Adrenaline - Zlatan Ibrahimovic 2022-07-28

'He is skilful. He is outspoken. He is Zlatan' New York Times 'He is an amazing talent, one of the best around' Pep Guardiola Football's most prolific and controversial goalscorer has nothing left to prove on the pitch. There is only one Zlatan. In the decade since his megaselling memoir I am Zlatan Ibrahimovic, he has played at Paris Saint-Germain (2012-2016),

Manchester United (2016-2018), LA Galaxy (2018-2019) and Milan (2020-). This outrageous and hilarious follow-up is bursting with personal confessions and revealing anecdotes about the world's best players and managers. Packed with revelations, in Adrenaline we hear for the first time what Zlatan really thinks about his time in the Premier League and what it was like to score that glorious bicycle kick against England. We hear about the club he very nearly signed for, and see his hilarious run-ins with the French media - and the French in general, really. Plus so much more. Zlatan transports you into the world of top-flight football like no one else. Filled with revelations - including Zlatan's life lessons on happiness, friendship and love - you'll be talking about this book a long time after finishing it.

Comparative legal systems - Vincenzo Zeno-Zencovich 2019-03-01

Downloaded from id-blockchain.idea.gov.vn on

La nuova edizione di questa Introduzione ai Sistemi giuridici comparati è stata aggiornata ed arricchita con una serie di illustrazioni seguendo il movimento del "Legal design". Nel volume i sistemi giuridici sono visti come un insieme in cui ogni parte di essi è in relazione con le altre ed in un contesto globale con il quale sono in osmosi. Il volume è suddiviso in otto capitoli dedicati a: 1. Sistemi democratici. 2. Valori. 3. Il governo. 4. La dimensione economica. 5. Il 'Welfare state'. 6. La repressione dei reati. 7. Giudici e giurisdizione. 8. Modelli per un mondo globalizzato.

Level 3: Wizard of Oz - L. Frank Baum 2014-03
One day, a great storm takes Dorothy, and her dog Toto, to Oz. They have to follow the yellow brick road and find the Wizard of Oz to go home. Dorothy meets new friends; a scarecrow, a tin man, and a lion. Can they

help her find the Wizard, and go home to her family?

A Scientific Autobiography - Aldo Rossi 1981
Postscript by Vincent Scully Based on notebooks composed since 1971, Aldo Rossi's memoir intermingles his architectural projects, including discussion of the major literary and artistic influences on his work, with his personal history. His ruminations range from his obsession with theater to his concept of architecture as ritual. The illustrations- photographs, evocative images, as well as a set of drawings of Rossi's major architectural projects prepared particularly for this publication were personally selected by the author to augment the text.

Political Theology II - Carl Schmitt 2015-01-28
Political Theology II is Carl Schmitt's last book. Part polemic, part self-vindication for his involvement in the

National Socialist German Workers' Party (NSDAP), this is Schmitt's most theological reflection on Christianity and its concept of sovereignty following the Second Vatican Council. At a time of increasing visibility of religion in public debates and a realization that Schmitt is the major and most controversial political theorist of the twentieth century, this last book sets a new agenda for political theology today. The crisis at the beginning of the twenty-first century led to an increased interest in the study of crises in an age of extremes - an age upon which Carl Schmitt left his indelible watermark. In Political Theology II, first published in 1970, a long journey comes to an end which began in 1923 with Political Theology. This translation makes available for the first time to the English-speaking world Schmitt's understanding of

Political Theology and what it implies theologically and politically.

Dorian - Will Self
2003-06-26

Dorian - Will Self's brilliant 'imitation' of Oscar Wilde's original tainted love story 'Brutal, savage, infinitely readable' Observer 'Chilling, hysterical, tasteless and haunting. A Gothic thriller complementing and enriching its original' Independent on Sunday In the summer of 1981, aristocratic, drug-addicted Henry Wooten and Warhol-acolyte Baz Hallward meet Dorian Gray. Dorian is a golden adonis - perfect, pure and (so far) deliciously uncorrupted. The subject of Baz's video installation, Cathode Narcissus, and the object of Henry's attentions, Dorian is launched on a hedonistic binge that spans the '80s and '90s. But as Baz and Henry succumb to the disease du jour, how is it that Dorian, despite all his sexual

and narcotic debauchery, remains so unsullied - so vibrantly alive? 'A book that filled its first reviewers with "the odour of moral and spiritual putrefaction" just got smellier, darker and funnier' Observer Dorian will be adored by fans of Will Self and Martin Amis and is an essential read for those who enjoyed The Picture of Dorian Gray. Will Self is the author of nine novels including Cock and Bull; My Idea of Fun; Great Apes; How the Dead Live; Dorian, an Imitation; The Book of Dave; The Butt; Walking to Hollywood and Umbrella, which was shortlisted for the Man Booker Prize. He has written five collections of shorter fiction and three novellas: The Quantity Theory of Insanity; Grey Area; License to Hug; The Sweet Smell of Psychosis; Design Faults in the Volvo 760 Turbo; Tough, Tough Toys for Tough, Tough Boys; Dr. Mukti and Other Tales of Woe and Liver: A Fictional Organ with a

