*Become a SuperLearner* - Jonathan Levi

2015-04-01

*Develop the Skills to Learn Anything Faster, Easier, and More Effectively* Written by the creators of the #1 bestselling course of the same name, this book will teach you how to "hack" your learning, reading, and memory skills, empowering you to learn everything faster and more effectively. *What Would You Do If You Could Learn Anything 3 Times Faster?* In our rapidly

changing and information-driven society, the ability to learn quickly is the single most important skill. Whether you're a student, a professional, or simply embarking on a new hobby, you are forced to grapple with an every-increasing amount of information and knowledge. We've all experienced the frustration of an ever-growing reading list, struggling to learn a new language, or forgetting things you learned in even your favorite subjects. This Book Will Teach You 3 Major Skills: Speed reading with high (80%+) comprehension and understanding Memory techniques for storing and recalling vast amounts

of information quickly and accurately Developing the cognitive infrastructure to support this flood of new information long-term However, the SuperLearning skills you'll learn in this course are applicable to many aspects of your every day life, from remembering phone numbers to acquiring new skills or even speaking new languages. Anyone Can Develop Super-Learning Skills This course is about improving your ability to learn new skills or information quickly and effectively. We go far beyond the kinds of "speed reading" (or glorified skimming) you may have been exposed to, diving into the actual cognitive and

neurological factors that make learning easier and more successful. We also give you advanced memory techniques to grapple with the huge loads of information you'll soon be able to process. "This book should be the go-to reference for anyone looking to upgrade their mind's firmware!" -Benny Lewis, Language Learning Expert Learn How to Absorb and Retain Information in a Whole New Way - A Faster, Better Way The Authors' Proprietary Method for Teaching Speed Reading & Memory Improvement

Â You may have even taken a normal speed reading course in the past, only to

realize that you didn't retain anything you read. The sad irony is that in order to properly learn things like speed reading skills and memory techniques in the past, you had to read dozens of books and psychological journals to decode the science behind it. Or, you had to hire an expensive private tutor who specializes in SuperLearning. That's what I did. And it changed my life. Fortunately, my co-authors (experts and innovators in the fields of superlearning, memory improvement, and speed reading) agreed to help me transform their materials into the first ever digital course. Over 25,000 satisfied students

later, we have transformed our course into a book you can enjoy anywhere. Our teaching methodology relies heavily on at-home exercises. The chapters themselves are only part of what you're buying. You will be practicing various exercises and assignments on a regular basis over the course a 7 week schedule. In addition to the lectures, there are hours of supplemental video and articles which are considered part of the curriculum. "This vital book contains all the tools needed to learn, memorize, and reproduce anything you want with the joy that ease brings. Don't take another class until you've read it!" -Dr.

Anthony Metivier, Author & Memory Expert If you wish to improve memory and concentration, learn more effectively, read faster, and learn the techniques of memory champions - look no further! An awesome read that will push the limits of your brain. Levi does an incredible job of guiding you through, to bring your brain from average to UNSTOPPABLE!" -Nelson Dellis, 4-Time USA Memory Champion

**Digital and Social Media Marketing** - Nripendra P. Rana 2019-11-11

This book examines issues and implications of digital and social media marketing for emerging

markets. These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world. The book investigates problems specific to emerging markets, while identifying new theoretical constructs and practical applications of digital marketing. It addresses topics such as electronic word of mouth (eWOM), demographic differences in digital marketing, mobile marketing, search engine advertising, among others. A radical increase in both temporal and geographical reach is empowering consumers to exert influence on brands, products, and services. Information and

Communication Technologies (ICTs) and digital media are having a significant impact on the way people communicate and fulfil their socio-economic, emotional and material needs. These technologies are also being harnessed by businesses for various purposes including distribution and selling of goods, retailing of consumer services, customer relationship management, and influencing consumer behaviour by employing digital marketing practices. This book considers this, as it examines the practice and research related to digital and social media marketing.

