Focus on Physical Science California Edition - Michael J. Padilla 2007

World History - William J. Duiker 2015-01-01

Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, highly readable overview of world history that explores common challenges and experiences of the human past and identifies key patterns over time. Thorough coverage of political, economic, social, religious, intellectual, cultural, and military history is integrated into a chronological framework to help students gain an appreciation and understanding of the distinctive character and development of individual cultures in society. This approach, with organization around seven major themes (Science and Technology, Art and Ideas, Family and Society, Politics and Government, Earth and the Environment, Religion and Philosophy, and Interaction and Exchange), helps students link events together in a broad comparative and global framework, thereby placing the contemporary world in a more meaningful historical context. Available in the following options: WORLD HISTORY, Eighth Edition (Chapters 1–30); Volume I: To 1800 (Chapters 1–18); Volume II: Since 1500 (Chapters 14–30). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Revise GCSE History - Alan Scadding 2005

New editions of the bestselling Revise GCSE Study Guides with a fresh new look and updated content in line with curriculum changes. Study Guide and Outline of the Growth of Western Civilization in Modern Times - Dwight Clark Long 1952

Oversea Education - 1957

Story of the World Activity Book 4 Modern Age - Susan Wise Bauer 2005-11-29

Presents a history of the ancient world, from 6000 B.C. to 400 A.D.

A Short Guide to Writing about History - Richard Marius 2007

An ideal complement for any history course, *A Short Guide to Writing About History* stresses thinking and writing like an historian. This engaging and practical text helps students get beyond merely compiling dates and facts; it teaches them how to incorporate their own ideas into their papers and to tell a story about history that interests them and their peers. Covering brief essays and the documented resource paper, the text explores the writing and researching processes, different modes of historical writing (including argument), and offers guidelines for improving style as well as documenting sources.

The Essential Guide to Becoming a Master Student - Dave Ellis 2015-01-01

THE ESSENTIAL GUIDE TO BECOMING A MASTER STUDENT was written with you in mind. Beginning with an introduction to higher education, you will learn about Master Student Qualities - the attitudes and behaviors that lead to success in the classroom and beyond. Tools such as the Discovery Wheel, the Discovery and Intention Journal Entry System, Power Process articles, and the Kolb Learning Style Inventory guide you through self-assessment and discovery, creating a foundation from which to build solid strategies for academic growth. This 160-page text invites you to put new ideas into action immediately and select additional strategies as you plan for your future. The fourth edition includes the new "Do you have a minute" feature, which provides specific actions that students can take to make a positive change or implement a new skill in just one minute. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Well-Trained Mind: A Guide to Classical Education at Home (Fourth Edition) - Susan Wise Bauer 2016-08-09

Is your child getting lost in the system, becoming bored, losing his or her natural eagerness to learn? If so, it may be time to take charge of your child's education—by doing it yourself. *The Well-Trained Mind* will instruct you, step by step, on how to give your child an academically rigorous, comprehensive education from preschool through high school—one that will train him or her to read, to think, to understand, to be well-rounded and curious about learning. Veteran home educators Susan Wise Bauer and Jessie Wise outline the classical pattern of education called the trivium, which organizes learning around the maturing capacity of the child's mind and comprises three stages: the elementary school "grammar stage," when the building blocks of information are absorbed through memorization and rules; the middle school "logic stage," in which the student begins to think more analytically; and the high-school "rhetoric stage," where the student learns to write and speak with force and originality. Using this theory as your model, you'll be able to instruct your child—whether full-time or as a supplement to classroom

education—in all levels of reading, writing, history, geography, mathematics, science, foreign languages, rhetoric, logic, art, and music, regardless of your own aptitude in those subjects. Thousands of parents and teachers have already used the detailed book lists and methods described in *The Well-Trained Mind* to create a truly superior education for the children in their care. This extensively revised fourth edition contains completely updated curricula and book lists, links to an entirely new set of online resources, new material on teaching children with learning challenges, cutting-edge math and sciences recommendations, answers to common questions about home education, and advice on practical matters such as standardized testing, working with your local school board, designing a high-school program, preparing transcripts, and applying to colleges. You do have control over what and how your child learns. *The Well-Trained Mind* will give you the tools you'll need to teach your child with confidence and success.

