*Driven* - Kevin Eason 2018-11-01

Formula One is speed, glamour, danger - and eye-watering wealth. *Driven: The Men Who Made Formula One* tells how a small group of extraordinary men transformed Formula One from a niche sport played out on primitive tracks surrounded by hay bales and grass verges into a £1 billion circus performing in vast theatres of entertainment all over the world. Led by Bernie Ecclestone, the billionaire ringmaster, this clique started by scraping a living to go racing and ended up creating space-age cars, turning drivers from amateur gladiators into multimillion-pound superstars, like Ayrton Senna and Lewis Hamilton, while the names of Ferrari, McLaren and Williams are now as familiar around the world as Manchester United or Real Madrid. For 20 years, Kevin Eason watched how these men operated like a sporting Mafia, protecting each other while squabbling over the vast wealth pouring into the sport. As motor racing correspondent for The Times and then with The Sunday Times, Eason was privileged to have a ringside seat as this cabal of wealthy characters ruled and then were pushed out of the sport they created. This colourful and compelling account of the extraordinary flourishing of Formula One explores the quirks and extravagances of the men who converged - in one generation - to shape their sport; disparate characters with a common impulse: they were racers - and they were driven.

**The Art of Racing in the Rain** - Garth Stein 2010-08-31

The New York Times bestselling novel from Garth Stein—a heart-wrenching but deeply funny and ultimately uplifting story of a dog's efforts to hold together his family in the face of a divisive custody battle. Enzo knows he is different from other dogs: a philosopher with a nearly human soul (and an obsession with opposable thumbs), he has educated himself by watching television extensively, and by listening very closely to the words of his master, Denny Swift, an up-and-coming race car driver. Through Denny, Enzo has gained tremendous insight into the human condition, and he sees that life, like racing, isn't simply about going fast. Using the techniques needed on the race track, one can successfully navigate all of life's ordeals. On the eve of his death, Enzo takes stock of his life, recalling all that he and his family have been through: the sacrifices Denny has made to succeed professionally; the unexpected loss of Eve, Denny's wife; the three-year battle over their daughter, Zoë, whose maternal grandparents pulled every string to gain custody. In the end, despite what he sees as his own limitations, Enzo comes through heroically to preserve the Swift family, holding in his heart the dream that Denny will become a racing champion with Zoë at his side. Having learned what it takes to be a compassionate and successful person, the wise canine can barely wait until his next lifetime, when he is sure he will return as a man.

**The Limit** - Michael Cannell 2011-11-07

In *The Limit*, Michael Cannell tells the enthralling story of Phil Hill—a lowly California mechanic who would become the first American-born driver to win the Grand Prix—and, on the fiftieth anniversary of his triumph, brings to life a vanished world of glamour, valor, and daring. With the pacing and vivid description of a novel, *The Limit* charts the journey that brought Hill from dusty California lots racing midget cars into the ranks of a singular breed of men, competing with daredevils for glory on Grand Prix tracks across Europe. Facing death at every turn, these men rounded circuits at well over 150 mph in an era before seat belts or roll bars—an era when drivers were "crushed, burned, and beheaded with unnerving regularity." From the stink of grease-smothered pits to the long anxious nights in lonely European hotels, from the tense camaraderie of teammates to the trembling suspense of photo finishes, *The Limit* captures the 1961 season that would mark the high point of Hill's career. It brings readers up close to the remarkable men who surrounded Hill on the circuit—men like Hill's teammate and rival, the soigné and cool-headed German count Wolfgang Von Trips (nicknamed "Count Von Crash"), and Enzo Ferrari, the reclusive and monomaniacal padrone of the Ferrari racing empire. Race by race, *The Limit* carries readers to its riveting and startling climax—the final contest that would decide it all, one of the deadliest in Grand Prix history.

A true, great sports story, with a protagonist transformed into an immortal legend. *Wow Gilles!* covers, year after year, the "reckless" life of Gilles Villeneuve through the photographs of Ercole Colombo and texts by Giorgio Terruzzi. From his F1 debut to his tragic accident in Belgium, this spectacular photo album will allow readers to relive the romanticism of the sport that characterized those years, of which Villeneuve was a key player.

*Go Like Hell* - A J Baime 2011-08-31

Coming to cinemas in November 2019, under the title *LE MANS '66*

\_\_\_\_\_ In the 1960s Enzo Ferrari emerged as the dominant force in sports cars in the world, creating speed machines that were unbeatable on the race track. In America, the Ford Motor Company was quickly losing ground as the pre-eminent brand. Henry Ford II saw a solution. He decided to declare war on Ferrari, to build a faster car than anything Ferrari had brought to the track, and to beat him at the world's biggest race, Le Mans. Ferrari was just as determined to see off this challenge from across the Atlantic. With practically no safety regulations in place in the European Grand Prix races, horrific accidents were routine, with both drivers and spectators killed in many races. The stakes were incredibly high, money and men were thrown at the competition, neither Ford or Ferrari would accept anything but victory. The battle to become the fastest in the world truly became a race to the death.