*Worry-Free Money* - Shannon Lee Simmons  
2017-12-19

NATIONAL BESTSELLER "A fresh way to think about your money." David Chilton, author of *The Wealthy Barber* Stop budgeting. Start living. Managing your money can be frustrating and confusing. Life is expensive. Whether you make \$30,000 or \$130,000 a year, it can feel like you're constantly broke. Can you afford that new car,

that vacation, that night out? You think so, but it feels impossible to know. And rigid budgets that force you to spend your money in unrealistic ways (like \$9.50 per week for pants) don't make things any clearer. But what if there was a new way to manage your money? One that left you certain you had your bases covered—both for your monthly bills and your future retirement—and then let you enjoy your money by spending it. (Yes, really.) Enter Shannon Lee Simmons, a fresh voice in the world of personal finance, one who understands the new and very real pressures to survive modern life and keep up in the age of

social media. Shannon doesn't lecture, judge or patronize. The founder of the wildly popular New School of Finance, Shannon recognized that most of her thousands of financial planning clients felt broke, no matter what their income. And feeling broke can be as bad as actually being broke, because it leads to overspending and misery. So she came up with a new plan: Worry-Free Money. Worry-Free Money takes a fresh approach to finances, looking at the root cause of the pressure to spend and showing why traditional budgets don't work. It is a deeply practical book that will help you break the cycle of guilt,

understand why you overspend, banish unhappy spending from your life, learn to recognize your f\*ck it moments and find hope—and fun—in getting your money under control.

2021-05-21

**\*\* THE MOST PASSIVE INCOME IDEAS**

**CURRENTLY ONLINE \*\*** Can I make enough money online to quit my job? What is the best form of passive income? These were questions I used to ask myself all the time. I always wanted to retire early. I didn't want to give up the prime years of my life working on someone else's dreams. But I didn't have a plan or know where to start... When I was younger I spent many years trying to find ways in which I could generate wealth passively. All those years of pain, suffering and frustration have led to the creation of this

book. This book not only outlines the best ways to become financially free but also how to create more time for yourself. This means you can enjoy your life and do the things that you've always wanted to do. The best thing is that you can decide which method or methods are right for you and your talents. Once you've tried one method, you can keep coming back to try more methods and ideas. These 101 different methods have the potential to change your life forever.

**Online Business from Scratch - Matthew Paulson**

2016-12-21

"It is possible to build your own profitable online

business, but you can't do it overnight. The simple truth is that you need to choose a solid niche from day one, be willing to consistently work on your business over the course of several months and follow the path laid before you by people that have actually done it. Here's what you'll learn: (1) Choose a niche that has strong advertiser demand, customers that are ready to buy and solid long-term growth potential. (2) Find the perfect domain name, create a great logo and choose the ideal branding for your online business. (3) Systematically build your audience through content marketing, social media

marketing, paid advertising and other audience growth strategies. (4) Develop a system that will make regularly creating great content a simple and straight forward process. (5) Maximize your company's advertising revenue by choosing the right networks, setting up the right ad placements and implementing other advanced monetization strategies. (6) Launch digital products and services that your audience can't wait to buy. (7) Position your business for long-term growth and establish systems so that your business can run without you. Whether you simply want to learn how to make your first \$1,000 online, create

streams of passive income or build your own online business empire, Online Business from Scratch will help you turn your dream of starting an online business into reality."--

