Little Red Riding Hood - Calee M. Lee 2013-03-28

Stranger danger comes with big teeth in this cautionary fairy tale. The beloved story is a howling good time—the better to keep kids’ attention! Make sure you don’t stop and talk to strangers! The classic story of Little Red Riding Hood has been retold with simple, rhythmic sentences for beginning readers and wiggly toddlers. Discover Fairy Tales are familiar stories with cute illustrations, perfect for the touchscreen generation.

Imaginary Greece - Richard Buxton 1994-06-16

This is a study of Greek mythology in relation to its original contexts. Part one deals with the contexts in which myths were narrated: the home, public festivals, the lesche. Part two, the heart of the book, examines the relation between the realities of Greek life and the fantasies of mythology: the landscape, the family and religion are taken as case-studies. Part three focuses on the function of myth-telling, both as seen by the Greeks themselves and as perceived by later observers. The author sees his role as that of a cultural historian trying to recover the contexts and horizons of expectation which simultaneously make possible and limit meaning. He seeks to demonstrate how the seemingly endless variations of Greek mythology are a product of a particular community, situated in a particular landscape, and with these particular institutions.

Antonio Gades - Fundación Antonio Gades 2005

The Little House - Jean-Francois de Bastide 1996

Exemplary of an 18th-century literary genre that combined fictional narrative with didactic observations on art and architecture, *The Little House* tells the tale of a seduction in a maison de plaisance outside of Paris. The house itself - its architecture, gardens, artwork, and furnishings - is the central element of a story in which an impressionable woman mistakes good taste for good intentions, with unforeseen results. *The Little House*, long an underground classic among architectural historians and theorists, has never before been published in English. Anthony Vidler's insightful preface and Rodolphe el-Khoury's informative introduction, notes, and careful translation make the novella more accessible to the contemporary reader.

Power - Plasma Hurricane 2021-10-12

Adult Coloring Book

A Potter in Japan 1952-1954 - Bernard Leach 2015

There can be no potter in the world whose name is more widely known and respected than that of Bernard Leach. He is as famous in Japan and the East as he is in Europe and America, not only as an artist-craftsman but also as a thinker. Leach was born in Hong Kong, and spent the first few years of his life in Japan. Later, he attended Slade School of Fine Art and the London School of Art, where he studied etching under Frank Brangwyn." *A Potter in Japan*" is a collection of memoirs and diary entries from his return to Japan in the early 1950 s. These accounts provide a unique opportunity to see the Eastern influence on his craft. This book

appeals to lovers of ceramics and those with an interest in cultural interchange between East and West."

Imperial Surprises Pop-Up - Margaret Kelly 1994-03-01

This new book's cleverly engineered paper replicas of the elegant Faberge eggs exactly simulate the lavishly designed gifts that the Russian nobility gave to one another at Easter. Accompanying the exquisite reproductions is an informative text by the curator of the Forbes Faberge collection. 50 illustrations in full-color, 6 pop-ups.

A Long Day in November - Ernest J. Gaines 2014-03-07

A young African-American boy living on a cane plantation recounts the events of the day his parents separate and are reconciled.

The Case of Emily V. - Keith Oatley 2006

An accomplished young woman traumatized by guilt at her role in the death of a British diplomat, who was her lecherous guardian. Sigmund Freud, whom she consults to ease her mental suffering and Sherlock Holmes, enlisted by his brother, Mycroft, to probe the man's death.

The Techniques of Ship Modelling - Gerald A. Wingrove 1974

A Log Cabin Notebook - Mary Ellen Hopkins 1991-09-01

Mordenheim - Chet Williamson 1994

Two young necromancers agree to assist Victor Mordenheim in his efforts to revive his dead wife, but the doctor's previous creation is determined to stop their work

When in Rome - Ngaio Marsh 2015

While vacationing in Rome, Inspector Roderick Alleyn comes face to face with murder when one of the members of his tour group is killed and a shady tour guide mysteriously vanishes.

