The transcripts of the sting operation reveal the complicity of the state and its officials in crimes against humanity. With sensational disclosures about cases that run parallel to Narendra Modi and Amit Shah's ascent to power and their journey from Gujarat to New Delhi, the book tells you the hushed truth of the state in the words of those who developed amnesia while speaking before commissions of enquiry, but held nothing back in the secretly taped videos which form the basis of this remarkable read.

The Philosophy of Curiosity - Ilhan Inan 2013-03-01

In this book, Ilhan Inan questions the classical definition of curiosity as a desire to know. Working in an area where epistemology and philosophy of language overlap, Inan forges a link between our ability to become aware of our ignorance and our linguistic aptitude to construct terms referring to things unknown. The book introduces the notion of inostensible reference (or reference to the unknown). Ilhan connects this notion to related concepts in philosophy of language: knowledge by acquaintance and knowledge by description; the referential and the attributive uses of definite descriptions; the de re/de dicto distinction; and Kripke's distinction between rigid and accidental designators. Continuing with a discussion of the conditions for curiosity and its satisfaction, Inan argues that the learning process--starting in curiosity and ending in knowledge--is always an effort to transform our inostensible terms into ostensible ones. A

contextual account is adopted for the satisfaction of curiosity. It then discusses the conditions of successful reference to the object of curiosity and its presuppositions. The book concludes with a discussion on the limits of curiosity and its satisfaction.

At publication date, a free ebook version of this title will be available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. *Impersonations: The Artifice of Brahmin Masculinity in South Indian Dance* centers on an insular community of Smarta Brahmin men from the Kuchipudi village in Telugu-speaking South India who are required to don *stri-vesam* (woman's guise) and impersonate female characters from Hindu religious narratives. Impersonation is not simply a gender performance circumscribed to the Kuchipudi stage, but a practice of power that enables the construction of hegemonic Brahmin masculinity in everyday village life. However, the power of the Brahmin male body in *stri-vesam* is highly contingent, particularly on account of the expansion of Kuchipudi in the latter half of the twentieth century from a localized village performance to a transnational Indian dance form. This book analyzes the practice of impersonation across a series of boundaries—village to urban, Brahmin to non-Brahmin, hegemonic to non-normative—to explore the artifice of Brahmin masculinity in contemporary South Indian dance.

A History of Saudi Arabia - Madawi al-Rasheed 2002-07-11
Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world. Yet it remains a closed society. Its history in

the twentieth century is dominated by the story of state formation. After the collapse of the Ottoman Empire, Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula. In 1932 the Kingdom of Saudi Arabia was born. Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century, through the 1990 Gulf War, to the present day. She fuses chronology with analysis, personal experience with oral histories, and draws on local and foreign documents to illuminate the social and cultural life of the Saudis. This is a rich and rewarding book which will be invaluable to students, and to all those trying to understand the enigma of Saudi Arabia.

Fake Photos - Hany Farid 2019-09-10

A concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Stalin, Mao, Hitler, Mussolini, and other dictators routinely doctored photographs so that the images aligned with their messages. They erased people who were there, added people who were not, and manipulated backgrounds. They knew if they changed the visual record, they could change history. Once, altering images required hours in the darkroom; today, it can be done with a keyboard and mouse. Because photographs are so easily faked, fake photos are everywhere—supermarket tabloids, fashion magazines, political ads, and social media. How can we tell if an image is real or false? In this volume in the MIT Press Essential Knowledge series, Hany Farid offers a concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Farid, an expert in photo forensics, has spent two decades developing techniques for authenticating digital images. These techniques model the entire image-creation process in order to find the digital disruption introduced by manipulation of the image. Each section of the book describes a different technique for analyzing an image, beginning with those requiring minimal technical expertise and advancing to those at intermediate and higher levels. There are

techniques for, among other things, reverse image searches, metadata analysis, finding image imperfections introduced by JPEG compression, image cloning, tracing pixel patterns, and detecting images that are computer generated. In each section, Farid describes the techniques, explains when they should be applied, and offers examples of image analysis.