**The Passion Economy** - Adam Davidson

2020-01-09

An indispensable roadmap and a refreshingly optimistic take on our economic future: Award-winning New Yorker staff writer and brilliant creator of NPR's Planet Money shows us how the 21st century economic paradigm offers unprecedented opportunities for curious,

ambitious individuals to combine the things they love with their careers. From 'Focus on Intimacy at Scale' to 'Find Your Valuable Five Percent' and 'The Harder Your Core Customer Is to Reach, The Better You Will Do', Adam Davidson lays down the Ground Rules for success in the new economy. Drawing on inspiring case studies - a sweatshop-owner's daughter fighting for better working conditions, an Amish craftsman meeting the technological needs of his fellow farmers - as well as the latest academic research, he shows us how the twentieth-century economy of scale has given way in this century to an economy of

passion. Davidson's special talent for breaking down daunting economic terminology and making theory accessible have won him not only respect as an economics guru but also most of broadcast journalism's highest honours. In this breath-of-fresh-air book, he inspires us all to see that with intimacy, insight, attention, automation, and of course, passion, we can succeed in this new economic world.

[Get Your Hands Dirty on Clean Architecture](#) -  
Tom Hombergs 2019-09-30

Gain insight into how hexagonal architecture can help to keep the cost of development low over the complete lifetime of an application

**Key Features** Explore ways to make your software flexible, extensible, and adaptable

**Learn new concepts** that you can easily blend with your own software development style

**Develop the mindset** of building maintainable solutions instead of taking shortcuts

**Book Description** We would all like to build software architecture that yields adaptable and flexible software with low development costs. But, unreasonable deadlines and shortcuts make it very hard to create such an

architecture. Get Your Hands Dirty on Clean Architecture starts with a discussion about the conventional layered architecture style and its disadvantages. It also talks about the advantages of the domain-centric architecture styles of Robert C. Martin's Clean Architecture and Alistair Cockburn's Hexagonal Architecture. Then, the book dives into hands-on chapters that show you how to manifest a hexagonal architecture in actual code. You'll learn in detail about different mapping strategies between the layers of a hexagonal architecture and see how to assemble the architecture elements into an application. The

later chapters demonstrate how to enforce architecture boundaries. You'll also learn what shortcuts produce what types of technical debt and how, sometimes, it is a good idea to willingly take on those debts. After reading this book, you'll have all the knowledge you need to create applications using the hexagonal architecture style of web development. What you will learn

Identify potential shortcomings of using a layered architecture

Apply methods to enforce architecture boundaries

Find out how potential shortcuts can affect the software architecture

Produce arguments for when to use

which style of architecture

Structure your code according to the architecture

Apply various types of tests that will cover each element of the architecture

Who this book is for

This book is for you if you care about the architecture of the software you are building. To get the most out of this book, you must have some experience with web development. The code examples in this book are in Java. If you are not a Java programmer but can read object-oriented code in other languages, you will be fine. In the few places where Java or framework specifics are needed, they are thoroughly explained.

Did you have a lemonade stand that went bust after two weeks, or did you sell baseball bats at little league games? Whatever kickstarted your selling career shows the true determination of a natural-born seller that was meant to take advantage of one of the world's greatest merchandise companies: Amazon. Amazon has

been around for over 25 years, and it only continues to build momentum. Once marketed as only an online bookstore, it was unclear if the company would survive the next few years against such large alternatives such as Barnes & Noble. The company was completely internet-based, which many thought would be the end of the website, but it only became more popular with the addition of new products such as music and clothes. Some may not realize that the company that started off as an internet-based store for books was one of the first platforms to encourage outside sales. Originally called zShops, people

could market original work or hard-to-find items. The idea exploded as more than half a million people purchased something on Amazon by 2000. Jeff Bezos was dubbed the king of e-commerce in 2001, just seven years after Amazon's launch. From its birth until now, Amazon has acquired 40 companies, but its major commerce is now in its third-party marketers. Outside sellers make up more than 50% of Amazon commerce today, and that number is only growing over the years. Online shopping has become the norm, and Amazon is leading the way in sales, accumulating billions of

dollars every year, and its third-party sellers are riding the train to financial freedom. Amazon FBA was officially launched in 2006, so it is far from the newest selling platform, but it has shaped the path for other platforms of its kind, and it should be considered as the best service possible.

