Five Hundred Buildings of Paris - Kathy Borrus 2012-03-27

Five hundred stunning duotone photographs showcase the finest, most majestic, and interesting examples of architecture in one of the world's most beloved cities The greatest buildings, monuments, and structures of Paris come to life in these inspiring, neighborhood-by-neighborhood photographic tours. Each building is featured in a rich, fine-resolution duotone photograph. Information including the building's name, its address and location, and year of completion or renovation is included underneath the image. A brief description of each building, which highlights its distinctive features and places it in historical context, is included at the back of the book.

**One Thousand Buildings of Paris** - Kathy Borrus 2003-10-08

Prepared by a writer/traveller and two seasoned photographers, this book isoo hefty to lug around as a travel guide but, nevertheless, could enhance the experience of curious travellers and residents of the city. Organized by neighborhood, it's replete with bits of history and anecdotes about each

*Paris Changing* - Christopher Rauschenberg 2007-10-04

Between 1888 and 1927 Eugne Atget meticulously photographed Paris and its environs, capturing in thousands of photographs the city's parks, streets, and buildings as well as its diverse inhabitants. His images preserved the vanishing architecture of the ancien rgime as Paris grew into a modern capital and established Atget as one of the twentieth century's greatest and most revered photographers. Christopher Rauschenberg spent a year in the late '90s revisiting and rephotographing many of Atget's same locations. Paris Changing features seventy-four pairs of images beautifully reproduced in duotone. By meticulously replicating the emotional as well as aesthetic qualities of Atget's images, Rauschenberg vividly captures both the changes the city has undergone and its enduring beauty. His work is both an homage to his predecessor and an artistic study of Paris in its own right. Each site is indicated on a map of the city, inviting readers to follow in the steps of Atget and Rauschenberg themselves. Essays by Clark Worswick and Alison Nordstrom give insight into Atget's life and situate Rauschenberg's work in the context of other rephotography projects. The book concludes with an epilogue by Rosamond Bernier as well as a portfolio of other images of contemporary Paris by Rauschenberg. If a trip to the city of lights is not in your immediate future, this luscious portrait of Paris then and now is definitely the next best thing.

**Paris** - Anthony Sutcliffe 1993-01-01

In this extensively illustrated work, one of Paris' leading historians links the beauty of the city to its harmonious architecture, the product of a powerful tradition of classical design running from

the Renaissance through the 20th century.

**Paris Underground** - Caroline Archer 2005

Literally underneath Paris, graffiti, signage, murals and mosaics reflect 500 years of the city's history.

**The Canadian Almanac and Repository of Useful Knowledge** - 1891

*The Louvre* - James Gardner 2020-05-07

Almost nine million people from all over the world flock to the Louvre in Paris every year to see its incomparable art collection. Yet few, if any, are aware of the remarkable history of that location and of the buildings themselves, and how they chronicle the history of Paris itself—a fascinating story that historian James Gardner elegantly tells for the first time. Before the Louvre was a museum, it was a palace, and before that a fortress. But much earlier still, it was a place called le Louvre for reasons unknown. People had inhabited that spot for more than 6,000 years before King Philippe Auguste of France constructed a fortress there in 1191 to protect against English soldiers stationed in Normandy. Two centuries later, Charles V converted the fortress to one of his numerous royal palaces. After Louis XIV moved the royal residence to Versailles in 1682, the Louvre inherited the royal art collection, which then included the Mona Lisa, given to Francis by Leonardo da Vinci; just over a century later, during the French Revolution, the National Assembly established the Louvre as a museum to display the nation's treasures. Subsequent leaders of France, from Napoleon to Napoleon III to Francois Mitterand, put their stamp on the museum, expanding it into the extraordinary institution it has become. With expert detail and keen admiration, James Gardner links the Louvre's past to its glorious present, and vibrantly portrays how it has been a witness to French history - through the Napoleonic era, the Commune, two World Wars, to this day - and home to a legendary collection whose diverse origins and back stories create a spectacular narrative that rivals the building's legendary stature.

One Thousand New York Buildings - Bill Harris 2002-05-20

From skyscrapers to parking structures, from the Stock Exchange to the historic townhouses of Harlem, the buildings of New York are as diverse as its culture—and they are artfully photographed here by Jorg Brockmann. Essential information, history, and background stories about each one, along with neighborhood maps and useful sidebars, make this the last word on New York buildings large and small. Bill Harris is a veteran New York historian and writer who

has also logged many miles as a tour guide. Jorg Brockmann is an accomplished photographer whose talent matches the scale of the project. Together, they have created a feast for lovers of architecture and of great photography, as well as devotees of New York City. Now in a well-priced and easy-to-carry paperback edition, *One Thousand New York Buildings* is the ultimate guide to the Great American City.

