Laws like the Prevention of Terrorism Act (POTA) are enacted to address what the state describes as extraordinary situations and put in place exceptions to the ordinary legal and judicial procedures. By examining public debates surrounding extraordinary laws like POTA and the Terrorist and Disruptive Activities (Prevention) Act (TADA) and also specific cases, trials and judgements under the Acts, the author - argues that extraordinary laws have ramifications for people's lives, political institutions, the rule of law and democratic functioning; - shows how such laws assume 'normalcy' and acquire a place of permanence in

state practices; and - examines the ways in which such extraordinary laws manifest dominant configurations of political power and ideology. While exploring the unfolding of POTA in specific contexts, the book shows how the law was enmeshed in the politics of Hindutva, electoral and coalition politics, centre-state relations, the politics of repression and reconciliation against nationality struggles, and issues of poverty and development.

Bharat mein Rajneetik Andolano ka Samkaleen Itihaas - Ajay Gudavarthy 2018-01-31

Civil Society has emerged as one of the most celebrated concept of the twentieth and the twenty-first centuries. It offers practices that are the means and certain normative ideals that are the ends to be achieved for the preservation of democracy and expansion of the process of democratization. When available practices fail, reasons have been sought in the ideals being too lofty, and when the ideals looked minimalist, the blame has been shifted to the nature of practices being free-floating and bereft of definitive borders. Politics of Post-Civil Society is an attempt to map the discourse and politics of contemporary political movements in India that have been negotiating with the hegemonic effects born out of the insidious co-habitation of political principles and practices in the domain referred to as the civil society. In course of constructing the political landscape of these movements, the book foregrounds the various strategies through which they are pushing and nudging towards a new politics of post-civil society.