Surface Anatomy of Four Lobes. Self has also compiled a number of nonfiction works, including The Undivided Self: Selected Stories; Junk Mail; Perfidious Man; Sore Sites; Feeding Frenzy; Psychogeography; Psycho Too and The Unbearable Lightness of Being a Prawn Cracker.

Discovering Pope Francis

- Brian Y Lee 2019-08-27

2020 Association of Catholic Publishers third place award in theology 2020 Catholic Press Association third place award in Pope

Francis books The dangerous tendency to reduce theological positions to political ones has always fueled divisions in the Church, and it plagues debates surrounding Pope Francis's teaching today. This collection of essays was born of a landmark international symposium designed to promote theological understanding by contextualizing the thought of Pope Francis—from his understanding of history to his theology of mission—within important theological conversations rarely heard in the US Catholic Church. Its contributors demonstrate decisively that Pope Francis's magisterium is the fruit of a profound and distinctive, yet deeply Catholic, intellectual engagement with the theological and ecclesial traditions of the Church. Contributors include: Austen Ivereigh, Archbishop Christophe Pierre, Rodrigo Guerra López, Bishop Robert Barron,

Massimo Borghesi, Susan K. Wood, SCL, Rocco Buttiglione, Guzmán Carriquiry Lecour, Peter J. Casarella, Brian Y. Lee, Thomas L. Knoebel

Loss and the Other in the Visionary Work of Anna Maria Ortese -

Vilma De Gasperin

2014-03

Combines theme and genre analysis in a study of the Italian author, from her first literary writings in the 1930s to her novels in the 1990s.

Margaret of York, Simon Marmion, and The Visions of Tondal -

Thomas Kren

1992-07-16

Presented at a symposium held in 1990 to celebrate the Getty Museum's acquisition of the only known illuminated copy of The Visions of Tondal, twenty essays address the celebrated bibliophilic activity of Margaret of York; the career of Simon Marmion, a favorite artist of the Burgundian court; and The Visions of Tondal in relation to illustrated visions of the Middle Ages. Contributors include Maryan

Ainsworth, Wim
Blockmans, Walter Cahn,
Albert Derolez, Peter
Dinzelbacher, Rainald
Grosshans, Sandra
Hindman, Martin Lowry,
Nigel Morgan, and Nigel
Palmer.

Georg Lukács' Marxism
Alienation, Dialectics,
Revolution - Victor
Zitta 2013-11-27

Sadhana - Anthony De
Mello 1984-09-01
Christian Exercises in
Eastern Form Truly a
one-of-a-kind, how-to-
do-it book, this small
volume responds to a
very real hunger for
self-awareness and
holistic living. It
consists of a series of
spiritual exercises for
entering the
contemplative state --
blending psychology,
spiritual therapy, and
practices from both
Eastern and Western
traditions. Anthony de
Mello offers here an
unparalleled approach to
inner peace that brings
the whole person to
prayer -- body and soul,
heart and mind, memory
and imagination. In
forty-seven exercises

that teach things such
as awareness of physical
sensations, stillness,
healing of hurtful
memories, and
consciousness of self
and world, de Mello
succeeds in helping all
who have ever
experienced prayer as
difficult, dull, or
frustrating. The
essential key, he notes,
is to journey beyond
mere thought-forms and
discover satisfying new
depths in prayer from
the heart. This allows
for a greater sense of
awareness amid silence,
and disposes the one who
prays to untold riches,
spiritual fulfillment,
and ultimately, a
mystical experience of
God-centeredness.
Drawing on Scripture, as
well as insights from
Eastern and Western
spiritual masters, the
author has a unique
appeal that transcends
time, culture, and
religious background.
For many years a
bestseller in the
English language,
Sadhana has now been
translated into more
than two dozen foreign

languages. Readers the world over have eagerly received this sincere spiritual leader, who has led many toward the wealth of insight and spirit that dwells within them.