Sellers can use accounts created with Amazon to sell their own merchandise with small fees collected by Amazon. With the internet growing in importance every year, selling online has never been easier. But why would you want to get involved with Amazon FBA? Well, if you have a knack for selling products, feel as though you

have always wanted an online store, or just want to try something new, Amazon FBA is one of the easiest ways to get started. From its promises of prime delivery to customers to its total management of your products as soon as they are delivered to the warehouse, Amazon has you covered. They provide a service unmatched by any outside company, and they make selling easier every year. Passive Income Ideas The concept of making money when you sleep has drawn a crowd to the pursuit of passive income. Theoretically, you put in some time and money in the start, then relax and let the money pour in

when you focus on other things. This appears like a dream become a reality, but it's mostly only a dream. In today's workforce, relying on one income source is risky. Job protection is rarely guaranteed, and a little extra cash is useful always. By using your primary income source to cover basic expenses, you may use extra income streams to pay off debts, reduce your economic burden, or avoid going further into debt when you are able to pay for larger purchases up front rather than with a credit card or loan. Conversely, passive income is cash that continues to pay out following the initial work is done. Traditionally,

income that were considered "passive" generally included money earned from investments in shares or profit acquired by a person who had invested in accommodations property but wasn't involved in the management or day-to-day functions of that property. This book covers:

**Side Hustle** - Chris Guillebeau 2017-09-19

The author of the New York Times Bestseller THE \$100 STARTUP, shows how to launch a profitable side hustle in just 27 days. To some, the idea of quitting their day job to start a business is exhilarating. For others, it's terrifying. After all, a job that produces a steady paycheck can be difficult to give up. But in a time when businesses have so little loyalty to employees that the very notion of "job security" has become a punchline, wouldn't it be great to have an additional source of income to fall back on? And wouldn't it be great to make that happen without leaving your day job? Enter the Side Hustle.

Based on detailed information from hundreds of case studies, Chris Guillebeau provides a step-by-step guide that anyone can use to create and launch a profitable project in less than a month. Designed for the busy and impatient, this plan will have you generating income immediately, without the risk of throwing yourself head first into the world of entrepreneurship. Whether you just want to make some extra money, or start something that may end up replacing your day job entirely, the side hustle is the new job security. When you generate income from multiple sources, it gives you options, and in today's world, options aren't

just nice to have: they're essential. You don't need entrepreneurial experience to launch a profitable side hustle. You don't need a business degree, know how to code, or be an expert marketer. And you certainly don't need employees or investors. With this book as your guide, anyone can learn to build a fast track to freedom.

emphasis on futures markets. Revised and expanded for the demands of today's financial world, this book is essential reading for anyone interested in tracking and analyzing market behavior.

Financial Freedom - Grant Sabatier 2019-02-05

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover."

—Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier

woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching

pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to:

- \* Create profitable side hustles that you can turn into passive income streams or full-time businesses
- \* Save money without giving up what makes you happy
- \* Negotiate more out of your employer than you thought possible
- \* Travel the world for less
- \* Live for free--or better yet, make money on your living situation
- \* Create a simple,

money-making portfolio that only needs minor adjustments

- \* Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get

rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

*Passive Income, Aggressive Retirement* - Rachel Richards 2019-11-13

Two million dollars. That's how much money anyone under age 40 will need to accumulate to retire. That often means working 40-hour-weeks and penny-pinching your whole life. How else could you save a cool \$2 mil? Finance guru, former financial advisor, and Amazon bestselling author of *Money Honey*, Rachel Richards has one goal in mind: teaching you everything you need to know to become financially free earlier than you

ever thought possible. At age 27, Rachel quit her job and retired, living off \$10,000+ per month in passive income streams. Let her show you how to do it at any age--it's never too late. What is passive income? Passive income is earned with little to no ongoing work. It's no get-rich-quick scheme, but once your passive income exceeds your expenses, you are set for life. In a refreshingly realistic how-to guide, Rachel serves up 28 tried and true passive income stream models, helping you to: Achieve "Financial Independence, Retire Early" without penny-pinching Create consistent, long-term residual

