Education Law - Ralph M. Gerstein
2007

The rights of students, parents, and school employees are governed by constitutional provisions and by federal, state, and local statutes. The authors analyze these legal issues from several points of view, providing a well-rounded explanation of how local, state, and federal laws are interpreted in numerous and diverse education-related cases.

Teachers' Guide to School Law - California Teachers Association 1971

Teachers Legal Guide - California Teachers Association. Southern Section 1956

Legallettes-- how to Use - Justice Publications 1978

Provides primary and supplemental teaching materials for integrating legal subjects into curriculum.

The 200 Most Frequently Asked Legal Questions for Educators - Nathan L. Essex 2009-06-24

Provides clear analysis and legally defensible approaches for addressing common legal challenges that schools face, such as individuals' rights, disciplinary practices, morality, liabilities, teacher dismissal, and NCLB.

[The Principal's Quick-Reference Guide to School Law](#) - Robert F. Hachiya 2014-04-10

Minimize site-based risk while respecting the legal rights of students, staff, and parents Principals deal with complicated and potentially damaging legal issues every day . . . and now there's an accurate, accessible tool, written in plain English that can give administrators the information they need to do their jobs while minimizing legal risk. Dennis R. Dunklee and Robert J. Shoop-recognized school law experts-provide

additional programmatic guidance for other school district personnel, "management cues" and "risk management guidelines," a comprehensive index, additional references to landmark court cases, coverage of the No Child Left Behind Act, and information on state-created danger and deliberate indifference. This new edition helps school administrators quickly find important legal guidance for issues that include: Staff selection and evaluation Student rights and discipline Special education and the reauthorized IDEA Copyright law Search and seizure Sexual harassment and sexual exploitation ...and many more This essential desk reference offers a straightforward resource on translating school law into practice and can be used as a day-to-day reference guide or a comprehensive overview of school law today.

Education and the Legal System - Susan D. Looney 2004

Here is a complete yet accessible guide to the laws that most often affect policies and procedures in educational institutions. A conversational, reader-friendly tone pervades the book; its practical, case-study approach makes the discussion of key legal issues and examples of landmark cases easy for the reader to understand. Its focus is the practice of "preventive law," allowing readers to recognize legal issues and challenges when they occur. Up-to-date cases involving subjects and situations that readers can easily relate to (school violence, inclusion, sexual harassment, and other topical subjects) along with information about how to "brief" cases, help users quickly learn and disseminate often complex material. A full chapter on "parents' rights," unique to this book, ensures that readers understand the legal position of

parents in the educational arena; a comprehensive appendix, "Resources for Administrators," familiarizes them with legislation that is pertinent to education. Coverage includes: torts and school liability, religion in schools, students with disabilities, students' rights, discipline, teachers' rights, and equal coverage under the law. "The" comprehensive resource for teachers, administrators, parents, and guardians, this book serves as an excellent desk reference for anyone involved or interested in the legal aspects of effective education. *Law in the School* - California. Department of Justice 1990

School Law for the 1990s - Robert O'Reilly 1992-03-23

School teachers and administrators may be the largest single group of rule enforcers in American society. Operating under legislative statutes, court cases, board policies, program regulations, and so on, there appears to be no end to that part of their professional tasks that calls for them to be on-the-spot enforcers in an adult to child relationship. Using constitutionality of operations within a school as its central focal point, the book takes both the broader and the narrower aspects of the law and combines them to provide an extended understanding of the realities in which professionals must perform as employees in elementary and secondary schools. Organized into twelve broad topic areas, the handbook covers all key aspects of the law as it applies from administering personnel to religion in the schools. Appropriate court cases are cited throughout. This professional guide will be useful for teachers with an interest in school law, for graduate students preparing for a career in school administration, and for administrators in need of a precise, but succinct treatment of the law and schools.

Teachers and the Law - David Schimmel 2014-06-19

Future teachers and administrators and current school professionals get a comprehensive, user-friendly guide to critical school law topics and issues in this widely popular book. Using a unique question and answer format based on real cases from school districts throughout the country, the authors provide a thorough, wide-ranging understanding of public school law in the United States today. The clear, jargon-free writing style is ideal for readers without a strong legal background, as it eliminates technical and intimidating legal speak in favor of clear, simple explanations. The new edition of *Teachers and the Law* covers topics of concern today including the rights of transgender students, procedural versus substantive due process, charter schools and vouchers, students' privacy rights when using computer, and the federal laws affecting disabled students, and includes a discussion of a recent affirmative action case.

