Behavioral Finance: The Second Generation - Meir Statman 2019-12-02

Behavioral finance presented in this book is the second-generation of behavioral finance. The first generation, starting in the early 1980s, largely accepted standard finance's notion of people's wants as "rational" wants—restricted to the utilitarian benefits of high returns and low risk. That first generation commonly described people as "irrational"—succumbing to cognitive and emotional errors and misled on their way to their rational wants. The second generation describes people as normal. It begins by acknowledging the full range of people's normal wants and their benefits—utilitarian, expressive, and emotional—distinguishes normal wants from errors, and offers guidance on using shortcuts and avoiding errors on the way to satisfying normal wants. People's normal wants include financial security, nurturing children and families, gaining high social status, and staying true to values. People's normal wants, even more than their cognitive and emotional shortcuts and errors, underlie answers to important questions of finance, including saving and spending, portfolio construction, asset pricing, and market efficiency.

*Vaudeville old & new* - Frank Cullen 2007

In an Instant - Lee Woodruff 2007-05-01

In one of the most anticipated books of the year, Lee Woodruff, along with her husband, Bob Woodruff, share their never-before-told story of romance, resilience, and survival following the tragedy that transformed their lives and gripped a nation. In January 2006, the Woodruffs seemed to have it all—a happy marriage and four beautiful children. Lee was a public relations executive and Bob had just been named co-anchor of ABC's World News Tonight. Then, while Bob was embedded with the military in Iraq, an improvised explosive device went off near the tank he was riding in. He and his cameraman, Doug Vogt, were hit, and Bob suffered a traumatic brain injury that nearly killed him. In an Instant is the frank and compelling account of how Bob and Lee's lives came together, were blown apart, and then were miraculously put together again—and how they persevered, with grit but also with humor, through intense trauma and fear. Here are Lee's heartfelt memories of their courtship, their travels as Bob left a law practice

behind and pursued his news career and Lee her freelance business, the glorious births of her children and the challenges of motherhood. Bob in turn recalls the moment he caught the journalism “bug” while covering Tiananmen Square for CBS News, his love of overseas assignments and his guilt about long separations from his family, and his pride at attaining the brass ring of television news—being chosen to fill the seat of the late Peter Jennings. And, for the first time, the Woodruffs reveal the agonizing details of Bob’s terrible injuries and his remarkable recovery. We learn that Bob’s return home was not an end to the journey but the first step into a future they have learned not to fear but to be grateful for. In an Instant is much more than the dual memoir of love and courage. It is an important, wise, and inspiring guide to coping with tragedy—and an extraordinary drama of marriage, family, war, and nation. A percentage of the proceeds from this book will be donated to the Bob Woodruff Family Fund for Traumatic Brain Injury.

*The Ride of a Lifetime* - Robert Iger 2019-09-23

'One of the best business books I've read in years.' **BILL GATES THE #1 NEW YORK TIMES BESTSELLER A SUNDAY TIMES BOOK OF THE YEAR 2019** \_\_\_\_\_ The CEO of Disney, one of Time's most influential people of 2019, shares the ideas and values he embraced to reinvent one of the most beloved companies in the world and inspire the people who bring the magic to life. Robert Iger became CEO of The Walt Disney Company in 2005, during a difficult time. Morale had deteriorated, competition was intense, and technology was changing faster than at any time in the company's history. His vision came down to three clear ideas: Recommit to the concept that quality matters, embrace technology instead of fighting it, and think bigger-think global-and turn Disney into a stronger brand in international markets. Fourteen years later, Disney is the largest, most respected media company in the world, counting Pixar, Marvel, Lucasfilm and 21st Century Fox among its properties. Its value is nearly five times what it was when Iger took over, and he is recognized as one of the most innovative and successful CEOs of our era. In *The Ride of a Lifetime*, Robert Iger shares the lessons he's learned while running Disney and leading its 200,000 employees, and he explores the principles that are necessary for true leadership, including: Optimism. Even in the face of difficulty, an optimistic leader will find the path toward the best possible outcome and focus on that, rather than give in to pessimism and blaming. Courage. Leaders have to be willing to take risks and place big bets. Fear of failure destroys creativity. Decisiveness. All decisions, no matter how difficult, can be made on a timely basis. Indecisiveness is both wasteful and destructive to morale. Fairness. Treat people decently, with empathy, and be accessible to them. 'Bob Iger has not only lived up to ninety-six years of groundbreaking history but has moved the Disney brand far beyond anyone's expectations, and he has done it with grace and audacity. This book shows you how that happened.'

**3 books to know Dublin** - James Joyce 2020-05-02

Welcome to the 3 Books To Know series, our idea is to help readers learn about fascinating topics through three essential and relevant books. These carefully selected works can be fiction, non-fiction, historical documents or even biographies. We will always select for you three great works to instigate your mind, this time the topic is: Dublin. - *Dubliners* by James Joyce. - *The House by the Church-Yard* by Joseph Sheridan Le Fanu - *The Cairn on the Headland* by Robert E. Howard. *Dubliners* is a collection of fifteen short stories by James Joyce, first published in 1914. They form a naturalistic depiction of Irish middle class life in and around Dublin in the early years of the 20th century. *The House by the Churchyard* is a novel by Sheridan Le Fanu that combines elements of the mystery novel and the historical novel. Aside from its own merits, the novel is important as a key source for James Joyce's *Finnegans Wake*. *The Cairn on the Headland* is a short story by American writer Robert E. Howard, with elements of fantasy and horror. As often in Howard stories, there is a link to the Cthulhu Mythos, in this case mixed also with elements of both Norse Mythology and Catholic Christianity. This is one of many books in the series 3 Books To Know. If you liked this book, look for the other titles in the series, we are sure you will like some of the topics

*Juggling Elephants* - Jones Loflin 2007-09-06

What do you do when your life feels as busy as a three-ring circus? *Juggling Elephants* tells a simple but profound story about one man with a universal problem. Mark has too much to do, too many priorities, too much stress, and too little time. As he struggles to balance his many responsibilities without cracking under the pressure, Mark takes a break to attend the circus with his family. There he has a surprising conversation with a wise ringmaster. He leaves with a simple but powerful lesson: Trying to get everything done is like juggling elephants -- impossible. So Mark begins to think about his work, family, and personal life the way a ringmaster thinks about the many acts in a three-ring circus. He discovers that managing his various acts can be fun and easy once he changes his attitude and follows his new friend's ongoing

guidance. Mark soon realizes: • If you keep trying to juggle elephants, no one, including you, will be thrilled with your performance. • A ringmaster cannot be in all three rings at once. • The key to the success of a circus is having quality acts in all three rings. • Intermission is an essential part of any good circus. *Juggling Elephants* is a wonderfully lighthearted guide for everyone who feels like they're about to be squashed. It will help you better focus your time and energy, so you'll be able to enjoy more of the things that are important to you. Above all, it will teach you how to run your circus, instead of letting the circus run you.
