New Scientist - 1973-05-03

New Scientist magazine was launched in 1956 "for all those men and women who are interested in scientific

discovery, and in its industrial, commercial and social consequences". The brand's mission is no different today - for its consumers, New Scientist reports, explores and interprets the results of human endeavour set in the context of society and culture.

Staging a Comeback - Peter C. Kunze 2023-09-15

In the early 1980s, Walt Disney Productions was struggling, largely bolstered by the success of its theme parks. Within fifteen years, however, it had become one of the most powerful entertainment conglomerates in the world. *Staging a Comeback: Broadway, Hollywood, and the Disney Renaissance* argues that far from an executive feat, this impressive turnaround was accomplished in no small part by the storytellers recruited during this period. Drawing from archival research, interviews, and textual analysis, Peter C. Kunze examines how the hiring of theatrically trained talent into managerial and production positions reorganized the lagging animation division and revitalized its output. By *Aladdin*, it was clear that animation—not live action—was the center of a veritable “renaissance” at Disney, and the animated musicals

driving this revival laid the groundwork for the company's growth into Broadway theatrical production. The Disney Renaissance not only reinvigorated the Walt Disney Company but both reflects and influenced changes in Broadway and Hollywood more broadly.

The Fixed Period - Anthony Trollope 2022-05-17

The citizens of Britannula have come up with a unique idea of having young leaders in their government by executing everyone who is above 67 years of age by a method called "deposition." No one suspects anything until some people begin approaching the dreaded age..._x000D_ Anthony Trollope (1815-1882) was a prolific English novelist of the Victorian era._x000D_

Billy, Me & You - Nicola Streeten 2012-11-12

Nicola Streeten's little boy, Billy, was two years old when he died following heart surgery for problems diagnosed only ten days earlier. Thirteen years later, able finally to revisit a diary written at the time, Streeten begins translating her notes into a graphic novel. The result, a retrospective reflection from a 'healed' perspective and gut wrenchingly sad at moments, is an unforgettable portrayal of trauma and our reaction to it - and, especially, the humour or absurdity so often involved in our responses. As Streeten's story unfolds and we follow her and her partner's heroic efforts to cope with well-meaning friends and day-to-day realities, we begin to understand what she means by her aim to create a 'dead baby story that is funny'.

The International Who's Who of Women 2002 - Elizabeth Sleeman 2001

Over 5,500 detailed biographies of the most eminent, talented and distinguished women in the world today.

Love Across the Atlantic - Barbara Jane Brickman 2020-02-14

From romantic novelist Elinor Glyn in the 1920s to Prince Harry and Meghan Markle today, this collection examines some of the BG, contemporary manifestations and enduring appeal of US-UK romance across popular culture.

Writing American Indian Music - Victoria Lindsay Levine 2002-01-01

This edition explores the history of musical contact, interaction, and exchange between American Indians and Euramericans, as documented in musical transcriptions, notations, and arrangements. The volume contributes to an understanding of American music that reflects our cultural reality, depicting reciprocal influences among Native Americans, scholars, composers, and educators, and illustrating consequences of those encounters for American musical life in general. Culled from a published record of over 8,000 songs, the edition contains 116 musical examples reproduced in facsimile. Included in the volume are the earliest attempts to represent tribal music in European notation, archetypal transcriptions in the scholarly literature of ethnomusicology, and recent contributions by contemporary scholars. Some of the notations shown here inspired composers in search of a distinctively American musical idiom to write works based on American Indian melodies. Others captured the imagination of American school children, whose concept of cultural and musical identity came to be linked with American Indians. Indigenous notations, the work of native scholars and educators, and recent compositions by native composers working in the classical vein also appear in this volume. As a compendium of historic materials, the edition illustrates the development of Euramerican attitudes and approaches to American Indian musics, the infusion of native musics into American musical culture, and native responses to and participation in the enterprise.

Women's Artistic Gymnastics - Roslyn Kerr 2020-04-08

This book lifts the lid on the high pressured, complex world of women's artistic gymnastics. By adopting a socio-cultural lens incorporating historical, sociological and psychological perspectives, it takes the reader through the story and workings of women's artistic gymnastics. Beginning with its early history as a 'feminine appropriate' sport, the book follows the sport through its transition to a modern sports form. Including global cases and innovative narrative methods, it explores the way gymnasts have experienced its intense challenges, the complexities of the coach-athlete relationship, and how others involved in the sport, such as parents and medical personnel, have contributed to the reproduction of a highly demanding and potentially abusive sporting culture. With the focus on a unique women's sport, the book is an important read for researchers and students studying sport sociology, sport coaching, and physical education, but it is also a valuable resource for anyone interested in the development of sporting talent.