But in any life a set of circumstance can collide, and normal behaviour might soon shade into something sinister, something deadly. *Lighter Than My Shadow* is a hand-drawn story of struggle and recovery, a trip into the black heart of a taboo illness, an exposure of those who are so weak as to prey on the vulnerable, and an inspiration to anybody who believes in the human power to endure towards happiness. The Muslim World After 9/11 - Angel Rabasa 2004-11-17

Momentous events since September 11, 2001-Operation Enduring Freedom, the global war on terrorism, and the war in Iraq-have dramatically altered the political environment of the Muslim world. Many of the forces influencing this environment, however, are the products of trends that have been at work for many decades. This book examines the major dynamics that drive changes in the religio-political landscape of the Muslim world-a vast and diverse region that stretches from Western Africa through the Middle East to the Southern Philippines and includes Muslim communities and diasporas throughout the world-and draws the implications of these trends for global security and U.S. and Western interests. It presents a typology of ideological tendencies in the different regions of the Muslim world and identifies the factors that produce religious extremism and violence. It assesses key cleavages along sectarian, ethnic, regional, and national lines and examines how those cleavages generate challenges and opportunities for the United States. Finally, the authors identify possible strategies and political and military options for the United States to pursue in response to changing conditions in this critical and volatile part of the world.

Applied Aerodynamics - Leonard Bairstow 2009-04

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1917 edition. Excerpt: ... (6) Columns for Discount on Purchases and Discount on Notes on the same side of the Cash Book; (c) Columns for Discount on Sales and Cash Sales on the debit side of the Cash Book; (d) Departmental columns in the Sales Book and in the Purchase Book. Controlling Accounts.--The addition of special columns in books of original entry makes possible the keeping of Controlling Accounts. The most common examples of such accounts are Accounts Receivable account and Accounts Payable account. These summary accounts, respectively, displace individual customers' and creditors' accounts in the Ledger. The customers' accounts are then segregated in another book called the Sales Ledger or Customers' Ledger, while the creditors' accounts are kept in the Purchase or Creditors' Ledger. The original Ledger, now much reduced in size, is called the General Ledger. The Trial Balance now refers to the accounts in the General Ledger. It is evident that the task of taking a Trial Balance is greatly simplified because so many fewer accounts are involved. A Schedule of Accounts Receivable is then prepared, consisting of the balances found in the Sales Ledger, and its total must agree with the balance of the Accounts Receivable account shown in the Trial Balance. A similar Schedule of Accounts Payable, made up of all the balances in the Purchase Ledger, is prepared, and it must agree with the balance of the

Accounts Payable account of the General Ledger." The Balance Sheet.--In the more elementary part of the text, the student learned how to prepare a Statement of Assets and Liabilities for the purpose of disclosing the net capital of an enterprise. In the present chapter he was shown how to prepare a similar statement, the Balance Sheet. For all practical...

Asha Parekh The Hit Girl - Khalid Mohamed 2017-04-10

Asha Parekh was to the movies born. Ever since she was knee-high, she faced the camera as a child artiste, while performing simultaneously at dance fetes. An alumnus of Bombay's The J. B. Petit Girls' High School, she devoted after-school hours to learning classical dance from exacting gurus. Given a break as a leading lady by Filmalaya Studio's Sashadhar Mukherjee, she debuted opposite Shammi Kapoor in the romantic entertainer Dil Deke Dekho. Instantaneously, the audience and the critics agreed: "A star is born." Followed a concatenation of silver and golden jubilee hits, which established her as the quintessential Hit Girl. Possessed of all the requisites of the cinema of the 1960s and the '70s – felicity at instinctive acting, intricate dance skills and the ability to invest conviction into the roles of zestful, glamour-exuding film heroines – she made an impact, too, with parts demanding gravitas. Apart from films in Hindi, she has also acted in films in Gujarati, Punjabi and a film in Kannada. The Mumbai film trade, to date, acknowledges her as one of the heroines with the highest number of successes. Her innumerable dance ballets on stage have earned her untold acclaim, at home and overseas. Among her other facets, she has been involved since decades in running a charitable hospital. She was Chairperson of the Central Board of Film Certification (1998-2001) and has been associated with the Cine and TV Artistes' Associations and other organisations dedicated to the welfare of film industry workers, technicians and actors. She turned producer and director with several top TRP-rated TV serials like 'Kora Kagaz' and 'Palash ke Phool' and programmes like 'Baaje Paayal'. Currently she has chosen to retire from acting, but adds, "Never say never." She lives by the famed Juhu shoreline in Mumbai.
