**Book of Rhymes** - Adam Bradley 2017-06-27

If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of poetry today. Book of Rhymes explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.

*Colour Your Own Dinosaurs* - Sam Smith 2022-04-28

A lively colouring book, full of fearsome dinosaurs to bring to life. This ROAR-some colouring book is packed with the biggest, fiercest dinosaurs to bring to life with your pens. Fleshing out their terrifying teeth, huge horns, enormous tails and other fearsome