The Translation of Children's Literature - Gillian Lathey
2006-01-01

In the last few decades a number of European scholars have paid an increasing amount of attention to children's literature in translation. This book not only provides a synthetic account of what has been achieved in the field, but also makes us fully aware of all the textual, visual and cultural complexities that translating for children entails.... Students of this subject have had problems in finding a book that attempted an up-to-date and comprehensive review of the field. Gillian Lathey's Reader does just this. Dr Piotr Kuhiwczak, Director, Centre for Translation and Comparative Cultural

Studies University of Warwick.

A History of the Amish - Steven M. Nolt
2016-02-02

The Amish, one of America's most intriguingly private, unique, and often misunderstood religious communities, have survived for three hundred years! How has that happened? While much has been written on the Amish, little has been revealed about their history. This book brings together in one volume a thorough history of the Amish people. From their beginnings in Europe through their settlement in North America, the Amish have struggled to maintain their beliefs and traditions in often hostile settings. Now updated, the book gives an in-depth look at how the modern Amish church continues to grow and change. It covers recent developments in new Amish settlements, the community's conflict and

negotiation with government, the Nickel Mines school shooting, and the media's constant fascination with this religious people, from reality TV shows to romance novels.

Authoritative, thorough, and interestingly written, *A History of the Amish* presents the deep and rich heritage of the Amish people with dozens of illustrations and updated statistics. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and

to authors whose work might not otherwise find a home.

Amish Society - John Andrew Hostetler 1968
Highly acclaimed in previous editions, this classic work by John Hostetler has been expanded and updated to reflect current research on Amish history and culture as well as the new concerns of Amish communities throughout North America.

Anabaptist World USA - Donald B. Kraybill 2001
Anchored on a database of 5,400 congregations, this book provides an authoritative overview of more than 60 Amish, Brethren, Hutterite, and Mennonite groups. Interpretative essays, graphics, photographs, group profiles, and state-by-state summaries make this a turn-of-the-century reference.

Apologia Pro Vita Sua - John Henry Newman 1875

Titian Remade - Maria H. Loh 2007
This insightful volumes the use of imitation and the modern cult of originality through a

consideration of the disparate fates of two Venetian painters - the canonised master Titian and his artistic heir, the little-known Padovanino.

The Mind of Pope Francis

- Massimo Borghesi

2018-08-15

A commonly held impression is that Pope Francis is a compassionate shepherd and determined leader but that he lacks the intellectual depth of his recent predecessors. Massimo Borghesi's *The Mind of Pope Francis: Jorge Mario Bergoglio's Intellectual Journey* dismantles that image. Borghesi recounts and analyzes, for the first time, Bergoglio's intellectual formation, exploring the philosophical, theological, and spiritual principles that support the profound vision at the heart of this pope's teaching and ministry. Central to that vision is the church as a coincidentia oppositorum, holding together what might seem

to be opposing and irreconcilable realities. Among his guiding lights have been the Jesuit saints, Ignatius and Peter Faber; philosophers Gaston Fessard, Romano Guardini, and Alberto Methol Ferrer; and theologians Henri de Lubac and Hans Urs von Balthasar. Recognizing how these various strands have come together to shape the mind and heart of Jorge Mario Bergoglio offers essential insights into who he is and the way he is leading the church. Notably, this groundbreaking book is informed by four interviews provided to the author, via audio recordings, by the pope himself on his own intellectual formation, major portions of which are published here for the first time.

A History of the Jewish People

- Max Leopold Margolis 1927

The Art of the Theatre - Edward Gordon Craig 1905

International

Perspectives on Spinal Cord Injury - World Health Organization 2013
"Every year between 250 000 and 500 000 people suffer a spinal cord injury, with road traffic crashes, falls and violence as the three leading causes. People with spinal cord injury are two to five times more likely to die prematurely. They also have lower rates of school enrollment and economic participation than people without such injuries. Spinal cord injury has costly consequences for the individual and society, but it is preventable, survivable and need not preclude good health and social inclusion. Ensuring an adequate medical and rehabilitation response, followed by supportive services and accessible environments, can help minimize the disruption to people with spinal cord injury and their families. The aims of International perspectives on spinal cord injury are to: --- assemble and summarize

information on spinal cord injury, in particular the epidemiology, services, interventions and policies that are relevant, together with the lived experience of people with spinal cord injury; ---make recommendations for actions based on this evidence that are consistent with the aspirations for people with disabilities as expressed in the Convention on the Rights of Persons with Disabilities.

époque.

