No Heaven for Good Boys - Keisha Bush
2021-01-26

NEW YORK TIMES EDITORS' CHOICE • Set in Senegal, this modern-day Oliver Twist is a meditation on the power of love and the strength that can emerge when we have no other choice but to survive. "I loved this book because it is a story about generations of parents and children saving one another with a love so powerful that it transcends distance, time, and reason."—Ann Napolitano, New York Times bestselling author of *Dear Edward* Six-year-old Ibrahimah loves snatching pastries from

his mother's kitchen, harvesting string beans with his father, and searching for sea glass with his sisters. But when he is approached in his rural village one day by Marabout Ahmed, a seemingly kind stranger and highly regarded teacher, the tides of his life turn forever. Ibrahimah is sent to the capital city of Dakar to join his cousin Étienne in studying the Koran under Marabout Ahmed for a year, but instead of the days of learning that Ibrahimah's parents imagine, the young boys, called Talibé, are forced to beg in the streets in order to line their teacher's pockets. To make it back home, Étienne and Ibrahimah must help each other survive both the dangers posed by their Marabout, and the darker sides of Dakar: threats of black-market organ traders, rival packs of Talibé, and mounting student protest on the streets. Drawn from real incidents and transporting readers between rural and urban Senegal, *No Heaven for Good Boys* is a tale of hope, resilience, and the affirming power of love.

[Heaven is for Real Deluxe Edition](#) - Todd Burpo 2011-10-31

#1 New York Times best-seller with more than 11 million copies sold and Amazon's #17 best-selling book of all time. *Heaven Is for Real* was the best-selling non-fiction book of 2011 as reported by Nielsen's Bookscan, and was developed as a major motion picture by Sony in 2014. "Do you remember the hospital, Colton?" Sonja said. "Yes, mommy, I remember," he said. "That's where the angels sang to me." When Colton Burpo made it through an emergency appendectomy, his family was overjoyed at his miraculous survival. What they weren't expecting, though, was the story that emerged in the months that followed—a story as beautiful as it was extraordinary, detailing their little boy's trip to heaven and back. Colton, not yet four years old, told his parents he left his body during the surgery—and authenticated that claim by describing exactly what his parents were doing in another part of the hospital while he was being operated on. He talked of visiting heaven and relayed stories told to him by people he met there whom he had never met in life, sharing events that happened even before he was born. He also astonished his parents with descriptions and obscure details about heaven that matched the Bible exactly, though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton tells of meeting long-departed family members. He describes Jesus, the angels, how "really, really big" God is, and how much God loves us. Retold by his father, but using Colton's uniquely simple words, *Heaven Is for Real* offers a glimpse of the world that awaits us, where as Colton says, "Nobody is old and nobody wears glasses." *Heaven Is for Real* will forever change the way you think of eternity, offering the chance to see, and believe, like a child. Continue the Burpos story in *Heaven Changes Everything: The Rest of Our Story*. *Heaven Is for Real* also is

available in Spanish, *El cielo es real*.

As we see a shift of old forms that were once the foundations of our daily lives, parents—who must prepare the next generation to meet the changing world—have more questions today than ever before. Memories of Heaven - Wayne Dyer 2015-12-15

Nineteenth-century British poet William Wordsworth expressed the idea that we gradually lose our intimate knowledge of heaven as we grow up, observing that "our

