Authentic Excellence - R. Kelly Crace 2019-07-24

Never before have the pressures of a comparative and competitive world impacted on our sense of wellbeing, particularly among young adults. Building on the principles of Giving Voice to Values, which honors the complexity and difficulty of leading with our values, this book addresses the unique challenges faced by young adults. It provides a clear process that details how to harness natural wisdom to flourish through the relentless pace and pressure of today's world. Moving beyond mere values clarification, Authentic Excellence helps the reader to develop a deeper relationship with their values and confidently express them, and builds effective coping skills to manage the relentless noise of our comparative and competitive world. Authentic Excellence answers five primary questions: How are young adults affected by this world of relentless change and pressure? Why are young adults vulnerable to a plateau that can negatively affect their resilience? What is the difference between fear-based excellence and authentic excellence and what role do values play in this distinction? What is necessary to move beyond fear-based excellence and why is it so hard? How do you train a deeper level of effectiveness that includes more consistent productivity, fulfillment and resilience?

Misty Sheet Music - Erroll Garner 1985-01-01

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line.

Pomp and circumstance - 1997-08

The popularity of this march has to do with Elgar's ability to invent melodies with emotional impact. The tune sounds triumphant, yet nostalgic. It has been and will continue to be the choice for commencement exercises throughout the country from elementary school through college. This two piano arrangement captures the full sound of a symphonic orchestra. A National Federation title from the Keyboard Ensemble Series.

Cinema Sheet Music - Donald J. Stubblebine 1991

Compiled from the author's own enormous collection and years of research, this book lists approximately 6,200 films and the music that was a part of them. Each entry gives the movie title, studio, year of release, stars, songs sung during the film (over 15,000 throughout the book), composers and/or lyricists, and a brief description of the album cover. This book is a necessity for sheet music collectors, musicians, historians and the general public who are interested in a greater knowledge of film music."

The Tragic Imagination - Rowan Williams 2016

The Literary Agenda is a series of short polemical monographs about the importance of literature and of reading in the wider world and about the state of literary education inside schools and universities. The category of "the literary" has always been contentious. What is clear, however, is how increasingly it is dismissed or is unrecognized as a way of thinking or an arena for thought. It is sceptically challenged from within, for example, by the sometimes rival claims of cultural history, contextualized explanation, or media studies. It is shaken from without by even greater pressures: by economic exigency and the severe social attitudes that can follow from it; by technological change that may leave the traditional forms of serious human communication looking merely antiquated. For just these reasons this is the right time for renewal, to start reinvigorated work into the meaning and value of literary reading. This short but thought-provoking volume asks the question, "What is it that tragedy makes us know?" The focus is on tragedy as a mode of representing the experience of radical suffering, pain, or loss, a mode of narrative through which we come to know certain things about ourselves and our world--about its fragility and ours. Through a mixture of historical discussion and close reading of a number of dramatic texts--from Sophocles to Sarah Kane--the book addresses a wide range of debates: how tragedy is defined, whether there is such a thing as "absolute tragedy," various modern attempts to rework the classical heritage and the relation of comedy to tragedy. There is also

a fresh discussion of whether religious--particularly Christian--discourse is inimical to the tragic and of the necessary tension between tragic narrative and certain kinds of political as well as religious rhetoric. Rowan Williams argues that tragic drama both articulates failure and frailty and, in affirming the possibility of narrating the story of traumatic loss, refuses to settle for passivity, resignation, or despair. In this sense, it still shows the trace of its ritual and religious roots. And in challenging two-dimensional models of society, power, humanity and human knowing, it remains an intrinsic part of any fully humanist culture.

In Paradisum - 2020-03

Nadia Boulanger's short, but exquisitely beautiful, setting of words from the last section of the Requiem mass is a highly spiritual work that reaches deep into the soul of the listener. A lightly pulsating quarter note accompaniment contrasts with finely crafted, melodically driven vocal lines. The original vocal solo is realized here in a full scoring that draws upon the unique qualities of women's voices.

Adrienne Geffel: A Fiction - David Hajdu 2020-09-22

This never-before-told story of the life and work of a (fictitious) musical phenomenon is "a revealing and at times hilarious satire of the music business, fame, and the cult of personality" (Clea Simon, Boston Globe). Adrienne Geffel was a genius. Praised as the "Geyser of Grand Street" and the "Queen of Bleak Chic," she was a one-of-a-kind artist, a pianist and composer with a rare neurological condition that enabled her to make music that was nothing less than pure, unmediated emotional expression. She and her sensibility are now fully integrated into the cultural lexicon; her music has been portrayed, represented, and appropriated endlessly in popular culture. But what do we really know about her? Despite her renown, Adrienne Geffel vanished from public life, and her whereabouts remain a mystery to this day. David Hajdu cuts through the noise to tell, for the first time, the full story of Geffel's life and work, piecing it together through the memories of those who knew her, inspired her, and exploited her—her parents, teachers, best friend, manager, critics, and lovers. Adrienne Geffel made music so strange, so compelling, so utterly unique that it is simply not to be believed. Hajdu has us believing every note of it in this slyly entertaining work of fiction. A brilliantly funny satire, with characters that leap off the page, Adrienne Geffel is a vividly twisted evocation of the New York City avant-garde of the 1970s and '80s, and a strangely moving portrait of a world both utterly familiar and like none we've ever encountered.
