City Mouse - Stacey Lender 2017-06-06

"A hilarious book about the city vs. suburb divide." --New York Post, a Must-Read Book "City Mouse is a sharp and sophisticated novel of suburban life with a narrative voice that is equal parts witty, observant, and vulnerable. A wonderful debut! --Susan Isaacs, New York Times best-selling author "For every city mom who fears death by suburbia--and for every suburban mom who wonders if it's just her--this insightful, funny trip into the secrets behind those picket fences is required reading." --Maureen Sherry, author of Opening Belle "City Mouse reminds mothers of that priceless lesson: the grass is always greener...and maybe even alcohol-soaked AstroTurf. I tore through this book like a bored, competitive housewife tears through her Xanax." --Faith Salie, author of Approval Junkie "Lender sharply portrays the corrupt privilege of upper-middle-class suburbanites, and with a twist of her pen, the Stepford Wives take the upper hand over their husbands...the climactic explosion takes everyone by surprise. A bracingly tart portrait of suburban hell." --Kirkus Reviews "Lender's enlightening, beautifully plotted novel dives deep into the notion of having it all while playing with the shallow notions of the American dream." --Publishers Weekly "This defines a beach read for me! So relatable to our own lives as it is all about mom trying to find out exactly where she fits in the in the scheme of suburbia--all that goes along with it. Plus, when a book is described as The Stepford Wives meets Bad Moms, how can you go wrong?" --Mom of the Year (blog), included in 20 Best Summer Books "It's not long before neighborhood secrets give away to scandal, proving the grass--and the AstroTurf--isn't always greener on the other side of the white-picket fence." --Star Magazine "With real estate prices on the rise, Jessica, Aaron, and their kids are forced to ditch their chichi Manhattan digs for the suburbs. Though she had her worries, Jessica settles into her new normal with ease--but when she embarks on a moms-only trip with her new galpals, she ends up learning a few eye-opening lessons that spur her to reevaluate her life." --OK! Magazine "Lender's debut novel is positively irresistible. It's hilarious and insightful and just the type of book any city girl needs to tote to her

vacation rental this summer...even with three kids in tow." --Daytime Confidential Priced out of their Manhattan neighborhood, Jessica and Aaron move with their young daughters to the one place Jessica swore she'd never go: the suburbs. But to Jessica's surprise, life in the commuter belt makes a great first impression. She quickly falls in with a clique of helpful mom friends who welcome her with pitchers of margaritas, neighborhood secrets, and a pair of hot jeans that actually fit. Still, it's hard to keep up in a crowd where everyone competes for the most perfectly manicured home and latest backyard gadgets. And what's worse, as the only working mom in her circle, Jessica sometimes feels disconnected and alone. So she's thrilled when she's invited to a moms-only weekend at the beach, which she assumes will mean new opportunities for real talk and bonding. Instead, the trip turns into a series of eye-opening lessons, and Jessica must decide if she's strong enough to be honest with herself about the sort of life she really wants.

Fripp Island - Page Putnam Miller 2006-10-01

A small island along the South Carolina coast with a gently sloping white beach, live oaks, palms, pines, vast marshes with meandering tidal creeks and a surprising abundance of wildlife, Fripp Island captivates both residents and visitors. The ebb and flow of tides, the fortunes and difficulties of developers and the fluctuations in the residential community have shaped Fripp's history. In the years since 1963 when the bridge to Fripp was built, two constants in the island's history have been the beauty of its natural setting and its dedicated residents who share their time and talents to create a special community. Page Putnam Miller, who for twenty years served as the lobbyist for the historical profession in Washington and for the past five years has been a Distinguished Visiting Lecturer in the graduate history program at the University of South Carolina, has undertaken several years of extensive research to examine the intricate turns and twists in ownership of the resort and to explore the evolution of the residential community. She combines sound scholarship with delightful vignettes to produce an engaging mix of historical analysis and insightful glimpses into island life. Miller has replaced what had been only fragments, speculations and questions about Fripp Island's past with a comprehensive and balanced account filled with fascinating characters, human struggles and humorous stories.

How Long Is Exile? - Astrida Barbins-Stahnke 2016-07-22

At the end of Book I How Long is Exile? The Song and Dance Festival of Free Latvians widowed Milda Arajs had taken a new direction in her life. She had decided to break solidarity with her mainstream ethnic community and make good her promise to her daughter Ilga that they would make a "pilgrimage" to Soviet Latvia at Christmas time (1983) and welcome the baby Krijanis, born to American Mara and Latvian Igors, as the symbol of a new era. Also, Milda had chosen to give herself to Peteris Vanags, the one-armed veteran she encountered in the Esslingen DP camp after the war. (Story in Book II Out of the Ruins of Germany.) They married shortly before the momentous trip, and soon thereafter Milda joined him in Washington, D.C. For a decade they lived happily, making up for lost years of forbidden longing and desire until the Soviet Union fell, and

