Un Dios locamente enamorado de ti - Antonio López Baeza 2003

Si te gustan los libros sinceros, escritos más con el corazón que con la cabeza: si te sientes decepcionado de muchas cosas, pero todavía sigues creyendo en la oración: si has descubierto que la oración es y será siempre una de las más bellas y fascinantes actividades humanas: si sabes -o al menos intuyes- que el camino místico es camino de máxima fidelidad a todo lo auténticamente humano y a todos los valores de este mundo: si te has dado cuenta de que la

vida interior del hombre es su mejor garantía de fidelidad a sí mismo, así como de libertad y felicidad en la tierra: si Jesucristo te entusiasma -tal vez te enamora- por su Humanidad universal, cálida y desbordante: si Dios significa para ti algo distinto -y aún mucho más- que la posible existencia de un Legislador y Juez lejano y frío: si crees que estás llamado a experimentar y gustar en tu propio corazón la presencia viva de Dios: si los graves problemas de la humanidad actual te preocupan y hasta te duelen, y eres de los que resisten a aceptar que no tienen solución: si alguna vez, al leer la Biblia, ha resonado en tu interior como un texto que se ha escrito pensando en ti, como una declaración de amor dirigida a tu propia persona..., entonces tal vez no quedes defraudado con la lectura de este libro. Su autor, Antonio López Baeza, sacerdote y poeta, ha

escrito como fruto de su dedicación al ministerio de la contemplación y con el deseo de contribuir a que la Experiencia Mística -hoy más necesaria que nunca- ocupe el lugar que le corresponde en nuestra Iglesia y en nuestro Mundo. PHILOLOGY, CONCEPTS OF EUROPEAN LITERATURE - Andreas Sofroniou

Buying Into Change -
Alejandro J. Gómez del Moral
2021-05

Buying into Change examines how the development of a mass consumer society under the dictatorship of General Francisco Franco (1939–1975) inserted Spain into transnational consumer networks and set the stage for Spain's transition to democracy during the late 1970s. This transition is broadly significant to both a Spanish public still struggling to redefine their society after Franco and to scholars who have long debated the origins of Spain's current democracy, yet many aspects of it

remain largely unexamined. Buying into Change incorporates mass consumption into our understanding of Spain's democratic transition by tracing the spread and social impact of new foreign-influenced department stores, of imported innovations such as modern mass advertising, and of consumer magazines that promoted foreign products. Initially, these enterprises backed Franco's conservative policies, and the regime in turn encouraged consumption in order to improve its image both domestically and abroad. Spain's new globally oriented commerce ultimately sold retailers and shoppers not just foreign ways of buying and selling but also subversive ideas. Imported 1960s fashions brought along countercultural notions on issues such as gender equality. And as Spaniards consumed more like their foreign neighbors, they

increasingly viewed themselves as cosmopolitan and European and identified with liberal political conditions abroad, undermining Francoism's doctrine of national exceptionalism, thus laying the social foundations for democratization and European integration in Franco's wake.

Coronado 2019-09-30
Francisco R. Coronado es originario de Cananea Sonora y estudió en la Escuela Nacional de Agricultura Chapingo, México. Actualmente radicado en Sin City, USA, duda muchísimo de ser un escritor, su intención tan sólo es divertir, aunque sea un poco, a los que como él están atados con cadenas a un sistema injusto donde unos cuantos, para enriquecerse, se aprovechan del ser humano y de la naturaleza. El 1% es un hoyo negro que todo lo devora. Considerando que existe un mar de escritores y un mundo de libros, el autor, tratando de ser realista, se dará por bien servido si este libro lo leen algunos familiares, ciertos amigos y dos o tres desconocidos.

Cuentos para regalar a

enamorados - Enrique

Mariscal 2010-07-15

Regálate un cuento En el sexto volumen de su exitosa colección, «Cuentos para regalar», Enrique Mariscal subraya la importancia del amor. James Cook, navegante y descubridor inglés, atravesó mares y

descubrió territorios hasta su cita con la muerte. El trágico compromiso con la amada negra lo encontró en 1779, cuando los nativos de la isla de Hawai le dieron muerte. Muchos años más tarde, en una botella lacrada hallada en el mar, alguien encontró su mensaje póstumo a la humanidad, digno de ser leído hasta por aquellos que nunca leen: «¡Qué sabios son aquellos que sólo son tontos en el amor!» Es muy importante mantener esa grandeza que no malogra las demás relaciones con la vida. En cambio, el afán posesivo oprime de tal manera el corazón que corrompe los demás vínculos. El amor es un amo que no esclaviza ni deshonra. Cuando los grandes maestros no encontraban las palabras, ni las definiciones intelectuales para explicar las más importantes enseñanzas de la vida, recurrían a la parábola, a la fábula, al mito o al sueño.

How Everyday Forms of Racial Categorization Survived Imperialist Censuses in Puerto Rico - Rebecca Jean Emigh 2021-09-29

This book examines the history of racial classifications in Puerto Rico censuses, starting with the Spanish censuses and continuing through the US ones. Because Puerto Rican censuses were collected regularly over hundreds of years, they are fascinating “test cases” to see what census categories might have been available and effective in shaping everyday ones. Published twentieth-century censuses have been well studied, but this book also examines unpublished documents in previous centuries to understand the historical precursors of contemporary ones. State-centered

theories hypothesize that censuses, especially colonial ones, have powerful transformative effects. In contrast, this book shows that such transformations are affected by the power and interests of social actors, not the strength of the state. Thus, despite hundreds of years of exposure to the official dichotomous and trichotomous census categories, these categories never replaced the continuous everyday ones because the census categories rarely coincided with Puerto Rican’s interests.