income (the non-multi-level-marketing way), so you can live life on your terms Have the flexibility to work when, where, and if you want Say "goodbye" to your 9-5, and create a life you totally love Eliminate your money stresses and fears Rachel supplements boatloads of research and personal expertise by interviewing well-known experts! You'll hear directly from big names such as HAL ELROD, BOBBY HOYT, DAVID OSBORN, HONORÉE CORDER, and more! Hal Elrod is the internationally bestselling author of The Miracle Morning(tm) Series, which has been translated into 37 languages and has impacted

over 2,000,000 people's lives! Bobby Hoyt is a former high school band director and the founder of Millennial Money Man. He now makes six figures per month from his blog, online courses, and recurring revenue! David Osborn is a multi-millionaire real estate mogul who started out broke and unemployed at age 26, only to become one of the most successful real estate franchise owners in the world! Honorée Corder has written over 50 books. She teaches the You Must Write a Book Live Coaching Course and is an executive book coach! Doug Skipworth is the co-founder and principal broker at Crestcore Realty,

which manages 2,500 properties in Tennessee. He personally owns hundreds of rentals! Thom Shepherd is a CMA of Texas Songwriter of the Year and has written five #1 singles! If you regularly feel the Sunday Scaries or always dread getting up for work in the morning, this book is for you. This book is for the college student already dreading the 9-5 life that waits him upon graduating; the couple who would rather spend their time doing what they want, instead of slaving away for their employers every day; and the single parent who is barely scraping by. Regardless of your WHY, passive income could

be your HOW. Join the thousands of people who have already found success with these strategies. Applicable in 2019, 2020, and beyond, Passive Income, Aggressive Retirement is the gift that keeps on giving. Get it for yourself, for a Christmas gift, or to jumpstart a New Year's Resolution. Complete beginner or not, by the end of Passive Income, Aggressive Retirement, you'll know exactly what it takes and how to get started. Passive income is real and attainable for everyone, even you. Are you ready to join the movement?

[Work Less, Make More](#) - James Schramko

2017-12-10

In 2006, whilst working in a full-time job, James Schramko wrote this in a notebook: MY GOALS ... create automated income so that I am independently wealthy and enjoy my life passionately. Within three years, he'd built his own business and achieved those goals. At which point he set about helping his coaching clients do the same. Leveraging his knowledge and experience, they were able to make more money while reducing their work hours. Significantly. This freed them up to spend more time living. It's easy to think working less and making more is

something available only to a blessed few. But James has proven over and over again that this is not the case. All you require is: - An open mind, - The ability to focus on what's important, - An understanding of business models, and- A willingness to challenge your assumptions. Work Less, Make More will break down all the barriers standing between you and the above. It will teach you how to effectively leverage yourself, your team and your business via: - Increasing your personal effectiveness- Planning and goal setting- Learning focus and the power of 64:4- Building a team- Creating an offer that converts- Leveraging

the Profit Formula to boost cash flow-  
Understanding the importance of Customer  
Lifetime Value- Choosing the right business  
model- Removing compromise from your life  
This book is for you if you are: - A business owner  
(big or small)- Currently in a job with a hard  
ceiling on how much you can earn- Overworked  
and underpaid- Stressed out and missing out on  
precious time with family and friends.If you want  
to build a business that gives you financial peace  
of mind while allowing you to enjoy life NOW, not  
later ... Work Less, Make More will get you on  
your way. It will help ensure the business you're

building will work for you, not the other way a

**More Money More Fun - Lorraine Gannon**

2019-11-15

The truth is that a lot of people start a business  
to escape the corporate grind, but only go on to  
create an even more pressurised daily grind for  
themselves. They end up stressed and  
exhausted, making less money and having less  
free time than before. It's an easy trap to fall into.

