Making Change - Jeanne L Hites Anderson 2020-06-03
Every community has issues or opportunities that need to be addressed. The expert knowledge of community members could be the key to creating lasting change. By making community members into facilitators, Making Change: Facilitating Community Action suggests they can guide community members through the process

of making change and to help them determine their goals and methods. The aim of this book is to enable facilitators to identify concerns and address, enable and foster change at the local level through effective facilitation. This book follows a six-stage model for creating change. Beginning with issue awareness, it continues through getting to know the team they are working with, seeking information on the issue and community, through facilitating the planning and community development through evaluation. This book focuses on the human side of the change process while also teaching the practical skills necessary for individuals to reach their goal. Making Change is for people interested in making change to improve their community, including students, community activists, local government and educational leaders.

Fundraising for Social Change - Kim Klein 2016-05-16

The bible of grassroots fundraising, updated with the latest tools and methods Fundraising for Social Change is the preeminent guide to securing funding, with a specific focus on progressive nonprofit organizations with budgets under \$5 million. Used by nonprofits nationally and internationally, this book provides a soup-to-nuts prescription for building, maintaining, and expanding an individual donor program. Author Kim Klein is a recognized authority on all aspects of fundraising, and this book distills her decades of expertise into fundraising strategies that work. This updated seventh edition includes new information on the impact of generational change,

using social media effectively, multi-channel fundraising, and more, including expanded discussion on retaining donors and on legacy giving. Widely considered the 'bible of grassroots fundraising,' this practically-grounded guide is an invaluable resource for anyone who has to raise money for important causes. A strong, sustainable fundraising strategy must possess certain characteristics. You need people who are willing to ask and realistic goals. You need to gather data and use it to improve results, and you need to translate your ideas in to language donors will understand. A robust individual donor program creates stable and long-term cash flow, and this book shows you how to structure your fundraising appropriately no matter how tight your initial budget. Develop and maintain a large base of individual donors Utilize strategies that pay off sooner rather than later Expand your reach and get your message out to the donor pool Translate traditional fundraising methods into strategies that work for social justice organizations with little or no front money Basing your fundraising strategy on the contributions of individual donors may feel like herding cats—but it's the best way for your organization to maintain maximum freedom to pursue the mission that matters. A robust, organized, planned approach can help you reach your goals sooner, and Fundraising for Social Change is the field guide for putting it all together to make big things happen.
Money For Change - Susan Ostrander 1995

Charitable foundations are being called upon to operate in more open and democratic ways and to involve a more diverse constituency. This unprecedented study details the inner workings of a democratically

organized philanthropy, where funding decisions are made by community activists. Susan A. Ostrander spent two years doing intensive field research at the Haymarket People's Fund -- a small, Boston-based foundation. Based on a philosophy of raising and giving away money called "Change, Not Charity," the Fund makes grants to local grassroots social change organizations. The world of social movement funding comes alive with Ostrander's descriptions of grantmaking and policy meetings, donor events, and the day-to-day work of the Fund staff. Within this fascinating behind-the-scenes account, Ostrander argues that the "social relations of philanthropy" are more important and more varied than previously understood. Written at a time when Haymarket was dealing with crisis, this book tells a story of organizational change as the Fund moved from an informal collective to a more formal structure; it is also the story of a struggle to build a multi-race, multi-class, gender-equal organization. Ostrander details these ongoing struggles and addresses the larger issue of how fundraising can itself be a kind of social movement organizing among the progressive people with wealth who continue to be Haymarket's main donors.

Writing to Change the World - Mary

Pipher, PhD 2007-05-01

From the #1 New York Times bestselling author of *Reviving Ophelia*, *Another Country*, and *The Shelter of Each Other* comes an inspirational book that shows how words can change the world. Words are the most powerful tools at our disposal. With them, writers have saved lives and taken them, brought justice and confounded it, started wars and ended them. Writers can change the way we think and transform our definitions of right and wrong. *Writing to Change the World* is a beautiful paean to the transformative power of words. Encapsulating Mary Pipher's years as a writer and therapist, it features rousing commentary, personal anecdotes, memorable quotations, and stories of writers who have helped reshape society. It is a book that will shake up readers' beliefs, expand their minds, and possibly even inspire them to make their own mark on the world.

Cases of the UNESCO Committee on Conventions and Recommendations -

Leif Holmström 2019-06-17

This unique collection is being published on the occasion of the 30th anniversary of the human rights procedure adopted in 1978 by the UNESCO Executive Board and also on the occasion of the 60th anniversary of the Universal Declaration of Human Rights. It provides an overview of the UNESCO procedure for the examination of communications alleging violations of human rights in UNESCO's fields of competence - education, science, culture, communication and information. The Raoul Wallenberg Institute in cooperation with UNESCO is thus, for the first time since the establishment of this procedure, making known to the public all cases submitted to the Committee on Conventions and Recommendations from 1978 to 1988 which have been

considered by the Committee, a total of more 350 cases concerning 60 States altogether. The Committee operates under a procedure that stipulates confidentiality for 20 years. The cases are presented in chronological order and each includes a summary of facts as well as the Committee's discussion and decision. Tables of cases and statistics are included. This book is designed for all those who are concerned about and interested in human rights primarily. It will be a useful and practical tool for students, law professors, academics, human rights experts and human rights activists, and will be accessible to the general public involved in human rights and humanitarian affairs. It aims to provide the reader with a better understanding of UNESCO's role in the protection of human rights through discreet action and consultation.

Fundraising for Social Change - 2011-01-07

Since it was first published in 1988, *Fundraising for Social Change* has become one of the most widely used books on fundraising in the United States. Fundraising practitioners and activists rely on it for hands-on, specific, and accessible fundraising techniques, and it has become a

required text in dozens of college courses around the country. This fifth edition offers the information that has made the book a classic: proven know-how on asking for money, planning and conducting major gifts campaigns, using direct mail effectively, and much more. The book has been significantly changed to include new technology—e-mail, online giving, and blogs—and contains expanded chapters on capital and endowment campaigns, how to feel comfortable asking for money, how to recruit a team of people to help with fundraising, and how to build meaningful relationships with donors. In addition, this essential resource contains new information on such timely topics as ethics, working across cultural lines, and how to create opportunities for fundraising more systematically and strategically.
