The Red Millionaire - Sean McMeekin 2008-10-01

Willy Münzenberg—an Old Bolshevik who was also a self-promoting tycoon—became one of the most influential Communist operatives in Europe between the World Wars. He created a variety of front groups that recruited well-known political and cultural figures to work on behalf of the Soviet Union and its causes, and he ran an international media empire that churned out enormous amounts of propaganda and raised money for Communist concerns. Sean McMeekin tells Münzenberg's extraordinary story, arguing persuasively that his financial chicanery and cynical propaganda efforts weakened the non-Communist left, enraged the right, and helped feed a cycle that culminated in Nazism. Drawing extensively on recently opened Moscow archives, McMeekin describes how Münzenberg parlayed his friendship with Lenin into a personal fortune and how Münzenberg's mysterious financial manipulations outraged Social Democrats and lent rhetorical ammunition to the Nazis. His book sheds new light on Comintern finances, propaganda strategy, the use of front organizations to infiltrate non-Communist circles, and the breakdown of democracy in the Weimar Republic. It is also an engrossing tale of a Communist con man whose name once aroused fear, loathing, and admiration around the world.

You will learn about the physical palaces of the various dynasties of China although most of them no longer exist. Meet the occupants of the palace: the emperors, empresses, imperial concubines and siblings, eunuchs and many others, and find out how the notable ones altered the course of history. Self-Discipline - Ray Vaden 2020-01-20

This book is all about the wonderful world of self-control and self-discipline. Self-discipline is a wonderful thing. It can mean the difference between achieving goals or not achieving goals. It can give a person a greater sense of self-worth. It can allow someone the ability to work harder for a shorter amount of time and accomplish much more than before. Self-discipline can make the process of dropping bad habits in favor of good ones much easier to accomplish. People who have self-discipline are happier in life. They have a greater sense of purpose overall and a greater sense of accomplishment in everyday life. Seeking self-discipline is the best way to a better life. Self-discipline is a goal that will only be accomplished by following a path that will cause a great deal of pain. Walking this path will require a good deal of hard work and dedication because this path is not an easy one to walk. Sometimes, people fall off. Sometimes, the direction of the path needs to be changed. Sometimes, the path needs to be broken up into smaller trips in order to be able to complete the whole journey. Self-control and self-discipline require hard work and serious commitment. If a person is not really serious about the need to develop self-discipline, then it just will not happen. No one can give anyone else self-discipline. It needs to be learned within. However, consider what happens if self-discipline is never developed. Can a person go on in life without ever developing any level of self-discipline? Of course, they can. What they will be missing out on is a lifetime of achievement. They will be giving up all sense of self-worth and self-fulfillment. They will lose out on the ability to replace bad habits with good ones. They will never know the joy of getting rid of addictions and temptations. They will be forever plagued by negative feelings of anger and regret and guilt. They will live their entire lives accomplishing nothing because they lack the necessary self-discipline to accomplish anything. They will not succeed. Of course, it is a purely personal choice. It is possible to live life without accomplishing anything. It is possible to just skate through life devoid of any sense of self-worth and self-love. It is possible to get to the end and never achieve any type of goal. However, what kind of life would that really be? The best way is to begin today to work on personal goals. Start now by deciding which habits are bad and need to be replaced. Make a list of good habits that need to be cultivated. Decide when this new lifestyle will begin--keeping in mind that sooner is better. Write down all the goals that need to be achieved and all the good habits that need to be cultivated. Post this list where everyone can see it. Tell family and friends. Get everyone involved. Most importantly, remember that a successful outcome will be its own best reward!

To do this requires the acquisition and considered use of theory lying well outside the mainstream of financial and accountancy topics. In addition to the core material relating to business strategy, there are strong links to the fields of economics, marketing and human behaviour. The P3 Study Text is based on the primary authorities specified in the official syllabus reading list; it is supplemented by a wide range of other material that extends, amplifies and, in some cases, clarifies the basic references. The study material is thus selected and presented in an easily used form that has been approved by the Examiner. The syllabus emphasises the integrated nature of the subject and the Study Text points up the links between the various topics. The ability to discern and use these links is likely to be of great importance in the examination.