World History, Volume I: To 1800 - William J. Duiker 2015-01-01

Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, highly readable overview of world history that explores common challenges and experiences of the human past and identifies key patterns over time. Thorough coverage of political, economic, social, religious, intellectual, cultural, and military history is integrated into a chronological framework to help students gain an appreciation and understanding of the distinctive character and development of individual cultures in society. This approach, with organization around seven major themes (Science and Technology, Art and Ideas, Family and Society, Politics and Government, Earth and the Environment, Religion and Philosophy, and Interaction and Exchange), helps students link events together in a broad comparative and global framework, thereby placing the contemporary world in a more meaningful historical context. Research in Education - 1974

Leased territories in Guangdong, China. A comparative study -

Michael Gorman 2016-09-28

Research Paper (postgraduate) from the year 2016 in the subject History - Asia, grade: 100, Westminster College, language: English, abstract: Hong Kong, Macau, and Guangzhouwan were all leased and colonized under similar circumstances, but experienced differing degrees of cultural and socio-political alteration and influence. The purpose of this research paper is to study these leased territories during their colonization, and find out how they differed during their periods as colonies, why the French gave their leased territory back to China so soon while Portugal and Britain did not, and what lasting effects colonialism had on each territory. This is so the audience will understand how they differ from one another—and mainland China—today.

The Nature of the Page - Joshua Calhoun 2020-01-24

In *The Nature of the Page*, Joshua Calhoun tells the story of handmade paper in Renaissance England and beyond. For most of the history of printing, paper was made primarily from recycled rags, so this is a story about using old clothes to tell new stories, about plants used to make clothes, and about plants that frustrated papermakers' best attempts to replace scarce natural resources with abundant ones. Because plants, like humans, are susceptible to the ravages of time, it is also a story of corruption and the hope that we can preserve the things we love from decay. Combining environmental and bibliographical research with deft literary analysis, Calhoun reveals how much we have left to discover in familiar texts. He describes the transformation of plant material into a sheet of paper, details how ecological availability or scarcity influenced literary output in the sixteenth and seventeenth centuries, and examines the impact of the various colors and qualities of paper on early modern reading practices. Through a discussion of sizing—the mixture used to coat the surface of paper so that ink would not blot into its fibers—he reveals a surprising textual interaction between animals and readers. He shows how we might read an indistinct stain on the page of an early modern book to better understand the mixed media surfaces on which readers, writers, and printers recorded and revised history. Lastly, Calhoun considers how early modern writers imagined paper decay and how modern scholars grapple with biodeterioration today. Exploring the poetic interplay between human ideas and the plant, animal, and mineral forms through which they are mediated, *The Nature of the Page* prompts readers to reconsider the role of the natural world in everything from old books to new smartphones.

The Journal of Education - 1890

Epidemics and the Modern World - Mitchell L. Hammond 2020

Epidemics and the Modern World uses biographies of epidemics such as plague, tuberculosis, and HIV/AIDS to explore the impact of diseases on society from the fourteenth century to the twenty-first century.