[The Paris Architect](#) - Charles Belfoure 2013-10-08

THE NEW YORK TIMES BESTSELLER! "A gripping page-turner...a riveting reminder of sacrifices made by history's most unlikely heroes." —Kristina McMorris, *New York Times* bestselling author of *Sold on a Monday* and *The Ways We Hide* An extraordinary book about a gifted architect who reluctantly begins a secret life of resistance, devising ingenious hiding places for Jews in World War II Paris. In 1942 Paris, architect Lucien Bernard accepts a commission that will bring him a great deal of money – and maybe get him killed. All he has to do is design a secret hiding place for a Jewish man, a space so invisible that even the most determined German officer won't find it while World War II rages on. He sorely needs the money, and outwitting the Nazis who have occupied his beloved city is a challenge he can't resist. Soon Lucien is hiding more souls and saving lives. But when one of his hideouts fails horribly, and the problem of where to conceal a Jew becomes much more personal, and he can no longer ignore what's at stake. Book clubs will pore over the questions Charles Belfoure raises about justice, resistance, and just how far we'll go to make things right. Also by Charles Belfoure: *The Fallen Architect House of Thieves*

**Lighthouse** - R. G. Grant 2018-05-15

Lighthouse is packed with extraordinary stories of human innovation, desperate shipwrecks, builders defying the elements and heroic sea rescues. Through more than 350 gorgeous vintage images and historic details, Lighthouse brings the golden age of seafaring alive. With rare archival blueprints and stories of daring adventure, Lighthouse captures the romance and awe-inspiring history of these isolated, life-saving towers, along with the incredible feats of engineering and invention it took to create them. Beginning in the 18th century and ending in the mid-19th century, this book examines these iconic buildings from every angle, chronicling the evolution of lighthouse design; the tremendous obstacles overcome during construction and upkeep; the thrilling tales of heroism and mercilessness of the seas; and the daily lives of the dedicated and often long-suffering keepers. With over 350 illustrations, this seasonless gift book provides the tales and original architectural plans for beloved lighthouses found throughout the

world, including Eddystone, Sandy Hook, Montauk Point, Stannard Rock, Borkum Grosser, Green Point, Tillamook Rock, Cape Hatteras, Erie Harbor, and many more.

**Seven Ages of Paris** - Alistair Horne 2013-11-20

In this luminous portrait of Paris, the celebrated historian gives us the history, culture, disasters, and triumphs of one of the world's truly great cities. While Paris may be many things, it is never boring. From the rise of Philippe Auguste through the reigns of Henry IV and Louis XIV (who abandoned Paris for Versailles); Napoleon's rise and fall; Baron Haussmann's rebuilding of Paris (at the cost of much of the medieval city); the Belle Epoque and the Great War that brought it to an end; the Nazi Occupation, the Liberation, and the postwar period dominated by de Gaulle--Horne brings the city's highs and lows, savagery and sophistication, and heroes and villains splendidly to life. With a keen eye for the telling anecdote and pivotal moment, he portrays an array of vivid incidents to show us how Paris endures through each age, is altered but always emerges more brilliant and beautiful than ever. The *Seven Ages of Paris* is a great historian's tribute to a city he loves and has spent a lifetime learning to know. "Knowledgeable and colorful, written with gusto and love.... [An] ambitious and skillful narrative that covers the history of Paris with considerable brio and fervor." —LOS ANGELES TIMES BOOK REVIEW

**Twenty Minutes in Manhattan** - Michael Sorkin 2013-03-12

Every morning, the architect and writer Michael Sorkin walks downtown from his Greenwich Village apartment through Washington Square to his Tribeca office. Sorkin isn't in a hurry, and he never ignores his surroundings. Instead, he pays careful, close attention. And in *Twenty Minutes in Manhattan*, he explains what he sees, what he imagines, what he knows—giving us extraordinary access to the layers of history, the feats of engineering and artistry, and the intense social drama that take place along a simple twenty-minute walk.