The Brave - Gregory Mcdonald 1991

Living in dire poverty with his family in America's Southwest, Rafael decides to make the ultimate sacrifice to bring his family something of value--agreeing to star in a snuff film for a huge amount of money

Cartier - Philippe Tretiak 2005-01-30

Founded 150 years ago in Paris, the family-run Cartier firm expanded to

become an international jewelry business with a reputation second to none. This history features an illustrated selection of the firm's prestigious jeweled wares - tiaras, bracelets, necklaces in distinctive styles - worn by famous owners.

All The Dogs Of My Life - Elizabeth von Arnim 2014-03-06

First published in 1936, this is the story of Elizabeth von Arnim's extraordinary life - and her equally extraordinary dogs. From her Pomeranian idyll (celebrated in her famous first book, ELIZABETH AND HER GERMAN GARDEN), to less happy days in London following the death of her first husband; from the beautiful solitude of her Swiss mountain hideaway, to the First World War and a disastrous second marriage, the author takes us on a disarmingly witty and poignant journey of canine companionship.

The Arts and Crafts Movement - Robin Langley Sommer 1995

A history of the Arts and Crafts movement considers the works of such artists as William Morris, Gustav Stickley, and Frank Lloyd Wright, and examines the movement's theories about combining natural materials with hand craftsmanship.

The Inheritor - Marion Zimmer Bradley 1997-02-15

First published over a decade ago, "The Inheritor" fits neatly into the same story cycle as Bradley's "Ghostlight" and "Witchlight". Now available in a trade paperback edition for the first time, "The Inheritor" tells the story of a reluctant psychic who is trapped, very much against her will, in a battle with the forces of darkness.

Garden of Claude Monet - Charles Prost 1997-08

Taking readers to Monet's private gardens at Giverny--the subject of many of his finest landscape paintings--this collection of beautifully evocative modern photos depicts how the appearance of Giverny changes over the course of all four seasons. An informative text accompanies 35 photos and illustrations.

Fantastic Ferrari - Paolo D'Alessio 2006-04

Text in English and Italian. The signature red Ferrari made its Grand Prix Formula 1 racing debut in 1948, and the marque has been turning heads ever since. Through ups and downs, racing victories and failures,

innovative designs and superb drivers, Ferrari became integral to Grand Prix racing and its history. In *Fantastic Ferrari*, archival and contemporary photographs combine with a fascinating history of the car through each of its F1 seasons to create an unparalleled record of this iconic automaker and its drivers.

Tengu - Graham Masterton 1983

Black Milk - Robert Reed 2014-11-18

"A poignant story that explores the repercussions of humanity's search for perfection," from the Hugo Award-winning author of *Marrow* (Library Journal). With a perfect memory and hyper-acute senses, Ryder is the leader of a group of five children, all highly specialized thanks to the genetic engineering pioneered by Dr. Aaron Florida—scientist, philanthropist, and genius. They represent a new generation of genetically tailored individuals, created to help build a brighter future. But some effects of Dr. Florida's work were unforeseen—and these children will soon discover the shocking truth about the new world they stand to inherit . . . "Very similar to some of the better works of John Varley." —*Science Fiction Chronicle*

Three Eastern Townships Mining Villages in Québec, 1863-1972 - William Gillies Ross 1996

My Story - Sarah Ferguson (Duchess of York) 1997

Sarah, Duchess of York, known affectionately to millions around the world as Fergie, tells of her divorce from Prince Andrew, along with the frustrations, humiliations, and occasional joys of her life as a Windsor.

