Museum Education at the Art Institute of Chicago - Art Institute of Chicago 2003

This special issue of Museum Studies explores the broad history and practice of art education at the Art Institute, charting the museum's past, present, and future vision of what museum education can be and do. Drawing from a rich trove of archival, oral, and photographic resources, authors offer a lively account of museum education as an evolving profession, an outlet for aesthetic and political programs, and a crucial element of the Art Institute's public mission from the moment of its founding in 1879. The project, sponsored by the Woman's Board of The Art Institute of Chicago to commemorate its fiftieth anniversary, also explores that group's signal commitment to education and volunteerism at the museum, which has ranged from creating suburban community associations to sponsoring a corps of volunteer docents, from

establishing a pioneering children's museum to planning celebrations that open the Art Institute's doors to the widest possible public. A pathbreaking effort, this publication constitutes an important, unique contribution to the history of education in American cultural institutions.

The Sixty-Eight Rooms - Marianne Malone 2010-02-23

Almost everybody who has grown up in Chicago knows about the Thorne Rooms. Housed in the Children's Galleries of the Chicago Art Institute, they are a collection of 68 exquisitely crafted miniature rooms made in the 1930s by Mrs. James Ward Thorne. Each of the 68 rooms is designed in the style of a different historic period, and every detail is perfect, from the knobs on the doors to the candles in the candlesticks. Some might even say, the rooms are magic. Imagine—what if you discovered a key that allowed you to shrink so that you were small enough to sneak inside and explore the rooms' secrets? What if you discovered that others had done so before you? And that someone had left something important behind? Fans of Chasing Vermeer, The Doll People, and From the Mixed-Up Files of Mrs. Basil E. Frankweiler will be swept up in the magic of this exciting art adventure!

This groundbreaking book:-Explains the various ways in which children learn-Shows how to use this knowledge to design effective programs using a variety of teaching models-Includes examples of successful programs, tested activities, and a set of best practices

Stealing Magic: A Sixty-Eight Rooms Adventure - Marianne Malone 2012-01-24

Ruthie and Jack thought that their adventures in the Thorne Rooms were over . . . until miniatures from the rooms start to disappear. Is it the work of the art thief who's on the loose in Chicago? Or has someone else discovered the secret of the Thorne Rooms' magic? Ruthie and Jack's quest to stop the thief takes them from modern day Chicago to 1937 Paris to antebellum South Carolina. But as more items disappear, including the key that allows them to shrink and access the past worlds, what was once just an adventure becomes a life and death race against the clock. Can Ruthie and Jack catch the thief and help the friends they meet on the way before the magic—and the rooms—are destroyed forever? Fans of magic, mystery, and adventure will love this rollicking sequel to Marianne Malone's The Sixty-Eight Rooms.

The Pirate's Coin: A Sixty-Eight Rooms Adventure - Marianne Malone 2013-05-28

Sixth graders Jack and Ruthie return in their third adventure in the Art Institute of Chicago's magical Thorne Rooms! During a school presentation, Ruthie and Jack discover that their classmate Kendra is descended from Phoebe Monroe, the young slave they befriended when they traveled to 19th-century South Carolina. Kendra tells them that long ago her family lost their good name and their business selling herbal remedies when mobsters accused them of stealing the recipes! Only Ruthie and Jack know the truth--because only they know about the secret ledger that Phoebe wrote the recipes in long ago! Ruthie and Jack's mission to clear Kendra's name takes them back to the Thorne Rooms, where a mysterious old coin leads them to 1753 Cape Cod and to Jack's own ancestor . . . the pirate Jack Norfleet! But playing with history can be dangerous! Suddenly, Jack's very existence is in jeopardy! Can Ruthie and Jack find the proof they need to help Kendra? And can they fix the past and save Jack's future . . . before it's too late?

American English File 3E Level 1 Student Book - Christina Latham-Koenig 2019-07-11

American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models

collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

Exploring the Horror of Supernatural Fiction - Miranda Corcoran 2020-05-07

Detailing the adventures of a supernatural clan of vampires, witches, and assorted monstrosities, Ray Bradbury's Elliott family stories are a unique component of his extensive literary output.

Written between 1946 and 1994, Bradbury eventually quilted the stories together into a novel, *From the Dust Returned* (2001), making it a creative project that spanned his adult life. Not only do the stories focus on a single familial unit, engaging with overlapping twentieth-century themes of family, identity and belonging, they were also unique in their time, interrogating post-war American ideologies of domestic unity while reinventing and softening gothic horror for the Baby Boomer generation. Centred around diverse interpretations of the Elliott Family stories, this collection of critical essays recovers the Elliotts for academic purposes by exploring how they form a collective gothic mythos while ranging across distinct themes. Essays included discuss the diverse ways in which the Elliott stories pose questions about difference and Otherness in America; engage with issues of gender, sexuality, and adolescence; and interrogate complex discourses surrounding history, identity, community, and the fantasy of family.