The Jew in the Modern World - Paul R. Mendes-Flohr 1995

The last two centuries have witnessed a radical transformation of Jewish life. Marked by such profound events as the Holocaust and the establishment of the state of Israel, Judaism's long journey through the modern age has been a complex and tumultuous one, leading many Jews to ask themselves not only where they have been and where they are going, but what it means to be a Jew in today's world. Tracing the Jewish experience in the modern period and illustrating the transformation of Jewish religion, culture, and identity from the 17th century to 1948, the updated edition of this critically acclaimed volume of primary materials remains the most complete sourcebook on modern Jewish history. Now expanded to supplement the most vital documents of the first edition, *The Jew in the Modern World* features hitherto unpublished and inaccessible sources concerning the Jewish experience in Eastern Europe, women in Jewish history, American Jewish life, the Holocaust, and Zionism and the nascent Jewish community in Palestine on the eve of the establishment of the State of Israel. The documents are arranged chronologically in each of eleven chapters and are meticulously and extensively annotated and cross-referenced in order to provide the student with ready access to a wide variety of issues, key historical figures, and events. Complete with some twenty useful tables detailing Jewish demographic trends, this is a unique resource for any course in Jewish history, Zionism and Israel, the Holocaust, or European and American history.

The Student's Guide to World History, 1789-1965 - Robert Daniel Walshe 1966

Western Civilization, A Brief History - Marvin Perry 2015-01-01

WESTERN CIVILIZATION: A BRIEF HISTORY, Eleventh Edition, maintains a firm grounding in political history, while covering intellectual history (particularly the significance of ideas and contributions) to a greater and deeper extent than any other text for the course. Author Marvin Perry's accessible writing style and flexible approach make this abridged version of **WESTERN CIVILIZATION: IDEAS, POLITICS, AND SOCIETY** an appealing survey text. Updated with more recent scholarship, the Eleventh Edition retains many popular features, including comparative timelines, full-color art essays, and primary source boxes in each chapter. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

SAGE Handbook of Education for Citizenship and Democracy - James Arthur 2008-07-01

This handbook brings together new work by some of the leading authorities on citizenship education, and is divided into five sections. The first section deals with key ideas about citizenship education including democracy, rights, globalization and equity. Section two contains a wide range of national case studies of citizenship education including African, Asian, Australian, European and North and South American examples. The third section focuses on perspectives about citizenship education with discussions about key areas such as sustainable development, anti-racism, gender. Section four provides insights into different characterisations of citizenship education with illustrations of democratic schools, peace and conflict education, global education, human rights education etc. The final section provides a series of chapters on the pedagogy of citizenship education with discussions about curriculum, teaching, learning and assessment.

The Early Modern World, 1450-1750 - John C. Corbally 2022-01-27

The Early Modern World, 1450-1750: Seeds of Modernity takes a distinctive approach to global history and enables a holistic view of the world during this period, without prioritizing any one nation or region. It guides students towards an understanding of how different empires, nations, communities and individuals constructed, contested and were touched by major trends and events. Its thematic structure covers politics, technology, economics, the environment and intellectual and religious worldviews. In order to connect global trends and events to human experiences, each chapter is underpinned by a social and cultural history focus, enabling the reader to gain an understanding of the lived human

experience and make sense of various perspectives and worldviews. The 'Legacy' feature also discusses connections between early modern history and the contemporary world, looking at how the past is contested or memorialized today. The result is a textbook that helps the 21st-century student gain a rich and nuanced understanding of the global history of the early modern period.

CliffsNotes AP World History Cram Plan - James Zucker 2017-12-19

A last-minute cram plan for the AP World History exam! The Essential World History - William J. Duiker 2016-01-01

Explore world history in a brief, balanced, highly readable overview that examines common challenges and experiences that unite the human past and identify key global regional patterns over time with THE ESSENTIAL WORLD HISTORY. This brief overview of world history covers political, economic, social, religious, intellectual, cultural, and military history integrated into a chronologically ordered synthesis to help you gain an appreciation and understanding of the distinctive character and development of individual cultures in society. You can use the book's global approach and its emphasis on analytical comparisons between cultures to link events together in a broad comparative and global framework that places the contemporary world in a more meaningful historical context. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Contemporary World History - William J. Duiker 2014-01-01