I Talked with a Zombie - Tom Weaver 2009-01-23

"I talked with a zombie"--it DOES seem like an odd thing to say! But for more than 25 years, Tom Weaver has been chatting up zombies and many other vintage movie monsters, along with the screenwriters, producers, directors and actors responsible for bringing them to life. In this compilation of interviews, 23 more veterans share their stories--strange, frightening and even a little funny--this time with an increased emphasis on genre television series courtesy of the stars of *The Time Tunnel*; *Rocky Jones, Space Ranger*; *Tom Corbett, Space Cadet*; *Planet of the Apes*; and *The Wild Wild West*. The many other interviewees include Tandra Quinn (*Mesa of Lost Women*), Eric Braeden (*Colossus: The Forbin Project*), Ann Carter (*The Curse of the Cat*

People), Laurie Mitchell (*Queen of Outer Space*) and monster music maestro Hans J. Salter.

The Cambridge Encyclopedia of the English Language - David Crystal 2003-08-25

Rarely has a book so packed with accurate and well researched factual information been so widely read and popularly acclaimed. This Second Edition of *The Cambridge Encyclopedia of the English Language* has been fully revised for a new generation of language-lovers. The book is longer and includes extensive new material on world English and Internet English, in addition to completely updated statistics, further reading suggestions and other references. First Edition Hb (1995): 0-521-40179-8 First Edition Pb (1997): 0-521-59655-6 David Crystal is a leading authority on language, and author of many books, including most recently *Shakespeare's Words* (Penguin, 2002), *Language and the Internet* (Cambridge, 2001) and *Language Death* (Cambridge, 2000). An internationally renowned writer, journal editor, lecturer and broadcaster, he received an Order of the British Empire in 1995 for his services to the English language.

Billboard - 1955-02-26

In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

A History of Eighteenth-Century British Literature - John Richetti 2017-10-09

A History of Eighteenth-Century British Literature is a lively exploration of one of the most diverse and innovative periods in literary history. Capturing the richness and excitement of the era, this book provides extensive coverage of major authors, poets, dramatists, and journalists of the period, such as Dryden, Pope and Swift, while also exploring the works of important writers who have received less attention by modern scholars, such as Matthew Prior and Charles Churchill.

Uniquely, the book also discusses noncanonical, working-class writers and demotic works of the era. During the eighteenth-century, Britain experienced vast social, political, economic, and existential changes, greatly influencing the literary world. The major forms of verse, poetry, fiction and non-fiction, experimental works, drama, and political prose from writers such as Montagu, Finch, Johnson, Goldsmith and Cowper, are discussed here in relation to their historical context. A History of Eighteenth-Century British Literature is essential reading for advanced undergraduates and graduate students of English literature. Topics covered include: Verse in the early 18th century, from Pope, Gay, and Swift to Addison, Defoe, Montagu, and Finch Poetry from the mid- to late-century, highlighting the works of Johnson, Gray, Collins, Smart, Goldsmith, and Cowper among others, as well as women and working-class poets Prose Fiction in the early and 18th century, including Behn, Haywood, Defoe, Swift, Richardson, Fielding, and Smollett The novel past mid-century, including experimental works by Johnson, Sterne, Mackenzie, Walpole, Goldsmith, and Burney Non-fiction prose, including political and polemical prose 18th century drama

The Realms of Verse 1830-1870 - Matthew Reynolds 2005

The poets of the mid-nineteenth century lived in a time of "nation-building." The Realms of Verse brings that political and intellectual context to life. It shows that the Italian Risorgimento raised questions about community and individual liberty which were especially problematic for subjects of the multi-national United Kingdom, and argues that these questions are at the heart of the poetry of Robert and Elizabeth Browning, Tennyson, and Clough. Their long poems characteristically tell stories about marriage, investigating the symbolic and actual interactions between that personal union and national unity. Their verse as a whole exploits correspondences between formal control and political government, and is alert to its own role in fostering a common culture. Historically

detailed, theoretically astute, critically nimble, and stylishly written, The Realms of Verse is the most far-reaching reassessment of Victorian poetry to have been published in recent years.

Social Studies for Secondary Schools - Alan J. Singer
2014-10-08

Now in its 4th edition, this popular text for secondary social studies methods courses integrates discussions of educational goals and the nature of history and social studies with ideas for organizing social studies curricula, units, lessons, projects, and activities. A major theme throughout is that what teachers choose to teach and the way they teach reflect their broader understanding of society, history, and the purpose of social studies education. Advocating an inquiry and activity-based view of social studies teaching that respects the points of view of students and teachers, and based in practice and experience, it offers systematic support and open, honest advice for new teachers. Each chapter addresses a broad question about social studies education; sub-chapters begin with narrower questions that direct attention to specific educational issues. Lesson ideas and materials in the book and online are especially designed to help new teachers to address common core learning standards, to work in inclusive settings, and to promote literacy and the use of technology in social studies classrooms. Chapters include highlighted Learning Activities, Teaching Activities, and Classroom Activities designed to provoke discussion and illustrate different approaches to teaching social studies, and conclude with recommendations for further reading and links to on-line essays about related social studies topics. Activities are followed by four categories: "Think it over," "Add your voice to the discussion," "Try it yourself," and "It's your classroom." All of these are supported with online teaching material. Designed for undergraduate and graduate pre-service social studies methods courses, this text is also useful for in-service training programs, as a reference for new social studies