The Palgrave Handbook of Education Law for Schools - Karen Trimmer
2018-07-18

This Handbook examines the essential nature of the law within an educational context and asks why there is not greater preparation for this aspect of a teacher's role. Principals and teachers across the world now work in increasingly uncertain and challenging environments involving complex legislative frameworks, with their roles and responsibilities constantly changing to meet these demands: thus, it is imperative that educators adapt and acquire new skills relating to child protection and criminal law. On a daily basis, teachers and practitioners are being challenged to critically examine and evaluate the legal rights and obligations of various stakeholders, including students, parents, educators and administrators. However, if these skills are not developed, the implications will be significant: particularly so if principals are deterred from pursuing innovative education strategies due to potential litigation risks. Consequently, the chapters will empower principals and teachers in the management of these concerns. This wide-ranging handbook, including case studies from around the world, will be of interest and value to both scholars of education law and practitioners.

Of Codes and Crowns - Marshall Croddy
1992

A Teacher's Guide to Education Law - Michael Imber 1995

Contains an introduction to those topics in education law that are of immediate interest to all classroom teachers. This work intends to make teacher's legally literate, so that they can avoid unnecessary litigation

in their jobs.

Justice and Order Through Law, Teacher's Guide - Robert S. Summers
1974

Teachers' Manual for Legal Research - W. William Hodes 1988

This research book provides a self-help approach to learning the law library. Each of the six tours of the library in this work builds on lessons learned in the previous set of exercises.

Legal Update for Teachers - Center for Education and Employment Law
2014-08

A Teacher's Guide to Education Law - Michael Imber 2013-10-23

Adapted from its parent volume *Education Law, 5th Edition*, this accessible text concisely introduces topics in law that are most relevant to teachers. Providing public school teachers with the legal knowledge necessary to do their jobs, *A Teacher's Guide to Education Law* covers issues of student rights, discipline, negligence, discrimination, special education, teacher rights, hiring and firing, contracts, unions, collective bargaining, and tenure. Special Features: This revised edition includes new content on bullying, privacy, discrimination, school finance, and issues relating to Internet and technology, as well as updated references and case law throughout. To aid comprehension, technical terms are carefully explained and summaries of key topics and principles are provided. Case law is presented within the context of real-world examples, making this text accessible to pre-service teachers who have little background in law. A companion website provides additional resources for students and instructors, such as links to full cases and a glossary of key concepts.

Living the Law by Learning the Law - 1994

This curriculum guide is designed to assist teachers at all levels in their efforts to infuse law-related education (lre) into their regular course of instruction. The curriculum goals are (1) to promote good citizenship through an understanding of and active participation in a democratic society; (2) to foster respect, understanding, and appreciation of diversity; (3) to develop, improve and integrate thinking and interpersonal skills; and (4) to increase knowledge of and insights into the personal relevance of law and the Constitution. The first part of the guide provides a framework for organizing and selecting (lre) activities based on concepts of power, justice, liberty, and equality. The guide presents teaching strategies appropriate to lre including case studies, mock trials, resource persons, role playing, simulations, and various games. Lesson plans are divided into levels--lower and upper elementary, middle, and high school--and provide concepts, rationale, objectives, materials, procedures, and assessment. Many of the lesson plans include handouts for student activities and some include primary documents such as the Constitution of Virginia. The appendix includes a copy of the United States Constitution. (Jd).

Law - Virginia Evans 2015

Education Law - Michael Imber 2000
Publisher's description: This brief, easy-to-read text provides a concise introduction to those topics in education law that are of most immediate interest to classroom teachers. The greater the likelihood of litigation or error in a particular area of professional practice, the more extensive the discussion. Topics concerning teacher relationships with their students include: student rights, discipline, discrimination, special education, and negligence. Topics concerning teacher relationships with their employers include: hiring and firing, contracts, unions, collective bargaining, and tenure. Key features include the following: Flexibility-- Because it is brief and affordable, A Teacher's Guide to Education Law, Second Edition can be used in a variety of courses, such as Teachers and the Law, Social Foundations of Education, Student Teaching Seminars, or in block courses where legal literacy is one of several major topics. Presentation-- To aid comprehension, technical legal terms are carefully explained when first introduced and discussions of complex topics move logically from overview to elaboration of important details to summary of key topics and principles. Up-to-Date-- Approximately 50% of the text is either new or revised and almost half of the entries in the table of cases are new.