the Kingdom of Exile felt the shocks and aftershocks. Unbeknown to herself, Milda's Christmas trip behind the Iron Curtain, with all its revelations, was her first step on her Long Road Home. Also, that trip at the height of American women's liberation movement, marked her adult coming of age and becoming the ruler of her life. Released from domestic bonds, she struck out on her own and challenged her mind to higher things. When Peter, in the late 1980s, was asked to join Radio Free Europe in Munich, Milda saw her Road clearly winding its way back to Latvia. This, naturally threatened the marriage. Slowly, almost imperceptibly, the Road become bumpy, even treacherous. Afraid and out of step, Peter seemed to lag behind, while Milda hurried forward now that the iron curtain was swept away. With firm steps she returned to her homeland; she reunited with her sister Zelda and reclaimed their parents' apartment. Peter complied and came up with the money, but, as if lost, he often went off by himself, afraid of being watched and pursued until he could not walk anymore. After his death and after the guarded secrets were revealed, Milda took her last steps on The Long Road Home alone. Exile was over, but the sense of exile was imbedded in Milda's mind forever, and it was heavy. She felt the weight most poignantly as she watched fireworks grace the skies at elaborate festivals, where strangers celebrated, frolicking and singing to her unknown songs, and young people rush about in search for passages to new lands, where the grass seemed greener and fame and fortune beckoned from clouds with silver linings. As a participant in that, so called exile state, I began writing my version of the experience after the Milwaukee festival, filtering it through the consciousness of my main character Milda Berziņa-Arajs, who, coming out of mourning for her husband Karlis Arajs, arrives at the festival, ready to turn a new leaf in her life. During the four days with like-minded people, interesting events, and common recollections of her childhood, the war and post-war experiences in a displaced persons' camp flash before her in a swirling kaleidoscope and, at the end, throws her in the direction she did not plan to go. Book II captures the mood after the fall of the USSR. The ethnic communities the Kingdom of Exile is shaken, and the people awake as if from a deep sleep. Milda suddenly becomes active; she makes crucial decisions and switches from an outdated romantic into a realist as she returns home, meets her estranged sister and the country she had left behind. As she tries to find her place in it, she understands that exile is a state of mind; it is a state where half the world's population lives like she uprooted by tyranny and wars. Yet she and other displaced persons go on living and finding pleasure in art, poetry, song, and in each other though with a sad, melancholy smile.

Trespassers - Julia O'Faolain 2013-03-11

Her mother, who wrote vivid versions of old Irish folk tales, once said of the Irish Civil War: 'In those days... fear kept you from sleeping, but also from getting fat or bored.' Her father was Director of Publicity for the IRA during that savage conflict. He made bombs. A brilliant writer, his first book of stories was banned and he was summoned by his old IRA comrades to be court-martialled for writing it. He became one of Ireland's most celebrated writers and a radical dissident during the 1940s, challenging Church and State for their betrayal of the people's needs. His affairs with Elizabeth Bowen and many other women were betrayals of a more intimate kind. This was the backdrop to Julia O'Faolain's childhood. Her life is filled with great characters: Frank O'Connor, Paul Henry, Garret Fitzgerald, Hubert Butler, Patrick Kavanagh and Richard Ellman; and later, in their villas outside Florence, Harold Acton and Violet Trefusis, along with a cast of prim communists and raffish reactionary aristocrats. This is a book about being an outsider looking in, a trespasser in Ireland and in other countries - France, Italy in the late 1950s, the West Coast during the turbulent sixties - and also in other lives, the permanent temptation of the creative writer.

Rise to Greatness - David Von Drehle 2012-10-30

The electrifying story of Abraham Lincoln's rise to greatness during the most perilous year in our nation's history As 1862 dawned, the American republic was at death's door. The federal government appeared overwhelmed, the U.S. Treasury was broke, and the Union's top general was gravely ill. The Confederacy—with its booming economy, expert military leadership, and commanding position on the battlefield—had a clear view to victory. To a remarkable extent, the survival of the country depended on the judgment, cunning, and resilience of the unschooled frontier lawyer who had recently been elected president. Twelve months later, the Civil War had become a cataclysm but the tide had turned. The Union generals who would win the war had at last emerged, and the Confederate Army had suffered the key losses that would lead to its doom. The blueprint of modern America—an expanding colossus of industrial and financial might—had been indelibly inked. And the man who brought the nation through its darkest hour, Abraham Lincoln, had been forged into a singular leader. In *Rise to Greatness*, acclaimed author David Von Drehle has created both a deeply human portrait of America's greatest president and a rich, dramatic narrative about our most fateful year.

The Red Children - Maggie Gee 2022-04-07

It's the 2030s in Ramsgate and four people who don't look quite human are found sitting, naked, in the early spring sunlight on the quay of the quiet south coast resort. The locals are puzzled – the newcomers are larger and heavier than they are and say they are fleeing the heat. Soon more arrive. Their tall red-haired leader, The Professor, talks to the universe. The locals talk among themselves. Red people appear everywhere, making friends, going into the caves, liked by some

but accused of bringing infection by others. Two rivalrous brothers, Liam and Joe, take different sides as one joins a notorious far-right group. Their teacher Monica is the first to warn there'll be trouble. And she's right, there is; but there is also a great Midsummer Festival, laughter and love. Set in a world in crisis, this original, gripping fable about migration and global warming restores belief in the power of human kindness. 'A stylish, intriguing novel. A fable bursting with freshness and foresight, a charming, sparkling jewel of a novel to be cherished and held high as an antidote to modern day bleakness and climate despair.'-- Leila Aboulela 'The Red Children offers a warning and a vision of our past, present and future. This timely, vital and generous book is extraordinary in its courage, and hopeful and brutally honest in its clarity. An essential book for our times.'--

Salena Godden 'Superb. A mesmerising, deeply engrossing work.'-- Irenosen Okojie

For many couples the challenges of planning their nuptials are a piece of (wedding) cake compared to what comes after: How do we merge our finances—or do we? Do we need to spend every free minute together? And how do we decide where to spend our first Thanksgiving? Now the editors of The Nest have brought together the very best of this hard-won knowledge, plus their own astute insights into the early years of marriage, to create a unique resource for navigating the sometimes bumpy road of marriage.