teachers, and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice. New in the Fourth Edition Provides a number of new lesson ideas paired with online lesson plans and activity sheets in every chapter Takes a new focus on data-driven, standards-based instruction, especially in relation to the common core curriculum Addresses the interactive nature of learning in updated technology sections Reflects current trends in history education Includes more of what the author has learned from working teachers Offers a wealth of additional on-line material linked to the text

Historical Female Management Theorists - Kristin S. Williams 2022-09-30

Emerging research interrogates the role of management history in the neglect of women and their accomplishments - Williams builds expertly on this research, bridging feminist theory and critical historiography. *Historical Female Management Theorists* is essential reading for both feminist scholars and management historians.

New York Magazine - 1987-04-06

New York magazine was born in 1968 after a run as an
insert of the New York Herald Tribune and quickly made a
place for itself as the trusted resource for readers
across the country. With award-winning writing and
photography covering everything from politics and food
to theater and fashion, the magazine's consistent
mission has been to reflect back to its audience the
energy and excitement of the city itself, while
celebrating New York as both a place and an idea.

Excellent Women - Barbara Pym 2011-12-20

'I'm a huge fan of Barbara Pym' RICHARD OSMAN 'One of
the most endearingly amusing English novels of the
twentieth century' ALEXANDER McCALL SMITH Mildred
Lathbury is one of those 'excellent women' who is often
taken for granted. She is a godsend, 'capable of dealing
with most of the stock situations of life - birth,
marriage, death, the successful jumble sales, the garden
fete spoilt by bad weather'. As such, she often gets
herself embroiled in other people's lives - especially
those of her glamorous new neighbours, the Napiers,
whose marriage seems to be on the rocks. One cannot take

sides in these matters, though it is tricky, especially
as Mildred, teetering on the edge of spinsterhood, has a
soft spot for dashing young Rockingham Napier. This is
Barbara Pym's world at its funniest and most touching.
'I pick up her books with joy, as though I were meeting
an old, dear friend who comforts me, extends my vision
and makes me roar with laughter' Jilly Cooper

Representations of Gender From Prehistory To the Present
- NA NA 2016-04-30

Focusing primarily on visual forms of representation,
but also including material on literary representation,
this volume brings together studies as apparently
disparate as the iconography of power in Mediterranean
prehistory and clothing and cultural meaning in the
First and Second World Wars. What draws these chapters
together is the common focus on how the scholar of the
twenty-first century can pursue the interpretation of
past representational cultural production from a
gendered perspective. The fruit of research by academics
from the fields of archaeology, classics and ancient
history, art history and social history, and from both
sides of the Atlantic, this volume is a fascinating
introduction to a developing field.

A History of Opera - Carolyn Abbate 2012-11-01
 Opera is in many ways the most extraordinary artistic
 medium of the last four hundred years. Prohibitively

expensive and patently unrealistic, it can nevertheless
 paint the human passions with astonishing power and
 drama. This book, the first new, full-length, single-
 volume history of opera for more than a generation
 provokes in-depth discussions of many works by the
 greatest opera composers, from Monteverdi, Handel and
 Mozart, to Verdi and Wagner, to Strauss, Puccini, Berg,
 and Britten. There are lively discussions of opera's
 social, political and literary background, its economic
 circumstances and the almost continual polemics that have
 accompanied its development through the centuries.
 Central to the book is an exploration of the tensions
 that have always sustained and enlivened opera. Abbate
 and Parker examine the problems that opera has faced in
 the last half century, when new works - which were once
 opera's life-blood - have shrunk to a tiny minority,
 have largely failed to find a permanent place in the
 repertoire. Yet the book's final message is one of
 celebration. Even if the majority of opera's most
 popular and enduring works were written in what is now a
 remote European past, in circumstances very different
 from our own, and the viability of contemporary opera is
 ever more in question, opera as an art form remains
 extraordinarily buoyant and challenging. It continues to
 transform people physically, emotionally, and
 intellectually, and to articulate human experience in
 ways no other art form can match.

Henry James's Portrait of the Writer as Hero - Sara S
 Chapman 1990-02-12

One of the subjects of deepest and most enduring
 interest to Henry James was the creative experience of
 writers and critics. This study examines James's
 fictions about this experience, placing them within the
 context of James's critical work and enabling the reader
 to see this body of work as James himself did: as a
 coherent, extended portrayal of the creative experience
 of the writer-critic.

The Woman Citizen - 1917
