Decoding Ancient Chinese Vs. Vietnamese Zodiacs - Antoine Khai Nguyen 2019-03-17

Ancient Chinese zodiac's origin was still unknown to this day. Beside the emperor Jade legend for children, we do not know much about it. It was told that the Chinese zodiac was spread from China to other Asian countries, therefore many zodiac variations exist today. Was there any reason why the Rabbit sign was replaced by the Cat sign, the Pig became the Boar? the Sheep could be the Goat and vice versa? Why was the majestic Dragon belittled to the same level of all other earthly animals? Were these zodiac animals chosen randomly? Did their position in the zodiac have a meaning at all? And finally did the original inventor(s) of the Chinese zodiac ever intend to leave a coded message for his/their fellow humans? You will be surprised that the new evidence will show that they did. The message embedded in the ancient Chinese zodiac was so artfully scripted that no one could unmask it until this day. How could it be? the zodiac was so old and how could it be hidden for thousands of years? It turns out that it is a common phenomenon after all. The Egyptian hieroglyphs were finally decoded just a century ago when a French scholar named Jean-François Champollion discovered the Rosetta stone that contained three translations of a same text written in Egyptian hieroglyphs and deciphered it successfully. Of course the Chinese zodiac does not contain hundreds of scripted symbols but its twelve symbols remain elusive to this day. No one knows the true story, only a children oriented legend exists. As a matter of fact, for the Chinese zodiac, more than a puzzle, not only you will have to put all the pieces into their original places in order to see the actual image but you will have also to find the right filter in order to see the hidden the path of the inventor's thinking and this hidden path will lead you to the final place where the true message is revealed. When you can read the message then everything will become clear and the message will even surprise you more: it contains an amazingly the first declaration of freedom for mankind - an universal value that we all

cherish today. Last but not least, the message will also reveal who were truly its inventors. All in all, this extraordinarily coded message is finally revealed for the first time. So how was it secretly embedded in the zodiac? The book will explain it all. All the Chinese ideograms of the zodiac signs, at first look, do not resemble anything, let alone the animals they stand for. Most Chinese scholars said that the ideograms represent the calendar hours, months and years therefore they did not have any etymological bearing with the animals themselves, but rather an astronomical meaning. Unfortunately the etymology for these ideograms do not reveal anything meaningful. Now if we take a deep look into the drawing of these ideograms, especially their equivalent in other ancient scripts of the Chinese writing system (Traditional, Bronze, Seal, Liushutong, Oracle bones) then compare them with the animals they represent, you will be surprised that they actually mean something totally relevant. Finally you will see the mystery behind the drawing of these ideograms. Moreover they will you what original animals they stood for.

Horse Magick - Lawren Leo 2020-06-01

Discover inner strength and wisdom by bringing the power of the equine spirit to life with spells, meditations, and creative visualization. Along with the bear, horses are a primary creature associated with shamanism and traditions influenced by it. They appear in 25,000-year-old cave paintings, such as those at Lascaux. They find a role in the modern African diaspora traditions such as Haitian Vodou, whose devotees are called "horses" for the spirits who ride them during trances. The spirit of the horse exists in the subconscious minds of humans and takes shape in various forms, whether as a symbol of fertility in the land, as in Celtic mythology, or as a psychopomp, which leads the dead to the next world. The horse has made its way into the current of our collective unconscious as a universal archetype. Horse Magick contains spells, rituals, chants, and meditations for many purposes, loosely based around equine imagery. Numerous traditions are represented, as are many deities, including Athena, Epona, and Baba Yaga. No contact with actual horses is required. Through the use of spells and rituals, readers are able to magickally ride to their chosen destinies and fulfill their desires. Workings involve crystals, candles, and Tarot cards, items easily accessible for most readers.

