Armentrout's megaselling Lux series, written from the point of view of Daemon Black. I knew the moment Katy Swartz moved in next door, there was going to be trouble. Lots of it. And trouble's the last thing I need, since I'm not exactly from around here. My people arrived on Earth from Lux, a planet thirteen billion light years away. Plus, if there's one thing I know, it's that humans can't be trusted. We scare them. We can do things they only dream about, and honestly, we make them look weak as hell. 'Cuz they are. But Kat is getting to me in ways no one else has, and I can't stop myself from wanting her - or wanting to use my powers to protect her. She makes me weak, and I'm the strongest of our kind, tasked with protecting us all. So this one simple girl...she can mean the end for us. Because the Luxen have an even bigger enemy - the Arum, and I need to stay on my game. Falling for Katy - a human - won't just place her in danger. It could get us all killed, and that's one thing I'll never let happen... Re-live the thrilling, pulse-pounding action and epic romance of Daemon and Katy's story all over again.

Changing States, Changing Nations - Andrew McDonald 2021-01-28
This book presents the remarkable constitutional reforms undertaken by the Blair and Brown governments in the UK. The reforms are remarkable in that they had the potential to change the way Britons understood the national identity of the UK. The book illuminates the ambitions of the key players in Whitehall and Westminster and is enriched through a study of comparable constitutional reforms in Canada and Australia: the Charter of Rights and Freedoms pioneered by Pierre Trudeau and the attempt by Paul Keating to make Australia a Republic. The Canadian and Australian chapters are a contribution to the political history of those nations and a device for understanding the changes in Britain. The author is an expert in the use of Freedom of Information and was a senior policy maker in Whitehall working primarily on constitutional reform. Readers will benefit from the author's unrivalled access to interviewees and documentary sources in the three countries covered in the book.

The Adventures of Hergé - Jose-Louis Bocquet 2011-12-06
A GRAPHIC BIOGRAPHY OF TINTIN'S CREATOR by Jose-Louis Bocquet and Jean-Luc Fromental, Illustrated by Stanislas Barthélémy The Adventures of Hergé is a biographical comic about the world-renowned comics artist Georges Prosper Remi, better known by his pen name, Hergé. Meticulously researched, with references to many of the Tintin albums and complete with a bibliography and mini-bios for each of the main "characters," the biography is appropriately drawn in Hergé's iconic clear line style as an homage to the Tintin adventures that have commanded the attention of readers across the world and of many generations. Seven-year-old Hergé first discovered his love of drawing in 1914 when his mother gave him some crayons to stay out of trouble. He continued drawing in school when he fatefully met the editor of *XXe Siècle*

magazine, where Tintin first appeared. His popularity skyrocketed from the 1930s through post-World War Two. Hergé was perceived by some to have aided the Nazi government in Belgium by continuing to publish Tintin in a government-sanctioned magazine, and he was briefly imprisoned in the aftermath of the war and narrowly escaped execution. Also covered are his marriage troubles in the 1950s and subsequent affair with Fanny Vlamynck, who went on to become his lifelong partner; his late career in the 1960s, as his interest in Tintin waned and he occasionally "disappeared" for weeks at a time as he contemplated giving up his career to become a fine-arts painter; and a recounting of a humorous encounter with Andy Warhol.