*Digital Marketing For Business 2 Books in 1 -*

Jonathan Page 2020-12-11

Social media has traversed far greater heights  
than simply being a medium for user-generated

content. Today, it's a tool for consumer empowerment (we all witness big conglomerates being brought to their knees by that one dissatisfied tweet or widely shared post) and a gratifying brand-consumer partnership. Even companies that have long been dismissing social media as frivolous and flippant have started taking note of its benefits. They've realized that social media is not limited to games and light-hearted opinion polls (which are also hugely successful in creating affable brands), but can involve more serious discussions and insights that are invaluable when it comes to building strong

brands. Unlike traditional marketing mediums, social media doesn't swallow a huge chunk of your advertising and promotion budget. You don't need to create cost-intensive and ineffectual marketing plans that leave you broke. All you need is some creativity, perceptiveness, and an intuitive understanding about your audience's needs. More than sharp business acumen, you need a human touch. Social media gives your brand a human angle without breaking the bank. Currently, social media marketing is the most powerful tool that can help businesses to reach customers and prospects (whether small or not).

But with over 88 percent of all companies selling on at least one social media platform, you can see how tempting it can be for the company to get lost in all that noise. To achieve more organic visibility, meet committed brand fans, and even generate more sales and leads on your company social media pages, you'll need a succinct marketing strategy to rise to the top. Thankfully, this book offers just that for you. The book will show you how to promote your brand on social media, peeling through the layers of the most popular social media sites to get to the heart of what makes an online marketing campaign

effective. Whether you are either active on social media or have never had a Facebook account, this book will lead your social media marketing campaign every step of the way—through building your account and improving your profile, to posting content that your audience will want to connect with, and the different ways to advertising and promoting your brand for more views and followers. We will look at Facebook, YouTube, Instagram, LinkedIn and Twitter, in this book and show you that given the fierce competition, social media marketing can be effective in your business. A strong presence on social media is

something that the company can't afford to miss. Continue reading to see how to create a plan that will bring thousands of followers to your profile instantly. Instagram Marketing Algorithms The way brands communicate with their existing and target audience has undoubtedly transformed. One of the main reasons for this transformation is the increase in the popularity of social networking platforms. These days, an increasing number of brands are using visual media for communicating their brand's message. Social media has certainly revolutionized our lives. Instagram has stood the test of time and is now one of the most popular

social networking platforms today. So, if your brand isn't already on Instagram, then there is no time like the present to get started. Instagram has been around for a while, but not a lot of people know how to make the most of its features. The creators of this platform keep introducing new features along with changes to the algorithm. So, it is quintessential that you stay on top of all the updates. In this book, you will learn about the things you need to increase your following on Instagram so you can maximize your profits. You will be given information about the different benefits you can reap by using Instagram. You

will learn about various tips for choosing the perfect Instagram name and tricks to optimize your brand's Instagram profile. Apart from this, you will also learn about specific strategies for building your niche on Instagram and thoroughly engage your audience. Marketing on Instagram and how you can increase your following are also discussed in detail in this book. A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer. You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how

that brand sees the world. Instagram is great for sharing videos and photos so make sure that when you connect the business with your followers, make sure that it stays consistent with your brand rather than straying away or showing things that just don't go together. Use your brand or company name in hashtags: the hashtags that you pick don't have to be complicated. If you already have a pretty good following on Instagram, or your brand name is well known, go ahead and use this as one of your hashtags. This will make it easier for your followers to find you because they can just search the name and find

some of your posts. Make a follower famous: it is not just about your followers checking out your posts, it is about how you interact with your followers. Take the time to look over the pages of your followers and then like and share some of their posts. This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page. Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not. So, if you are ready to learn more, then let

us get started immediately!

The Millionaire Fastlane - MJ DeMarco

2011-01-04

10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are

oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE:

HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s,

mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound

interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.