Witch - Lisa Lister 2017-05-09

Reclaim your inner witch with the magical rituals, divination tools, spells and ancient wisdom in this revolutionary book. A witch is a woman in her power. She's wise, a healer, someone who is aligned with the cycles of Mother Nature and the phases of the Moon. Yet for so long, the word 'witch' has had negative connotations - being used as an insult, a slur and to perpetuate fear. In this book, third generation hereditary witch Lisa Lister explains the history behind witchcraft, why in past centuries the word 'witch' has led women to be tortured, drowned and burned at the stake, and why the witch is now waking once again in women across the world today. This book will help women to remember, reconnect and reclaim the word 'witch' and its power. It explores the many different versions of witchcraft and their core principles and practices, and shares ancient wisdom made relevant for waking witches, including how to: · Align your energy with the wheel of the year, the sabbats and the cycles of the Moon · Connect with and trust your intuition · Use divination tools such as oracle cards, scrying and rune reading · Cast circles, create altars and set sacred space · Work with the elements of nature and use herbs and crystals · Discover and work with five different aspects of the witch: the Force of Nature, the Creatrix, the Healer, the Oracle and the Sorceress · Rediscover your powers and manifest your reality with spell casting Lisa also shares her own journey to reclaiming the word 'witch', along with personal, hands-on rituals and spells from her family lineage of gypsy witch magic.

Enochian Vision Magick - Lon Milo DuQuette 2019-09-01

Having mastered the arts and sciences of his age, Elizabethan magus Dr. John Dee (1527-1608) resolved that worldly knowledge could no longer provide him the wisdom he desired, and as did so many other learned men of the day, he turned his attention to magick. In 1582 he and his clairvoyant partner Edward Kelley made magical contact with a number of spiritual entities who identified themselves as angels-the same that communicated with Enoch and the patriarchs of the Old Testament. Over the next 3 years they revealed to Dee and Kelley three distinct magical systems of vision magick. The third and last of these incorporated a

series of "calls" to be recited in an angelic language in order to raise the consciousness of the magician to a level where angelic contact is possible. In Enochian Vision Magick, Lon Milo DuQuette introduces the origins of Enochian magick and offers the expert and novice alike the opportunity not only to see the big picture of the full system but also the practical means by which he or she can become attuned in the same step-by-step manner that first prepared Dee and Kelley. First published by Weiser in 2008, this new edition includes a new introduction and new back matter by the author as well as a new foreword by Jason Louv. Replaces ISBN 978-1-57863-382-1

In this "great starting point for those hoping to practice Appalachian folk magic" (Publishers Weekly), conjure man Jake Richards shares the root work practices and traditional magic he learned from his family as he grew up in the hills and hollers of Appalachia. Who were the old conjurors and witches of Appalachia? What were their practices and beliefs? How can you learn the ways of conjuring for yourself? Appalachian folk magic and conjure are little known today, but forty or fifty years ago just about every person you might ask in Appalachia either knew something about it themselves or knew someone who did it. These practices and "superstitions" are at the core of Appalachian culture. In *Doctoring the Devil*, Jake Richards speaks to those questions and more, offering the various ways of rooting out the "devil"—any unfriendly spirit bringing bad luck, poor health, and calamities of all sorts. Like the blue smoky mists that glide up the Appalachians, Jake leads his readers up the hillsides too, introducing us to folks along the way—hunters, farmers, blacksmiths, faith healers, preachers, and root-diggers. We'll also meet the local spirits and learn root ways. Further up the hill, we delve into Jake's notebooks—a personal collection of tried-and-true Appalachian recipes and roots for conjuring love, money, justice, and success.

The Sorcerer's Secrets - Jason Miller 2009-01-01

"If you're interested in assuring that you obtain real tangible results with your spells and are willing to put the work into doing so, this is definitely the book for you. Completely filled with some amazing insights, ideas, and tips that come from experience. His ideas are some that I've never seen in other books. This book alone completely changed how I approach giving offerings to spirits and deities." --Mat Aurnyn, author of *Psychic Witch* This book is about real magick, effecting real change, in a real world. There are some books on magick that teach it purely as spiritual advancement. There are others that teach it as a form of psychological self-help that effects only inner change. While magick can and should be both of these, it is something more. *The Sorcerer's Secrets* is about success in practical magick; it is a book that aims at change in both the outer and inner worlds. Beyond a mere spell book or training course, *The Sorcerer's Secrets* is a field manual on successful sorcery written by a professional sorcerer. The first part of the book lays out the qualities, concepts, and exercises necessary to attempt practical magick. The second part presents clear strategies for tackling almost any type of issue with sorcery. In this book you will learn how to: Attack problems from multiple angles, not just by casting a spell. Blend mundane and magickal action to ensure success. Figure out whether what you are doing is working. Fix it if it isn't. Go beyond readings, into magickal intelligence-gathering. Influence the minds of other people. Work most effectively on behalf of others. *The Sorcerer's Secrets* will help rescue the art of Magick from those who have ignored, downplayed, or just outright denied the existence of practical sorcery in favor of arcane titles, intangible results, and fantasy attainments.