I Wonder - Marian Bantjes 2018-09-25

From typographic illustrator Marian Bantjes, *I Wonder* will make you think in new ways about art, design, beauty, and popular culture. This unique presentation features the elaborately crafted word pictures of Marian Bantjes, the most inventive and creative typographic illustrator of our time. Whether intricately hand-drawn or using computer illustration software, Bantjes's work crosses the boundaries of time, style, and technology. There is, however, another side to Bantjes's visual work: her

thoughtful treatises on art, design, beauty, and popular culture that add a deeper dimension to the decorative nature of her best-known work. These reflections cover the cult of Santa, road-side advertising, photography and memory, the alphabet's letterforms, heraldry, and stars. Bantjes's writing style ranges from the playful to the confrontational, but it is always imbued with perspicacity, insight, and a sense of fun. Intended to inspire creatives of any persuasion, this is more than a collection of ideas: Bantjes has meticulously illustrated every page of the book in her inimitable style to create an accessible work of art that is far greater than the sum of its parts. Quirky, poignant, astute, funny--this beautiful book presents a compelling collection of observations on visual culture and design. In Stefan Sagmeister's telling words, Bantjes's work is his "favorite example of beauty facilitating the communication of meaning." This paperback edition is expanded with a new essay from the author.

World War One - Philip Warner 2008

The Great War will never be forgotten but that does not mean that it is understood. Then as now it was the massive set-piece battles (Somme and Passchendaele) that are best remembered. But to understand the whole conflict with its diverse and complex elements the political background, allegiances and alliances of the combatants and the military thinking of the time must be grasped. Philip Warner provides in this fine book the overview necessary to follow the ambitions and reactions of those involved so enabling the reader to appreciate the strategies and tactics on the ground. He lists the main figures who shaped events and comments on their strengths and failings as well as their significance. Helpfully he describes the end game, the literature spawned by war and asks "was it avoidable"? For a full understanding of both the course of the most appallingly costly war in the history of mankind and its causes and effects this book is unlikely to be bettered.

Great Inventions - 1997

Presents unusual facts about inventions over the centuries.

An Island Called Moreau - Brian W. Aldiss 2015-05-19

A castaway government official is stranded on an island of man-made monsters in this bold reimagining of the H. G. Wells science fiction classic

War is hell, and the conflict tearing the world apart may be humankind's last. Set adrift on a makeshift raft in the middle of the South Pacific, the sole survivor of a sabotaged space-shuttle flight, undersecretary of state Calvert Roberts is certain his life is coming to an end. But fate intervenes, depositing him dehydrated and half starved on the beach of an uncharted island with a giant M etched into a cliff wall. At first it appears to be paradise, but Eden has a dark side: Here, Dr. Mortimer Dart is playing God. A genius geneticist who is certifiably mad, he is called Master by the unspeakable creations of his predecessor—monstrous creatures, neither human nor animal but some nightmarish hybrid. Yet as horrible as the stranded government official finds these abominations, it is the truth behind Dart's experiments that chill Roberts's blood—for it will open wide a window onto an inescapable future of emptiness, ashes, and death. One of twentieth-century science fiction's brightest luminaries, Grand Master Brian W. Aldiss pays homage to one of the genre's most beloved progenitors, the great H. G. Wells, author of *The Time Machine*, *The War of the Worlds*, and other science fiction classics. *An Island Called Moreau* is a gripping near-future tale of inhuman experimentation, dystopia, morality, war, and mad science that honors and ingeniously updates Wells's brilliant, dark masterwork, *The Island of Doctor Moreau*.

Little Polar Bear and the Big Balloon - Hans de Beer 2001

Lars, the little polar bear, dreams of flying like the seagulls he watches. One day he meets a lost puffin whose wings are sticky with oil. Lars takes the bird to the hot springs where they discover a red hot air balloon. At last, it seems Lars's dream of exploring the sky is about to come true. Full

color.

Alaska - Frank Lauria 1996

When their bush pilot father's airplane goes down in the Alaskan wilderness, two city kids set out to rescue him with the help of a wild bear.

Entretiens Sur L'architecture; Volume 2 - Eugène-Emmanuel Viollet-Le-Duc 2018-10-20

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it.