birth is but a sleep and a forgetting" of our previous heavenly existence. Dr. Wayne W. Dyer and co-author Dee Garnes had often talked about how the ones who know the most about God are those who have just recently been wrapped in the arms of the Divine, our infants and toddlers. In fact, Dee had an interaction with her own young son that convinced her of this. Curious about this phenomenon, Wayne and Dee decided to issue an invitation to parents all over the world to share their experiences. The overwhelming response they received prompted them to put together this book, which includes the most interesting and illuminating of these stories in which very young children speak about their remembrances before they were born. It seems that infants and toddlers often arrive here with memories of their lifetimes in the spirit world and frequently provide evidence of this to their immediate families. They tell of dialogues with God, give evidence that they themselves had a hand in picking their own parents, speak about long-deceased family members they knew while in the dimension of Spirit, verify past-life recollections, and speak eloquently and accurately of a kind of Divine love that exists beyond this physical realm--and even of times when telepathic communication took place, as well as the ability to decide just when they would come here to Earth. This fascinating book encourages parents and grandparents to take a much more active role in communicating with their new arrivals . . . and to realize that there is far more to this earthly experience than what we perceive with our five senses.

Will I ever see my baby again—and will I recognize him? what happens if I've had an abortion? Does God have a reason for letting my child die? God's Word shines with hope in the dark night of human pain. God showed his tenderness when David lost the child he had with Bathsheba shortly after its birth. In his pain and grief, David spoke the word of revelation—reassuring word of God's truth—saying, "I will go to (my child) but he will not return to me" (2 Samuel 12:19-23). Heaven's Very Special Child & the Family - Edna Massimilla 2008-08

Heaven's Very Special Child & The Family is a most needed book concerning the purpose of God in allowing a child who is retarded or physically disabled to be born. From personal experiences by the author, a widow of a pastor, and one of their 5 children, with Down Syndrome (Ruth lived 43 years), Edna recounts the blessings, amid many trying times. Besides her personal story, in this book are many other stories from others that touch the hearts of readers. In Part 2 of the book are original poems and songs all related to the care and inspiration given to parents and other caregivers of children who are either physically disabled or mentally retarded. And, from a religious angle, the mention of prayers, unspoken by the child are emphasized. There is a resource section also, where readers can receive further information about parenting a disabled child, and the obvious joys and benefits to themselves and to society. The poem 'Heaven's Very Special Child' was read and acknowledged by the late President Kennedy on the day of his assassination. As we all know, his sister was mentally retarded. The actual inspiration for the poem was through Henry Viscardi's conversation with his mother. Henry was born without legs and became a famous author and he started a school for disabled

children in New York. For ordering and with personal communication with its author, you can write to her at the following address: EDNA MASSIMILLA 2815 Byberry Rd. Suite 120, Hatboro, PA 19040

Safe in the Arms of God - John F. MacArthur 2003-07-08

"Is my baby in heaven?" This is the most important question a grieving parent can ask. And even if the little one is someone else's child, the issue remains: What happens to children? those unborn, stillborn, or youngsters? when they die? Can you hope to see them again? Can you let go of your fear and guilt? Can God's love soothe a wound so jagged? With scriptural authority and the warmth of a pastor's heart, bestselling author John MacArthur examines the breadth of the entire Bible and reveals in this compelling book the Heavenly Father's care for every life. "I have sat by the grave of our daughter and son and wondered out loud if my belief that Hope and Gabriel are in heaven has any solid scriptural support. John MacArthur offers truth from God's Word that puts the doubts of any grieving parent to rest. Safe

in the Arms of God reveals that confidence of heaven for the child you love is based on much more than mere sentimentality; it is revealed in the Word of God and reflective of the very heart of God." ?Nancy Guthrie, author of *Holding On to Hope*

Return From Heaven - Carol Bowman 2009-10-06

What if you could see a loved one who has died, not in a future spiritual realm, but here and now, in this lifetime? It is possible, says Carol Bowman, author of *Children's Past Lives* and a pioneer in reincarnation studies. Based on in-depth research and direct observation of very young children, she shows in this groundbreaking book how common it is for beloved relatives to reincarnate into the same family. Typical families share how their children -- some as young as two and still in diapers -- speak spontaneously of intimate details from the lives of a family member they never knew. These true stories shed new light on age-old questions of family relationships: Do we choose our parents? What relationships survive death? What happens to the soul after a miscarriage or abortion? Bowman offers hope for anyone who has lost a beloved relative and longs to be reunited again.