Moon Magic - Aurora Kane 2020-01-28

Harness the power of the magical, mystical, glorious Moon with more than 100 spells, chants, and rituals, along with Esbat celebrations for the Full Moon. The Moon is one of our most prominent and ancient symbols. It has shaped how we understand and track time, its movement controls the tides, and its rise into the sky signals the coming of night. All of these roles have cemented our relationship with the Moon and its important place in our myths and culture. The distinct phases of the lunar cycle have associations with different states of being. These states mirror a kind of spiritual quest which, like our search for ourselves, never ends. When we observe the Moon, we see reflections of the grand pattern of life that is birth, death, and rebirth. With this invaluable handbook, follow the Moon as she traverses each sign of the zodiac and discover how each astrological phase affects magic—and how your personal Moon sign affects your magical work. The discussions include the influence of the seldom-discussed energies of the True-Blue Moon, the Black Moon, the Void of Course Moon, and the lunar eclipse. You will learn how to properly conduct spells using candles and gemstones at exactly the right lunar moment to enhance the flow of power. Each Moon phase is explored individually to cover the phase's main themes along with moon rituals, intention setting, and practical ways to celebrate and manifest health, wealth, and confidence. You'll also find herb and crystal lists as they relate to each moon

phase and information on traditional lunar herbs, including lavender, jasmine, willow, moonwort, mug wort, pumpkin, and sandalwood. Open your arms to Mother Moon, and allow her to take you into hers, with Moon Magic. The Mystical Handbook series from Wellfleet takes you on a magical journey through the wonderful world of spellcraft and spellcasting. Protection & Reversal Magick - Jason Miller 2006-06-15

You could be the target of a spell or curse and not even know it! All people, witches or not, are susceptible to these attacks. The difference: witches and magicians can do something about it. Now you can too. *Protection & Reversal Magick* is a complete how-to manual on preventing, defending, and reversing magickal attacks of any kind. You will learn to: Set up early-warning systems. Appease angry spirits through offerings. Perform daily banishings and make amulets that will prevent most attacks. Make magickal "decoys" to absorb attacks against you. Summon guardian spirits or gods for help. Bind, confuse, or expel a persistent enemy who will not leave you be. These techniques aren't just for witches, either, but for ceremonial magicians, rootdoctors, and anyone else who puts magick to a practical use. Like the cunning men and women of old, now you can defend yourself and your loved ones against even the strongest attacks! "This book is not only one of my favorite books on 'defense against the dark arts', but is actually one of my favorite books in my whole library. Throughout the book Jason provides not only on protection, but also on recognizing the symptoms of attack and creating early warning system to alert you of magickal attacks." -Mat Aurnyn, author of *Psychic Witch*

Besom, Stang & Sword - Christopher Orapello 2018-12-01

Bringing this authentic, traditional spiritual practice to light in modern context. Regional traditional witchcraft is an animistic form of witchcraft that moves away from the religious harvest festivals and fertility-minded practices associated with the more common Wiccan form of witchcraft. Very few of us in this age are farmers or dependent upon crops and harvests. Regional traditional witchcraft teaches people to find their craft in their own backyards, in the uncultivated land or urban cityscape alike, and in their ancestors rather than in ancient foreign deities or in a neopagan-styled religious form of witchcraft. It's not about where you're from but where you are. The material in this book is adaptable to any region in which the practitioner lives. Although the lack of deity worship and holy days is a significant part of the authors' nonreligious approach, this book presents a complete system of practice utilizing ritual, chant, trance, the six paths of witchcraft as defined and explained by the text, and the practices associated with traditional witchcraft.