Metronome - Loránt Deutsch 2013-12-03

A phenomenal bestseller in France, *Metronome* presents a fascinating history of Paris through the lens of the city's iconic Metro system. Did you know that the last Gallic warriors massacred by the Romans lie beneath the Eiffel Tower? That the remains of Paris's first cathedral are under a parking lot in the Fifth District? *Metronome* follows Loránt Deutsch, historian and lifelong Francophile, as he goes on a compelling journey through the ages, treating readers to Paris as they've never seen it before. Using twenty-one stops of the subway system as focal points—one per century—Deutsch shows, from the underground up, the unique, often violent, and always striking events that shaped one of the world's most romanticized city. Readers will find out which streets are hiding incredible historical treasures in plain sight; peer into forgotten nooks and crannies of the City of Lights and learn what used to be there; and discover that, however deeply buried, something always remains.

*American Homes* - Lester Walker 2015-03-10

*American Homes* is the classic work of American house architecture. From the Dutch colonial, to the New England Salt Box, to the 1950s prefab, this unrivaled reference and useful guide to 103 building styles pays homage to our country's housing heritage. *American Homes* opens the window onto the rich landscape of all the places we call home. Award-winning architect Lester Walker examines hundreds of styles of homes—more than any other survey of American domestic architecture—and helps us understand the history of each style, why it developed as it did, and the practical and historical reasons behind its shape, size, material, ornament, and plan. Hundreds of sequenced drawings illustrate the evolution of our most beloved housing styles, like the colonial English Cottage, which grows before our eyes from a simple square of posts and beams to a fully constructed home with hand-split cedar clapboards and an intricately thatched roof. There's also the Italianate, whose roof displays its intricate carved brackets and is topped with a cupola that serves to filter light to the interior of the home. Annotated floor plans offer insight into the structure of these homes, and with it, a good measure of inspiration. No wrought-iron railing, white stucco wall, or gingerbread gable goes neglected. Every idiosyncratic detail and decoration of each of these uniquely American designs is delicately drawn. *American Homes* is the perfect reference for enthusiasts of architecture, history, and American studies. It is also the ideal inspiration for anyone who lives in or dreams of living in a classic American home.

*When Paris Went Dark* - Ronald C. Rosbottom 2014-08-05

The spellbinding and revealing chronicle of Nazi-occupied Paris. On June 14, 1940, German tanks entered a silent and nearly deserted Paris. Eight days later, France accepted a humiliating defeat and foreign occupation. Subsequently, an eerie sense of normalcy settled over the City of Light. Many Parisians keenly adapted themselves to the situation—even allied themselves with their Nazi overlords. At the same time, amidst this darkening gloom of German ruthlessness, shortages, and curfews, a resistance arose. Parisians of all stripes—Jews, immigrants, adolescents, communists, rightists, cultural icons such as Colette, de Beauvoir, Camus and

Sartre, as well as police officers, teachers, students, and store owners—rallied around a little known French military officer, Charles de Gaulle. *WHEN PARIS WENT DARK* evokes with stunning precision the detail of daily life in a city under occupation, and the brave people who fought against the darkness. Relying on a range of resources—memoirs, diaries, letters, archives, interviews, personal histories, flyers and posters, fiction, photographs, film and historical studies—Rosbottom has forged a groundbreaking book that will forever influence how we understand those dark years in the City of Light.

**The Girl in the Blue Beret** - Bobbie Ann Mason 2011-06-28

Inspired by the wartime experiences of her father-in-law, Bobbie Ann Mason has crafted the haunting and profoundly moving story of an American World War II pilot shot down in Occupied Europe, and his wrenching odyssey of discovery, decades later, as he uncovers the truth about those who helped him escape in 1944. At twenty-three, Marshall Stone was a confident, cocksure U.S. flyboy stationed in England, with several bombing raids in a B-17 under his belt. But when enemy fighters forced his plane to crash-land in a Belgian field during a mission to Germany, Marshall had to rely solely on the kindness of ordinary Belgian and French citizens to help him hide from and evade the Nazis. Decades later, restless and at the end of his career as an airline pilot, Marshall returns to the crash site and finds himself drawn back in time, unable to stop thinking about the people who risked their lives to save Allied pilots like him. Most of all, he is obsessed by the girl in the blue beret, a courageous young woman who protected and guided him in occupied Paris. Framed in spellbinding, luminous prose, Marshall's search for her gradually unfolds, becoming a voyage of discovery that reveals truths about himself and the people he knew during the war. Deeply beautiful and impossible to put down, *The Girl in the Blue Beret* is an unforgettable story—intimate, affecting, exquisite—of memories, second chances, and one intrepid girl who risked it all for a stranger.