Catholic Discordance -

Massimo Borghesi

2021-12-20

2022 Catholic Media Association honorable mention Pope Francis 2022 Catholic Media Association honorable mention in English translation edition One element of the church that Pope Francis was elected to lead in 2013 was an ideology that might be called the “American” model of Catholicism—the troubling result of efforts by intellectuals like Michael Novak, George Weigel, and Richard John Neuhaus to remake Catholicism into both a culture war colossus and a prop for ascendant capitalism. After laying the groundwork during the 1980s and armed with a selective and manipulative reading of Pope John Paul II’s 1991 encyclical *Centesimus Annus*, these neoconservative commentators established themselves as authoritative Catholic voices throughout the

1990s, viewing every question through a liberal-conservative ecclesial-political lens. The movement morphed further after the 9/11 terror attacks into a startling amalgamation of theocratic convictions, which led to the troubling theo-populism we see today. The election of the Latin American pope represented a mortal threat to all of this, and a poisonous backlash was inevitable, bringing us to the brink of a true “American schism.” This is the drama of today’s Catholic Church. In *Catholic Discordance: Neoconservatism vs. the Field Hospital Church of Pope Francis*, Massimo Borghesi—who masterfully unveiled the pope’s own intellectual development in his *The Mind of Pope Francis*—analyzes the origins of today’s Catholic neoconservative movement and its clash with the church that Francis understands as a “field hospital” for a fragmented world. *The American Revolution
and the Habsburg*

Monarchy - Jonathan

Singerton 2022

"This book presents the American Revolution from the perspective of the Habsburg monarchy. It reveals how, despite seeming antithetical to the American cause, the Habsburg dynasty and people in the Habsburg lands realized the opportunity unleashed by the creation of the thirteen United States of America,

demonstrating the wider effects of the American Revolution beyond the standard Atlantic World and portraying the Habsburg Monarchy in a new, oceanic light"--

The Forgotten Revolution

- Lucio Russo 2013-12-01

The period from the late fourth to the late second century B. C. witnessed, in Greek-speaking countries, an explosion of objective knowledge about the external world.

While Greek culture had reached great heights in art, literature and

philosophy already in the earlier classical era, it is in the so-called Hellenistic period that we see for the first time - anywhere in the world - the appearance of science as we understand it now: not an accumulation of facts or philosophically based speculations, but an organized effort to model nature and apply such models, or scientific theories in a sense we will make precise, to the solution of practical problems and to a growing understanding of nature. We owe this new approach to scientists such as Archimedes, Euclid, Eratosthenes and many others less familiar today but no less remarkable. Yet, not long after this golden period, much of this extraordinary development had been reversed. Rome borrowed what it was capable of from the Greeks and kept it for a little while yet, but created very little science of its own. Europe was soon smothered in

theobscurantism and stasis that blocked most avenues of intellectual development for a thousand years – until, as is well known, the rediscovery of ancient culture in its fullness paved the way to the modern age.

A History of Florence, 1200 – 1575 – John M.

Najemy 2008-04-15

In this history of Florence, distinguished historian John Najemy discusses all the major developments in Florentine history from 1200 to 1575. Captures Florence's transformation from a medieval commune into an aristocratic republic, territorial state, and monarchy Weaves together intellectual, cultural, social, economic, religious, and political developments

Academically rigorous yet accessible and appealing to the general reader Likely to become the standard work on Renaissance Florence for years to come

Second Frutes (1591) – John Florio 1591

New Worlds, Lost Worlds

– Susan Brigden

2002-09-24

No period in British history has more resonance and mystery today than the sixteenth century. *New Worlds, Lost Worlds* brings the atmosphere and events of this great epoch to life. Exploring the underlying religious motivations for the savage violence and turbulence of the period—from Henry VIII's break with Rome to the overwhelming threat of the Spanish Armada—Susan Brigden investigates the actions and influences of such near-mythical figures as Elizabeth I, Thomas More, Bloody Mary, and Sir Walter Raleigh. Authoritative and accessible, *New Worlds, Lost Worlds*, the latest in the Penguin History of Britain series, provides a superb introduction to one of the most important, compelling, and intriguing periods in the history of the Western world.

Old Man and the Sea -

Ernest Hemingway

2014-05-22

The last novel Ernest Hemingway saw published, *The Old Man and the Sea* has proved itself to be one of the enduring works of American fiction. It is the story of an old Cuban fisherman and his supreme ordeal: a relentless, agonizing battle with a giant marlin far out in the Gulf Stream. Using the simple, powerful language of a fable, Hemingway takes the timeless themes of courage in the face of defeat and personal triumph won from loss and transforms them into a magnificent twentieth-century classic.
