty, randomness, and error . . . It may just change our lives."—Newsweek  
*The Laws of Human Nature* - Robert Greene 2018-10-25  
WINNER OF THE INTERNATIONAL BUSINESS BOOK AWARD 2019 From the million-copy bestselling author of The 48 Laws of

Power Robert Greene is a master guide for millions of readers, distilling ancient wisdom and philosophy into essential texts for seekers of power, understanding and mastery. Now he turns to the most important subject of all - understanding people's drives and motivations, even when they are unconscious of them themselves. We are social animals. Our very lives depend on our relationships with people. Knowing why people do what they do is the most important tool we can possess, without which our other talents can only take us so far. Drawing from the ideas and examples of Pericles, Queen Elizabeth I, Martin Luther King Jr, and many others, Greene teaches us how to detach ourselves from our own emotions and master self-control, how to develop the empathy that leads to

insight, how to look behind people's masks, and how to resist conformity to develop your singular sense of purpose. Whether at work, in relationships, or in shaping the world around you, The Laws of Human Nature offers brilliant tactics for success, self-improvement, and self-defence.

The 33 Strategies Of War - Robert Greene 2010-09-03

The third in Robert Greene's bestselling series is now available in a pocket sized concise edition. Following 48 Laws of Power and The Art of Seduction, here is a brilliant distillation of the strategies of war to help you wage triumphant battles everyday. Spanning world civilisations, and synthesising dozens of political, philosophical, and religious texts, The Concise 33

Strategies of War is a guide to the subtle social game of everyday life. Based on profound and timeless lessons, it is abundantly illustrated with examples of the genius and folly of everyone from Napoleon to Margaret Thatcher and Hannibal to Ulysses S. Grant, as well as diplomats, captains of industry and Samurai swordsmen.