This comprehensive and balanced history of the world in the twentieth century and into the new millennium chronicles the key events of the period and examines the underlying issues that have shaped the times. CONTEMPORARY WORLD HISTORY, 6th Edition, takes a global approach to the subject while doing justice to the distinctive character of individual civilizations and regions. Author William Duiker integrates political, economic, social, and cultural history, creating a chronologically ordered synthesis that gives students the true flavor of the most decisive moments in recent world history. In addition, Duiker's own photographs and selection of primary source documents are especially effective in illustrating key points in the narrative. The popular Film & History feature examines several films, presenting a brief analysis of each film's plot as well as its historical significance, value, and accuracy. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Making Sense of World History - Rick Szostak 2020-10-23

Making Sense of World History is a comprehensive and accessible textbook that helps students understand the key themes of world history within a chronological framework stretching from ancient times to the present day. To lend coherence to its narrative, the book employs a set of organizing devices that connect times, places, and/or themes. This narrative is supported by: Flowcharts that show how phenomena within diverse broad themes interact in generating key processes and events in world history. A discussion of the common challenges faced by different types of agent, including rulers, merchants, farmers, and parents, and a comparison of how these challenges were addressed in different times and places. An exhaustive and balanced treatment of themes such as culture, politics, and economy, with an emphasis on interaction. Explicit attention to skill acquisition in organizing information, cultural sensitivity, comparison, visual literacy, integration, interrogating primary sources, and critical thinking. A focus on historical "episodes" that are carefully related to each other. Through the use of such devices, the book shows the cumulative effect of thematic interactions through time, communicates the many ways in which societies have influenced each other through history, and allows us to compare and contrast how they have reacted to similar challenges. They also allow the reader to transcend historical controversies and can be used to stimulate class discussions and guide student assignments. With a unified authorial voice and offering a narrative from the ancient to the present, this is the go-to textbook for World History courses and students. The Open Access version of this book, available at <https://www.taylorfrancis.com/books/9781003013518>, has been made available under a Creative Commons Attribution-Non Commercial-No

Derivatives 4.0 license.

How to Study in College - Walter Pauk 2013-02-14

Over a million students have transformed adequate work into academic achievement with this best-selling text. HOW TO STUDY IN COLLEGE sets students on the path to success by helping them build a strong foundation of study skills, and learn how to gain, retain, and explain information. Based on widely tested educational and learning theories, HOW TO STUDY IN COLLEGE teaches study techniques such as visual thinking, active listening, concentration, note taking, and test taking, while also incorporating material on vocabulary building. Questions in the Margin,

based on the Cornell Note Taking System, places key questions about content in the margins of the text to provide students with a means for reviewing and reciting the main ideas. Students then use this technique--the Q-System--to formulate their own questions. The Eleventh Edition maintains the straightforward and traditional academic format that has made HOW TO STUDY IN COLLEGE the leading study skills text in the market. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Barbaric Intercourse - Martha Banta 2003-01-15

Barbaric Intercourse tells the story of a century of social upheaval and the satiric attacks it inspired in leading periodicals in both England and America. Martha Banta explores the politics of caricature and cartoon from 1841 to 1936, devoting special attention to the original Life magazine. For Banta, Life embodied all the strengths and weaknesses of the Progressive Era, whose policies of reform sought to cope with the frenetic urbanization of New York, the racist laws of the Jim Crow South, and the rise of jingoism in the United States. Barbaric Intercourse shows how Life's take on these trends and events resulted in satires both cruel and enlightened. Banta also deals extensively with London's Punch, a sharp critic of American nationalism, and draws from images and writings in magazines as diverse as Puck, The Crisis, Harper's Weekly, and The International Socialist Review. Orchestrating a wealth of material, including reproductions of rarely seen political cartoons, she offers a richly layered account of the cultural struggles of the age, from contests over immigration and the role of the New Negro in American society, to debates over Wall Street greed, women's suffrage, and the moral consequences of Western expansionism.