One World Trade Center - Judith Dupré 2016-04-26

From the bestselling author of *Skyscrapers*, the behind-the-scenes story of the most extraordinary building in the world: One World Trade Center. The new World Trade Center represents one of the most complex collaborations in human history. Nearly every state in the nation, a dozen countries around the world, and more than 25,000 workers helped raise the tower, which consumed ninety million pounds of steel, one million square feet of glass, and enough concrete to pave a sidewalk from New York to Chicago. With more than seventy interviews with the people most intimately involved, and unprecedented access to the building site, suppliers, and archives, Dupré unfurls the definitive story of fourteen years of conflict and controversy—and its triumphant resolution. This fascinating, oversize book delivers new insight into the 1,776-foot-tall engineering marvel, from design and excavation through the final placement of its spire. It offers: Access to the minds of world-class architects, engineers, ironworkers, and other tradespeople. Panoramas of New York from One World Observatory-1,268

feet above the earth Dramatic cutaways that show the building's advanced structural technologies A time-lapse montage showing the evolution of the sixteen-acre site Chronologies tracking design, construction, and financial milestones, with rare historic photographs It also features extensive tour of the entire Trade Center, including in-depth chapters on Two, Three, Four, and Seven World Trade Center; the National September 11 Memorial & Museum; Liberty Park; St. Nicholas National Shrine; and the soaring Transportation Hub. One World Trade Center is the only book authorized by the Port Authority of New York & New Jersey, and the one book necessary to understand the new World Trade Center in its totality. This is a must-have celebration of American resilience and ingenuity for all who are invested in the rebuilding of Ground Zero.

**Private Paris** - James Patterson 2016-03-14

Someone is targeting the most powerful people in Paris . . . and only private investigator Jack Morgan can make it stop. When Jack Morgan stops by Private's Paris office, he envisions a quick hello during an otherwise relaxing trip filled with fine food and sightseeing. But Jack is quickly pressed into a mission: to track down his client's young granddaughter who is on the run from a brutal drug dealer. Before Jack can locate her, several members of France's cultural elite are found dead-murdered in stunning, symbolic fashion. The only link between the crimes is a mysterious graffiti tag. As religious and ethnic tensions simmer in the City of Lights, only Jack and his Private team can connect the dots before the smoldering powder keg explodes.

**An Invention of the Enemy** - William Henry Babcock 1889

**Paris** - Ian Littlewood 2014-01-23

The Making of Revolutionary Paris - David Garrioch 2004-08-16

"An unusually compelling work of scholarly synthesis: a history of a city of revolution in a

revolutionary century. Garrioch claims that until 1750 Paris remained a city characterized by a powerful sense of hierarchy. From the mid-century on, however, and with gathering speed, economic, demographic, political, and social change swept the city. Having produced an extremely engaging account of the old corporate society, Garrioch turns to the forces that relentlessly undermined it."—John E. Talbott, author of *The Pen and Ink Sailor: Charles Middleton and the King's Navy, 1778-1813* "A truly wonderful synthesis of the many historical strands that compose the history of eighteenth-century Paris. In rewriting the history of the French Revolution as a more than century-long urban metamorphosis, Garrioch makes a brilliant case for the centrality of Paris in the history of France."—Bonnie Smith, author of *The Gender of History: Men, Women, and Historical Practice*

Notre Dame de Paris - Kathy Borrus 2019-10-29

On April 15, 2019, the world looked on in horror as the Notre Dame Cathedral was nearly destroyed in a devastating fire. *Notre Dame de Paris: A Celebration of the Cathedral* offers a fascinating look back at nearly nine centuries of this landmark building that has stood as silent witness to some of the most important events in human history. A marvel of Gothic architecture, the cornerstone of Notre Dame Cathedral was laid in 1163, and construction was completed in 1345. For almost nine centuries it has served as a house of worship and refuge—a stalwart soldier that has survived wars and revolutions, hosted royal weddings, coronations, and funerals, and inspired Victor Hugo's literary classic *The Hunchback of Notre Dame*. With the cathedral wounded but still standing, the world now watches as the rebuilding process gets underway. *Notre Dame de Paris: A Celebration of the Cathedral* chronicles the history of this landmark building, from its impressive architecture and collection of priceless artifacts to its presence during major world historical events. Through gorgeous, striking, and sometimes rarely seen archival photographs, *Notre Dame de Paris: A Celebration of the Cathedral* reminds us all why this building has become an unofficial wonder of the world, lodged in the hearts and minds of people around the globe.