The Collector of Worlds - Iliya Troyanov 2010-01-19

A stunning fictionalized account of the infamous life of British colonial officer and translator Sir Richard Francis Burton. A nineteenth-century British colonial officer with a rare ability to assimilate into indigenous cultures, Sir Richard Francis Burton was an obsessive traveler whose journeys took him from England to British India, Arabia, and on a quest for the source of the Nile River in Africa. He learned more than twenty languages, translated *The Arabian Nights* and the *Kama Sutra*, and took part in the pilgrimage to Mecca, in addition to writing several travel books. This elegant novel tells the story of Burton's adventures in British West India, his experience on the hajj to Mecca, and his exploration of East Africa. In each section, perspective shifts between Burton and the voices of those men he encounters along the way: his Indian servant recounts his travails with Burton to a scribe; the qadi, the governor, and the shari in Mecca investigate Burton's hajj; and Sidi Mubarak Bombay, Burton's African guide, shares his story with friends in Zanzibar. This remarkable non-centric narrative examines the underbelly of colonialism while offering a breathtaking tour of the nineteenth century's most stunning landscapes. *The Collector of Worlds* won the fiction prize of Germany's Leipzig Book Fair in 2006 and the Berlin Literary Award, in addition to being a runaway bestseller in Germany.

The Economics of Target Balances - Hans-Werner Sinn 2020-10-23

Target balances are the largest single item in some of the balance sheets of the Eurosystem's national central banks (NCBs), and yet very little is known about them by the general public and even by economists. This book shows that Target balances measure overdraft credits between the NCBs that resemble ordinary fiscal credit and which have grown disproportionately, exceeding one billion euros. There is, however, no parliamentary legitimation for the Target balances. The book sheds light on the economic significance of the balances, questions their limitlessness, and addresses controversial views that have been expressed regarding them. It uses the Target statistics to analyze the course of the euro crisis and the ECB's policy reactions from the time of the Lehman bankruptcy up to the outbreak of the Corona crisis. It analyses the credit risks involved for the Eurosystem and concludes with a reform proposal. This book will be of interest to non-specialist economists and policy makers.

Strange things are happening to the guards. And it's not long until the inmates are left alone inside the prison. Blood Red Snow - Gunter Koschorrek 2011-04-13

Günter Koschorrek wrote his illicit diary on any scraps of paper he could lay his hands on, storing them with his mother on infrequent trips home on leave. The diary went missing, and it was not until he was reunited with his daughter in America some forty years later that it came to light and became *Blood Red Snow*. The author's excitement at the first

encounter with the enemy in the Russian Steppe is obvious. Later, the horror and confusion of fighting in the streets of Stalingrad are brought to life by his descriptions of the others in his unit — their differing manners and techniques for dealing with the squalor and death. He is also posted to Romania and Italy, assignments he remembers fondly compared to his time on the Eastern Front. This book stands as a memorial to the huge numbers on both sides who did not survive and is, some six decades later, the fulfilment of a responsibility the author feels to honour the memory of those who perished.

Time Pieces - John Banville 2016-10-20

'If you're interested in Dublin, or if you're interested in the novelist John Banville, or if you're interested in radiantly superb sentences about whatever - I'm all three - then *Time Pieces: A Dublin Memoir* is a book you'll not be able to put down' The Guardian 'A trove of arresting imagery, from the lushly poetic to the luridly absurd ... utterly delightful' Irish Times 'Delicious ... Banville's soarings, like a hawk's, are both wild and comprehensive, taking in everything and imagining more' New York Times For the young John Banville, Dublin was a place of enchantment and yearning. Each year, on his birthday - the 8th of December, Feast of the Immaculate Conception - he and his mother would journey by train to the capital city, passing frosted pink fields at dawn, to arrive at Westland Row and the beginning of a day's adventures that included much-anticipated trips to Clery's and the Palm Beach ice-cream parlour. The aspiring writer first came to live in the city when he was eighteen. In a once grand but now dilapidated flat in Upper Mount Street, he wrote and dreamed and hoped. It was a cold time, for society and for the individual - one the writer would later explore through the famed Benjamin Black protagonist Quirke - but underneath the seeming permafrost a thaw was setting in, and Ireland was beginning to change. Alternating between vignettes of Banville's own past, and present-day historical explorations of the city, *Time Pieces* is a vivid evocation of childhood and memory - that 'bright abyss' in which 'time's alchemy works' - and a tender and powerful ode to a formative time and place for the artist as a young man. Accompanied by images of the city by photographer Paul Joyce.
